

Oct 26 -

Dear Betty -

Rec'd your card today. I should have written you before but we've had company and have also been busy with historical society activities & projects -

I wrote direct to the Curator of Quaker Collection at Guilford - and enclose the reply for your information - So I think I'll take a vacation from Lovisa for awhile, awaiting some great inspiration.

Thanks loads for all you've done - If sometime while you're engaged in research you should happen upon something that would clarify the confusion about her parentage or offer some new line to pursue, please let me know -

As for the Bull-Talbert, don't worry about it - the number of the boy, I mean ~~say~~ I believe the Bull family came from Pennsylvania & perhaps the Talberts did also -

But I do want to pay you, though - although I'm sure I'll be wanting you to pursue other things for me in the future -

(over)

Anyhow I'm enclosing a check
for \$30.00 — It is frustrating
about the "reasons which it would
be unnecessary for them to relate
etc" They leave out all the
interesting stuff —

Thanks loads for everything.

Sincerely

Marian Holt

Dear Marian Nott:

The curator of the Collection, Damon D. Hickey, has asked me to respond to your letter. We have done the research you requested in your letter of September 14, 1981.

Louisa Bunden-Bundron-Bundrant-Bondurant, etc. White joined the Society of Friends at New Garden Monthly Meeting in 1817 as an adult. No other members of her family joined. Thus, there is no record of her birth or the circumstances of her birth in the record. This is all the information we had available to us. I hope it is helpful.

Sincerely,

A. Michie Shaw

Dear Marian,

You may end up somewhat angry with me for the time I spent today looking for the Bull/Talbert name change. Have done a total of five hours time trying to straighten out this story. What I would like to do is to wait until you need something more done and Will add a few more hours and bill you for a day (\$50) less the \$15 you sent. Do hope that you will find this acceptable.

Started by checking the Will Books for Guilford and Randolph Co. and found not a single listing for either name. Then checked into the 1790 Census and the 1800 census index looking for Talbert/ot. Only noted a Talbert in Surry Co.

In 1806 you would have to have had the Legislature take action in order to change your name. In other words a law had to be written to achieve this action legally. So I started reading the different laws passed in 1805 and found the Bull/Talbert law listed in 1805, Chapter CXVI of General Assembly - North Carolina Session Laws dated 21 Dec., 180-.

names

The law lists all of the Bull names plus two or three from other counties and says ~~that~~for reason of illegitimacy and for other reasons these name changes are approved. In order to get a copy of the law I would have to spend a good deal more time and photocopy money. It did not give you any other information than that which I found on the petition when I located it. To find same I had to look through all but four of the eleven boxes containing 1805 Legislative Papers. Unfortunately, it had been a long day and as soon as the copy was made, paid for same and ran off to the car---failing to note the # of the box. If you ever need another copy of the original, I owe you the time it will take to dig out once more. Terrible thing to do to a client.

The petition is interesting and I think by taking the names of the adults that had to sign the petition and working from that, you should be able to set up the different family groups. With that and the Quaker records.

It is my feeling that the family named Bull merely wanted to change their name to Talbert because of the possible embarrassment of the Bull name. If you want to get into the property deeds etc. looking for land/or ? that might be envolved, will be glad to----however, I feel very strongly that the answer is as stated. Was really upset when I read that part of the petition that reads "for reasons which it would be unnecessary for them to relate to your honourable body,"----- That was what my whole days was spent to find!!!!

Anyway, that is it for today...

Sincerely,

Betty J. Camin

Dear Betty:

Thanks loads for your last communication. I would have written sooner but I have had a miserable summer cold.

Today I have written Guilford College, The Quaker Collection, asking them to suggest genealogists who would have access to their original papers.

I do have something I wish you to check out for me. It concerns another of my husband's Quaker ancestors, and concerns a change of name from Bull to Talbert by the N.C. Legislature.

In Hinshaw's, according to report of Deep River Monthly Meeting, 1789, 4, 9, (under BULL), Thomas, s Richard & Mary, Guilford Co., m Elizabeth Beard. In the same section on 1806, 2, 3, Mtg informed that Legislative body has at their req by Law, altered all the names of these persons that are mbrs of this meeting, from called Bull to that of Talbot.

says A cousin of my husband's who has been researching some mutual ancestors, the change of name took place because of property or a dowry which required Bull to change his name to Talbert. I would like to know more about this name change, name of Mary Talbert's parents, whose money or property was apparently the reason for the name change.

I enclose a check for \$15. If you need more, please let me know. There is no urgency about this, so please proceed at your convenience.

Sincerely,

Marian Nott

Dear Marian,

Am very sorry to report that despite your total cooperation I have failed to find anything to prove the parentage of Louisa Bundrun (Brisendren etc.).

Weynette Haun and I worked together in Henry Co. for a couple of hours and failed to find a thing that you did not already have.

Upon returning to Raleigh I have checked into the census indices for H. Sanders and find that the first time there is a H. (not Hezekiah) Sanders is on the 1810 census for Guilford Co. On the film we have in the Search Room of this, you cannot read the first names at all. On page 947 I noted two Sanders. Under the first listing there is nothing showing until you get over to the column headed All Others and there are 5. This is not the slave col. The other Sanders further down the page shows:

1M Under 10 1M 16-26 2M Over 45 1F 16-26

Never did find the name for Martha _____ Saunders. Thought that this might have been of help.

Perhaps there is a record somewhere -- I know not where. Some Va. or N.C. Co. --- The listing of the White - ~~Bundrun~~ marriage with only the name of Louisas mother leads me to thinking that perhaps she was without a father. Think that it would be a good idea if someone searched the original Quaker records for you. (Guilford College) That is search the originals records. Henshaw was very kind to his people and did not list or mention things of this sort.

C.R. 046.301.3 1796-1811
Guilford Co. Pleas & Quarter Sessions

Pg. 21 16 August 1797. Ordered that an orphan boy named Thomas Bundron aged eight years the fourteenth day of March last be bound to Nathan Dillon until he arrives at the age of 21 years to learn the art and Mistry of a farmer.

Went back to these court records and read them again from a year prior to L.B. birth until 1818 - To make sure I haven't missed the entry. Wish that I had. Joel Sanders shows up frequently on juries and Hez. S. is in court several times over disagreements of one kind or another mostly having to do with property and or deeds.

The wording of the phrase having to do with the freedom suit is very much as the records are worded in recording this action. i.e.: 'Ordered that Nancy Jones be bound out to David Smith until she reaches the age of 18 years. David Smith to give her one wheel and cards and two suits of freedom clothes.'

Bundron-2

Am so very sorry about nothing worth while turning up for you. If there is anything more you wishedo have checked into, please let me know.

~~Anything~~,
Sincerely,

Betty J. Camin

I came across the above in my Guilford Co. Notes. This was the year before Louisa m. Isaac White. Maybe a copy of this Will might add some info. I have a feeling that Martha White, author of the Diary & dau. of Louisa, was named after this lady who left Louisa a bequest in her Will. (probably related) (an Aunt?) — I just heard from Jane M^{rs} Donald (Birmingham) again. She enclosed the data you sent them on the Quaker Bundrens — which adds to the info. you had sent me. It's wonderful you found a descendant that kept a diary! — Margaret Fox

Dear Friends:

Am enclosing some more Louisa Bundren history in the form of entries in the Will Books of Guilford Co., N. C. These were located because of a find by Mrs. Fox among her notes of index items found in North Carolina research. I happen to own a copy of Mrs. Webster's Abstracts of the Guilford Co. Wills for this period and am sending a copy with this letter which shows the items from the index.

