its twelfth Graduate Equivalency Diploma graduation in the gymnasium on the Dobson campus. The hundreds of friends and relatives assembled for the graduation mirrered the joy and excitement seen on the faces of the graduates themselves; For many of these graduates, the achievement of this day is the culmination of years of plans and dreams; for others, it is just the beginning of a quest of knowledge and opportunities for a better future.

The ceremony began with the invocation presented by Carolyn W. Flippin, Director of the Human Resource Development Program. Ms. DeAnne Head, a SCC Ambassador. sang and was accompanied by Ms. Susan Johnson, a SCC staff member. The graduates, their relatives and friends, as well as the staff of SCC were welcomed by Mrs. Judy Riggs, Director of Basic Skills Programs. Mrs. Riggs also introduced some special graduates, including two husband and wife couples: Laura and Michael Cox and Jamie and Daniel Leftwich; a set of twins: Arlene and A.J. Howard; four groups of cousins: Kristie Bounds, Jeffery Lawson, and Tasha Lawson: Melissa N. Culler and Jeanette Norman; Daniel Leftwich and Vicky Slavey. and Tammy Prevette and Melissa Brown; and the oldest graduate. Donna Weddle.

Dr. Claude V, Ayers, Vice President for Continuing Education, spoke to the group reminding them that, according to Benjamin E. Mays,",...the tragedy of life doesn't lie in not reaching your goal. The tragedy lies in having no goal to reach

Dr. Avera remembered that the GED testing on campos was begun through the joint efforts of Dr. James Reeves and himself in 1969 when SCC had fifty-nine GED graduates. Dr. Avers' dream for the program

has been achieved by the last three years' classes. Presently, Surry's GED program produces more graduates than any single high school in Surry or Yackin counties, Dr. Ayers urged each graduate to continue striving to reach his or her farthest star, which is the quest suggested by the college motio

Additionally, Riggs announced that the top ten GED graduates are eligible for scholarships to SCC. These scholarships are provided by the Surry Community College Foundation, and the winners are Jennifer Tilley, Karen Barber, Kelly Edwards, Yvonne Tate, Mary McKinney, Tammy Hajek, Brian Burcham, Holli Harris, Rhonda Whitt, and Gary Kearney, IL These same "top ten" scholarships are offered to each area high school through the SCC Foundation.

Dr. James Reeves, President of SCC, presented the diplomasto each graduate. Interestingly, more than one-third of these graduates have enrolled for at least one class at SCC since they received their diploma. Area students who received di-

plomas are: Melissa Allen, Mt. Airy; Misty Allen, ML Airy; Jeanette Antunez, Pilot Mountain; Bonnie Ashburn, Siloam; Joel Atkins, Pilot Mountain; Phillip Baker, Mt. Airy; Cherie Bottoms, Pilot Mountain: Kristy Bounds, Mt. Airy, Jennifer Bowman, Pilot Mountain: Cheryl Bryant, Amrat NC; Brian Burcham, Mr. Airy; Tracy Cantrell, Dobson; Trina Chamberlain, Mt. Airy; Tracy Chandler, Pilot Mountain; Laura Cox, Mt. Airy: Michael Cox, Mt. Mt. Airy; Anita Rawley, Mt. College To Establish

New Campus In Yadkin

From Staff Reports

From Staff Reports DOBSON Surry Community Callege will be estab-lishing a satellite campus in Yackin County, if a growing number of supporters have their way. About 400 Yackin residents now attend classes in an old county building in Boonville which are sponsored by SCC. But a new college facility could be in store if SCC officials and governmental representatives can convince the state to find ways to allocate the necessary funding for the satellite campus.

campus. Based on recent developments, college President James Reeves supports the project and has asked the North Carolina Community College System to put the construction of a 30,000-square-foot building in Yadkin County on its priority

SCC plans to ask the state for \$1.5 million. H. Marvin

Lancaster, the president of the community-college system, has said that the N.C. General Assembly must OK a special

has said that the N.C. General Assembly must OK a special allocation for the cumpus. Meanwhile, a committee of business leaders, educators and other citizens in Yadkin has been formed to push for the effort. They say the campus is needed to offer instructional programs that would lead to a better-trained work force. Yad-

cluding four-year colleges. The building is estimated to cost \$3 million in all.

The Yadkin supporters are searching for a site and methods to pay for the building, with the Yadkin County Board of Commissioners having agreed to supply \$150,000 to maintain a satellite SCC campus in the coun-

agreed to supply \$150,000 to maintain a satellite SCC campus in the coun-ty. Monetary support of the local government concerning the land needed mirrors a desire by at least some of the board membership to use county funds to provide credit courses that can be transferred to other schools, in-

While the committee in Yackin lacked the time to approach the Legisla-ture this year to allocate extra money for the project, this could occur next year with the help of Rep. John Brown, R-Wilkes. Brown supports the plan for a sateflite campus in Yackin County, which is part of the district he rep-

College Gets Extra Help From Staff Reports

DOBSON - The Surry Com-munity College Foundation, a group that manages numerous scholar-ships for SCC, has reported major contributions, including two large gifts from anonymous donors that will help deserving intudents attend

These docations have brought total assets of the SCC Foundation to more than \$1.7 million. The arm was launched in 1996 to provide financial assistance to students in need, promote faculty and stuff de-velopment and enhance the school's learning environment.

One anonymous gift of \$100,000 will fund 10 scholarships to Surry County students with demonstrated need, using only the interest carned from the endowment, foundation of ficials say.

ticials say. These scholarships will be avail-able in the 1998 fall semester. College officials also reported another significant gift, \$75,000 from a contributor also wishing to remain unidentified. This endow-ment will fund at least seven schol-arching each year.

arships each year. The scholarships will benefit stu-dents with demonstrated need who reside in Surry County, and may be renewed for a second year if a stu-dent maintains a "B," or 3.0 grade-point average, officials say. They also will be available for next year's fall semester

A third scholarship/develop gift of \$13,000 was received, to be added to an earlier donation of \$10,000 to the Wildlife/Ecology Fund. This fund is available to the local community college to develop programs that encourage wildlife conservation as well as ecological responsibility. Half of the money is available for scholarships to stuints who plan to work in related fields

fields. SCC science instructor Michael Ayers and division Chairman Chaeles Boles are developing plans for a summer program for outstand-ing high school students in the area to study the wildlife and environ-ment of North Carolina's three dis-covert Plane Covert Plane unct regions: the Coasul Plain, Piedmont and mountains. A fourth endowed scholarship

was completed by family members and friends of Bill Stroupe, former Science Department chairman and instructor for more than 22 years. They established the William A. Stroupe Memorial Scholarship for

College

That scholarship was awarded for this year's fall sensester. Additionally, the Ecology Club of SCC is creating the William A. Stroupe Walking Trail on the Dob-son campus. The trail system even-tually will include examples of vir-tually all plant life in Surry and Yad-

Hope Scholarship Changes Help SCC

The Pilot November 12, 1997

in the federal Tax Relief Act of 1997 promise to make an education at Surry Community College an even better bargain this spring. These laws, which take effect January 1, 1998, will provide a significant tax credit for eligible students enrolled af least half time in college classes.

According to SCC President, Dr. Jim Reeves, "The community college's increasingly vital role in serving America's educational and economic needs was one of the catalysts behind the largest new investment in student financial aid since the GI bill. The Taxpayer Relief Act that President Clinton signed into law in August included a new form of assistance designed to make the first two years of college as universally available as the first 12 grades. The HOPE Scholarship provides a tax credit of up to \$1,500 per year for students from low- and middle-meane fami-

lies for the first two years of college." Technically not a "scholarship" but a tax-credit, the HOPE legislation allows eligible students pursing the first two years of college to receive a tax credit for 100 percent of the first \$1,000 of tuition and feet and 50 percent of the second \$1,000 on their federal income tax, Students must be enrolled at least half time (6 credit hours) in a degree, diploma,

certificate, or other program leading to a recognized education credential. "Since this law takes effect on January 1, 1998, and applies to education provided in academic periods beginning after that date." Dr. Reeves explained, "SCC is concerned that

The new HOPE Scholarship and portunity to receive this tax credit other changes in tax laws included next year, the traditional early paynext year, the traditional early payment week originally scheduled for December has been canceled for this year. No tuition payment will be due until Tuesday, January 6, 1993," HOPE does come with a few strings attached individual filers

who earn more than \$50,000 and joint filers with adjusted gross income exceeding \$100,000 do nor quality. In addition, students who have been convicted of a felony for possession or distribution of a controlled substance are incligible. Snidents who receive other forms of financial aid such as a Pell Grant will have the amount of their eligibility for HOPE reduced by the amount of aid they receive

Another important tax benefit, known as the Lifetime Learning Credit, enables college juniors, seniors, graduate students, adults returning to college, and students artending less than half time to be eligible for a tax credit. The credit is worth 20 percent of the first \$5,000 of tuition and fees through 2002 and 20 percent of the first \$10,000 after that time. The same income restrictions that apply to HOPE are in effect for this benefit. The credit is available for expenses paid after June 30, 1998.

In addition to these tax credits, a number of other Tax Relief Act features make college the best buy it has been in years. For additional information about the HOPE tax credit and other new education related tax benefits, contact the SCC Student Services Offices on the Continuing Education Offices at every eligible student have the op- (910)386-8121.

most business majors.

The Pilot 11-12-97

Mary Emily Cooke, marketing 48 members place in state competitions, eight first place state winners, thirteen students to compete on nutional level, and four students toplace on the national level.

Cooke brings fifteen years of business experience with major corporations on both national and international levels. She graduated! from Mount Airy High School, Stephens College (BFA), and UNC G (MSBE) and is very active in local professional, civic and charitable organizations.

According to one of Mrs. Cooke's students, she is "a wonderful instructor who really cares about students ad knows what she is talking about. She makes college a joy.

Mrs. Cooke and her husband, Wayne, live at 582 Old Rail Road in Mount Airy with daughters Sonnie and Stacy and a variety of animals. Her hobbies include sewing, riding borses, and "growing anything that will stay green for me.

SCHOLARSHIP RECIPIENTS: The Mount Airy Lions Club has presented Surry Community College scholarships to Kelly Renee McCraw (left) and Melanie Lynn Hylton. The presentations were made by Jack Lottis, chairman of the Mount Airy Lions Club scholarship committee, during the club's regular dinner meeting. See McCraw graduated from North Surry High School and Hylton from Mount Airy High School. They both attend Surry Community College.

The Enterprise 11/6/97 SCC Plans CFC/Freon **Certification** Course

The Continuing Education Division of Surry Community College will offer the hour CFC/ Freen Certification course beginning on Monday, November 17, and ending Saturday, November 22.

The class will meet from 6:30 to 10:00 p.m. on November 17 and 19 in room A-121 and from 9.00 a.m. to 12:00 p.m. on November 22. Charles McCraw will be the instructor for the course.

Interested persons must contact the Continuing Education Division at (910) 386-8121, ext. 243 or 202, to pre-register by 2:00 p.m. on Friday. November 7

Also, they must have each person's Social Security Number and the type of test you will need when you call in to pre-register. Although you may have spoken with someone in Continuing Education alreasty, call again by November 7 so that they can check to see if they have your Social Security Number.

The cost of the course will be a 835 registration fee. North Carolina residents age 65 or older muy register free of charge. The texthook for the ouurse will cost approximately \$4.

Each student taking the Type I. II, III, or Universal exam will need to send a \$25 application fee to the State Board of Refrigeration Examiners on Saturday, November 22, with their completed test at the end of the course.

Types of CFC/From Certification Exams are as follows: Type 1 - Small Appliances 5 lbs, of pressure or les (\$25 testing fee); Type II Low Pressure Machinery (\$25 testing fee); Type III - High Pressure Machinery (\$25 testing fee), Universal - Combination of I. II, and III (\$25 testing fee).

Students are advised to take the Universal exam, which is broken into soctions, but can certify for all three levels. Students may pass any one of the three sections while taking the full exam.

Collegiaté Secretaries Install Officers

The Surry Community College chapter of Collegiate Secretaries International bad its annual installation of officers on Wednesday, October 15, at 7 P.m. Ho Dikynse a/12/97 Twelve students were installed as members. Joe Peay. a member of the Winston-Salem chapter of Professional Secretaries International, The Association for Office Professionals, did the installing. Heather Hooker was installed as president; Pat Overby, vice president; Cathy Banks, secretary; and Trucy McBride, tremanter.

Other secretarial students in CSI this year are Carolyn Bowman, Misty Bowman, Mandy Brown, Buffy Bryant, Glinda Coe, Beth Crissman, Rhonda Oakley and June Transou.

Collegiate Secretaries international is administered by the Institute for Education, a department of PSI.

The Dean of the Institute offered these words of encouragement to the students: The studies in which you are corrently engaged in will provide you with a means to enterone of the top growth fields of the next decade, office professions. Whether you become a secretary, an administrative assistant, or an officer manager, you will have the satisfaction of knowing that your skills make possible the success of your organization." By the year 2,000, over four million secretaries will be working in the U.S. Another nine million will hold related positions. Together, this is almost ten percent of the total work force.

Foundation Receives Scholarship Donations

Foundation received four significant donations during the summer. These gifts brought the total foundation assets to more than \$1.7 million. The SCC Foundation-established in 1966 to provide financial assistance to deserving students, promote faculty and staff development, and enhance the learning environment of the college-is one of the oldest in the North Carolina Community College System.

One gift of \$100,000 for scholarships for Surry County students with demonstrated need was received in June from an anonymous donor. This amount will fund ten scholarships using only the interest earned from the endowment. The scholarships will be available for Fall Semester 1998.

Another significant gift of \$75,000 was received from a donor who wished to remain anonymous. This endowment will fund at least seven scholarships each year. The scholarships are for students with O. demonstrated need who reside in Surry County and may be renewed 1 for a second year if the student maintains a "B" or 3.0 grade point average. These scholarships will be available for the Fall Semester 1998.

A third scholarship / program to development gill of \$13,000 was received to be added to an earlier donation of \$10,000. This fund is 0the Wildlife / Ecology Fund which 6 is available to the college to develop programs which encourage wildlife conservation and study as 2 well as ecological responsibility. Half of the funds are available for scholarships for students who plan to work in related fields. SCC science instructor Michael Ayes and division chairman Charles Boles are developing plans for a summer program for area high school outstanding science students to study the wildlife and environment of North Carolina's three distinct regions: the coastal plain, the pied-

Veterans Help **Local College**

From Staff Reports DOBSON — A scholarship first has been achieved at Surry Community College, made possible by the generosity of Surry-Stokes American Legion Post 142. The post donated \$25,000 to the Surry Community College Continuing Edu-

cation Division through a school founda-tion, which will be used for scholarships for SCC Continuing Education students. The effort is expected to give a boost to persons in the area who recently have lost their jobs due to industrial layoffs.

for such a scholarship for some grams in the summer," time.

