Mr. President: Like Father, Like Son

George W. Bush grew up in **Midland, Texas**, doing the regular kid thing: biking around town, playing little league baseball, and fishing with his dad, former **President George Bush**. George W., with the support of his wife Laura, promised to build "a single nation of justice and opportunity," highlighting education as a top priority during his administration.

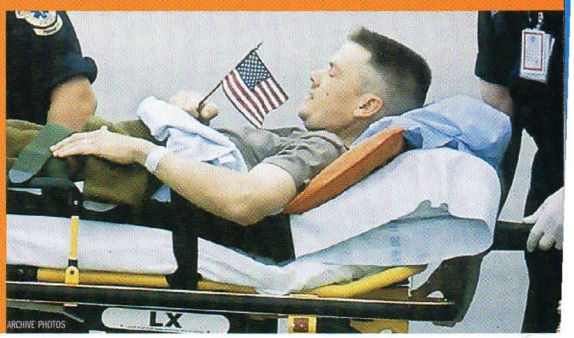

Pathways to Peace Courageous campaigns for freedom and democracy dominated the news. Western nations cheered when **Yugoslavia** ousted **President Slobodan Milosevic** and voted in **Vojislav Kostunica**. South Korean President **Kim Dae Jung** won the Nobel Peace Prize for his efforts to improve relations with **North Korea**. Palestinian President **Yasser Arafat** and Israeli Prime Minister **Ehud Barak** continued to work toward a peace agreement, and Russia's ruling power changed hands as **Boris Yeltsin** passed the reins to **Vladimir Putin.**

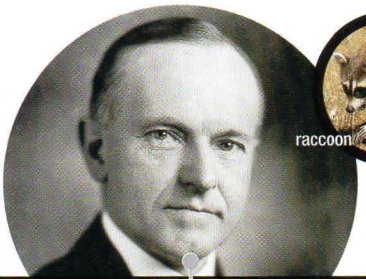

Brave Hearts We mourned lives lost in the line of duty. Seventeen American sailors died in a terrorist bombing attack on the **USS Cole** while docked in **Yemen**. Another seaborne tragedy struck when the Russian nuclear sub **Kursk** sank, killing 118.

The number of species on the endangered list ballooned to over 1,000, with nearly 100 more becoming extinct every day. We worked to reverse this man-made trend by reintroducing many species, such as wolves, sea turtles, and golden lion tamarins, back to their natural environments.

sports champions

From match point to point guard, athletes kept us on the edges of our seats as we cheered, applauded, and celebrated their seemingly boundless megatalents.