Mrs. Webster apparently had difficulty making out the surname for Louisa but the indexer at Raleigh seems to have done a closer interpretation. It would be interesting to have a photocopy of the actual wills. These might be obtained from the State Library at Raleigh.

I am also including the will of Hezekiah Sanders as it helps to identify Martha Sanders or Saunders. From these items it seems that Martha was the widow of Hezekiah. She had a daughter that married a Chipman, a Henley, a Johnson and a Clark. Or I should say daughters. Also Stewart or Stuart and perhaps another Sanders. The executors were son David and son-in-law John Stuart. The witnesses were daughter-in-law Jane, and Louisa Bundren. Somehow Louisa was related to Martha. Louisa's brother William Bundrum who left a will in Hamilton Co., Ind. married Martha Stuart. John Stuart could have been a brother of Martha Stuart making Louisa a sister-in-law of John. Or Martha may have been a Stuart. You will no doubt find other possibilities. Note the Coffin name in Hezekiah's will. Also Macy. The Coffin, Macy and Stuart names are Quaker related. Louisa's husband Isaac White was a Quaker. The Sanders or Saunders name may also be Quaker related.

Sincerely yours,

Len Hoops

NOTES FROM LEN HOOPS ON THE DIARY ENTRIES OF MARTHA WHITE TALBERT.

Entry 1845 "Cousin Jane Barnes from Fall Creek arrived here this morning."

How interesting this is to me. Jane Barnes is my mother's greatgrandmother. Mother was Nora Maude Barnes, daughter of George W. Barnes, Jr. who in turn was son of George W. Barnes, Sr. who again in turn was son of Nathaniel and Jane (Bundren) Barnes of Fall Creek Twp., Hamilton Co., Indiana.

Jane Barnes was daughter of Richard Bundren, Jr. (II) She was born about 1791 in Rockingham County, N.C. Her mother was Elizabeth Cloud.

Richard Bundren, her father had only one child according to all the census records from 1800 to date. Richard was the son of Richard Bondurant, Sr. (I) who was about 1768 in Buckingham Co., N.C. and moved to North Carolina before 1790.

Richard had several brothers and sisters. His closest brother was Francis "Frank" Bundren who was a veteran of the Rev. War and the Battle of Guilford Court House. Richard also was Rev. War soldier in the N. C. rolls but never drew a pension. Another brother who had the family records possibly a Bible was living in Warren Co., Tenn. in 1830. He did not get in the census but his son John did and records of this line (these spelled the name Bundrant) have family record showing the brother of Francis and Richard to be Thomas who married a Sarah Maxie (Maxey). Frank went to Claiborne Co., Tenn along with Richard, Jr. and Nathaniel and John Barnes from North Carolina. Francis stayed in Claiborne Co. but Richard and Nathaniel left for Jefferson Co., Ind. and later about 1828-30 to Hamilton Co.

Now the question is, in what way was Jane Barnes a cousin? Was she cousin of Martha or of Lovisa?

I wish I had a copy of that Diary and could read it all. Only in that way could I be sure of what the true story may be.

Jane was born about 1791 and according to your records Lovisa was born about 1797. Surely it must be Lovisa that was a cousin of Jane's and not Martha.

In order for Lovisa to be a cousin she would have to be the daughter of a brother of Richard, Jane's father. Richard had many brothers, in fact we don't know who all of them were though we know of Francis and Thomas for certain. If we could identify the nieces Ruth and Susan Bundrant it would give us a clue to brother Lovisa was a daughter of. The entry of 1861 gives the names. They were nieces of Martha's mother Lovisa. In order to be nieces they would have to be daughters (provided they were unmarried) of one of Lovisa's brothers. We must assume they were unmarried as they were together and no husband mentioned, assume they were sisters. Of course these are just assumptions.

They were not daughters of Richard (sisters to Jane Barnes) because he had only one child.

To be in Hamilton Co. they would have to be close to the Barneses though. Francis is the only brother that Richard was very close to, they lived and travelled together and though Francis stayed on Claiborne Co. several of his children moved to Jefferson Co., Ind. with Richard Bundren and Nathaniel Barnes. Most of those remained in Jefferson Co. but Richard II followed Nathaniel to Hamilton Co. (no doubt because Nathaniel was his son-in-law), where they bought neighboring farms.

In the 1863 entry Martha says Ruth and her family lived in Darlington. This means that we must read the 1860 census and possibly 1870 of Montgomery Co., Ind. No one has ever read it because we did not know any Bondurants any spelling lived there. The diary gives the name as Bundrant and that is the spelling Thomas used in Warren (later Cannon Co.) Tenn.

Perhaps Ruth and Susan were not blood cousins but by marriage, if so does the diary anywhere mention them?

p 3. to Mrs. Nott
1870

Westfield was in the next township west of Fall Creek, only a few miles.

In the 1870 entry the Isaac White mentioned must be Isaac, Jr. brother of Martha not her father.

In this entry Ruth is mentioned as an Aunt to Isaac and his sister. This seems a discrepancy but if it is true then this Aunt Ruth Bundren is a different person than the one who was a cousin and niece of their mother. Unless this Isaac White and his sister are not brothers of the writer Martha. Thats the reason I wish I could read all the context in this diary.

1873.

Aunt Martha Bundren. What were the mentionings in reference to? We assume Aunt Martha is sister of Lovisa and aunt of Martha the writer of the diary.. Now she (~~Mart~~ Aunt Martha) must be the wife of a Bundren and not one herself.

Apparently Uncle William was the husband of Aunt Martha so we now have a William and Martha (?) Bundren, home unknown. This William then is a brother to Lovisa and a cousin of Jane Barnes. William then is a son of one of Richard's brothers as was Lovisa but a different brother.

But Uncle William was married twice so Martha was his second wife and he loved his step children as much as if they were his own.

William died Oct. 7, 1856 so will not appear in any census after 1850. If he lived in Claiborne Co. he would be in that census for 1850 and and if in Warren Co. (now Cannon Co.) he would be in the 1850 of Cannon Co. If he was in Indiana in 1850 he will be in the index of the 1850 Indiana census. There is also an index to the 1850 of Tennessee.

So there we are. Now to the records we have and to records we have not searched as yet such as census and county records of Montgomery Co., Ind. and Cannon Co., Tenn. Perhaps even Rockingham Co., N.C. or Henry Co., Va. or Patrick Co., Va.

Sincerely yours,

Len Hoops

Dear Friends:

Here is the 1850 census as read for the vicinity of Westfield where Jane Bundren Barnes visited in 1846.

I believe that the Levies White age 52 in family and dwelling #28 may be Lovisa here a widow and the Catharine (Katie) 16 and Isaac, Jr. 9 are her children. I am disappointed not to find Martha Talbert or White. Martha must have married A. V. Talbert in Hamilton County. She may be the Martha in family of Charles.

This census contains several persons who may be the ones in the diary. First Martha is living with Charles and Margaret White age 13? Possibly helping Margaret with the housework. Her mother Levies (Lovisa) is living with her son? N. C. White? Catharine 16 with her is the Katie in the diary and Isaac the one who in 1870 took his sister to see Aunt Ruth Bundrant (8 miles)? Where was A. V. Talbert though? Was Martha still single in 1850? I guess so. Sister Alzba is that the Fellela in the census family 17?

We need the 1860 and 1870 census read for both Hamilton Co. and Montgomery Co. If it has not already been read. If it has been read I would like to see that.

There is an Alzba White living with Stilburn. I may have misread the name but it looks like Stilburn but I can't see clear handwriting. I note that the Whites were born in Delaware so they could none of them be sons of Levies though they could have been step-sons or they might have been her brothers-in-law.