She says that to many prospec-tive students, especially those who have lost their jobs, the required \$35 registration fee coupled with the cost of books is more than they can

pa) Billy T. Pell, an adjutant with American Legion Post 142 and the town manager of Pilot Mountain, worked closely with Venable to establish the scholarship. Pell hopes it will help local workers who are losing their jobs, citing employment cuts at both Tultex in Dobson and Spencer's Inc. in Mount Airy as examples of people who might need

"We already do five scholarships to SCC for East Surry High School graduates," Pell added. "The Legion also provides medals for the East Surry ROTC program and funds for two girls and two boys to attend Girls" State and Bows

"This scholarship is the first strictly Continuing Education scholarship in the history of the college and probably the state," said Dr. Claude Ayers, vice president for Continuing Education at the Dobson school.

This scholarship, called the American Legion Post 142 Continuing Education

Assistance Four 142 Continuing Education Assistance Fund, will help pay both reg-istration fees and textbook costs. Marion Venable, SCC director of community services, has seen the need

See COLLEGE, page 2A

5.5 Venable affirms that in order to qualify for the scholarship money, a Continuing Education student must have significant need. "The adult student would not be able to attend without financial assistance," she explained. Other requirements include

The course of study must meet a significant need for the stu-dent in terms of educational advancement and/or opportunity;

The student would be expected to complete successfully the course of study;

Applicants must fill out a re-quest-for-assistance form, to be re-Post Commander Curtis Creed viewed by the appropriate Continu-ing Education director. Student re-

Russian Professor To Speak Feb. 17 From Staff Reports

DOBSON - Surry Community College is planning an appentance by a Russian professor who will speak about the changes in his country during its 1988-91 revolu-

Alexandre Strokanov, visiting professor of history and political acience at Gardner-Webb Universi-ty, will be speaking about the revofution and what it is like growing up in Rassia today. The event will be held at 1 p.m. on Feb. 17 in the SCC

Before coming to the United States. Dr. Strokanov graduated from and taoght at Perm State Uni-versity in Moscow, From 1988-93. he served as vice chairman of the International Federation of the Children's Organization and was a highranking member of the Communist Party, working with Mikhail Gor-bachev and Boris Yeltstn.

Strokanov now serves as a busi-ness consultant to a number of U.S. companies and leads tours back to

The local college's Social Science Division is sponsoring his ap-pearance and invites all area high school students with an interest in history and political science to attend the event. In case of snow, the program will be rescheduled for Tuesday, Feb 24, officials say.

College Is A Novell Education Partner PILOT 2-4-98 SCC CIS Curriculum Offers Students Huge Benefits

DOBSON - Some still may see computers as a novelty or a game platform, but the business community relies on them. A new networking curriculum at Surry Community College is helping students fill the business environment computer needs.

"We surveyed the local business community and there was a high need for Network Administrators," Candace Ring, Computer Information Systems (CIS) Instructor at Surry Community College, said. "They encouraged us to add this program. It is a reflection of what the area needs."

The curriculum is called Information Systems and carries a concentration in Network Administration and Support.

Networking is simply the connecting together of computers. It allows operators to share centralized, or even decentralized, information across departments. The billing department could have access to all a firms financial records, customer information, or production numbers. The Internet is the extreme example of a network because computers around the world are connected to and through it. But it is cost effective even for small businesses to network their office computers.

"From a small legal office to worldwide

"Having the Novell certification really helps them in getting a job."

> -Candace Ring SCC instructor

organizations, they will all be networking their computers," added Jerry Eller, Chairperson of the CIS Department. "It's the name of the future and we felt we had to add it because it's in almost any business."

The new SCC program began when the college was approved by the N.C. Depart-ment of Instruction in the fall of 1997 to offer the curriculum. Ring wanted to give students a greater job opportunity by partnering with Novell, one of the leading producers of networking software. She went through rigorous training to become a Cer-

See SCC, Page 2

Candace Ring helped Surry Community College become a Novell Education Academic Partner, (Staff photo - A. Nelson)

network," Ring added.

SCC

Continued From Page 1

tified Novell Instructor in order to offer Novell Certification to SCC students. Surry Community College is now a Novell Edu-cation Academic Partner (NEAP) which means SCC prepares the student for Novell certification as a Certified Novell Administrator (CNA).

"For the students, they have the opportu-nity to take a course that is Novell certified." Ring said. "It gives the students a better job opportunity. Having the Novell certification really helps them in getting a job."

Eller echoed her assessment of the certification "It gives the student a step-up on the

competition," he noted, "It guarantees the employer the student is proficient. It's a major accomplishment to receive certification."

It is also much less expensive. It can cost \$2,000 per course to become certified at a technical center while the tuition at SCC is \$65 per semester.

When a student leaves the program they can get a job as a Network Administrator. They would be responsible for managing networks, could physically build file servers, install the network operating system, build a workstation in any client operating system, connect it all together, and be responsible for security issues.

"We focus on management of networks but they also can setup and maintain the

In the classroom, Novell and Microsoft will be used but Ring said they hope to expand to add the Unix operating system. By the fall of 1998 she hopes they will have reached a partnership agreement with Microsoft.

"This is the first year we've taught with Novell certification." Ring said. "After taking CIS 174, Network Systems Manager 1, the student can take the Novell certification test to become a CNA.'

CNA is the first level of Novell certification. Certified Novell Engineer (CNE) is the next level and offers more technical training for support of networks.

"We lack four classes to qualify for CNE," Ring noted.

She added that certification classes are offered as part of the IS curriculum. A student can not just take the classes.

"We're working toward teaching some of the other CNE required courses as electives." For now, Ring said the classes are "going great. The students know the advantages of

the curriculum." "Our students leave here with the one thing they need but can't get here and that's experience," Eller added. "The certification gives them that and the employer knows they can do the job. Employers want a multi-talented worker-someone who knows networking, programming, and ap-plication systems. We included all that in

the curriculum." "It's very rigorous," Ring said. "It helps if the student has a background in computers. Other programs here offer an excellent compater curriculum to prepare them."

· Tultex will try to help the almost 200 people it is leaving unemployed by its move to Mexico.

DOBSON - Tultex Corp., in. the hopes of not leaving Surry County with almost 200 jobless after shifting its operations to Mexico, is beloing to put on a job

The Surry County Economic Development Partnership, Surry Community College and Tultex will host a job far this month for Tultex employees who will lose their jobs March 24. The compa-ny is closing the Dobson plant and shifting much of its work to Mexico, where labor is cheaper.

Tultex, a garment manufactur er, is Dobson's second larger em-ployer behind Wayne Farms, which has about 700 employees Several Sarry County employ ers and personnel services will be on hand to discuss employment

opportunities, said Gury Laws of Elkin, Partnership chairman Career counseling and train-ing to upgrade skills will also be available through SCC = JobLank

Center. "The partnership's primary concern is for the Tuiten employ ons, making sure they have jobs

Fair

Continued from front page

lined up when the plant closes," Laws said Friday.

Tultex officials say their em-ployees are a top concern. Tultex is genuinely concerned about the future of our Dobson

omployees, who have been excel-lent, productive associates in our company," said Dobson Plant Manager Gerald Harbour.

He continued that the closing is necessary for business, but the company doesn't want to see the

workers without jobs. "We want to do everything we can to help them find suitable work, including working hand-in-hand with local efficials with events like the job fair." Harbour

SCC Seminar To Be At Comfort Inn

The Continuing Education Division of Surry Community College will sponsor a three hour seminar entitled "Communication Power Tools for Leaders" on Tuesday. 100 March 17, from 6-9 pm at the. Jonesville Comfort Inn. The seminar leader will be &

Business Expo Scheduled

Announcing Business Expo *98-The Business Expo is scheduled for Thursday. March 17, from 10:00 a.m. to 4:00 p.m. on the Campus of Surry Community College in the Gymnasium. At the Expo, you'll find new products and services to help your business and to show the public what businesses have to offer. You will have a chance to meet with entrepreneurs from approximately 40 different companies to discover what's new and exciting in the business world. The Surry Community College Business & Industrial Training Center in conjunction with the Greater Elkin-Jonesville-Arlington, Greater Mount Airy, and the Yadkin County Chambers of Commerce are sponsoring the Expo.

Admission is Free. If you are interested in sponsoring a booth at the Expo, contact your local Chamber of Commerce or Surry Community College for more details no late than February 23. We are proud to bring you this day of networking and conducting business. We hope to see you there.

anid The partnership is searching for an industry to replace Tulter. perhaps even in the 38,000-foot

plant, Laws said. "We are looking for a suitable replacement industry that would move into the Tultex building in Dobson," Laws said. "Thus far, We have no solid prospects." The partnership recently held its annual meeting, and the annual report said Surry is in good economic shape but needs to attract non-textile industries. Nearly 60 percent of the county's work force is employed in textiles - the same field where economis analysis predict a decline in jobs. This decline is evidenced in Surry's loss of Tultex and Mount Airy based Renfm Corp.'s recent decision to cut jobe.

Tultex officials said the Dobson employees may apply for jobs

EMT Training Set At College

Registration for EMT(Basic) day time training will be held on Monday, March 16 in room C-101 on the college campus. The coarse will meet Tuesdays and Thursdays from 9:00 a.m. until 1:00 p.m. in room C-102 beginning Tuesday, March 17 and ending Thursday, June 18.

Registration for EMT (Basic) evening training will be held on Monday, March 16 in room C-101 on the college campus. The course will meet Tuesday and Thursday evenings from 6:00-10:00 p.m. in room C-102 beginning Tuesday, March 17 and ending Thursday, June 18.

For more information concerning these programs, please contact Garrett Hinshaw at (336)386-8121. extension 243. The Pilet

unlightery yeurs 3-5.98 SCC has new emergency training center

DOBSON - For more than 20 designed for live fire training includyears, Surry Community College officials and local emergency services personnel have had a dream of having a comprehensive emergency training center that would prepare all emergency agencies with the best, most up-to-date training available in the state. This dream became a goal with the passage of the state and lo-cal bonds in 1993.

Through the efforts of Dr. Claude Ayers, SCC vice president of continuing education; Dr. Jim Reeves, SCC president; and local emergency services personnel, this goal is now a reality.

This "comprehensive" center is the only one in the state to combine training for industry, law enforcement, emergency medical services, fire services and rescue services with a driving range.

The purpose of the facility is to provide basic, continuing and advanced training to all areas of emergency services across North Carolina and southwest Virginia. Emergency services include fire departments, EMS, rescue squads, law enforce-ment agencies, hazardous materials teams and industrial fire brigades.

The center is located on five acres of land on the SCC campus. The center includes:

1900 square-foot, two story burn building

Confined space and rescue training area

Trench collapse and rescue ng area

Flammable liquids and liquefied petroleum gas fires training area Three-acre driving range

As a result of environmental regulations, firemen can no longer learn or practice fire-fighting techniques by burning abandoned or condemned buildings. The "burn building" is

ing fire brigade emergency response training, fire department operations in sprinkler buildings, rappelling and building collapses.

The "confined space and rescue training area" consists of tanks, pipes and pits. It is designed to train emergency response personnel and all types of workers who are responsible for entering confined spaces.

The "trench collapse and rescue training area" is designed to train emergency personnel who respond to situations when people are trapped in collapsed trenches.

The "flammable liquids and liquefied petroleum gas fires training area" consists of pits, which provide a variety of training for portable fire extinguishers, LP-gas tanks and LPgas delivery truck fires, small flammable liquids fires and bulk fuel storage fires,

The "three-acre driving range" provides a defensive driving course for emergency vehicles including fire departments, rescue squads, EMS,

and law enforcement agencies. For more information about the training center or courses, contact Garrett Hinshaw or Charles Smith at (336) 386-8121

Computer Class Planned Here A computer course, "Works I." will begin March 31 at Mount Airy

Charles Smith

Charles "Punk" Smith NAME: AGE: 56 HOMETOWN: Bannertown Coordinator OCCUPATION: And Instructor For Emergency Services Training Center, Surry Community College Graduate EDUCATION: Of Mount Airy High School Wife, Sara Midkiff; Five Daughters, Farah Davis, FAMILY: Mary Lea Hunter, Jeannine Smith, Laura Smith, Johanna Smith; One Son, David Smith; Seven Grandchildren Fishing

HOBBIES:

By ANGELA LEONARD

At 56, Charles Smith is starting his third curver – one he hopes will carry him through retirement. After years on the read traveling to do his job. Smith has a 12 mile curve of the read traveling to do his job.

a 12-mile commute to Surry Community College, where he is coordinator of and an instructor for the new Emergency Services Training Center.

"They'll have to run me off." he said with a laugh. "I

don't plan on going anywhere." Raised in Bunnertown, Smith was one of three children born to Charlie and Hallie Smith. His father ran a service

At the age of 2, his babysiter nicknamed him "Punk" – a name he says he probably deserved, and it's as Punk Smith that most people know him today. He married Sara Midkiff, whom he met in school, and

He married sara Mokell, when he net in school, and initially followed his father into store business us co-owner of a sporting goods store at Mayberry Mall. He joined the Bannertown Fire Department, and helped pour the fosters when the first fire hall was built.

"I just wanted to be a firefighter. I liked the red lights and siren, it's exciting to be a firefighter and be able to help people. I get just as excited over it now as when I first got into

the fire department." It wasn't long after that Smith received his "calling," as it

To want it long after that Smart received also canned, as a secre. "We had a bud LP gas leak in the early '60s," he said, "and we done everything in the world we could to kill our-selves. But the good Lord looked after us. "I decided if I was going to firefighting, I needed some maning in how to handle it. I started trying to find schools for LP gas training, and there weren't any I went to the gas companies, and to watch them build the trucks – anything I could do to learn more about handling it and handling the ubbicles that carried it."

vehicles that carried it." Raising a family of six children, Smith soon found himself with another paying job in addition to his store, this one as an electrical forman with Hugb G. Strickland Inc., at Lu-cent Technologies in Greensboro. Beginning in 1971, he worked in Greensboro as well as holding down a role in the

store. "I wound up with a good job in Greensboro and decided to sell my interest in the store and go there." He was general foreman at Lucent for eight years, then advanced to building uperintendent.

At the same time, Smith was pursting his interest in

At the same time, since was privately in the information "In 1978, I started teaching and sharing the information I'd gathered," he said. "The N.C. Department of Insurance had one class, and I went to their school. I talked to LP gas natione class, and I were to been solved in the major compa-engineers all over the United States at all the major compa-pies. Anytime there was an accident anywhere in the United States. I tried to talk to the people involved." Smith said he gradually turned the information he had

gathered into his own business – Fire Tech Training Consul-tants Inc., which began operation in 1985. He built a training center in Asheville – one of only three of its kind in the United States – to teach people how to han-dia loans 1.0 and 500 kines. dle large LP gas fires.

"Tried to put it in Mount Airy," he said, "but there was no classroom space and no place for it. Then I was ap-proached from Asheville. They had a place to seat 100 stu-dents and we built there and hold classes two or three times. per year.

