Dear Estelle,

I owe you an apology - Harbour told me about your call to Marlow. I should have called you immediately but was hoping to see you on our visit.

We (the children and I) arrived in Murray on Thursday afternoon, July 7. The next morning we left with my mother and my

Cousin, Preston Holland, for
a visit with his sister in
Clinton, N. C. - It was never
possible to arrange a trip
to Mount Airy - That's why
you haven't heard from me.

When you are going in
someone's car besides your
own, you go where they
go - Preston had just a
few days and they were
all planned.

I hope you have
not been inconvenienced -
Each day I kept hoping
we might somehow work
it out but we couldn't.

Maybe we'll get
to come by another year!

I do appreciate your
calling and all your kind-
ness. If you ever have
an opportunity come to
see us. You and yours
are always welcome at
our house. Regards to all.
Sincerely,
Elizabeth