I have an idea the 1860 census would have more to reveal but what we really need is to find The Bundrens. I assume they were living in Darlington to the West. I do not have the census of Montgomery heret home but will have to read it at the library provided they have it. Other wise I might be able to have it read. The 1850 of Indiana is indexed in the State Library and they may have one for 1860 by now.

Sincerely, *Lucy Hoops*

FRANCIS BONDURANT (Bundrant, Bundren)

1790 Census of Rockingham Co., N.C.

- (A) Bundrant, Richard 2 m. over 16; 2 m. under 16; 3 females
Bundrant, Richard 2 m. over 16; 3 males under 16; 4 females

Here it seems we have four families: Richard, Sr. and married son
Richard, Jr. and married bro.

These four heads of families we list as (A) (B) (C) (D)

(A) is RICHARD BONDURANT, SR. b. 22 Aug. 1740

(B) is FRANCIS BONDURANT born 1762

(C) is RICHARD BONDURANT, JR. b. ca 1765

(D) is the brother mentioned by Francis as living in Warren Co., Tenn. who could either be JOHN BUNDRANT living in Warren Co. 1830 b. 22 June 1782 or THOMAS BONDURANT family tradition says was father of JOHN.

Thus in 1790 we have father Richard and his three sons and families.

We have nine males here to deal with, five more than we ~~know the~~ list ~~possible~~ names of. A little reasoning will indicate that Francis and his father are living together; and Richard, Jr. and brother Thomas are the other two. This shows that (D) is Thomas or other name and not John b. 1782, who is instead one of the males under 16 living with Richard, Jr. The latter had no sons at this time and only Jane at the most and she would be an infant newly born less than a year old.

Thus Thomas has 3 males under 16 and at least one daughter; Francis has 2 males under 16 and at least one daughter., the following 1800 census bears this out. Now we have Thomas' sons (E) and (F) ~~and~~ (G) of Francis, (H) and (I).

(E) is John b. 1782; (F) is unknown.

(G) is Leander b. 1797; (H) is possibly Peter b. not before 1790

(I) is unknown.

1800 Census of Rockingham Co., N.C.

Francis Bundrant 2 males 10-16; 1 male 26-45; 2 females under 10
1 female 16-26 and one 26-45.

Richard Bundrant 1 male 16-26; 1 female under 10; one 26-45

Here we have (B) Francis age 38; (G) Leander age 13; (H) Peter age 10

(C) Richard, Jr. with his dau. Jane, shows he has no sons alive.

(D) Thomas, has moved away to Va. or Tenn. or Stokes Co., N.C. with (E) & (F) & (G). (I) son of Francis either died or married and moved.

1810 Census of Rockingham Co., N.C.

Francis Bundrant: 3 sons under 10; 2 16-26 himself over 45; wife is dead
and the female shown as 16-26 in 1800; 2 f. 10-16

Richard Bundrant: self 26-45; wife 26-45

There will be no more children for Francis; female is prob. old maid sister. He could have married later but he only had 5 sons altogether

1820 Census of Jefferson Co., Ind.

Leander Bundon 1 male under 10 himself 26-45 wife 26-45 and dau. under 10

Noah Bundrant 2 males under 10, 1 10-16 self 26-45; daus. 2 under 10
(wife 26-45)

Here is (G) Leander; and Noah son of Thomas, Sr. of Va. brother of (A) Richard. Thus Leander and Noah are cousins., once removed.

Dear Ervil:

I tell you that Diary of Martha Talbert's has got me more excited than any family history item to come my way for a long time. We must get a xeroxed copy of this complete document from the Indiana Historical Society as soon as possible.

I'll admit that the whole thing has me very puzzled but I like a good puzzle or I would never have gotten into genealogy.

Enclosing a Data Work Sheet on Lovisa's family which certainly looks sparse right now.

I can't help but feel that the father of Lovisa is Francis Bundren with Aunt Ruth being Ruth Bundren widow of Peter Bundren and William being the Uncle William who was William Waller of Claiborne Co., Tenn. married Martha Bundren daughter of Francis.

Rutha (Rutha, Ruthie) sold her land in Claiborne Co. in 1860 and apparently left with what was left of her family to Indiana if this is the one.

The Aunt Martha would not be Martha Waller though because he died in 1856 and that was when she married him. So that's out.

Anyhow the census must be checked. I will try to do that the first chance I get. We need the 1860 and 1870 of Montgomery Co., Ind. and same for Hamilton Co. County records of that county need checking but don't know who will do that for us.

Of course as I told Mrs. Nett, Jane Barnes was the one in the diary, my gr. gr. grandmother Barnes. So Lovisa has to be the daughter of a brother of Richard, Jr. (II). Of course therein lies the problem. It would ^{seem} like Francis would be the logical one for father of Lovisa but Lovisa's mother was supposed to be named Nancy and we now know that the wife of Francis was actually Elizabeth King as Mrs. Fox discovered in her research. It is true that we believe its possible that Francis had married twice.

That name Isaac White licks in my memory. I ran across the Whites somewhere in my Barnes research in Hamilton Co. I have been going over my Bundren papers but not Barnes as yet. If we could do some White research we might run across the marriage of Lovisa or Luciza to Isaac.

Will be in touch with you on all this soon I hope. Let me know of anything else you may find. I just don't think that this father of Lovisa is going to be far from Tenn. but might be Kentucky.

Sincerely yours,

Len Hoops

Dear Friends:

~~Report on the Lovisa Bundrant search.~~
Report on the Lovisa Bundrant search.

In the will of William Bundrum of Hamilton Co., Ind. 11/24/1855 he mentions, in addition to his children, his nephew Micajah C. White.

In the civil records in Guilford Co., N.C. is found the marriage license and bond for WILLIAM H. BUNDUM MARRIED MARTHA STUART - bond Nov. 11, 1827 - Marcellus Jordan bondsman - John G. Hahner, witness. Quaker record in the Deep River, N.C. M.M. 1828, 2, 7 Martha Bunderin (form Stuart) dis mou.

Martha's actual marriage date must have been somewhere between the date of the bond and the action taken to dismiss her for marrying out of unity. Indicates that William was not a Quaker.

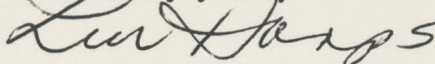

This info was contained in a preliminary report from Mr. Boyd in Indianapolis.

Now we know that William and Martha in the diary are the same as these we found in Hamilton and Wayne Co., Ind. He must have taken some of Lovisa's family in with him for awhile including Micajah. Might explain the extra males in the family in the 1840 census in Wayne Co.

Right now I am thinking that Abner, Sr. was the father of Lovisa, Thomas and William and the unknown whose wife's name was Ruth mentioned in the diary. He just seems to have been the one in the right place at the right time. It was undoubtedly his son Abner, Jr. that married Phebe Beason (or Phebe Ann)

Will contact you further after I get a complete report from Mr. Boyd.

Sincerely yours,

Len Hoops

PS: I got the copy of the Diary from the Indiana Historical Library. It was very interesting. I was disappointed though that the activities of the Underground Railroad was not mentioned more as the History of Hamilton County states that Lovisa and her family were very active in it before the Civil War or during it. Some anti-slavery meetings were mentioned.

In one place Sept. 19, 1870 Martha mentions plans of going to N. C. to attend a yearly meeting and perhaps stopping in Missouri on the way. She writes, "I must write to Uncle Levi tonight to inform him of our supposed visit to them next sixth day. Whom was Uncle Levi and where did he live? N.C. or Mo. In Nov. is the next entry and no mention is made of their trip south to Mo. and N.C. whether they made it or not.