The center now has flammable liquid classes as well as LP gas classes, and Smith said he's been able to work with state inspectors. OSHA inspectors, and many firefighters. "I probably have 800 to 1,000 people in class each year," he said, counting the center classes and the weekend or week-

day classes he travels across a three-state region to teach. In addition to teaching, he said, he's occasionally called in as an expert witness on fires, LP gas accidents and explo-sions, and assists in fire investigations. He's also called to

stones, and assists in free investigations. For states called of consult or assist with LP gas accidents across the state. He said he was in Greenshoro when the LP gas accident involving a Carolane truck took place on U.S. 52 in 1992 and his pager went off, requesting an urgent response. When he responded and asked what was involved, the dispatcher told him it was a Carolane truck. "I asked where, they said.

fold min it was a Carofine truck. I taked where, they said. "Carolane." I said, "Carolane where," and they said Mount Airy. It was my department's fire." Smith said be responded quickly and was able to shat off the gas flow. Now, he says, there are others in the county trained to do the job and he would no longer have to be called in. "There are plenty of people in the county who can do it seen." he reduct." do it now," he noted

(a) If now, the noise, His latest project is the Emergency Services Training Center at Surry Community College, which is slated to open later this sperag. It is the only such facility in North Carolina to combine training for industry, law enforcement, ener-gency medical services, fire services and rescue services with a training for source of the services and rescue services. ith a driving range. Smith said the center is the only one of its kind in the state.

"There is no place to go for defensive driving, except parking lots. But with our-three acre driving range, we can do skids and even chases," Smith said. "That's what makes this center so unique. We've got it

all. It's not the largest, but we have more variety." The entire facility takes up a five-acre tract of land on the

SCC campus in Dobson. In addition to the driving range 4 includes a two-story, 1,900-square-foot burn building, confined space and rescue training area, trench collapse and rea-

Industrial Training Center Helps Prepare Employees

When industries in Surry and Yadkin counties need training for employees, the Industrial Training Center at Surry Com-

munity College is willing and able to assist. Surry Community College is committed to working with industry to provide educa-tional opportunities for workers, including industrial training, which is a cooperative effort between the college and local compa-nics. The Industrial Training Center's main function is to provide skills training to help manufacturing industries meet the needs of

changing technology. The scope of industrial mining is direct-ly related to local manufacturing needs to have efficient and productive employees. Training can be conducted in workshops seminars or complete courses, Classes will be located at a site most suitable for meet-ing course objectives. in a college classmon or industry site.

When college staff members are unavailable or are lacking in the necessary expertise in a given subject, technical experts can be brought in to provide instruction. Experts working for the industry also can be used as instructors and trainers. Through cooperative efforts, new courses and methods of quality instruction can be developed to meet existing needs.

The student population of the Industrial Training Center consists exclusively of manufacturing employees. Courses, workshops and seminars are designed specifical-ly with the needs of local companies in mind. Training can be done for specific occupations of an industry. The training conducted depends on the specific needs of manufacturers

Classes sponsored through the industrial-training unit have no minimum size. When there is an identifiable need, instruction can be offered for any size class.

Almost any subject identified as a train-ing need of a local manufacturer is justifiable through industrial training. Examples of training areas previously offered include machine fixer, mathematics, basic electrical maintenance, industrial safety, first aid and CPR, principles of supervision, industrial sewing, industrial maintenance, hydraulics. basic electronics, statistical quality control. sewing machine repair, basic half-hose, air

CONTINUING EDUCATION The Continuing Education Building at Surry Community College houses the Industrial Training Center, JobLinks, and a number of other programs related to helping area residents improve their ability to get and keep the job they want.

conditioning, blueprint reading, machine operation, forklift operator instruction, pneumatics, time management, welding

and industrial engineering. A registration fee of \$35 per person is charged for a non-credit course. Workshops and seminars can be sponsored by the col-lege for industrial personnel at little or no cost. Other possible expenses include text-books, where applicable. Additional training materials and supplies are provided by

M.A. NEWS 3-12-58 4 - Business Expo '98 New Computer Program Goes On The Road

By ANGELA LEONARD Staff Writer

It's a small-business problem - eight employees need computer training for new programs, but the office computers need to be in operation, and there are only four of them. The solution is as close as Surry Community College,

where the newest program in Continuing Education can deliver up to 16 notebook computers to your business, ready for whatever training program workers need. "The position developed over the last year and a half," said George Snyder, the director of the SCC Small Business

Center. "The demand for computer courses in Continuing Education has tripled." Snyder said classes were taught on campus, at Mount Airy Learning Center and in Yadkin County, but the addition of the notebook computers means the program can go anywhere.

We reached the point where we needed someone fulltime to handle teaching, scheduling and recruiting."

Ray Hall was already a part-time computer instructor when he moved into the new position of instructor and

coordinator of the program. Many industries are looking for ways to improve their employees' skills, Hall said. The SCC program offers a wide variety of courses, from basic computer skills to using more advanced programs or even industry-specific training

"What we're doing in training those individuals in those applications is enhancing the industries' capabilities and owing companies to better organize their business," Hall explained. "A lot of companies are still doing everything manually

During February, he said, eight different classes were offered for businesses, including three classes for ASMO Appalachian, two for Surry Temporary Services and basic computer courses for the Yadkin County Sheriff's Department and YVEDDI (Yadkin Valley Economic Development District Inc.)

Hall said that he likes to have at least 10 employees for a class, but will organize one for less or coordinate so that several smaller businesses can hold a class together.

INFORMATION CENTRAL: The Continuing Education office at Surry Community College can provide information about many different programs and help both businesses and residents in their educational needs.

The 16 computers make it possible for the courses to be taskt anywhere, including a company training area or Mount Airy lab, all of which are combined to make the taught anywhere, including a company training area or work area, he said. "We bring them in preloaded with the package they want us to give. If the company has a cus-tomized program, we preload that so they can receive that

Hall said the college plans to double the number of note-

courses available to both industries and individuals in need of training

More information about scheduling classes can be obtained from Snyder at (336) 386-8121, Extension 309, or Rence Hutchins at Extension 211.

PROGRAM SITE: The gymnasium in the P Building at Surry Community College will be the location for Business Expo '98, sponsored by the college and the area chambers of commerce on Thursday

Small Business Center Answers, Training

When would be entrepreneurs are dreaming about opening their own business or small-business owners have questions about their ventures, an important resource available to them is the Small Business Center at Surry Community College.

The Small Business Center is located on the college campus and has been in existence since 1989. It provides and to the business community in the form of Training seminars, workshops and short courses,

Counseling - including one-to-one counseling from start-up to solving existing busiss problems DC.

Referrals - putting individuals in touch with the necessary agencies for technical

Information - providing brochutes, pamphlets and video or audio tapes on starting and operating a busines

The Small Business Center does not have funds to lend, nor does it involve itself with the lending process or securing small-business loans. However, center Director George 0 Snyder works elosely with potential small-business owners to help them better understand the concerns involved and which plan of action would best suit their needs.

To Snyder, the most popular element of the Small Business Center is the seminars, orkshops and short courses it offers. He says the center prides itself on bringing in quali-

fied instructors and seminar leaders to conduct its programs. These experts give firsthand instruction in the areas of sales, marketing, finance, bookkeeping, customer relations, insurance, supervision, small-business management, credit, collections and other topics pertinent to smaller business operations.

The seminars, courses and workshops are offered throughout Surry and Yadkin coun-ties. The business center sponsors a seminar each quarter with the Greater Mount Airy.

Greater Elkin-Jonesville-Arlington and Yadkin County chambers of commerce. The workshop, counseling and other resources offered through the center shorten the learning curve that must be mastered for businesses to profit and grow. "We are in a global economy," Snyder said, "but successful small businesses will con-tinue to be the backbone of economic competitiveness. They have in the past and they will in the forum." in the future."

The Surry Community College Small Business Center is committed to increasing the success rate of these businesses by assisting prospective and established business pe in reaching their full potential by using all resources available.

For counseling services or workshop information, contact Snyder at (336) 386-8121, Extension 309, or Renee Hutchins at Extension 211.

SCC to offer computer class for beginners

30

Surry Community College will sponsor Computers for Begin-ners at Mt. Airy High School, Mt. Airy, N.C., beginning Monday, April 6 at 6 p.m. The class will meet from 6 p.m. to 8:30 p.m. on Monday evenings for eight weeks.

The instructor will be Larry A Davis. Tuition fee is \$35; no textbook required.

Interested persons must call (i) Interested persons into Divi-the Continuing Education Divi-sion at (336) 386-8121, extention 2 269 or 261 to pre-register for the class, since class size is limited.

Jeff Linville/The Mount Airy News

YOUTH VOLUNTEERS: Adreann Belle (center), who coordinates the local Partners in Educa-tion program, fields questions during a meeting Wednesday at Surry Community College. Belle and others who work with children are launching a countywide volunteer coalition to organize youth programs

Volunteer Group Launched In Surry Gen. Colin Powell.

By JEFF LINVILLE Staff Writer DOBSON — To pool resources for children, several local agencies are teaming to launch a vol-

several local agencies are tearning to faunch a vol-unteer group in Surry County. Surry Community College hosted a meeting Wednesday to organize the Surry County Volun-teer Coalition.

Leading the session were Adream Belle, the director of the Mount Airy Chamber of Comwilliams of the Mount Airy Housing Andy Williams of the Mount Airy Housing Authority; and Teresa Osborne, Surry Temporary Services. Williams and Belle explained that the idea for

tional campaign to rally support for delivering the resources our youth deserve," Powell stated, ary.

the coalition came from a summit last spring in Philadelphia of the living presidents and retired

last April," Powell wrote about the meeting, "The promise was to help our nation's at-risk children have access to five fundamental resources in order to lead healthy, fulfilling and productive live Officials at the summit created America's Promise – the Alliance for Youth. " America's Promise was established to lead a three-year na-

Williams, Osborne, Helen Worrell of the Tri-County Women's Resource Center and Mary Willis, Surry Temporary Services. Belle snil the delegates wanted to start the coalition

to look at the challenges facing the community, bring America's Promise to this area, pool community re-sources and decide what is the best way to make and

sources and decide what is the best way to make and keep a community promise. The teasons for having a coalition are many. Re-search gathered by America's Promise include: A child is abused every 13 seconds in this country, with about 3 million reports filed each year; One out of nine black children between the ages of 13 and 15 are used in a filed to the

of 12 and 15 are victims of violent crime; Tean saticide has doubled in recent years;

School dropout rates and juvenile crime are at alltime highs;

Cigarette and marijuana usage is on the rise again among high school students, and recent studies show that drug use is beginning at earlier ages than ever. Belle said kids have low self-esteem and need posi-

tive role-models and mentors in their lives. Children also lack the understanding or skills necessary in the workplace, ahe said.

What if we don't act?" Belle asked. Then, she an swered, violent crime, drug use, teen pregnancy and dropout rates will continue to climb. More children will be illuterate than in past years, family structure will suf-fer and children will lack job-ready and leadership skills

Outlining information gathered from local schools, Belle said there are 11.651 students at risk of dropping out. Mount Airy schools list 33 percent of the system's students us at risk, Elkin 30 percent and Surry County schools, 15 percent.

schools, 13 percent. If the coalition could help reach 10 percent of these students, Belle explained, that would be another 70 kida assisted in Mount Airy, 130 in the county and 35 in Elkin.

America's Promise devised a five-point plan for as-sisting children on the community level. The five sec-

Mentor - When adults work with a child other than their own. This can be tutoring or becoming a "big brother" to a child.

Organizations working within that realm in this area are Surry Friends of Youth, Partners in Education, Boy Scouts and Girl Scouts and Reeves Community Center. I Nurture - Getting children off to a healthy start

through proper nutrition, necessary health care and im-Local agencies involved include Head Start, Smart

Start, school breakfast programs, Women, Infant and Children (WIC) and the Surry County Health Depart-E Protect - Providing children with a safe home

and adequate adult supervision. With two parents work-ing, more and more children are "latchkey kids" who are home alone until the adults get off work.

Local groups are Mount Airy High School's SOS ugram, school after-school programs, RCC and the ount Airy Housing Authority's after-school program. Teach - Letting students know that everyone can have a marketable skill.

SCC's JobReady is working on this with the cooperation of local businesses who provide shadowing and on-the-job training.

Serve - Having the kids give back to the commu

The children can be an active part of the solution. Church youth groups can be pivotal in this, Belle said, along with scouting groups.

She mentioned that Salem College has a communi-ty-service requirement to graduate. The coalition needs to meet only a couple of times a

year to coordinate efforts and share information, Belle said. The organizers of the coalition hope to hold a vol-unteer summit for Surry County in September, then take an active part in "Make A Difference Day" in Oc-

The coalition also would like to start a centralized volunteer center that could make the public aware of the volunteer services available in this county.

"We have several programs who are all in need of volunteers; having an office that can match volunteers to services would be helpful," Belle said. Christine Meneae, the president of the J.J. Jones Ele-mentary School PTA, said, "We've had volunteer hunches, volunteer dimens and no one shows up." Even hunches, volunteer dimens and no one shows up." Even when 100 are invited, she said, only 10 or so will at-

Hopefully, Belle said, the coalition and proposed volunteer center can get the word out to the public about how good these agencies and programs are for children and volunteers.

One of the people attending the meeting said, "I think the worst thing you can hear is 'I didn't know.""

Top College Students Named

From Staff Reports DOBSON — The 1998 edition of "Who's Who Among Students in American Junior Colleges" will in-clude the names of 61 students from Surry Community College selected national outstanding campus leaders.

Campus nominating committees and editors of the annual directory have included the names of these students based on their academic achievement, service to the commu-nity, leadership in extracurricular activities and potential for continued success.

They join a group of students in more than 1,800 institutions of higher learning in all 50 states, the District of Columbia and several foreign nations. Outstanding students have been honored in the an-nual directory since it was first published in 1966.

Students named this year from Students named this year from Surry Community College include: Teresa Beketow Brintle, Mary Weathers Cox, Elizabeth DeAnne Head, Sarah Ann Hiau, Jacob Matthew Hill, Jennifer Lynn Hodges, Heather Renee Hooker, Andrea Hiatt Hull, Benjamin Gar rett Johnson, Joseph Brandon Love, Tina Morrison Martin, David Mc-Peak, Sherrie Parsons Newsome, Patricia Branch Overby, Lynn Patricia Branch Overby, Lyon Cochran Seal, Teresa Vernon Smith, Timothy Matthew Snow, Mary Hicks Spencer, Meliasa Ann Sta-ples, Joycetyn Dawn Sutphin, William Daniel Sykes, Engle Erin Talley, Amanda Leigh Vaughn and Melissa Dawn York, all of Mount Airec

Main Street memorialized

Elkin Mayor Tom Gwyn presents a print of Main Street to Surry Community College President Jim Reeves Thursday in front of the Elkin Town Hall. The print will hang in the college's new dining room that the college hopes will serve as a community room. Elkin's Main Street will be showcased along with prints of the courthouse in Dobson, Main Street Pilot Mountain and Main Street Mount Airy. "We're certainly appreciative and honored to have this print hang in our cafeteria," said Reeves.

SCC To Sponsor Line a, 1998 **Dancing For Beginners**

The Continuing Education Division will spensor a Beginning County Line Dance class beginning on Thursday, April 2, at 7:00 p.m. in the Central Middle School gym.

