

November 26th, 1909.

Mr. W. W. Hampton, Clerk of Superior Court,
Dobson, North Carolina.

Dear Sir:-

In accordance with your recent notification the undersigned beg herewith to report on their acts as executors of the will of Thomas Woodroffe, Deceased. We are to-day mailing to Mr. Vestal Taylor, Recorder of Deeds, Dobson, N. C. a copartnership agreement between Thomas Woodroffe (since deceased) and his Sons, George, Thomas, Jr. and Frank to be recorded herewith. Taking this into consideration together with what you will find expressed in the will it should give you a clear understanding of the relationship existing between the parties thereto as to their respective property interests.

The only financial matters affecting our acts as executors are the payment of the sum of \$500.00 each to his three daughters, Fanny (unmarried), Clara (Mrs. Frank B. Fryer), Mary Ann (Mrs. John H. Dick), these sums to be paid at our convenience. This obligation has been discharged with respect to Fanny and Clara, (the latter now deceased). Mrs. Dick has left her amount in the business.

In reading the will you will find a reference to Life Insurance in favor of Mrs. Thomas Woodroffe who is still living with us. This Insurance consisted of the proceeds of one policy only which amounted to \$2828.52 and came into our possession on or about December 22nd, 1900, and with the full knowledge and consent of our Mother it has been used in the current business of Thomas Woodroffe & Sons.

We believe that this covers every point involved in our administration as all other matters are completely disposed of by the terms expressed in the will and agreement between Father and Sons.

Yours very truly,

Geo W } Admins of
W W } Thomas Woodroffe