Mrs. Marian Nott

Dear Friends:

I have retained a genealogist in Crawfordsville, Ind. (Montgomery Co.) to check into the court house and other records she has there.

Also I went to the Fort Worth Public Library yesterday and the results I got are very informative but still puzzling even though furnishing new clues.

I am enclosing the census I read from Montgomery Co., Ind. 1860 and Wayne Co., Ind. for 1840 and 1850. The library now has the 1850 and 1860 of Indiana complete along with the 1840 and 1850 indexes. I also have the 1840 index here at home.

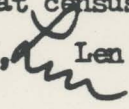

Ruth T. Bundrunt age 40 or 42. It is written over and could be either. This family is puzzling because the census writer did not use care. He did show Daniel Test as (adopted). Then he used "ditto" under "adopted" and it is also under Bundrunt. Since the boy was adopted his name was also Bundrunt and it could be that the ditto means "Bundrunt" rather than adopted but it does make a difference. If Susan A. is a Bundrunt then she was probably sister-in-law of Ruth but if she was a Test then she was probably blood sister to Ruth who has T. as a middle initial which might mean "Test". Sarah and Susan, the children, also have T. after their first name but Cordelia has "B" which might mean she was not an adopted child and neither would Martha be. But Susan A. is either a Bundrunt or a Test and it is hard to say which it is.

However the surname TEST is another clue and maybe Mrs. Karen Zach will find court records there in the court house on these people especially since there would be adoption records (if the adoption took place in that county). Also the word "adoption" may mean not legally adopted but simply given to the Bundruns as wards, in other words Ruth would be a guardian rather than foster mother.

I find in the 1840 Index that there was a JOHN TEST in Montgomery Co. in that year also two in Wayne Co. I will have to search this census. Also will have to search 1850 of Montgomery Co. for TEST.

Now on Wm. Bundrum and Martha in Wayne Co. it looks like this is the family mentioned in the diary. The clue here that we did not have before is that son John was born in Ohio in 1833. Now that leads to the 1830 census of Ohio for William Bundren. Our library has the 1830 index. Without any further research to go by I recall that Drury Bundren from Stokes Co. N.C. went to Ohio. If William is his brother that is not surprising and would place Drury as another son of Richard, Sr. According to 1810 census Drury, Sr. would have been born between 1766 and 1768, thus right age for being brother of Richard and Francis. But William of Ind. is shown as b. 1800! By comparing 1840 and 1850 age I think he was 49 but had a birthday later in 1850 that would make him 50. Drury did not have a son William that we know of, though he was old enough to have been the father of William.

I guess we had better do no further speculating on this until we do further searching. Looks like we got an animal by the tail down a hole and its pretty hard to see what we have really got. I did not read the 1840 of Henry Co. yet for Isaac White. The 1850 census index showed an Isaac there then but he turned out to be 23 and living in a boarding house. He was dead in 1850 anyhow according to the diary. William Bundrum would be dead in 1860 also but maybe we should read that census anyhow.

Until later, yours,  Len Hoops

Francis Bondurant was a resident of Guilford Co, NC (that part that later became Rockingham Co) when he was drafted Jan 1781 for three months as a private in the NC Militia in Capt (Peter) O'-Neal's Company and Col. Hunter's Regiment. The company was stationed on Deep River near Guilford Court House a few weeks; then at Ramsey's Mill; again, at Guilford Court House; then at New Garden Meeting House where they were in a bloody battle with the British and were driven back by the British to Guilford Court House.

Francis Bondurant then moved to Henry Co, Va; and in June 1781, he agreed to substitute for a term of three months as a private for Thomas Jemison of Henry Co, Va under Capt Crite (Hamon Critz of Col. Waller's Regiment.

Francis Bondurant was granted a pension at the rate of \$20.00 per annum for his service of six months in the Revolutionary War. He was living in Claiborne Co, Tenn when he applied for a pension 18 Dec 1833 (Designation File #S-21098).

Francis Bondurant and Richard Bondurant witnessed a deed of land sold on Mayo Mountain in Rockingham Co, NC in 1787. Both Richard Bondurant and his father, also named Richard, were listed in the 1790 Federal Census as living in Rockingham Co. Francis had moved across the Virginia line into Henry County--only a short distance away. Francis (Frank) is thought to be of this family and it is quite plausible he was visiting his father or brother at the time they witnessed the deed.

A descendant of Richard Bondurant says there is proof that two sons of Chesley Barnes married Bondurants. Nathaniel Barnes married Jane Bondurant, dau of Richard, Jr; John Barnes married Mary Bondurant, dau of Francis. John Barnes and his wife also moved to Claiborne Co, Tenn.

The wife and any other family is not known, at this time, to members of the publishing committee. Such information would be welcomed.

Dear Mrs. Nott:

We have your letter inquiring about the parentage of Louisa Bundron (various spellings) and your check.

North Carolina Quaker records give little information about Louisa Bunden-Bundron White. We note, however, that she and her husband moved to Indiana in 1827 on certificate from New Garden Monthly Meeting, Guilford County, N.C. and settled in Henry County, Indiana. Their membership records are found among those of Duck Creek Monthly Meeting, Henry County, Indiana and they state that Louise White was born 9-26-1797 in Randolph County, N.C. and was the daughter of Nancy Bundren. Her father's name is not given. For reasons to be given below, we think that Rockingham County may have been meant instead of Randolph County (Both are adjacent to Guilford County, one north and one south). With Isaac and Louisa White were their children Micajah, born 1819 in Guilford County, N.C.; Lilburn, born 1821; Jesse, born 1823; and Martha G., born 1826. All of these children were born in Guilford County. The minutes of Duck Creek Meeting indicate that the family actually attended the Spiceland local or preparative meeting which was established as an independent meeting in 1833. Birth and death records of this meeting indicate that Louisa White was the daughter of Nancy Bunden and was born in Henry County, Virginia (which is just across the border from Rockingham Co., N.C.). Spiceland Meeting records list additional children for Isaac and Louisa White as follows: Mordecai, b.1829; Aletha C., b.1832; Isaac, Jr., b.,? (no date given). Isaac White, Sr. died in 1840 and was buried at Spiceland. Louisa White moved with some of her children to Hamilton Co., Indiana and then to Minneapolis, Minnesota where she died in April, 1881.

Records of Rockingham County, N.C. show that a Bondurant family with Virginia ties was living there, in the latter part of the 18th century. Enclosed are copies of two pages from EARLY FAMILIES OF THE NORTH CAROLINA COUNTIES OF ROCKINGHAM AND STOKES WITH REVOLUTIONARY SERVICE compiled by the James Hunter Chapter of the National Society of the DAR of Madison, N.C., 1977. You will note that Bundrant, and Bundren are alternative spellings of this name.

Among the marriage bonds of Bedford Co., Virginia which are incorporated in volume VI of Hinshaw's ENCYCLOPEDIA OF AMERICAN QUAKER GENEALOGY, although they are not Quaker records, is the following entry:

9-9-1790 Littleberry (Bundurant) and Nancy Scott were married
or took out a marriage bond on this date.

Bedford County, Virginia is just north of Henry County. While there is no proof that this couple are the parents of Louisa White, we pass it on as a possible clue for further research.

Our research fee is \$5.00. Since you have already paid \$2.00, only \$3.00 remains, payable to The Quaker Collection. We hope you find the enclosed information useful.

Sincerely yours,

Dear Ervil:

I have gone over all the evidence we now have and find so many discrepancies that I hardly know what to think. We have so few facts to go on that are unassailable.