Participants will learn the latest dance steps while exercising the night away. Students should wear tennis shoes for dancing. The class will meet each Thursday night from 7:00 to 9:00 p.m. for ten

weeks. Registration fee is \$35.00 per student. There are no tuition

waivers; this is a self-supporting class. Interested persons should plan to attend the registration/first class meeting on Thursday, April 2.

For further information, contact the Continuing Education Division at 386-8121, extension 261 or 269.

DOBSON - Time Warner sixth in the state (out of 59 colleges) Cable of Dobson is partnering with in the number of telecourses offered Surry Community College to enable the college to produce live broadcasts from the campus. According to Buck Yarborough, General Manager of Time Warner, "Because of the proximity of the college to our office in Dobson, we were able to construct a direct link between the college's studio and our headend. Now the college can broadcast distance learning programming directly on The our own programs for public ser-Community Channel, Cable vice and information within the Channel 12, and because Channel 12 is part of our Basic Service, every Time Warner Cable subscriber has access to this wonderful educational resource."

Yarborough also affirmed. "Time Warner Cable is proud of its association with the premier learning institution in Sarry and Yadkin counties. Time Warner sees distance Jearning classes via cable from SCC as an integral part of our commitment to education in the communities we have the privilege to serve. This is a wonderful fit with the Cable in the Classroom program we conduct in all of the schools that we serve free of charge in our service area."

The broadcasts from SCC's studio began about four weeks ago with six hours a week being broadcast. This three-hour class is broadcast twice a week so that students have some options-if they miss one broadcast, they can view the second broadcast. By April 27, additional telecourses will be added to the schedule. Currently, SCC ranks single common lineup, we are and part or stokes counties, rat now able to reach approximately 15,000 homes in Surry, Yadkin, reach into Cana, VA.

Charles Boles

Name: **Charles Wesley Boles** Birthplace: **Pilot Mountain** Age: Family: Wife, Pamela (20 Years); Son, Jacob (17); Daughter, Katie (14) Occupation: Chairman Of Science Division, Instructor Of Agriculture/Horticulture At Surry Community College Education: Graduated From East Surry High School (1971); Bachelor's Degree From N.C. State University (1977); Master's Degree From N.C. A&T University (1992) Hobbies: Gardening And Indian Artifacts

By JEFF LINVILLE

Staff Writer Having grown up in Surry County in the 1950s and "60s, Charles Boles wasn't an oddity because he was raised on a

He is unique, however, in that he has taken his love of

farming and gardening and shared it with countless others. As an instructor at Surry Community College, Boles has been teaching all the agricolture and horticulture courses on

the Dobson campus for the last 20 years. One of six children of Jay and Nellie Boles, Charles Boles said he grew up on a tobacco farm in Pilot Mountain.

"Red clay runs through my veins," he joked, Boles said he and his four brothers, Royce, Jason, Stan-

ley and Dale, used to fight a lot and their father's solution was to put them to work. (He also has a sister, Judy). He studied farming at N.C. State University before get

ting a job at the college in the fall of 1977, and earned his master's degree through N.C. A&T State University while teaching full-time. Asked for a job description, Boles said, "I am a jack of all trades and master of none." He teaches all classes related to

plants, nursery operation, soil, livestock and feeds. Boles considers it part of his job to answer telephone

calls from people with questions about gardening, landscaping and lawn care.

The most-common question he faces is, "What do I do about grubs in my yard?" Agricultural issues can be quite complicated, the instruc-

tor said. Entire classes are devoted to soils, plant identification and feeds.

The solid class discusses managing topsoil, fertilizers and what benefits they give and natural resource conservation. The feed course goes into detail about animal nutrition and formulating different types of feed. The school also has separate classes in livestock produc-tion for another the detail about an investor produc-

tion for poultry, heef and swine. Boles' nursery classes consist of teaching all the basics of setting up a nursery, growing and fertilizing the plants, in-

section of the nursery, growing and remining the plants, in-sect and disease prevention and knowing all the different systems (in-ground, container-grown, etc.). As part of the nursery program, students plant bulbs and grow flowering plants that are placed around the campus. Also in past years, the class has produced plants that found their way to hanging baskets along Main Street in Mount Airs.

Airy. The line between Boles' job and life is blurred. "Every-thing carries over at home because we have a small farm." He has a garden, flowers and farm animals, which he and his family oversice.

Boles has been married to his wife, Pamela Tilley Boles, for nearly 21 years. The couple has two children - a son, Ja-cob. 17, and daughter. Katie, 14 - who attend East Surry High School.

The instructor said he had known Paniela for many years because she was the sister of one of his buddles. The two went out for the first time after friends set them up while he was on leave from the military.

Boles finished high school in 1971 and was drafted into the U.S. Army in the latter stages of the Vietnam War. "I was in the military for two years, one of the last of the

draftees." He served in a medical division stationed at Aberdeen Proving Grounds in Maryland. Boles achieved the status of specialist four before leaving the military in 1974, Charles and Pamela dated while he was in college and waited until he got a job before tying the knot. Boles said he started teaching in September 1977 and the two married in October

In his 20 years at the local college, Boles said the teaching hasn't changed that much, except for keeping up with the latest in agricultural technology. The biggest change came two years ago when he took over as chairman of the Science Division

Bill Stroupe, the former chairman, passed away unex-

pectedly and Boles was asked to take over the position. Boles said Stroupe did a lot of work that most people didn't realize until he was gone. Now that he has those respon-sibilities, Boles stays husy scheduling classes and labs, serv-ing on an academic council and handling all the administrative chores related to the faculty, such as taking care of sub-stitutes for those on sick leave, travel expenses, office supplies and more

Outside school, Boles serves on the county's Natural Re-source Committee, which advises the Surry commissioners on natural-resource topics such as the landfill, Mitchell River and placement of cell towers.

While some might not like the appearance of cellular telephone towers spread around the county, Boles pointed out that new laws force the county to allow them. By law, he said, counties must have a certain availability of cellular phone usage whether people like the towers or not.

Landfills inspire a similar feeling in residents. "Unfortunately, landfills are a necessary evil." The committee tried to devise a 10-year plan on landfill

needs and requirements. The county's amonpts at fighting legalities concerning its existing and future landfills have

SA/PAPALITE PARA

Jeff Linville/The Mount Airy News

been in the headlings for months

In his personal life, Boles is an active member of Simmons Grove Baptist Church, where he leads the Men's Brotherhood, "Working locally to improve people's lives in our biggest task."

No one does it for any reward or fame," he added. "It's just a really good group of men who just want to make the community better,

Boles also enjoys going to his children's sports events, Jacob has versified and Katie plays volleyball and softball. Katie enjoys sports so much, the proad father said, that she signed up to play softball at school and on a league team through Reeves Community Center. Jacob will graduate in two months and plans to attend

Surry Community College for two years before heading to N.C. State University to study wood-products engineering. While only 14 and still making up her mind about the fu

ture, Katic it leaning toward veterinary medicine. Boses and she likely will attend SCC, too. Boles believes in the local college and has seen a signifi-

cant impact that it has had on students, orea residents and the community. He said the college has been a big influence on people's lives to make them better and to want to im-

For that reason and his love of gardening and fairning, Boles said he intends to stay right where he is. Having trav-eled halfway around the world in his life, Charles Boles is happy to have his hands back in the red-clay soil of Surry Courses.

The purpose of Phi Theta Kappa is "to recognize the outstanding achievement of two-year college students and to offer them opportunities for leadership and fellowship

The SCC chapter, Alpha XI Tau, received its charter in December 1988 largely through the efforts of

Chris Yopp. The tribute printed in the pro-gram affirmed, "Chris believed in the ideals of this organization and was successful in making his beliefs a reality for SCC students. Because of Chris's views regarding the im-portance of fellowship between students, his own personal integrity,

1

The program was dedicated to Yopp whose "presence lingers with us still. Because of his ability to bring out the best in others, his good-natured personality and his determination to always do the right

thing, he was the very best person to be the advisor to PTK. He was a living example of the word honor." Additionally, a memorial service

for SCC students was held in the courtyard on the campus on Friday, April 24, at 10:30 a.m.

Several students and faculty members spoke or read pieces dedi-cated to Yopp. An editorial that he wrote was read by a student. The SCC Chorus performed, an oak tree was planted on campus in his honor, and 300 Carolina blue balloons with attached messages were simultane-ously released by those present for the service.

HONORED: Claude Ayers (left) receives the award from John Springthorpe III.

Ayers Named 'Volunteer Of The Year'

From Staff Reports The Surry County Board of Commissioners named Claude V. Ayers as "Volunteer of the Year" Tuesday night during a reception at the Mount Airy Elks Lodge.

The annual event, hosted by the comm honors vulunteers who give unselfishly of their time to the citizens of Surry County. John Springthorpe III, chairman of the board, said the reception was given in recognition and appreciation of all volunteers who serve on the various boards and commissions in Surry County.

He welcomed the group and made the presenta-

Pre-registration is required. Those interested may call 386-8121, extension 211.

It has been said that learning continues throughout a person's lifetime, and if that is so, then Surry County with its wide range of opportunities, is the perfect place to be. Learning takes many forms, even when it is structured learning

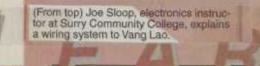

such as that which takes place in classrooms or seminars. There are tutoring programs that match children with older students, or adults from the community. Special programs for handicapped residents, such as Special Olympics. Junior ROTC programs at area high schools. And the extra-curricular learning activities of sports.

Even within a class, the learning experience can range from studying a textbook to manipulating a model, or hands on experience with tools and equipment at Surry Community College.

There are also lessons outside the schools, from such programs as scouting, or in learning one-on-one how a play a guitar, weave a basket, or ride a horse.

All those opportunities are here, close by in the foothills, where learning can be as simple as Grandmother's hands showing a child how to knead dough, or as advanced as an adult returning to class to learn more about computers and the latest technology.

Take a look at learning in the foothills, with the people who are learning - students of all ages across the region.

NEW COACH: Tony George will re-place Tony Searcy as the head coach of the Surry Community College

Knights.

Tony George To Take Over SCC Knights' Reigns

By MICHAEL HOWLETT Sports Editor

Tony George, who spent 11 years as the Mount Airy High School boys' baskethall coach before retiring last season, is back in

George will take over the reigns at Surry Community College, replacing Tony Searcy, who stepped down in order to return to graduate school and spend more time with his family.

"We were looking for someone to pro-vide leadership and represent SCC to the public so students would have a good, pos-tive experience as student athletes," said fim Reeves, president of Surry Community Collines "We feest both of the solution of the College. "We found both of these character-istics in Tony and are happy that he has de-

cided to join the program." "We appreciate all the hard work and dedication of former SCC Knight's coach Tony Searcy, who with very little resources, has done a wonderful job of reviving a program that was once the top community col-lege program in Region 10," added Reeves. George said there were basically two reasons why he decided to return to coach-

1日讫. "One of the reasons was I miss coaching a little bit," said George, "and it also gives inc the opportunity to work at Patterson's Chrysler and coach. Coaching gets in your blood.

The chance to coach on the college level was also a factor. "On the college level, you get a chance

George, who added that his job will be easier because of the efforts of Searcy.

"Tony Searcy picked it (the program) up and did a great job," said George. "T'll just try to build on the foundation he laid." Although returning the basketball pro-gram to the beights it attained in the 1960s

s a long-range goal, George said it is not

the only one. "If you bring quality people into the pro-gram, you will have a quality program," George said. "Athletics is important to me, but we will bring student athletes here first to get a good education and then play sports. My first goal is for the players to get a degree and be able to transfer to a fouryear college.

R. Heurs

State UNC-Chapel Hill, UNC-Greensboro and Virginia Tech Family History, HOBBIES: Organic Gardening

By BRIAN CHANDLER Staff Writer

Staff Writer If you ask Carlos Surrat his opinion of the most impor-tant thing in life, he will tell you it is an education. Education has been a large part of Surrat's life, especial-ly with his longtime role at Surry Community College. And since he was a young boy, he has been influenced to pursue a career in that field.

"Education allows you to meet people from all over the state and the world," Surratt said. "I had some extremely good teachers and several that made me want to become a teacher."

Surrait quickly learned that confidence and general edu-cation are the most important things many students need. He remembers an instance when he helped an older man who simply wanted to get a high school diploma.

One day, Surrait and a Friend were talking in the lobby of the SCC Administration Building when he noticed a man slowly walk up to the front doors and stop. He said the man just stood there with a troubled look on his face. Surrait said he told his friend, "That man wants to finish high school" Quickly, Surratt went outside as the man began to turn

around to leave and asked the gentleman if he needed help. The man responded, "Bless you. I have been to that door

10 times and left every time until now." "We learned from our mistakes and the students teach we tearned from our metalace and the windems teach us," the lifelong Toast resident said of his work at the local college. "We learned how to teach people how to use the school. We look at what a person thinks he wants to do and point them in that direction and encourage them to explore."

Teachers at the college have no reason to be intimidated and it is their responsibility to get people to dream about what they want, because they can accomplish it, Surratt seid, His educational career began in 1954 at Franklin School,

He taught English for five years before transferring to North Surry High School, where he continued to teach English and became a part-time counselor. At the time, Surratt didn't realize that he was preparing

At the time, Surrar didn't rearby that he was preparing himself for a future career at the college level. Slowly working his way up, Surrar began teaching Eng-lish and counseling at Forsyth Technical Institute in 1963. "That was my first experience working with older stu-dents," the veteran educator said. "They were part-time and working. They all had families and the advice T gave them were mention academic."

was mostly academic." The turning point in Carlos Surran's life was when he be-gan working with evening students at Forsyth Tech. He said the program was limited at night and those attending didn't have as many choices as day students. The teacher-counselor said community colleges were in

an infancy stage and limited by the state, which made it difficult for adulta trying to receive a higher education to com-plete courses in a short time

In 1966, using his experience at Fursyth Tech, Surratt be-came a teacher and counselor at Surry Community College. One year later, he was asked about accepting the dean of evening programs position at SCC.

evening programs position at SCC. "It took me about two seconds to any yes." Surratt taid in recalling the experience. "It was a job of hiring instructors, planning schedules and counseling the students. At that time there were only about 170 evening students." The name Carlos Surratt is widely recognized by the sta-dents, faculty and alumni of the college, and many know him for his substantial contributions to further Surry Com-tioned.

munity College

When Surratt began working there, he said one of the When Surrait began working there, he shall obe of the first things he wanted to change was the way people thought of the night program. He said everyone considered the evening segment as a separate branch of the college. Surrait set a goal for himself and the school to make evening students feel as if they were as much a part of the the school of the school to be scho

college as the day students. "They were the best students that anybody ever had," he said "They were straggling to make a better life for their kids and their family and they all had jobs." The now-retired dean said he realized that evening stu-

the now-retired open and he coarded that evening stu-dents were highly motivated and dedicated to improving their education. He said sometimes their dedication was al-most a fault when they believed making a "B" was failing. "I often iold students it was better to make a "B" and spend time with their family than make an "A" and get a di-

vorce," Surratt said, laughing. He made it one of his highest priorities to become personally close to all the students; because sometimes they tended the school for more than four years and became like

family

When Sucratt was a young 62 years old in 1994, he re-

WDITED'S ADT

but couldn't stay away and decided to work part-time as an evening counselor until last Jone. He plans to stay involved in the community college's programs to some extent and hopes to spend one afternoon a week in its genealogy room.

