Mr. James W. Petty, C.A.L.S. A.G.
P.O. Box 893
Salt Lake City, Utah

Dear Mr. Petty,

Enclosed is a computer printout of the material found that appeared to relate to the family you were looking for in the tax lists etc.

The Estate Records were a little disappointing in both counties. I have copied the two that appeared in Orange County that seemed to be related to that family in some way. I leave it to you to decide.

The Orange County and Granville County Tax Lists are quite complete and I have read both counties from 1775 to 1795.

The Treasurer and Comptrollers Papers, the District Court Estate Records, and the Sec'y of State Estate Records are records that took only a few minutes and I had hoped that there might be something that would help you. Unfortunately, nothing much showed up.
