INTRODUCTORY STATEMENT

The following tax lists for Surry County, N. C., for the year 1786 were copied from the original tax lists now on file in the office of the Clerk of Court for Surry County at Dobson, N. C.

The names were copied in the exact spelling as they were originally listed. This means that in many cases the same names will be found with varied spelling.

Also, in some cases persons in one alphabetical grouping listed for persons in other alphabetical groupings, causing some names to be out of alphabetical order.

At the end of each district I have given the rough location of that district in connection with present day Surry County.

I hereby make affidavit that the list is, to the best of my ability, an exact copy of the original tax lists, made after twelve years of study of Surry County records.

It is the hope that the said copy will serve in a measure as an aid to searchers after genealogical information.