The study of genealogy has become one of Surratt's prized hobbles. He didn't knew much about his family history until he took a class on the subject that was offered at the community college. Surratt said he trained himself to use microfilm in Raleigh and developed a core of collections of

his family history. His success led him to teach a course on local history at the college and during the years he has managed about three different classes.

different classes. "We have visitors come in from about 40 states to find out about their family." Sumatt added. "This past week I made a talk about family history and the early settlement of this area. I want to stay involved that way." Sumatt is a member of the Surry County Historical Soci-ery, Genealogical Society and Carroll County, Va., Histori-cal Society. He is also a member of Calvary Baptiat Church in Toast and has served on the board of Mount Airy Museum of Regional History. of Regional History.

As a child, Surratt grew up in Toast next door to his wifeto-be

At the time, he was like most young boys and didn't have much interest in the opposite sex, but did enjoy scouting, track and working with his father.

Free college ition?

BY STEPHEN HARRIS CORPUSCIONDENT

DOBSON — The news raised systrows and spirits Friday at a huncheen for high school princi-pals and guidance counselors at Surry Community College. They learned that L4. Gov. Demis Wicker wants the state to offer free community college ta-tion to the state's high school graduates. The proposal, which will be presented to the Genomal Asia boom for students and has high school and community colhigh school and community col-lege officials thinking how their students and institutions would bo changed.

"I am certainly pleased," said Snarmount High guidance coun-selor Robin Vann, who attended the SCC luncheon

the SCC function of local high achool graduates pursue higher education at SCC, Wilkes Com-munity College in Wilkesboro or another of the state's 19 commo-nity colleges. Estimatos range from 35 percent of the graduation class at Elkin High to more than 45 percent at Starmount to 64 percent of last year's East Wilkes

Under Wicker's plan, the stu-dents would not have to pay about \$600 a semester in tuition. "Community college already is

"Community college already is the best bargain there is, any-way," and Vann, who advises stu-dents on college plans. "The pos-ability of a being provided for ree for high school gradiants will make it a beiter bargain." Such an offer would make a big difference, and Starmount se-mor Timmy Baker of Boonville. Baker when will enture the SPCE

Baker, who will enter the SCC mursing program this fall al-

ready has a \$1,000 scholarship and has applied for more finan-cial aid. His class wouldn't be elithat and this class wouldn't be eli-gible for free tuition, but Baker said he wished he could apply the tuition he will pay for textbooks. "The books are just as high or higher than the tuition," Baker said. "It would help me out a lot." College affinials say they don't know here more say they don't

know how many more students to expect if tuition becomes free for high school graduates. Heavy state subsidies keep community college costs low, to encourage students to enroll, and financial don't qualify for hardship sid but

SCC Honors The "Best Of The Best" Surry Community College honored the "best of the best" students at the induction ceremony for Phi Theta Kappa, international honor society of two-year colleges, on Wednesday, April 22, in the Teaching Auditorium in A building on the college campus. The induction ceremony was dedicated to Mr. Chris Yopp, founder and sponsor of the SCC chapter of Phi Theta Kappa and Chairman of the Language Arts Division, who died suddenly on April 16, 1998.

The Hallmarks of the organization are Scholarship, Leadership, Fellowship, and Service. The sixty-four students, recognized as pos-sessing these hallmarks, are Lora E. Barber, Angela L. Bell; Gracie T. Blake: Patricia F. Brinkley, Teresa B. Brintle: Debbie S. Burton, Lillie D. Chappell; Eliza M. Coulledge; Robert W. Cowdrey, Jr.; Lu Ann Cox; Joann A. Darnell; Dara S. Davis; Paul E. Delph; Samuel J. East; Kimberly D. Eastman: Michelle M. Flynt; Peggy M. Haynes; Jonathan E. Hill; Daniel L. Jennings; Esther L. Johnson; Gary J. Johnson; Jacob V. Leftwich; Rouda V. Martin; Tammy S. Matthews; Tonia H. McCaslin; Joy G. McKnight; David F. McPeak, Jr.; Sarah J. Moxley; Christy L. Newman; Prances W. Nichols; Rhonda J. Nizon; Thomas H. Payne; Mary A. Poe, Cynthia D. Poplin, Sherrie E. Prat, Joel A. Rose; Kendra D. Sale, Garry E. Scearce: Julie S. Setliff: Amanda J. Sewell; Jennifer O. Simmons; Janice E. Small; Amy M. Stuller; Jocelyn D. Sutphin; Amy J. Tuttle; Melissa L. Underwood; Gregory T. Walker; Rebekah M. Watts; Michelle L. West; Cynthia L.S. Williams; Margaret P. Woodruff; and Evelyn Ruth K. Younger

The officers o the club are Carolyn Irby, president; Deaune Head vice president; Dan Sykes, treasurer, Denise Brooks, recording secretary; and Darlene Keith, public relations secretary. During the 1997-98 academic year, PTK has sponsored several food drives to benefit the food pattry, adopted a highway, and assisted the SCC Inter Club-Council in sponsoring 24 Surry SCAN children for Christmas. Additionally, PTK worked with other SCC clubs and interested individuals to begin work on a park with a gazebo located between the Computer / Electronics and Richards Health Sciences buildings. This project should be complete within a year.

The purpose of Phi Theta Kappa is "to recognize the outstanding achievement of two-year college students and to offer them opportuni-ties for leadership and fellowship." The SCC Chapter, Alpha XI Tau, received its charter in December 1988 largely through the efforts of Chris Yopp. The tribute printed in the program affirmed, "Chris believed in the ideals of this organization and was successful in making his beliefs a seality for SCC students. Because of Chris's views regarding the importance of fellowship between students, his own personal integrity, his compassion for others, the standards he set for himself, and his leadership skills," the SCC chapter is one of the surongest in the state.

The program was dedicated to Mr. Yopp whose "presence lingers with us still. Because of his ability to bring out the best in others, his good-natured personality and his determination to always do the right thing, he was the very best person to be the advisor to FTK. He was a living example of the word honor."

Additionally, a memorial service for SCC students was held in the courryard on the campus on Friday, April 24 at 10:30 a.m. Several students and faculty members spoke or read pieces dedicated to Mr. Yopp. An editorial that he wrote that was published in the Winston-Salem Journal was read by a student. The SCC Chorus performed, an oak tree was planted on campus in his honor, and 300 Carolina blue balloons with attached messages were simultaneously released by those present for the service.

aid programs are widely avail-able. For instance, Susan Wilmoth, director of institutional dovelopment at SCC, said the colwho still struggle to come up with the money they need. Vann said he is telling students to expect to pay \$2,000 a year to attend community college, including books, fees, trans-portation and other costs. "Free toition would cut that close to half," he said. But free tuition may case the burden on many, and Baker sees the offer as a powerful incentive

lege has never turned anybody away for inability to pay.

for graduates to not only advance to college but also to stay in high school with the expectation of ad-

vancing to college. "I think a lot more kids would

go if tuition were free," Baker said. "A lot of kids can't afford it."

East Wilkes guidance coun-selor Pat Lyall said getting finan-

Lyall called the plan "a won-

derful idea. "We need more people who are training in the programs in com-munity colleges." Lyall added. Wicker said students today need two years of college for many

Officials at SCC and WCC maid it is too early to predict how many more students to expect if tuition becomes free.

"I think it would increase our

enrollmont," said Wilmoth, But she said the increase likely would not be dramatic, because so miny already attend and aid is avail nble

SCC's classrooms are already mostly full during morning hours, Wilmoth said.

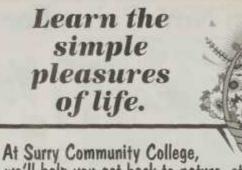

A big enrollmont growth might place more urgency in SCC plans to expand to the Yadkinville area Classroom building plans are still on the drawing board The plan calls for free tuition, starting for 1999 graduates who

enroll in a community college im-mediately following graduation. Students must attend full time. An estimated 6,000 students a year statewide would be eligible, and the cost to the state would be \$10 million a year.

SCC Honors **Carlos Surratt** With Dinner And Social

Surry Community College's Foundation and Alumni Association honored long-time evening dean Carlos Surratt with a dinner and social in the cafeteria of the college on Saturday, May 2, at 6:00 p.m.

The dinner was attended by SCC employees, former students, and friends of the college and Surratt. Enterphise 5-21-98

Dr. Ayers' portrait will hang in the administrative offices in the Continuing Education Center on the Dobson campus.

Waste Prevention Satellite Forum Is Set At Surry Community

sion of Surry Community College will offer a satellite forum called "Waste Prevention Pays: Business Cut Costs by Cutting Waste."

SCC will serve as a downlink site on June 17 from 11:00 a.m. to 1 p.m. in Room A121 (Teaching Auditorium). This program is sponsored by the U.S. Environmental Protection Agency and the Small Business Center of SCC. This forum is free of charge. However, pre-registration is re-

quired by calling (336) 386-8121, extension 211. WasteWise Partners who are successfully implementing money-saving waste prevention

The Continuing Education Divi- strategies will share their experiences in this live, two-hour forum. Viewors will have the opportunity to pose their questions and share their own experiences during the call-in portion of the program.

> Waste Wise Satellite Forum Panelists are: Ken Brown, waste analyst for the Minnesota Office of Environmental Assistance. Nancy Hirshberg, director of Natural Resources for Stonyfield Farm, Inc.; Jim Bosch, environmental team leader for Target Stores; and Jim McCarthy, general manager of Government and Public Affairs for CITGO Petroleum Corporation.

Page 20, The Enterprise, May 28, 1998 SCC Graduates Are Reminded To Never Stop Learning And Growing

Before a capacity crowd with late arrivals being turned away, students at Surry Community College received their degrees on Friday, May 15, at 6:30 p.m.

The college conferred 342 degrees. The ceremony was held in the gymnasium on the college campus. The President's reception for graduates and friends, immediately following the ceremony, was a cooling respite from the intense heat and humidity of the gymnasium as guests spilled from the Student Lounge onto the lawn. Family and guests who chose to do so, then toured the

During the ceremony itself, Charles Madison, chairman of the Board of Trustees, delivered the invocation; and Mike McHone, vice president for Student Support Services, welcomed graduites, faculty and guesta. Chairperson of the SCC Em-

ployee Association, Roy High, presented a message from the faculty to the graduates. High reminded tudents that it would be sad indeed if the completion of a degree meant the end of their learning, rather than being a part of a lifelong attempt to gain a better understanding of the world. He urged students to make the most of their experiences and invest in their learning by using the intellectual tools they acquired at SCC. Degrees were conferred by Dr. Jim Reeves, president of SCC, as John Collins, vice president for Instruction, presented the graduates. Music was provided by Benny Younger, SCC music instructor, and Melva Houston Airy; Sherri Elizabeth Pratt, Dob-

SCC Pins Forty-Nine Nurses

pinned forty-four nursing students in the sanctuary of Temple Baptist Church in Mount Airy on Thursday, May 14.

The graduating class dedicated the song "Hero," sung by Wendy George, to their families and friends who have been supportive of them throughout their scholastic career, thus helping them to achieve this personal goal. The students issued a heartfelt "thank you" for all the sacrifices they made, as well as love and understanding these family members and friends have shown.

Kathy Woodruff, SCC nursing instructor, delivered the invoca tion, and Dr. Jim Reevee, SCC president, welcomed the graduates, their families, the SCC faculty and staff, and other guests. Speakers for the evening included Angie McKinney, class president; Sharon Kallam, chairperson of the Allied Health Division; and Marie Simmons, nursing instruc-

Sharon Kallam, Kim Adams, Robin Benfield, Sherry Reece and Nan Krautwurst of the SCC nursing faculty presented the firstyear students their stripes.

Sharon Kallam presented their pins to the nurses; and Marguerite Burcham, nursing instructor presented the Nightingale Lamps. Instructors Ellen Wyrick and Dianne Culler presented roses to each graduate. Kim Boyd, a member of the class, delivered the benediction.

The marshals for graduation came from the freshman class and were chosen based on academic achievement. They were Kimberly Holt, Michelle Hines, Danajo Kiger, Lisa Hamilton, Lisa Poe and Kathy Schuh.

The nurses pinned were Brian Keith Beasley, Julie Dawn Booker, Brandy Michelle Bowman, Kimberly Hull Boyd, Melissa Linville Brawley, Anne Marie Browne, Cynthia Kylene Delp, Hope Evans, Linda Atkins Farlow, Amanda S. Finney, Robin Nelson Gardner, Jennifer Lynn

Friday, May 29, 1998 The Mount Airy News SCC Confers Degrees To 342 Graduates Bonita Coleson Payne

DOBSON - Before a capacity crowd with late arrivals being turned away, 342 students at Surry Community College received de-grees May 15 at 6:30 p.m. The cereony was held in the gymnasium on the college campus.

The president's reception fol-lowed, with guests spilling from the student lounge onto the lawn.

During the graduation ceremony, Charles Madison, chairman of the board of trustees, delivered the in-vocation and Mike McHone, vice president for student support ser-Roy High, chairperson of the

SCC Employee Association, pre-sented a message from the faculty to the graduates. High said it would be sad if the

completion of a degree meant the end of the students learning, rather than being a part of a lifelong at-tempt to gain a better understanding of the world. He urged them to make the most of their experiences and invest in their learning by using the intellectual tools they acquired IL SCC

Dr. Jim Reeves, SCC president, conferred the degrees, as John Collins, vice president for instruc-tion, presented the graduates. Music was provided by Benny Younger, SCC music instructor, and Melva Houston Tucier.

Students from the freshman class Students from the freshman class were selected as graduation mar-shals, based on their academic standing They included Angela La-Fone Bell, Pfafftown: Teresa Beke-tow Brintle, Erness Gayle Frys, Frances Webb Nichols, John Frank Sechrist Jr. and Melissa Lynn Un-ternated II. of Meere Aire Dare derwood, all of Mount Airy; Dara Selena Davis, Yadkinville; Joseph Branson Fulk, Pilot Mountain; and Sherri Elizabeth Pratt, Dobson.

Marshals are chosen on the basis of academic average and class rank. SCC offers degrees, diplomas and certificaties to graduates. The Associate in Applied Science De-gree is awarded to students who complete one of the college techni-cal programs; the Associate in Artws Degree, to students who complete the two-year college

transfer program; and the Associate in Science Degree, students who complete the two-year college transfer program. A new degree, Associate in Gen-eral Education, is designed for stu-dents who wish to broaden their ed-ucation, with emphasis on personal

incress growth and development. The diploma goes to students who complete one of the technical programs offered by the college. The certificate is awarded stu-dents who complete a designated set of courses taken from certain tech-

College President Is Going To Retire

Dr. Jim Reeves, president of Surry Community College since 1994, is going to retire effective Dec. 31. Dr. Reeves joined the staff at SCC in May of 1966, when he was hired as director of Manpower Development and Training. During his tenure Reeves has also served as a counselor, dean of continuing education, vice-president of student services, vice-president for instruction, and as president.