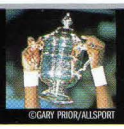

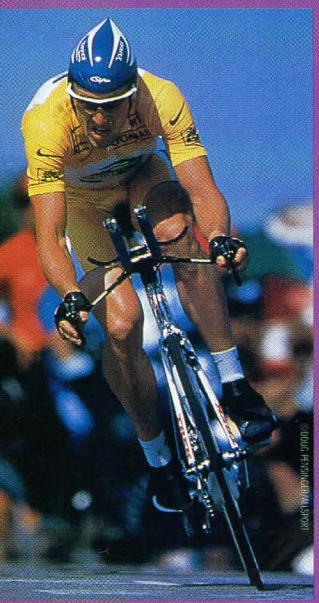

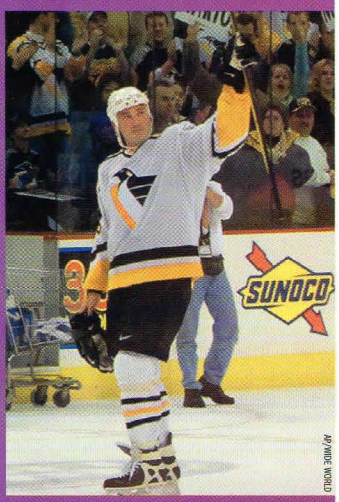

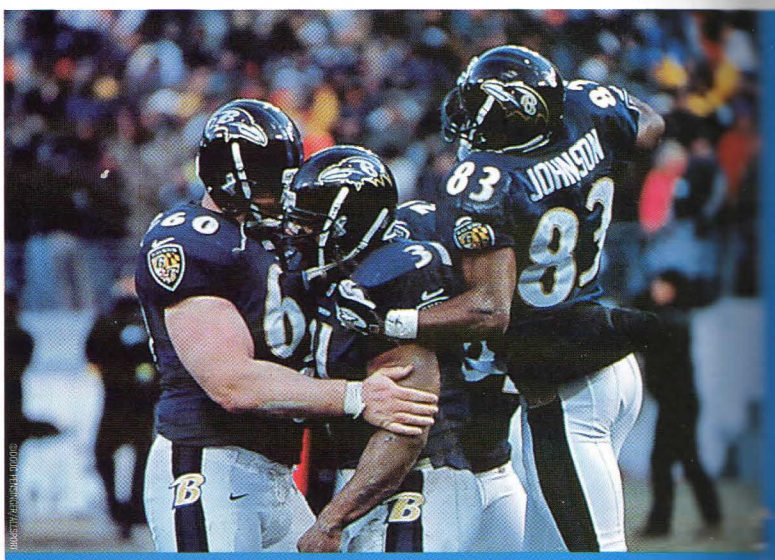

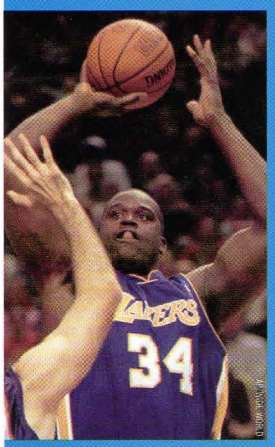

Victory Over Adversity Bike racer **Lance Armstrong** won his second **Tour de France** and an Olympic bronze medal after defeating cancer just four years earlier. Another hero, Pittsburgh **Penguins** hockey ace **Mario Lemieux**, skated out of retirement and back to the rink after a successful battle against Hodgkins disease. talk of the year

We went retro, high-tech, and hip, surrounded by a popular culture that embraced a wide range of hobbies and new products. In our daily lives, we carved out our niches with activities that were educational, artistic, and pure fun!

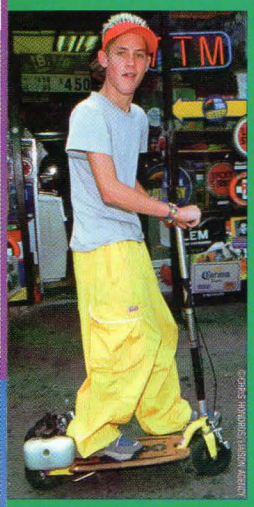

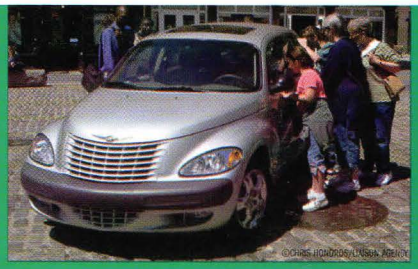

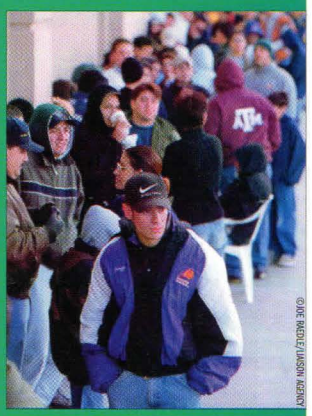

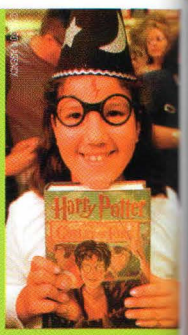

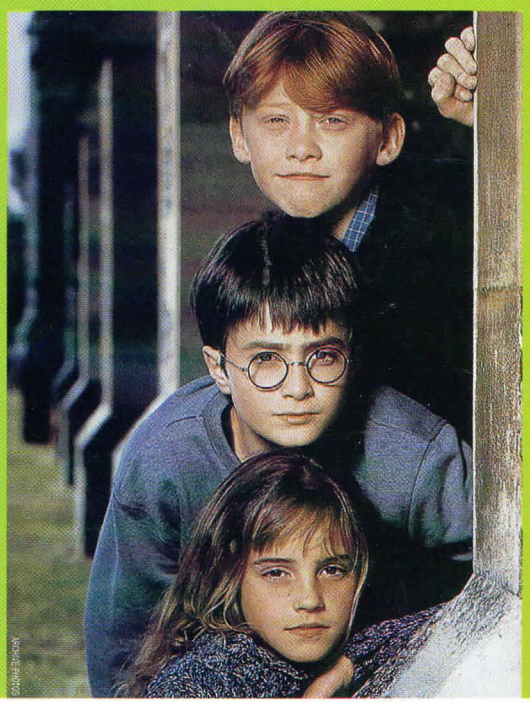

Toys Are Us The nostalgia craze brought us **scooters**, and we went gaga over these wheels, shelling out anywhere from $50 to $2,500! Another retro win was the unveiling of the 1940's retro-style **PT Cruiser**, the biggest launch in Chrysler's history. The new **Sony Playstation 2** featured the coolest in computer animation, and thousands of game geeks camped outside retail stores, hoping to get their hands on the first release. Another new toy, a battery-operated robotic puppy, barked its way into homes from Tokyo to Tallahassee.

Quidditch, Anyone? We went nuts over Harry, and thousands of us lined up the night of July 7th to score a copy of **J.K. Rowling's** fourth installment, ***Harry Potter and the Goblet of Fire***. Although some parents and teachers questioned the concept of magic, no one could argue with students' newfound love of reading!

