The names, dates and any other information in this work are what I was able to put together from the records. If your name or any member of your family does not have the correct spelling I am sorry. Please change your copy. Also please feel free to add anything about your family to this. After all it is a family history and should be up to date for every family.

This started out to be a history of the family of Dan Hutson and his family, but after getting into the information on this family I felt that I had to go back to his grandfather and give the whole picture on this family.

This work is dedicated to my father and mother. Dillard and Hazel Hale Bullin. If it were not for them I think I would have given the whole thing up long ago. I also think my aunt Thelma Goins for her support and help in doing this.

This is the story of Ambrose Hutson and his wife Lucinda Goode. I have not attempted to trace all of the descendants of Ambrose and Lucinda. To gather all members of this family would be an impossible task as some members have moved to other counties and other states.

Some of the information in this will bring to light facts that may surprise some of you, but I hope you will take it as it is, facts not fiction and be proud of our heritage.

What is included in this is what I have been able to get from family members, census records, records at the courthouse in Dobson and any other way I could. I know I have left people out but it was not through intention I just was not able to find them.

As this is a family history it can never be complete as new members are added or old members are taken away each and every year.

In this work I have taken each of the children of Ambrose and Lucinda Hutson and put all the information I have on that child together. Some of the children do not have much listed after them. If anyone can fill in the blanks I would appreciate it.

The name Hudson is English and means son of the Hooded one. Although the name is spelled Hudson and Hutson in Surry County they are one in the same with members of the same family using both spellings.

The name appears in Surry as early as 1782 when Hall Hudson is listed on a tax list and appears thereafter.

Hall Hudson died in Surry about 1799. He named three sons in his will one being William Hudson. This William is thought to be the father of Ambrose although positive proof has not been established.

Ambrose was born about 1803 and his name first appears on the 1830 census in Surry. He married Lucinda Goode between 1820 and 1830. He was a farmer and worked as a tenant on other peoples land in the Rockford area of Surry. No record has been found that he owned any land. He died after 1870 as that is the last census record he appears on. After his death Lucinda made her home with her daughter Nancy Whitaker. Lucinda was born about 1811 and died between 1880 and 1900. She is listed a midwife on the 1880 census. Her parents have not been found as of yet. It is possible that Ambrose and Lucinda are buried in the Whitaker family graveyard but no proof of this is found. The graveyard has been partly covered by a peach orchard and some of the stones are lost. As Lucinda was staying with Nancy Whitaker her daughter and two of Nancy's sisters are buried in this graveyard it would a reasonable assumption

that they are buried there.

Ambrose and Lucinda had nine children that I have found. They may have had more but I could not find any records of them.
