Elkin, North Carolina

Dear Mrs. Johnson:

Your letter and your sheet to be filled in have been received and I have filled in the various parts of the blank giving you the information which seems called for.

I have no recent photographs or clippings but I am sending you an annual report of the hospital where we worked in Pakistan. This is the report of the last year before <sup>we</sup> ~~you~~ came home. Perhaps this will be of some information.

Yours very truly,

  
E. L. Rice, M.D.