In the first place there is a seeming discrepancy in the Diary where Ruth and Susan Bundrant of Montgomery Co., Ind. are called nieces of Lovisa and cousins of Martha Talbert and her brother Isaac White, Jr. This would be consistent but later Ruth is called Aunt of Martha and Isaac and their sister etc. Are there two Ruths? Or is one or the other statements incorrect? If so which is incorrect. It do make a difference.

Then just when I think we have found the Uncle William and Aunt Martha Bundrant in the family of Wayne Co., Ind. 1850 and 1840 we get from you this will in Hamilton Co., Ind. of another William and Martha with an entirely different family!

Then you say ^{Thomas father of Silas} ~~Silas~~ was married to Susannah Lockett but we find that Silas was born too early to have been a legitimate son of that marriage. The Thomas and Susannah marriage in Bedford Co. took place ~~Mar 28 1827~~ Oct. 19, 1807 and the gravestone of Silas in the Quaker cemetery outside Darlington, Ind. states that he died Feb. 21, 1858 age 50 years 1 month and 22 days making him, if my figuring is correct, born Dec. 31, 1807. The record said he was son of Thomas and Susan.

As for Daniel Test I don't think he was a son of Ruth Test by another marriage because the Quaker record makes no mention of former marriage as they would have done. Also Daniel and Ruth have the same surname. I think he may be a nephew or younger brother. A check of the quaker records under TEST might clear this up. It doesn't affect our present search for parents of Lovisa however.

On your questions on the separate sheet. The only record I have of Alvin Bundrant is his gravestone record in the Brooksbury, Ind. cemetery showing him b. Aug. 30, 1841 and died April 3, 1866. The others I have nothing on. They are too new for my records. I am an antiquarian!

The Fayette Co. Ind. marriages are interesting because Thomas and Susan Bundrant came from that county according to Quaker records and died there I guess. Do the records say that Elizabeth Bundrant that married John Worster was actually dau of Thos. and Susannah Lockett or is this an assumption? Ethel was ~~married to~~ ~~Elizabeth~~ apparently younger than Elizabeth being married over 60 years later even though the husbands names are both Worster prob. all Quakers. Need Quaker record under WORSTER.

Then this William Bundrant of Hamilton Co. will book. How odd he has last name spelled same way as the other William Bundrum of 1840 and 1850 census in Wayne Co., Ind. William of Wayne Co. was not there and none of the family in 1860. Childrens names bear absolutley no resemblance. Both married a Martha. The will gives us no hint as to what generation (ages) William of Hamilton Co. is. He died in 1855 so must have been somewhere in the 1850 census but where? I know the index of the 1850 census does not show him in Indiana in 1850. Only one was in Wayne Co. Diary says "How much he seemed to love another's children, almost as much as his own." Is that a clue? Which of these Williams had children in the family who were not his own? The William in Wayne Co. had three sons who are not in the 1850 census but show in the 1840. Eldest one b. between 1820 and 1825. Wish the 1860 of Indiana was indexed.

Dear Mrs. Nott:

The records you sent are very interesting. It does bring Littleberry Bundurant into the picture. We knew of Littleberry but did not know who his parents were. Most of those in Bedford Co., Va. are thought to be descended from John Peter Bondurant III brother of Richard, Sr. or from Peter Bondurant who was uncle of Richard.

When I was in Richmond at the Virginia State Library several years ago I copied some of the Bedford County records on Bondurants. In the record there it states that Littleberry married Mary Scott with the consent of James Scott on Sept. 8, 1790. I noted that this was a bond and not the date of marriage.

The Quaker record you sent has him marrying Nancy Scott Sept. 9, 1790 with Andrew Hunter officiating. Why this discrepancy I don't know. Perhaps other records if any could clear it up.

Lovisa was born about 1797 seven years after this marriage and so this is possible that she could be his daughter.

However Littleberry was never as far as any record shows living anywhere except in Bedford Co., Va. no where near to the ~~Buck Creek Monthly Meeting~~ New Garden M.M. where Lovisa married Isaac White,

By strange coincidence I have a letter from Donald Bondurant of Heber Springs, Ark. inquiring about an Edward Bondurant who married a Nancy Martin. He was born in Buckingham Co., Va. in 1768. He lived in Madison Co., Ky. and then moved to Missouri. where he died in 1855. He was living with a son Clifton when he died, in Johnson Co., Mo. He also had a son John in Howard Co., Mo. No other of his children are mentioned.

So we have three possibles so far in the search for Lovisa's parents. Francis had three daughters according to census records and we know the names of only two: Susanna "Susan" who married a Cloud believed to be Benjamin in Claiborne Co., Tenn. and Sarah who married John Barnes, brother-in-law of Jane Bundren Barnes. Richard, Jr. Jane's father married Elizabeth Cloud so you see these lines were entwined. Jane's mother was a Cloud and she had a cousin who married a Cloud. And Francis could have married twice. ~~He was married to Elizabeth King,~~ daughter of Zachariah King in 1832 when he and his wife sold some land in Surry Co., N.C. where the Kings had lived. But a discrepancy in the census of Rockingham Co. N.C. in 1800 and 1810 leaves this second marriage a possibility. If he had a second wife his first one died between 1800 and 1810.

Right now no evidence we have makes any one of these three possibles any better candidate for the father of Lovica than another.

I will put more of what I have on Littleberry on another page.

Sincerely,

Len Hoops

Littleburry Bundrant	2 males 5-10	1 female 15-20

Others in this census with families were:

Jesse 20-30
James 20-30
Thomas 50-60
John W. 30-40

Thus it would look like Littleberry and Thomas were ~~brothers~~.

A John who was shown in 1782 and 1810 does not appear in 1820.

In 1840 Littleberry does not appear only James and Jesse.

In 1850 we find only younger Bondurants except a widow Mary Bundrant who is 45 b. Va. with a Mary 20, Sarah 15 and William 15 living with her. A Phoebe Bundrant ~~along with~~ age 50 along with Richard age 15 were living with a single man Joel Right age 28 all b. Va.

Since Littleberry and his wife were both 60-70 in 1830 they were no doubt dead in 1840 and do not show there. The Mary Bundrant age 45 was probably the widow of Jesse Bundrant who does not survive in the 1850 census.

Littleberry was 60-70 in 1830 therefor he was 50-60 in 1820 and 40-50 in 1810 and in 1800 he was 30-40. Index of tax lists in 1800 do not show him nor in 1782.

Dear Mr. Hoops:

Your letter came while we were on vacation and was a welcome surprise on our return home.

You probably could get a copy of the diary by contacting Mrs. Leona T. Alig, Indiana Historical Society Library, 315 West Ohio St., Indianapolis, Ind. 46202. I would think that this library has access to a Xerox. It is 247 pages.

Although I had received the diaries in the late 1940s from my mother-in-law and had read them, I didn't get around to typing a copy of them until a few years ago. This came about as a result of my interviewing author Marjory Stoneman Douglas, one of Lovisa's descendants, as part of my job as a reporter for the St. Petersburg Evening Independent. I had heard she was related to the White family but had no details about it. It was from her that I heard about Lovisa Bondurant who was a French Huguenot, I was told. She did not know who Lovisa's parents were, however.

This reminded me of the diaries and I began to copy them, almost in rough draft fashion as I'm used to x-ing out errors etc. I was working full time and it took me over a year at infrequent intervals to get them copied. The ink was quite faded on some of the pages and I had to use a magnifying glass to make out some of the words and some of them were already lost.

Since then I have been interested in tracing both my own and my husband's ancestors. So I'm a relative newcomer to genealogy hobbies. But since we've retired and moved to Apalachicola, I have more time to spend on this.