Hands Around the World

Prince William wasn't the only one rolling up his sleeves and volunteering! Young people all over the world pitched in, giving their time and energy to lots of great causes, from helping out at the **Special Olympics** to bringing art into their neighborhoods. What inspired them to volunteer for community service? Just a great feeling of satisfaction from helping others!

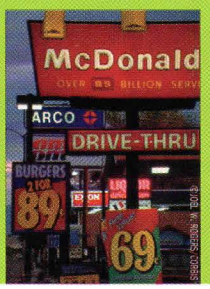

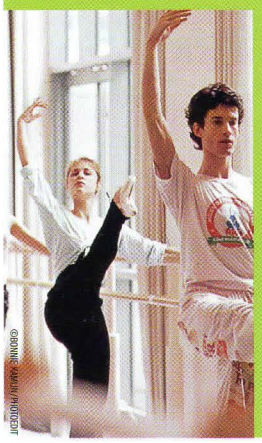

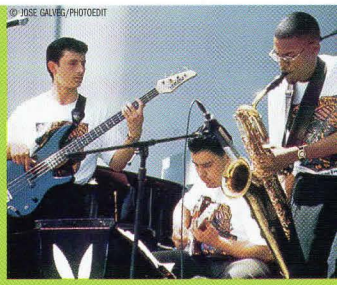

A Man Among Princes When **Prince William**, eldest son of **Prince Charles** and the late **Princess Diana**, turned 18 this year, he took a 10-week break from royalty to volunteer for community and environmental projects in Chile. At school, he excelled in art history, geography, biology, swimming, soccer, and polo.

Food, Glorious Food! Blame it on our hectic lives, but our preference for high-fat fast food brought expanding waistlines, with 10% of Americans ranked as overweight. On the other hand, the organic food movement grabbed our attention as we questioned the use of genetically-engineered, preservative-loaded, over-processed foods.

Amazing Kids! Teenagers expressed their individuality and creativity in activities from dance to digital art. How were you unique?

arts & entertainment

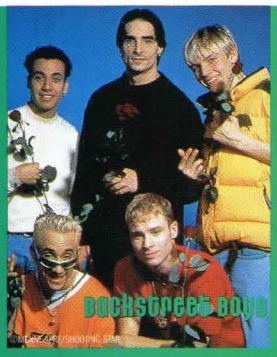

Everywhere we turned, we found talent galore! We made the most of what surrounded us by spending our free time and spare change escaping into books, movies, electronic media, music, and television.

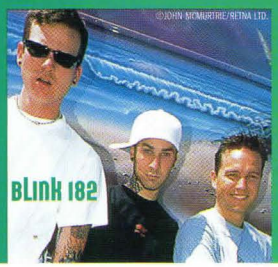

Movie Mania Canadian funny guy **Jim Carrey** starred in ***The Grinch*** which grossed $55 million on opening weekend! **Denzel Washington** brought the true story of ***Remember the Titans*** to life, **Tom Cruise** came back for more thrills and spills in ***Mission Impossible 2***, ***Charlie's Angels*** got a facelift, **Mel Gibson's** studly chicken saved the day in ***Chicken Run***, and ***Castaway***'s **Tom Hanks** spent four years on an island with his ball, Wilson.

Different Notes for Different Folks Styles all their own, you bet. But every one of these pop singers shares the gift of super high energy, all out performance, and great moves!

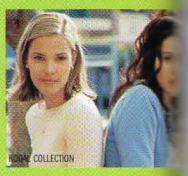

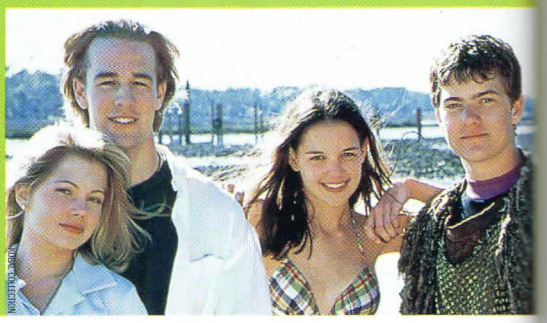

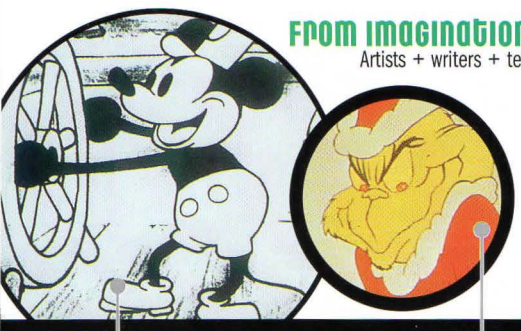

Teens Rule TV shows starring teens were hot again this year. We grooved on ***Malcolm in the Middle***, ***Buffy the Vampire Slayer***, ***Popular***, ***Felicity***, ***Moesha***, and ***Dawson's Creek***. And fans rallied to give ***Freaks and Geeks*** a second life.
