INTRODUCTORY STATEMENT

The following tax lists for Surry County, N. C., for the year 1784 were copied from the original tax lists now on file in the office of the Clerk of Court for Surry County at Dobson, N.C.

The names were copied in the exact spelling as they were originally listed. This means that in many cases, the same names will be found with varied spelling. Particularly in Captain Krous' District (in the Moravian Settlement) several names are found in the "B" section which might ordinarily be found in the "P" grouping. This was due to the German custom of using "B" and "P" somewhat interchangeably.

At the end of each separate district, I have explained roughly the location of each district in relation to the present counties of Surry, Stokes, Yadkin and Forsyth.

I hereby make affidavit that the list is, to the best of my ability, an exact copy of the original tax lists, made after twelve years of experience and study in the records of Surry County.

It is the hope of this writer that the said copy will serve in a measure as an aid to searchers after genealogical data.