I feel sure that my copy of the diaries is much rougher than the copy at the Indiana library, but if they can't provide a copy, I can have one made the next time I go to Panama City. Apalachicola is a town of only 3,000 and doesn't have a copier in its small library.

I had read of a Barnes connection by marriage and when I reviewed my copy, I mentioned this, too when I wrote Ervil, although I had been looking only for the few Bundrants that I recalled being mentioned in the diary. (The Barnes connection had been in a copy of DAR papers from ancestor Francis Bondurant down to DAR member Cheryl Leslie Young. I had hoped to find some connection to tie in to Lovisa in these papers, but didn't.)

I am enclosing a copy of a letter I received from the curators of The Quaker Collection, Guilford College, Greensboro, N.C. Have you ever heard of a Littleberry Bondurant?

I have quite a bit of information about the White family.

The M.C. White in the census is Micajah White, my husband's grandfather byz and his second wife, my husband's grandmother, is Patience Talbert. The only other White relative in the list is Lilburn (misspelled as Silbern).

According to Quaker records, New Garden Monthly Meeting, North Carolina, Louisa Bundon (Bundron) requested membership in this Quaker group in 1817, 7, 26. In 1818, 7, 8, Louisa, Guilford Co., m Isaac White.

According to Lovisa's death certificate on file in the Minneapolis Health Dept. Lovisa White died April 20, 1881 at age 84. Cause of death was pneumonia. The only obit was a few lines in the Minneapolis Tribune on April 22, 1881. She was living at the home of Dr. A.V. Talbert and the funeral was held at the Talbert residence. There is no information about any relatives in certificate or obit. She was buried in Lakewood Cemetery and they have no information there about her parents.

I have written a Quaker Church in Minneapolis asking if they had any information about Lovisa's parentage, but so far have received no reply.

The diary writer Martha White married A.V. Talbert on April 28, 1846 in Westfield, according to diary. Dr. Talbert and Martha lived in other places or were visiting from time to time, so it's possible the census taker missed them. They had one child, Viola Araminta, who died at age 5 and is buried in the Westfield area. They had no other children.

Aletha White married Dr. Mark Stoneman. She was not his first wife. Among their children was Frank Stoneman who came to Miami as an adult and started a newspaper which later became the Miami Herald. His daughter Marjory Stoneman Douglas is a talented author and wrote "The Everglades: River of Grass," "Florida: the Long Frontier" and other books. She is in her 80s and still very vital.

Mordecai married Phebe Clappitt. I don't know who Isaac married, but I gathered from the diary that he was the youngest son of Lovisa.

Micajah or M.C. married Patience Talbert in 1856. Micajah died in 1889 in Minneapolis. Patience Talbert was the sister of A.V. Talbert, Martha White's husband. Patience was born in 1836 in Ohio and died in 1921 in Minneapolis. Their youngest daughter was Martha Louise White, born July 30, 1876. She married A.E. Nott in 1889 in Minneapolis. They had 5 sons of which my husband Franklin Benjamin Nott is the youngest. He was born in 1911.

With your help, I hope we can find Lovisa's parents.

Sincerely,

Marian (Mrs. Franklin B) Nott

ABNER BUNDRENT

b. Dec. 1768 md. 1st Nancy _____, 2nd Phoebe Beason 1811 N.C.

Death date and place unknown. Lived in Randolph, Rowan and Guilford Counties in N.C./

Children: Thomas Bundrant b. _____ md. Susan _____.

Children Silas b. 1807 Va. and Susan A. b. 1826 Va.

Lovisa Bundrant b. 1797 N.C. married Isaac White, Sr., Guilford Co., NC

William Bundrum b. 1800 Va. md. Martha Stuart, Guilford Co., NC b. 1804 NC

Ruth Bundrant b. _____ md. _____ was in Hamilton Co., Ind. 1870

On the wife of Abner, Sr and Jr. it may be that Phoebe and Anna are same person, Phoebe Ann, and married Abner, Jr. rather than Sr. Sr. may have married a Nancy _____.

I have gone over each of the sons of Richard, Sr. and Abner seems to be most likely for several reasons. However Thomas of Warren Co., Tenn. is supposed to have had other sons and daughters than just John md. Gilley in Henry Co., Va. Drury was really too young to be father of William and Lovisa and Thomas even if there could be room for them in that family. Daniel Maxey was way too young also. Francis has a full family lineup with little room for much more than one more. Claiborne wasn't in the area.

So far we hve some proven facts that enlarges the family of Lovica's parents. Silas, Susan A., and Adaline were nieces and nephew of Lovica, and this brother was Thomas who md. Susanna Lockett according to the evidence you have. But the grave stone doesn't fit the marriage date of Susanna and Thomas, of Bedford Co. I have never thought that any of Richard I's family was ever in Bedford Co. They all seem to be in Rockingham, Stokes and Hanery also Guilford and Randolph. They were not Quakers but married Quakers. Phoebe Beason and Martha Stuart were both disowned for marrying out of unity to a Bundren. Martha Stuart probably is the one who married William Bundrum of Hamilton Co. will.

we have
So Lovisa, Thomas, William and another male who married a Ruth (Aunt Ruth who lived 8 miles from Isaac White, Jr. in Hamilton Co., Ind. in 1870s.) It is plain now that she is not the one who was wife of Silas. That Ruth married again and moved to Randolph Co., Ind. She was a cousin by marriage to Isaac White, Jr. but not Aunt. And whoever was father of Lovisa was also father of the others and a brother of Richard, Jr.

Abner has room in his family for some children older than Abner, Jr. I beleive and possibly more than one wife. Abner would have been 43 years of age when Phoebe Ann married and his son Abner, Jr. would have been 20 yrs of age. Phoebe Beason was disowned in 1811 which must have been the year she married and it is same year that Anna was supposed to hve married.

The diary copy has been mailed from Indianapolis since the 18th so I may get it soon. I doubt if I find anything different to go on than did Mrs. Nott. You know the history of Hamilton Co., Ind. says that Micajah White and his mother Lovisa were kingpins in the Underground R.R. during the Civil War hiding the runaway slaves and sending them on. Quite interesting and I am wondering if any of that is in the diary.

My wife's mother died last Wed &
was buried Friday.

Dear Mrs. Nott:

This is a copy of a page I sent Mrs. Ervil today.

By the way I figured out how I am related to your father. Chart shows:

Lovica cousin to Jane Bundren Barnes

Micajah 2nd cousin to Geo. W. Barnes, Sr.

Mr. Nott's
father 3rd cousin to Geo. W. Barnes, Jr.

Franklin Nott 4th cousin to my mother Nora Barnes Hoops

I would be 4th cousin once removed.

Will have more info soon I hope.

Dear Ervil:

Well it looks like the votes are all in on the Bundrens in Indiana as far as Richards line goes. I am enclosing the report from professional researcher Mr. Clifford Lemmon of Indianapolis. He lists all the records he searched even though he did not come up with much that was new and certainly it does not give us any clue as to where in Ohio William Bundrum lived when one of his sons was born there. Nor does it tell us who Aunt Ruth Bundren was and where she lived and who her husband was. I had a lady in Raleigh, N.C. search the 1870 of Hamilton Co., Indiana and she found no Bundren by any spelling. I would like to read this myself as I know it is not indexed and it is always possible to overlook names. And I know where in the county to concentrate on and there are other associated surnames that would be interesting. Ruth could have been living with some other family and be easily overlooked by a hasty searcher. We know that the Ruth Bundren who was married to Silas remarried to William Robinson would have been Ruth Robinson at the time Martha White mentioned Aunt Ruth Bundren.

