

REPORT OF THE JUNIOR WOMAN'S CLUB OF MOUNT AIRY, NORTH CAROLINA

There are twelve members in the Junior Woman's Club of Mount Airy, North Carolina. Our meetings are held on the second Monday of every month, usually in the Woman's Club Building.

The members of our club enrolled members for the National Red Cross Roll Call in November, 1930, and \$18.50, part of the money raised at this time was given to the local relief workers for the town, and the other was sent to the National Red Cross Organization.

Because our president left town our club was late in getting started. Because of this re-organization was necessary, and this was accomplished at our first meeting. After re-organization parliamentary law was studied, and drills were given under the direction of Mrs. Geo. E. Marshall, our sponsor.

It was planned to have the second meeting devoted to Citizenship, but all the plans did not materialize so a musical program was given by two young voice artist of Mount Airy.

A benefit bridge party was given in February, and the \$11.00 realized from this party was spent to buy books for the childrens shelf ~~for~~ in the library.

The third meeting of the club was given to literature. Dr. I. T. Jacobs talked to the members on the life of Elizabeth Barrett Browning.

Our fourth club meeting was a social meeting, held after a short business meeting, and a short discussion on "Wear More Cotton".

For our next regular meeting a health program has been planned, and a health playlette will be given, along with the talk to be given by a county health official.

Red Cross Christmas Seals sold by the members of this club amounted to \$16.00, and this money was spent for milk for undernourished school children.

We have paid our State and District dues, twenty-five cents per capita, to the General Federation Foundation Fund. \$5.00 pledged to the Sallie Southall Cotton Loan Fund has been paid.