The SCC Board of Trustees has formed a Search Committee to select the new president.

Retires

Continued from front page president in 1994, the college has added the Richards Health Science building, renovated the cafe-teria, expanded the library to add distance learning classes, and built an Emergency Training Facility.

Surry Community College also moved from a quarter system to a semester system so students could more easily transfer from one school to another. "This all translates to being

able to provide opportunities to people," Reeves said. Though the school has changed,

who it serves hasn't, he said. "Students are the same. They want the same things - opportu-

become a focal point of economic development in the county, Reeves said. Businesses look at what training opportunities exist in an area before moving there, he said, Reeves knows something about working with industry, according to Crystal Morphis, vice president of the Surry County Economic De-velopment Partnership.

TRIBUNE PHOTO ILLUSTRATION/Matthew Tungate Jim Reeves, president of Surry Community College, said one of his best accomplishments was helping improve the school's facilities, in-cluding the \$5 million Richards Health Sciences Building.

> a wonderful job of guiding the college 'He's exceeded my wildest

dreams. The next president will have a tough act to follow succeeding Reeves and Richards.

"I don't think we'll ever be able to replace them because they're from this area," she said.

In his tenure, Reeves worked to upgrade the schools' buildings and chnology. Since Reeves became

See Retires, page A-9

Reeves sits on the board of directors for the organization, which re-cruits industry to the county, helps rotain and expand existing busi-nesses and helps with workforce development and recruitment.

"The Economic Development Partnership feels that Surry Community College is one of the biggest assets Surry County has," Morphis said. "The community will play a role in training and retraining the workforce — will take the lead role in training and retraining the workforce."

She said Reeves' leaving affects the county, not just the school. "His insight goes far beyond the community college into the needs of the community," Morphis said. Reeves said the school is in a "superior position" with its build-

ings, technology and finances. 'It's a good time for somebody

else to come in," he said. But Reeves said he's still young enough to work, such as teaching at or coordinating an off-site campus. Reeves has worked to help establish such a satellite campus in Yadkin County.

"I'm not sure I'm ready to give up education," he said. And while he may leave Surry

Community College, Reeves said the school will never leave him. "The rest of my days, I'm going to be interested in this college, he said.

N.C. Community College **President Visits SCC**

North Carolina Community Col- tem requirements for the "search" lege System President Martin Lancaster met with SCC Trustees and administrators on Tuesday, June 30 to discuss the "search" process for the new president for the college. This was his first visit to the SCC campus, Lancaster, who assumed the system presidency on July 1, 1997, toured the campus and met with officials from AMP Corporation who were on campus to present a grant check to the machining technology program.

Lancaster had lunch with the SCC Trustees and administrators and discussed his plans for the system as well as the legislative progress toward finalizing the community college budget. The major initiative for the system is to improve equipment and technology in all 59 community colleges across the state. His budget requested ore than \$100 million for technology and equipment improvements that would allow the system to bring these areas to current business and industry standards. Then all regular equipment and technology allotments would be used to

half that amount. After lunch, he met with the trustees and members of the search committee to explain the legal and sys-

Job Center College Fills Void **Fills Void** Services Available

From Staff Reports

DOBSON — With recent layoffs loonting in the area, the Surry JobLink Center is providing job seekers and businesses access to a variety of employment and training services.

The center is located on the campus of Surry Community College and is divided into four cate-gories. Career Resources, Career Choices, Career Development and Employer Services.

Cureer Resources involves an independent job search. Any individual can use computers to look up available jobs, get job-hunting tips or prepare a profeisiona) looking resume-

The section also has career resources-personnel on hand who can help access wanted items or materials quickly and conveniently.

Career Choices involves staff-assisted career planning for customers who have an idea of what type of job they are looking for, but would like help from a staff member

The individual may call 386-1051 and set up in appointment. A staff member then will help the per son explore opportunities in the current job market for individuals applying for available positions. The center's Carver Development involves staff-

assisted skill development and long-term training If an individual needs extra education or training to reach his or her career goal, this section is de-

sigaod to provide that servi-On the job training and financial aid for courses also are being offered.

The Sarry JobLink also provides service to area

These services assist employers with labor management, placement and incentive informatio

The staff can tailor services to meet employers' hiring training requirements for new employees and provide assistance for new and expanding business

For more information, contact the Surry JobLink Center at 386-1051.

Yadkin Ripple 7-30-98 **Keeping Books Is** Subject Of Class

The Continuing Education Division of Surry Community College will offer a workshop for small business Wednesday, July 22, on "Bookkeeping Made Simple for Small Business." The program will be sponsored by the Small Business Center.

The meeting will be 6:30-9:30 pm in Room C101 (Continuing Education Building) on the Dobson campus

Topics will include "cleaning up" record systems, use of computerized accounting, double entry vs. single entry bookkeeping and whether to depend on in-house staff vs. going to an outside accountant.

No fee will be charged; however, those interested should contact the Continuing Education Small Business Center at 386-8121, extension 211 to pre-register.

College Official Retires From Staff Reports

DOBSON — Surry Community College soon will be in need of a new leader because of a decision by the school's president, D. Jim

Reeves, to retire. Reeves, who has been the college president since 1994, announced his president since 1994, announced his or decision this week to the SCC Board of Trustees and faculty and staff members. The reason be gave for the move was, "It just seemed like a good time for me to step aside and provide the opportunity for new leadership on a long-term basis." "Before making this decision, I spent some time evaluating the in-

spent some time evaluating the inorganization, facilities, curriculum, students, faculty and staff, I could evaluate the college as superior. 6

"My plans are incomplete, but " I'm not sure that I'm completely or ready to retire from education. I of might explore some part-time work in the forum." in the future.

In the future, Reeven, a Mount Airy resident who was worked at the Dobson campus since 1966, said. "I have thoroughly enjoyed my 32-star as-sociation with Surry Community Column? College

His retirement is effective Dec 31.

The Board of Trastees his formed a search committee to select a new president.

Reeves replaced longtime Sarty Community College President Dr. Swanson Richards after the latter retired.

Since Reeves has held the post. Since Reeves has held the post, significant changes have occurred at Surry Community College, espe-cially concerning facilities. This has included adding the Richards Health Sciences Building, reconsti-ing the cafeteria, expanding the stu-dent dining area and adding a com-munite dining area and adding a community dining room

Additionally, the SCC library has been expanded, including the devel-opment of a television studio for

See COLLEGE, page 2

distance learning, and the school's machine, auto-body and electrical training facilities have been improved

Other facility highlights are establishing the Continuing Educa-tion Center to hose all on-campos Continuing Education programs in the newly renovated C-Building and the building of a new Emer-gency Training Facility. It houses the only fire, rescue and emergency training area of its kind in North Catallan

Program changes occurring an der Reeves' leadership have includ ed SCC switching from a quarter b a semester system

Reeves originally joined the col-lege in 1966 as director of man power development and training.

Knights Get Needed Help In Anderson

By MICHAEL HOWLETT

Sports Editor Tony George, the new backetball coach at Surry Community College, got what he hopes is the first piece of the puzzle recently when Michael Anderson agreed to play for the Knights.

The 6-5 Anderson averaged 17 points, 10 "We're excited about getting Michael in the program," said George, "Michael an be a top-notch player in our league with his

size, scoring and ball handling. Right now, be's our nucleus."

in April. The Knights, according to George, will play much the same game as his Bears teams did

We're going to run a set offense, but took to break whenever we can," said George. "Defensively, we'll play man-to-

"I think Michael can play the style I want to play," added George, "He'll play the number four position, but he can go inside or outside. I think, Michael will cause some matchup problems because somebody has got to check him on the wing." Anderson's game should also improve all

NEWEST KNIGHT: Michael Anderson averaged 17 points, 10 rebounds and five assists per game for North Stokes last season

The Board of Trustees of Surry Community College seeks applications for the position of President of the College. SCC is a comprehensive community college enrolling 2,200 FTE curriculum students in college transfer and career technology programs and an additional 9,715 students in non-credit courses during the 1997-98 academic year. The college is an average- to slightly above average-sized institution in the North Carolina Community College System. The college was founded in 1964 and opened for students in 1965. SCC is located in the foothills of the Blue Ridge Mountains in northwest North Carolina in the Surry County seat of Dobson and serves Surry and Yadkin counties and the surrounding area.

An applicant must possess an earned Doctorate from an accredited institution and must have a minimum of five years of appropriate and successful administrative experience at the level of Vice-President or higher, preferably at a community, technical, or junior college, or top level administrative experience in a comparable educational institution. The successful candidate will be or will become a resident of Surry County. Minimum salary based on North Carolina Community College Presidents' Salary Scale and a local supplement determined by the Board of Trustees. Position availability January 1999.

Qualities necessary for Surry Community College President

- Understanding of and commitment to the comprehensive community college philosophy
- Understanding of and commitment to the mission and purpose of the institution.
- Strong commitment to teaching, learning, and all community college programs and services. 3 4
 - Sensitivity to needs of all students, faculty, and staff members, recognizing that the foundation of a good college is its faculty and staff.
- An understanding and appreciation of citizens and students from rural and urban areas and a 5 sensitivity to cultural and demographic diversity.
- 6 Commitment to economic development, area industries and businesses, community groups, and the public schools, with an understanding of the current state of technology in our society and a keen interest in future developments.
- Ability to communicate openly, demonstrating an effective and persuasive advocacy for the college both internally and externally, including skill and ease in achieving significant donations to support the Surry Community College Foundation, Inc.
- 8 Strong financial management skills and the ability to be both innovative and fiscally responsible in the use of resources.
- Strong interpersonal skills and the ability and desire to work effectively with the North Carolina Community College System, the SCC Board of Trustees, the SCC Foundation Board of Directors, students, faculty, staff, and the community.
- 10. An ethical, fair, and honest approach to all areas of life.

Lancaster Makes 7/24/00 First Visit To SCC

North Carolina Community College System President Martin Lancaster met with SCC Trustees and administrators on Tuesday, June 30, to discuss the "search" process for the new president for the college. This was his first visit to the SCC campus.

Lancaster, who assumed the system presidency on July 1, 1997, toured the campus and met with officials from AMP Corporation who were on campus to present a grant check to the machining technology program

Lancaster had lunch with the SCC Trustees and administrators and discussed his plans for the sys tem as well as the legislative progress toward finalizing the com-munity college budget. The major initiative for the system is to improve equipment and technology in all 59 community colleges across the state. His budget requested more than \$100 million for technology and equipment improvements that would allow the system to bring these areas to current business and industry standards. Then all regular equipment and technology allotments would be used to keep these areas upgraded. At this point, Lancaster hopes to get at least half that amount

After lunch, he met with the trustees and members of the search committee to explain the legal and system requirements for the "search" process. The committee had previously identified the criteria necessary for the new SCC president. A time line was developed so that a new president would be hired for the college before President Jim Reeves retires on December 31,

Machining Grant Is Given To SCC

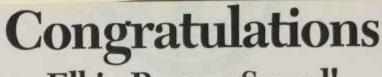

Surry Community College received a \$31,000 grant from AMP, Corporation's Foundation to be used to purchase equipment for the Machining Technology program. The money will be used to purchase a surface grinder, digital height gauge, and a vertical milling

According to SCC machining instructors, Steve Shepherd and Donny Haynes, these pieces of equipment will allow Surry students to be much better prepared to enter the 21st century workforce.

AMP, Corporation is based in Harrisburg, Pennsylvania, with plants locally in Winston-Salem and Greensboro. Plant Manager, Benny Yorboro, said that in his Winston Salem operation, fifty-four percent of the machinists are graduates of Surry Community College, Dick Nuss who's in charge of stamping and manufacturing at AMP, said that the company had been so impressed with the SCC graduates; and since they needed additional machinist, the grant was an investment in AMP's future as well."

For additional information concerning the machining technology program, call Steve Shepherd or Donnie Havnes at (336) 386-8121. extension 343 or 219.

with an option to buy 46 acres of land for a satellite campus,

which will be located in a Yadkin County town. The Town of Yadkinville will benefit immensely from the campus, which will be located north on U.S. Hwy 601

The satellite campus was involved within a study conducted in 1995 by the Yndkin County Chamber of Commerce

According to a spokesman for Surry Community College, the first step is " raising approximately \$3 million for the cost of the campus. It will take at least three years to have a building available for 3150

The land, which will cost \$408,000, is divided into two separate pieces of property.

For more than nine months, a solection committee consisting of educators and business people, have been raising searching for a site that was with at least 30 acres of land available near sewer and water services.

The committee signed an agreement to buy a site which they chose in March on June 1.

Yadkin County is one of the few counties that is currently not being served by a satellite college campus.

Surry Community College recently requested \$1.5 million from the North Carolina community college system. The other \$1.5 million will come from various donations. The Surry Community College Foundation has a special fund allocated for the donations to the project.

According to a study conducted in 1997, 3,000 cople took 240 classes in Yadkin County.

The selection committee will meet at 5 p.m., the first Thursday of each month at the Yadkin County Senior Center. At the July meeting, they will residents as well as other start the process for fund

Surry Community College centrally located in the county now offers night classes within public achools, fire departments, churches and businessan.

The mt. Biry News

Tonia McCaslin graduated from Surry Central in 1997; in addition to Tonia's studies at Surry Central, she began taking college classes at SCC during her sophomore year. When she graduated, she had accumulated 35 college credit hours. These credit hours equal the credits needed to be a sephomore or second year college student. Since dual enrollment allows students to take college classes while still in high school at No Charge other than for books, Tonia was able to save her family thousands of dollars. When she enrolled at Surry in August 1997, her tuition was paid by the SCC Foundation's Top Ten Scholarship which is

available to any student who completes high school as one of the top ten students in his or her class.

Surry Community College and your school have several options open to

you. As you think about your future, think about these options.

Also, you might be interested in your school's advanced placement program, which would allow you to get college credit for cources taken in high school. Another option you have this year is early graduation which means if you have completed all your graduation requirements after first semester, then you could come to Surry during the second semester and take a full schedule of college classes.

FIRE TRAINING: Members of the State Road, Franklin and Mount Airy fire departments practice extinguishing barrel fires and propane fires Tuesday at the new Surry Community College Emergency Services Training Center, The center will hold an open house Sunday.

Training Center To Be Dedicated

By BRIAN CHANDLER Staff Writer

Firefighters from across Surry County en-countered a two story burning building Tues-day and saved two lives in theory, but the real significance of the blaze was the experience. gamed

The mock fire was staged at the new Surry Community College Emergency Services Training Center's buth building. Two "people"

 actually mannequins – were rescuel.
 At the center, volunteer and paid emergency personnel from different parts of the county and North Carolina will be able to receive training in battling fires and saving lives. A dedication for the center will take place at

2 p.m. Sunday and at 3 p.m. the center will have an open house. During the open house, firefighters will demonstrate the proper way to extinguish different types of fires, according to Charles Smith, coordinator of the training cen-

'We will actually burn every appliance,' Smith said. "They (appliances) are training-aids like tanker trucks, propane tanks and pits. We will burn each burn prop that we have."