Do you have the address of Mrs. Lela Livingston? Last address I had was 3505 E. Campbell St., Phoenix, Ariz. 85018. She was not sure about her ancestor who was Thomas but believed it was the one who married Peggy Drury and then there was Mrs. Floy Leverton last address Box 57, St. Johns, Ariz. 85936. Her ancestor was a Thomas also and again I could tell she was not sure. Last I heard from her was in 1972 and she wrote that she had written to the James Bundren I suppose in K.C. but had not heard from him and she mentions her wondering about who the Thomas was that married Susannah Lockett and adds "Oh what can this Bondurant turn out to be". So she was not sure of her Thomas being the one that married Peggy Drury.

I have a dental appointment this morning so must conclude this. Right now it looks like John, father of Thomas, was a brother of Francis and Richard, Jr. I believe Littleberry will be one of the Richard clan also. The two Bondurant families lived in different area of Bedford Co. they say. The area the Richard clan lived in is given in the Indiana history book and Thomas and Peggy Bondurant lived in another part. Looks like we need an exhaustive research in Bedford Co. now if someone has not already done this, which I doubt.

I am sending along a copy of Mr. Lemmons report and also a copy to Mrs. Nott and to Mr. McDonald.

I am going to try and get some professional to do more research. I really think some work in Ohio would be in order since William lived there for awhile and the Whites also. It was probably in an area settled by the Quakers.

Mr. Heiss retired I think. Seems like I read this in the Tri-State Trader genealogical section some year or two ago. He wrote a column for that paper a long time. He said he wanted to complete the Quaker records of Indiana and then close his professional career in genealogy.

So long now,

Mrs. Marian Nott:

I have been very busy, helping Charles some, but still there is the cooking, washing, cleaning, etc. but at least I do not have my flower garden and vegetable garden to play around with. I really should not do either one (flowers, vegetables) since I have so little time to work on my genealogy, but I dearly love both and I love the out-of-doors. Between the chores of every day living, which we have here as well as at home, I have been trying to go over many of my records, especially the Bundren and Bundrum. I find the spelling runs in family groups, the same as Bundrant or Bundrant, even BonDurant, or Bundurant, and of course Bondurant. A lot of the variations comes about by clerks. As this elderly woman in Texas said their accent caused (us) to be called and name written many different ways.

The Biog. of Thomas & Susannah (Lockett) the name is spelled Bundrant. The 1850 census, Union Co., Ind., his name is Bundurant. Ruth in the 1860 census is Bundmunt. The marriage license Guilford Co. N.C. is Wm. H. Bundrum. The 1840 census in Wayne Co., Ind. is Wm. Bundrum. The will of Wm D. 10/23/1855 Hamilton Co. Ind. is spelled the same way.

The info. on the Will of Wm. D. 10/23/1853, sent me by Doroty Core, and I sent copy to you, Len, it gave info. on Homer L. Bundrum, age 30, May 15, 1861, which makes his date of birth ca 1831. Mr. Boyd brings in Thomas E. from the will but does not list other children. If Wm. H. m. Martha Stuart 11 Nov. 1827 and is in Wayne Co. Ind. some of his children could have been taken by relatives until they were older to make such a trip. The 1840 census has Wm. with 2 males under 5, 1m 5-10; 1m 10-15, 1m 15-20. The two males in the 1840 census, ~~XXXXXXXXXXXXXXXXXXXXXXXXXXXX~~ ~~XXXXXXXXXXXX~~ 0-5, Although Harris was 5 and John A. 7, could these two be the ones mentioned here. According to the will Homer L. was a child (b.1831 according to age 30 when he was mustered in army 5/15/1861), so he was 7, the one male 5/10. This would still leave two more males older, 10-15 and 15-20. As in the settlement of Thomas' estate the whereabouts of Cyrus was unknown so the estate was settled anyway. In the settlement of many other estates I have found, when the resident of an heir is unknown, it did not stop the settlement.

Richard I's birth is recorded in "Douglas's Register" 22 Oct. 1740, and Rev. Douglas was in Virginia. ⁸⁴You stated you never thought any of Richard I's family was ever in Bedford Co. Richard was certainly in Virginia and I believe the first record of him in N.C. was around 178-'s. Francis, his son stated he was b. 1764 in Buckingham Co. The county lines of these counties changed so often, I do know John, b. 1734 has property in Bedford Co. You do have the record of Thomas "for his brother Richard" receiving the 130 ac. of land lying in Buckingham Co. surveyed 9 May 1794 for Richard Bondurant.

Quoting from the book, Marian stated Levi Coffin went home to Guilford Co. in 1823.... So far I do not have any Bondurants in Guilford Co. N.C. except Abner, ~~XXXX~~ and his name is spelled BUNDREN. Lynn Bundren, Kansas City, with whom I corre. in 1965s stated he had pages from the family bible. He was in his 70s then. I could not get zerox copy of these pages and his writing was very shaky. I was so pleased to see your Quaker record stating Phoebe Beason was disowned in 1811. Whichever Abner m. Phoebe Beson must have been the Abner, b. 1791, and son of Abner b. 1768 or 9. He gave both dates. A great deal more needs to be checked on this family and I have

Dear Marian Nott: —

Thanks for sending me the updated research on Louisa Burdon White. It's satisfying to hear confirmation of the theory that Louisa was an orphan who lived in Martha Sander's household. — I've had a special interest in Louisa because of her daughter's diary and the hope that following Louisa's trail might lead to the solving of some of our other Bondurant puzzles. I hope your researcher is successful in learning more.

Like Len, I imagine Louisa was a grand-child of Richard Bondurant, Sr. (b. 1740 Va.) — Don't know if you have this item about Rich., Sr. or not. —

Guilford Co. N.C. Deeds — BK. B — P. 220

Feb. 20, 1782 — Richard Bundrant, of Guilford Co. To William Walker of Guilford Co. — 200 acres on Kerby's Creek of Dan river; adjoining Wm. Chestnut — for 12 pounds of Virginia money.

(over)

This places Richard Boudrant (Sr.) in Guilford Co. N.C. at least 8 yrs. before he is found in the 1790 (N.C.) Census ^{Rockingham Co.} by which time Rockingham County had been formed out of Guilford Co.

My own ancestor, Francis Boudrant (son of Richard, Sr.) lived in Henry Co., Va. for a time — just across the state line from Rockingham Co. — and very likely others of the children of Richard, Sr. may have moved back & forth between Va. and N.Car. too.

Again — thanks; am looking forward with interest to results of your Continuing Search.

Sincerely,

Margaret Fox

Dear Mrs. Nott:

Lee Hoops of Ft. Worth told me about you and the Martha White diary and sent me the info. from Guilford College about Louisa Bearden White. Lee's ancestor, Richard Bearden II, and my ancestor, Francis Boudurant (Bearden) were brothers, and both were sons of Richard Boudurant (ca. 1740 Va.) — though we lack solid proof. ^{that they were his sons.} Hence my interest in all those Va. and N. Carolina Boudurants. (Beardens)

I'm sorry the enclosed obituary for Louisa gives no information about her parentage — (some of them do — like the one just came hers) — but thought you might like to have it any way. I wrote to Haverford to obtain obits from their journals for 2 other Quakers who died 1837 + 1849. I had hoped to learn more about my "Willkams" family — but learned nothing new about them either.

I asked about Louisa while I was at it — it didn't cost anything extra; there's a minimum charge. Have you learned her parentage yet?

