

Sept 15/33.

Dear George & Frank,

I shall be able to make better prints than these later. But these will give you a fair idea of your home as we saw it.

Sincerely
W. A. Mudge.

The little ones are not bad considering they were taken between 9:45 & 10.00 P.M.

The little picture showing again Allen & Son on right side you can perhaps identify from the sketches. I do not remember the street, but think it was looking down East St from High Street.
