Player Of The Week

Leg Injury Sidelines Agee Hiatt For The Season

The Mount Airy Granite Bears suffered a severe blow to their championship hopes Friday night in their hard-fought 7-0 win over Wilkes Central when Agee Hiatt, ace tailback and "sparkplug of the team", had his leg broken just before the end of the first half.

Wilkes Central had driven deep into Mount Airy territory only to lose the ball on downs on the four-yard-line. From there Hiatt took over for Mount Airy and raced fifty yards up the field before being brought down, but it was on this play, only three minutes before the half, that the injury occurred. Hiatt was taken to the Mount Airy hospital where it was found his leg was broken in two places at the knee. It will be in a cast for two months and he will be lost to the team for the remainder of the season.

A junior this year, Hiatt was being counted on heavily in Mount Airy High's single-wing system. His ability as a runner, passer, and defensive safety-man will be missed, and Coach Wally Shelton says, "You can't lose many players like Hiatt and expect to win championships." Right now Coach Shelton doesn't know just who will take over for Hiatt, but it looks like it will be up to Granville Sydnor to fill the gap.

Hiatt, a 158-pounder, five-foot, nine-inch lad went out for football in his freshman year at Mount Airy, though he didn't make the team that first season. As a sophomore he made his letter, but played mostly on defense after a back injury slowed him down. This season he was ready to roll and was expected to be the key man in Mount Airy's gridiron play.