I wonder if Louisa lived in the household of Martha Sanders for a time? (Because in Martha's will — she bequeathed Louisa "the bed, etc. which I have already given her.") Could Louisa have been orphaned and

reared by Martha Sanders? (Guilford Co. Court records might show.) There must be some kind of "Sanders" connection, and ^{"Sanders"} with the "White" family too. Have you seen the following will?
(From the Index to Guilford Co., N.C. Wills)

William White (devisor) - Among the devisees were "Isaac White" and "Susanna Sanders".
Nov. 1806 - Book A, Page 412.

You may have also seen the following will, I expect -

Isaac White (devisor) - Stanton White (devisee)
Nov. 1811 - Book A, Page 416

You probably have all of this already -
but the obits from Hanoverford came yesterday,
so thought I'd pass Louisa's on to you.

Margaret Fox

Dear Marian,

Material arrived today so while waiting for son at the Dodge body shop, I read through same. Seems as if mostly we have guesses at this point.

Following is from C.R. 46.301.4 1811 - 1820. Guilford Co. Ct. Mts. (P.&Q.S.)
Pg. 383 Orphan boy William Bunday age 14 - father, Joel Sanders, decd.

Pg. 467(467) Feb. 1816.

Pg. 473 Sarah Bunday Will with Exor. Albertson.

Really thought that the Bundays were another family group. Its just that ~~Joel Sanders is supposed to be the father of Hezekiah in the 1789 Will of H. Sanders.~~ Leaves me wondering if you shouldn't check into the Sanders Wills and Estates or at least try and follow up on Joel. ~~Do you suppose that this should have been Bundren instead of Bunday?~~ Has been bothering me for a week or so - decided to share the thought with you.

Please forgive my messy reports. Seems something has to happen every time. This event was the changing of the carbon ribbon. Also an EVENT.

In Guilford Co. there are Civil and Criminal Action Papers 1790 - Do you suppose that you should be thinking about having them searched - IF nothing shows in Henry Co. this week????

Think that I will do better outside helping Ed pull weeds. We have the second car in for repairs now and then we will be over the "Accident" that was put upon us. Am getting used to the new car, except for the payments and as soon as Bobs car is returned to us, Kathryn can again drive down our street without too many reminders of her accident. (I did tell you that we came home to find two of our cars mashed up?----).

Sincerely,

Dear Marian,

Have completed the Rockingham Co. Pleas & Quarters without finding anything about Lovisa B.

The only entry I found even beginning to relate is in Rockingham Co. P & Q S Court Records C.R. 84.301.6 on page -161. Phillip Brisend----- be appt'd overseer of the road leading from Col. Wm. Bethels to Browders roads & that he have liberty to notify the following persons to work: on the same - to wit: Augustine C. Browder, Sam'l. Smith Jr., Wm. Smith, Thos. Smith, J. Mann etc. etc.

With this clue I checked into the deeds hoping to find something. Nothing registered there.

In reading the P & Q S records I did not note any of the Bundron (etc.) spellings showing at all.

Am most reluctant to encourage you to go on with this search - unless you might want to look into ~~XXXXX~~ Henry Co. Virginia where the Saunders supposedly had property. It would seem that the B.s might also have come from that area. This could be where the record of the Guardianship or Bound Out record might show up. From the reading of the will my guess is that she is an apprentice or indentured servant.

Have now done the Stokes, Rockingham and Guilford P&QS and Bonds & Guardianship papers where available.

I will be going to western N.C. with Wynette Haun on the 7th of August. If you want us to go up into Henry Co., believe we can do it without it costing you from \$15 to \$25. If you ~~xx~~ are interested you could call any evening Sun. through Wednesday.

If I ever do run into this record or any that might relate, will be sure and send on to you.

Sincerely,

Betty J. Camin

P.S. The best thing that I do is forget to sign my name to my letters. Enjoyed the fact that you did the same thing on your July 4th letter. Thanks. bjc

Dear Mrs. Camin:

Although you feel you have found out very little, you have at least confirmed that Louisa (Lovisa) apparently was an orphan.

I am enclosing the balance due of \$15 plus an additional \$30 for you to continue this research. I realize that the "bound out" record may be hard to locate, but it could point the way to resolving the problem of LB's parentage.

If more money is needed to pursue this, please let me know and I will send you another check.

Thank you for what you have already done.

P.S. We're going on a vacation from July 9 - Aug 1, so if you should write or send another bill, I will reimburse you and/or send you additional money when we return. In other words, please keep going on Lovisa Bundron etc.

June 17, 1981

Dear Mrs. Camin:

You gave me your card last summer when my husband and I were at the N.C. Archives during an ancestor search.

Will you please see if you can find any record of a Lovisa (Louisa, Louise) Bunden (Bundron, Bondurant, Bundrant etc.) being orphaned and placed under care of a family named Sanders, or any other family in Guilford or surrounding counties. Her birthdate 9-26-1797. Her mother's name was Nancy. Father's name is unknown. She had a brother named William and perhaps a brother named Silas.

In 1817 she requested and was granted membership in New Garden Monthly Meeting of Quakers. In 1818, this Lovisa-Louisa-Louise, Guilford County, married Isaac White, a Quaker. The only information from Quaker records about her parentage is that her mother's name was Nancy Bunden, Bundron, and her birthplace was given as given as Randolph County, N.C. in one record and Henry County, Va. in another.

In a will found in "Guilford County, N.C. Will Abstracts 1771-1841" by Irene Webster, p. 74-75, dated 16 July 1816, probated Nov. 1817, a Martha Sanders lists Louisa Brisendren to receive "bed and furniture I have given her." A Louisa Blandren was a witness. This Martha Sanders is apparently the widow of Hezekiah Sanders, whose will was made 13 May 1789 and probated Aug. 1789.

I will appreciate any information you can give me which would give information about Lovisa's parents.

I enclose a check for \$15 and a self-addressed stamped envelope. If you find that more time is needed than that covered by the \$15, please let me know and I will send you an additional check.

Sincerely,

Dear Mrs. Nott,

Have checked into the Stokes and Rockingham Co. Wills and Estates hoping to find something on Louisa (etc.). I tried Stokes and Rockingham because that is where they are showing in the 1790 and 1800 census.

The only other county that I noted seeing them was in Guilford and there are quite a few marriage bonds (female) from there in later years.

Finally had the Sanders Wills and Estates pulled and read them. The Hez. Sanders material had nothing in it relating to Louisa. In Martha Sanders estate was an interesting item in the Aug. 1821 Est. Return: "To Louicy Bundens freedom suit" and a sum of money which looked like 17.89.34/4. Louicys freedom suit tells us that Louisa was bound out to the Sanders and received her freedom during the time the estate was being settled and the estate had to buy her the traditional "suit of clothes".

Then searched the Guilford Apprentice Bonds and Papers looking for anything like Bunden, Brisendren, etc. -0- Nothing.

C.R. 46.301.4 1811-1820 Guilford Ct. Mts. (Pleas & Quarter Sessions)
This is an especially difficult book to read. Very slow. Started on pg. 75 and read to page 473(1820) hoping to find where Louise had been bound out. Nothing about her that I found.

The records for the orphans who were bound out were redone each year and those for L.B. should have shown if it had been done in Guilford Co. Of course, we don't know what co. they are recorded in or what state. Note that Martha Sanders and Hez. Sanders have something to do with property in Va.

Because there are family groups in the census by that name in that time, I am inclined to believe that the record is somewhere within those counties. Because of the time already spent and due to the fact that you did not tell me how much time I could have, felt that it was best to wait until I heard from you again.....

Sorry to have found so little. Wanted to find the bound out record because they usually read "orphan of John Jones". Perhaps I am hoping for too much.