The \$1 million center was paid for through state and local bonds and has been in the making since 1990. Training classes for fire depart-

ing since 1990. Training classes for fire depart-ments, EMS personnel, rescue squads, law en-forcement, hazardous-materials teams and in-dustrial fire brigades begins Aug. 17. "We take emergencies that have happened throughout the United States and recreate them right here on this training ground." Smith said, "from a flammable liquid-storage plant, to a propane truck and tank. All the fires are as real as two too have them without havins the emers you can have them without having the emergency

Smith explained that the center's burn props-

create the same situation as emergencies that happen on roads and in neighborhoods

"When we train someone on the gas truck fire," he added, "out on the road, they (emor-gency personnel) will find it exactly like it is sitting here."

The center is a one of a kind in North Caroli-The center is a one of a kind in North Caroli-na and provides training in trench collapse and rescue, extinguishing of flammable liquids and liquefied petroleum gas fires and driving prac-tice on a three-acre driving range, according to Smith. The new facility also will provide a per-manent belicopter landing site for AirCare, which will fly in during Sunday's open bouse.

"I feel like Surry and the surrounding countes are very fortunate to have a training center of this magnitude in our area," Smith said. "I have been in fire services for 35 years and we were talking about it 25 years ago.

SCC, Time Warner Receive Award

time Warner of Dob "Partners ever Award" from the North Carolina Cable Telecommunications Association. The award is designed to recognize cable sys-

tems throughout North Carolina that partner with government agencies, schools or civic organizations eral manager for Time Warner Cable through technological innovation and information sharing.

Dobson's Time Warner received the award for its partnership with Surry Community College and the Edu-Cable project. The project allows Surry Community College, through a direct link with the Dobson headend, to broadcast college credit telecourses over Dobson's cable channel 12. Students enrolled in the telecourses don't have to attend lectures on campus and only have to visit the college for orientation and registration and then to take their final exams. Time Warner designed and built the link and donated a television modulator and the airtime for the programs.

Last spring semester 32 students took the anthropology telecourse and 11 studentstook the marketing telecourse offered over Time Warner's cable channel 12.

The "Partners Award" replaces son received the first the PACE Awards that were presented for many years by the North Carolina Cable Telecommunications Association. Out of 40 entries submitted from the member cable systems for the "Partners Award" only two winners were chosen to receive the award, Buck Yarborough, genin Dobson, accepted the award on behalf of the cable system and Surry Community College.

Yarborough said, "We are very proud of our association with Surry Community College and applaud the vision that Dr. Reeves and Jerry Weaver have shown in providing another avenue for people in this area to continue their education and improve their lives. It is particularly gratifying to see the college extend its reach to communities outside the Surry County region. Because of our efforts to consolidate our systems, these courses each into Yadkin County, parts of Stokes Coanty and into Cana, Virginia."

For additional information about cablecast telecourses, other telecourses and on-line courses, call George Snyder, dean of career technologies, at (336)386-8121, ext. 235.

Library News

Yadkin County Public Library

Visit the Yadkin County Public Library and browse the used book sale. For the entire month of August, find bargains at 50 cents for hard-bound books and ten cents for soft-bound books (or 12 for one dollar).

Get ready for the library's preschool story time, which begins on Tuesday, September 8. Children four and five-years-old will have story time at 9:30 a.m., lasting approximately 30 minutes. Children three-years-old will have stary time at 10:15 a.m., lasting approximately 30 minutes. Children two-years-old will have story time at 11 a.m., lasting approximately 20 minutes.

Two-year gift subscriptions for magazines have been provided to the library by Bill Shugart, Stratford Hearing Aid Center, American Photos, Birycling, Gourmet, Hot Rod Bikes, Modern Bride, Popular Hotrodding, Southern Outdoors, Working Mother and Vogue are the magazines available at this time.

Surry Community College subscribed to the following magazines as a two-year gift to the library: INC, the magazine for growing companies, Entreprneur, Pet Life, Country Home, Four Wheeler, and Conde Nast Traveler. These periodicals have protective covers for long-insting handling of the magazines.

These gifts to the patrons of our library are most appreciated and enjoyed by all who visit the library and browse magazines. Thank you to Bill Shugart and Surry Community College.

The Tribune Aug. 14, 1998 Fire, emergency training center to be dedicated Sunday

DOBSON - Firefighters from across Surry County encountered two-story burning building Tuesday and saved two lives in theory, but the real significance of the blaze was the experience gained. The mock fire was staged at

the new Surry Community College Emergency Services Train-ing Center's burn building. Two people"- actually mannequina were rescued.

At the center, volunteer and paid emergency personnel from

ceive training in battling fires and saving lives.

A dedication for the center will take place at 2 p.m. Sunday and at 3 p.m. the center will have an open house. During the open house, firefighters will demonstrate the proper way to extin-guish different types of fires, according to Charles Smith, coordinator of the training center.

"We will actually burn every appliance," Smith said. "They (appliances) are training-aids like tanker trucks, propane tanks The tribual

Surry Community College Board of Trustees

Cordially Invite You To The Dedication and Open House

of the

prop that we have." The \$1 million center was paid for through state and local bonds

and has been in the making since 1990. Training classes for fire de-partments, EMS personnel, rescue squads, law enforcement, hazardous-materials teams and industrial fire brigades begins Aug. 17 "We take emergencies that

have happened throughout the United States and recreate them right here on this training ground," Smith said, "from a flammable liquid-storage plant, Aug 14, 1953

Min-Sourie News Scauce different parts of the county and not pits. We will burn each burn to a propane truck and tank. All roscue, extinguishing of flamma-North Carolina will be able to re-prop that we have." to a propane truck and tank. All roscue, extinguishing of flamma-the fires are as real as you can ble inquide and iquefied petrolethe fires are as real as you can have them without having the emergency

Smith explained that the center's burn props create the same situation as emergencies that happen on roads and in neighborhoods

"When we train someone on the gas truck fire," he added, "out on the road, they (emergency personnel) will find it exactly like it is sitting here."

The center is a one of a kind in North Carolina and provides training in trench collapse and

um gas fires and driving practice on a three-acre driving range, according to Smith.

The new facility also will provide a permanent helicopter landing site for AirCare, which will fly in during Sunday's open

"I feel like Surry and the surrounding counties are very fortunate to have a training center of this magnitude in our area,' Smith said. "I have been in fire services for 35 years and we were talking about it 25 years ago."

AWARD PRESENTATION: (From left) Jerry Weaver, dean of Learning Resources at Surry Community College, Buck Yarborough, general manager for Time Warner Cable in Dobson, and Dr. James Reeven of Surry Community College with Time Warner's "Partners Award" from the North Carolina Cable Telecommunications Association recognizing the telecourse partnership with SCC.

fer at least two cablecast telecourses in the spring 1999 semester. The "Partners Award" replaces the PACE Awards that were presented for many yours by the North Carolina Cable Telecommutications Association. Out of 40 entries submitted from the member cable systems for the "Partners Award" only two winners were chosen to receive the award. The awards were announced at the point North Carolina/South

executestions meeting held at Hilton Head on July 12. Buck Yirborough, general manager for Time Warner Capreble in Dobson, accepted the award e North in behalf of the cable system and stars Carry Community College. Yirborough said, "We are very prend of our association with Surry

systems for the "Partners Award" only two winners were chosen to neceive the award. The awards were announced at the joint North Carolina/South Community College and applaud the vision that Dr. Reeves and Jerry Weaver have abown in providing another avenue for people in this area to continue their education and improve their lives.

d "It is particularly gratifying to a- communities outside the Surry d County region. Because of our efforts to consolidate our system, these courses reach into Yadkin y County, parts of Stokes County and

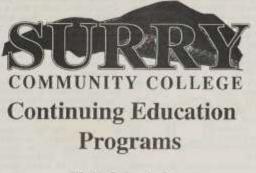

into Cana, Va." For additional information about cablecast telecourses, other telecourses and online courses, contact George Swyder, dean of carect technologies, at (336) 386-8121, Estension 235

SCC Schedules **OSHA** Workshops

The Continuing Education Divi-sion of Surry Community College will offer 10 one-day OSHA workshops on the Dohson campus of the college. Each will meet from 6:30 until 9:30 p.m. in Room C-102.

Bill Hardy will be the instructor The workshops, aponsored by the Industrial Training Center, are free of charge

The schedule includes: Sept. 14, Personal Protective Equipment; Sept. 21, Respiratory Protection: Sept. 28, Lockout/Tagout and Elec-trical; Oct. 5, Ergonomics and Back Safety; Oct. 12; Fire Extinguisher and Fire Safety; Oct. 19, Hazard Communications: Oct. 26, Blood borne Pathogens; Nov. 2, Confined Spaces; Nov. 9, Hot Works (Welding Safety); and Nov. 16, Machine Guarding.

Pre-registration is required. Those interested may call 386-8121, extension 211.

Computer Class To Start Monday

MLA May 5 8-30-98 Surry Community College will ponsor a "Computers for Begin-ters" class at Mount Arry High School, beginning Monday at 6 pm. The class will meet on Mon-days free for some for million of the source of the sou days from 6 until 9 p.m. for 10 Mecks.

Larry Davis will be the instruc-on The unition fee will be \$35. No nextbook is required. Class size is limited. Those peo-ple who are interested should call

the Continuing Education Division at 386-8121, extensions 269, 202 or 234, to pre-register.

Sewing Machine

Repair Course Set The Continuing Education Divi-for of Surry Community College will sponsor a 36-bour sewing ma-ahine repair course meeting Mon-day avenings from Sept. 14 through Nov. 30. The classes will be held

from 6:30 until 9:30 p.m. in the Continuing Education Training Building Jasper Bunker will instruct the

course. The tuition fee will be \$35. Pre-registration is required house interested may call 386-8121, externion 211

onfined Spaces Rescue

Surry County Volunteer Summit Planned In October

By JEFF LINVILLE

Staff Writer DOBSON — Citizens concerned over the future of local youths met Tuesday at Surry Com-munity College to promote volunteerism, Adream Belle, the director of the Mount Airy

program, led the meeting designed to recruit more community solunteers to help children. Belle and Teresa Osborne of Surry Temporary Services organized the group's first gathering in April and have continued to meet periodically to

12 at Surry Community College, featuring ses-sions outlining services now available to chil-

The mount Airy News Aug. 26,1998

Training Center

el volunteer coalition came from a Spring 1997 summit in Philadelphia of the living presidents and retired Gen. Colin Powell.

"A promise was made to America's children last April," Powell wrote about the meeting. "The promise was to help our nation's at-risk children have access to five fundamental resources in order to lead healthy, fulfilling and productive

Officials at the 1997 summit created Ameri Officials at the 1997 summit created Ameri-ca's Promise – the Alliance for Youth. "America's Promise was established to lead a three-year na-tional campaign to rally support for delivering the resources our youth deserve," Powell stated. A similar, statewide summit was beld in Janu-ary, attended by Belle and Osborne. Drawing on that meeting, Belle described the five fundamen-tals outlined by America's Promise.

Mentor - When adults work with a child other than their own. This can be tutoring or be-

coming a "big brother" to a young person. Organizations working within that realm in this area are Surry Friends of Youth, Partners in Education, Boy and Girl Scouts and Reeves Community Center.

E Nutture - Getting children off to a bealthy start through proper nutrition, necessary health care and immunizations.

Local agencies involved include Head Start, Smart Start, school breakfast programs, Women, Infants and Children (WIC) and Surry County Health and Nutrition Center. Protect — Providing children with a safe

home and adequate adult supervision. With two parents working, more and more children are

See SUMMIT, page 3A

Summit

Continued from page 1A

"latchkey kids." Related local efforts include the Mount Airy schools' SOS program, education-based and Mount Airy Housing Authority after-school programs and RCC.

Teach - Letting students know that everyone can have a marketable skill.

SCC's JobReady program is working on this with the coopera-tion of local businesses that provide shadowing and on the job training. Serve — Having kids give back to the community.

Volunteer Summit The summit is planned for Oct. 12 because the college has no class-es that day and local banks will be closed for Columbus Day.

An opening ceremony will take An opening ceremony will take place at 9 a.m. in the SCC gym. Chamber of Commerce official David Bradley will welcome partic-ipants and introduce Dr. Clinton "Oz" Print, a Surry Community College history tracher who is the struct enclose guest speaker. From 10 a.m. to noon, six infor-

triational sessions are slated at vari-ous sites around the campus. These will be repeated from 1 to 3 p.m. so that participants don't have to rush from one place to another to see all the session

Belle and others on the organizing committee are seeking corporate sponsors to provide free food and beverages for lunch that day. After the information sessions

end at 3 p.m. participants will re-turn to the gym, where booths will be set up by organizations that need volunteers for programs, such as Partners in Education, The Salvation Army and Boy Scouts of Amersca.

conclude with a celebration featur-ing dinner, entertainment and a guest speaker from the governor's staff.

Anyone wanting to help with or-ganization of the summit may call Adreann Belle at 786-6116. Child Statistics

The reasons for having a coali-tion are many, Research gathered by America's Promise includes:

A child is abused every 13 sec onds in this country, with about 3

between the ages of 12 and 15 is a victim of violent crime

cent years;

on the rise again among high school students, with recent studies showing drug use beginning at earlier

NEW TRAIL: Participating in the dedication and ribbon-cutting for the new William A. Stroupe Memorial Trail at Surry Community College were (left to right) Corey Stewart, the president of the school's Ecology Club, and Catha Stroupe, Mrs. Reid Looney, Leslie Stroupe, Jessica Stroupe, Frankle Sachrist, Dr. Doug Reinhardt, Shaun Davis and Dr. Ed Wiles. In Q. Mews 8-38-98 College Trail To Honor Bill Stroupe

From Staff Reports DOBSON — Surry Community College has a new trail, dedicated to the memory of former Science Divi-sion Chairman Bill Stroupe. Stroupe died in January 1996 of complications from heart surgery. Tor more than 20 years, Stroupe was a science in-structor at SCC who had a special interest in wildlife and preserving natural areas. The college's Ecology (lub, with the help of other social sciences clubs, creat-ed the trail on the Dobson campus. Corey Stewart, the president of the Ecology Club, with control a group assembled at the entrance of the trail for a recent dedication ceremony and introduced speak-ery.

Dr. Edwin Wiles, SCC science instructor, told of Stroupe's dedication to the college and its students and

his love of science. Wiles remembered that he and Stroupe prepared a slide presentation of the area's plants and wildflowers which was used in college sci-ence classes and here throughout the state.

Charles Boles, the chairman of the state. Charles Boles, the chairman of the Science Drvinion, related that SCC science classes will be using the trail to identify various plants and plans are under way to have an identified specimen of every type of local vege-nation planted along the trail.

Susan Wilmoth, assistant to the president for public affairs, introduced special guests who included Catha Stroupe, Bill Stroupe's wife, Leslie and Jessica Stroupe, his daughters, and Mrs. Reid Lesoney, his mother, Other family members were also present, along with Sucry Community College faculty and staff members and friends of the family.

Continued from page 1 and M.A. degrees Mn. Woods rejoins the college Ma. Woods reports the college faculty as an English instructor. She taught English part-time in 1994-95, before returning to graduate ichool where the was employed as a teaching insistant. After complet-ing the course for her Ph.D., Woods taught English at Guilford Techni-ul Complete Tenglish at Guilford Techni-tor Complete Tenglish at Guilford Techni-tor

cal Community College. She received her B.A. degree at the University of North Carolina at Chapet Hill, her M.A. degree at Ap-palachian State University, and her Ph.D. work at the UNC-Greens-

"The new members of the faculty and staff at the college will continue the long tradition of academic excellence which has characterized Surry Community College since its inception nearly 34 years ago," said

The president continued, "We believe our faculty and staff are second to none and that our students will be well prepared for life in the 21st century

Property, casualty insurance course

reatment class set at SCC

The Continuing Education Division of Surry Community College will sponsor a 78-hour Wastewater Treatment Course (Grade I/II) beginning on Tuesday, September 1. The course will meet from 6:30 p.m. to 9:30 p.m. in Room C203 (Continuing Education Building) on the Dobson, N.C. campus.

Enterprise

This course is designed to assist the individual in preparation for the North Carolina. Water Pollution Control System Operators Certification Commission Grade I and II examinations.

The instructor for this course vill be Delmas Overby. The registration fee for this urse will be \$35 plus textbook charges. Registration will be neld the first class meet on September 1 in Room C203. Pre-registration is required, call (336) 386-8121, extension 211.

Nastewater 8.24-98 scheduled at SCC The Continuing Education

Division of Surry Community College will sponsor a 60-hour "Property & Casualty" insurance pre-licensing course meeting from 6:30 p.m. to 9:30 p.m. on Tuesday evenings beginning

September 22 to November 19. The instructor for this course will be Jim Hewitt. The class will meet in room C102 (Continuing Education Building). The tuition for the course will be \$35 plus a textbook charge of approximately \$50. Those successfully completing this course will be eligible to take the state exam for certification for Property & Casualty.

Pre-registration is required. Call the Continuing Education. Office at (336) 386-8121, extansion 211 to pre-register.

Join College Faculty MA News 83490 From Staff Reports DOBSON – Dr. Jim Reeves, president of Surry Community College, has announced the haring of five new instructors. Those hared included Michael Calinway, Aaron Ellis, Darrell Finney, Richard Pilukas, Michael White and Inert Word. White, and Jami Woods,

White, and Jami Woods.
Callaway is coordinatice for occupational extension programs in Surry County. He was assistant fire marshal for Surry County as well as a teacher and couch in the Wilkes County school system. Callaway received his B.A. and M.A. degrees from Appalachian State University.
Ellis is a computer network and information systems instructor. He was an adjunct instructor at Wytheville Community College. Ellis received his B.A. degree from Southern Wesleyan University in Central, S.C.
Finney is a mathematics and computer instructor. Employed as a professional educator for at least 20 years, he has been assistant principal at Elkin Elementary School and East Wilkes High School an well as a mathematics and computer teacher. Finney received both his B.A. and M.A. de-

 matics and computer teacher. Finney received both his B.A. and M.A. degrees from Appalachian State University.
 Pilukas is a mathematics instructor. He has retired after teaching mathematics for over 30 years. In 1997-98 school year he taught part-time at SCC. Pilukas received both his B.A. and M.A. degrees Western Michigan University.

White, a graduate of SCC, is an English instructor. He worked as a

teaching usate at at Radford University where he obtained both his B.A.

Atkins Nam d College Dean From taff Reports

DOBSON — Dr. Steve Atkins ssumed the duties of dean of arts and sciences at Surry Community Collegeartier this month. The appointment was announced by CC President Jan Reeves.

Atkins' major duties include facilitatis, a coordinated and academically

challenging college-transfer degree program, as well as effective general education core courses for technology programs.

"Steve has served the college well for m_{my} years as an outstanding mathematics instructor and member of various vollege committees, organizations and activities," Reeves said.

"Because of his broad-based liberal arts education, he will understand the importance of each division in creating an effective college transfer corriculum and strong core coarses for every degree program."

"The Division of Arts and Sciences is," according to Atkins, "the heart The Division of Artis and accentes is, according to Arkins, the team and foundation of a transfer students' uadergraduate educinion and the core of the technical student becoming a well-rounded, educated person. As dean of arts and sciences, my goal will be to work with faculty and admin-istration to ensure that the department remains strong and vital and that the quality of its instructional program be maintained.

"I will be keenly interested in curriculum, staff development of full-time faculty and any other efforts to improve the quality of our students' educa-tional experiences," the new dean said.

Atkins joined the SCC mathematics division in 1986 teaching math and physics. Additionally, he taught math and computer science at the college on a part-time basis for two years before becoming a full-time employee. Atkins also taught math and physics at East Surry High School from 1979 until 1986

White at SCC. Atkins has served as Faculty Association president, was instrumental in developing a new evaluation plan for college faculty mem-bers, planned and organized the SCC Mathematics Contest as part of a statewide contest effort and supervised and sponsored the academic extracurricular Mathematics Club.

After graduating from North Sarry High School, Atkins completed two years at SCC and transferred to Elon College, where he received a bache-lor's degree in mathematics. He earned a master's degree from UNC-Char-lotte and his doctorate from UNC-Greensboro.

Atkins, his wife Robin and their two children live on Robin Road in Mount Airy. 973.245

SCC Presents Diplomas To 197 GED Graduates

DOBSON — Surry Community College held its 13th Graduate Equivalency Diploma graduation recent-ly in the gymnasium on the Dobson campus.

Hundreds of people gathered to see friends and rela-tives receive diplomas, mirroring the joy and excite-

twes receive inplomas, mirroring the joy and excita-ment of the graduates themselves. The ceremony began with an invocation by Carolyn W. Flippin, director of the school's Human Resource Development Program. Courtney Almos, SCC student, sang "Because You Loved Mc." The graduates, their rel-atives and friends, as well as the staff of SCC, were welcomed by Judy Riggs, director of basic education

Surry GED testing on campas was begun through the joint efforts of Dr. James Reeves and Dr. Claude V. Ayers in 1969, when SCC had 59 GED graduates Presently, Surry's GED program produces more gradu-ates than any single high school in Surry or Yadkin counties. Riggs urged each graduate to continue striving to reach his or her farthest star, which is the quest suggested by the college motto. Mr. Garrett Hinshaw, dean of continuing education.

introduced the speaker, John Collins, vice president for instruction. Collins congratulated the graduates, their families and friends and their instructors. He encour aged each student to continue to "make the best of each situation you find yourself in and to learn and take ad-vantage of the opportuities offered at Surry Community College - we can personalize a program to fit your needs and schedule."

Collins recalled the life of Colonel Hartan Sanders, who began Kentucky Fried Chicken at age 65 _ "thus a person is never too old to begin a new adventure or learn something new," he said. Finally, Collins chal-lenged each student "to never give up and continue to reach for his or her dream or 'fartherst star.'"

Additionally, Riggs announced that the top-ten GED graduates are eligible for scholarships to SCC. These scholarship winners are Delfina Arellanes, Shayna

SCC GED Grads Announced

More If Combined With YMCA! **Town Promises Big** Amount For SCC **Campus In Yadkin** By CHARLES MATHIS

The Yadkinville Town Board, at its regular monthly session on Oct. 5, decided to appropriate \$300,000 for the Surry Community College Satellite Campus proposed for a site stretching from Northwood Church-Road to U. S. 601, just north of a Yadkinville,

The decision was made after Wayne Matthews, representing the Satellite Steering Committee, asked the board to consider an appropria-

It was preceded by a lengthy discussion pertinent to the proposed college campus, infrastructure, water and sewer lines and sidewalks.

Gene Branon moved that, beginning with budget year 1999-2000, the board appropriate for the SCC Satellite Campus, \$100,000 annually for three fiscal years.

Branon's motion also included the stipulation that the board reserve the right to increase the amount if the campus should also become the site for the proposed Yadkin Family YMCA.

Tony Hall seconded the motion and it passed 4-0, with Phillip Graham and Eddie Norman voting with Branon and Hall. Bobby Todd was absent.

Town Manager Herman Caulder was asked to write a letter of intent to the Steering Committee

Surry Community College held its thir- John Collins, Vice President for Instructeenth Graduate Equivalency Diploma tion, Mr. Collins congratulated the graduates, their families and friends, and their instructors. He encouraged each student to continue to "make the best of each situation you find yourself in and to learn and take advantage of the opportunities offered at Surry Community College-we can personalize a program to fit your needs and schedule." Area residents attend-ing the event could gather information, or volunteer for any of the agencies represented.

ocal Volunteers To Pool Resources

By ANGELA LEONARD Staff Writer

DOBSON — Making connections be-tween volunteers and organizations needing help seemed to be a common theme Monday during Surry County's first Volunteer Sum-

mit. Representatives of dozem of groups doing volunteer work spent the day meeting the leaders of local initiatives using such help, in-cluding Surry Friends of Youth, S.C.A.N., RSVP and The Salvation Army, Also, they had the opportunity to gather information from even more organizations, ranging from Northern Hospital of Surry County's volum-teer program, to school mentoring and infor-

ing efforts. Both those attending and program presentters agreed that one of the biggest needs is some sort of central clearinghouse to match volunteers to work that needs doing "There needs to be a body of knowledge information source could be ready by year's

volunteers involved in correcting America's problems. Meeting that promise means providing memoring, protection, nurturing (health care), preparation (job-skills) and serving (making children part of the solu-tion), Wouters said.

"The resources are here," she said. "You need to look at how to focus them and collaborate them to de-liver them to the children." Wouters added that focusing this effort on the schools makes sense because that where the greatest number of children can be reached. Her program is available to provide technical assistance mitties as they identify problems and needs and seek ways to meet them.

Shirley Rayeraft, representing the Retired Senior Volunteer Program (RSVP), urged the groups to work together. 'I'd like to see the efforts more integrated, We've got a lot of volunteers, but they seem to be scattered. We need communication - not to compete with

Both those attending and program presenters at a Monday summit agreed that one of the biggest needs is some sort of central clearinghouse to match volunteers to work that needs doing.

so we can all go to the same place," said Jennifer Bracey of Elkin First Baptist Church "How do we know what the community needs"

Volunteers learned that such a clearinghouse is the next step planned in the local volunteer initiative, and were invited to sign up to help get that effort operational. Most spreed to be part of the next step. The central

nd, according to one speaker. These attending the day-long meeting had the opportunity to hear guest speakers, and attend four of an different presentations about volunteering. These focused on pro-grams maging from efforts airned at children in the schools, to ones to help families avoid abase and neglect, corporate sponsorship of programs, community service for kids and the annual "Make A Difference Day."

the annual "Make A Difference Day." "Everyone in the community needs to look at the resources that are here," said Arlene Woutens of the state's Communities in Schools program. "It's up to each of us to bridge the distance between America's Promise, and delivering that promise in the schools."

America's Promise, she explained, grew out of a 1997 summit in Philadelphin attended by the living presidents and retired Gen. Colin Powell - at summit aimed at getting

College Gets New President Jan. 1, 1999, after Reeves' retirement, which Jun 1, 1999, and keeves rearranted, which was announced in June. As superintendent of Stokes County schools, Sells assisted in developing the Piedmont Triad Horizons Education Consortium and helped get

By ANGELA LEONARD Staff Writer

- The superintendent of Stokes DOBSON County schools has been tapped as the next presi-dent of Surry Community College.

Current President Dr. Jim Reeves and Board of Trustees Chairman Charles Madison presented Dr. Frank Sells to college faculty and staff mem-bers and community leaders Friday afternoon at the Dobson campos. Sells said he was pleased with the career

change and looking forward to learning more about the school and staff. "I'm excited about this opportunity," he said. "I don't know how to express this excitement and stay proper. I feel-like doing the Toyora^{the} leap.

College

a good time in my career for me to make this change. I've been in K through 12 for 29 years. I believe in that, and I've enjoyed that. But I be-heve that education is more than K through 12.1 believe as we approach the 21st century that community colleges will be the connection be-tween K-12 and the university system. That's en-ticing to me, and that's the challenge I looked at."

He said that he has heard only good things about Surry Community College, and looks for-ward to having a place at the school. "I'm com-mitted to you, the staff, students and community to give the best I have to offer. I really and unly

College To Name President

From Staff Reports

DOBSON — Surry Community College will announce the name of its new president during a press conference set for 2:30 p.m. today

The new official has been selected by the SCC Board of Trustees and will be intro-duced to the college and community during the press conference planned in the Teaching

SCC President Dr. Jim Reeves announced in Jane that he would retire effective Der. 31. Reeves, a Mount Airy resident, replaced Dr. Swanson Richards when Richards retired in 1994.

After graduating from Flat Rock High School, Reeves had taught at Mount Airy and North Surry high schools and been a psychology instructor at Campbell College. Reeves originally joined the college in 1966 as director of manpower development and manine.

is infected of himplated development in mining. Since Reeves has held the post, signifi-cant changes have occurred at Surry Com-munity College, especially concerning facil-tics. This has included adding Richards. Health Sciences Building, renovating the

cafeteria, expanding the student dining area and adding a communi-ty dining room. Also, the SCC library has been

expanded, including the development of a television studio for disfance learning, along with improvements to the school's machine. auto-body and electrical training facilities.

Other recent facility highlights include establishing the Continuing Education Center to house all oncampus Continuing Education pro-grams in the newly renovated C-Building, and constructing the Emergency Training Facility. It houses the only fire, rescue and emergency-training area of its kind in North Carolina.

Program changes occurring un-der Reeves' leadership have includ-ed SCC switching from a quarter to a semester system.

tration, 8:30 until 9 a.m.; class #1, 9 a.m. to noon; lunch, noon to 1 p.m. and class #2. 1 until 4 p.m.

Saturday's schedule is us follows: registration, 8:30 until 9 a.m.; class #3, 9 a.m. to noon: lunch. noon until 1 p.m.; and class #4, 1 until 4 p.m.

Contractor Exam **Preparation Set**

A 66-hour general contractors licensing exam preparation class will be held from Nov. 5 through Feb. 4. 1999, sponsored by the Surry Com-munity College Continuing Education Division.

Richard Collins and Dwayne Galyean will instruct the class, to meet each Tuesday and Thursday from 6:30 until 9:30 p.m. in Room C-211, the Continuing Education Building

The course examines the licensing process and reviews and explains pertinent information relating to building trades for residential and general contractors.

There will be a \$35 registration fee for the course.

The required text will be the North Carolina State Building Code Volume VII-Residential, costing about \$63. It will be avail-Code able at the first class session.

Students should order the Application Packet for General Contrac-tors before the first class session. It may be ordered from the N.C. Li-censing Board for General Contractors, P.O. Box 17187, Raleigh, N.C. 27619 and the cost is \$6.

Pre-registration is required by calling Renee Hutchens at 386-8121, extension 211, Class enroll-1 ment will be limited to the first 25 a students interested.

SCC nursing alumni raising scholarship money

The Surry Community College Alumni Association and Foundation are sponsoring a celebration of 25 years of excellence for the nursing department

The first nursing students graduated in 1973 and each year thereafter the program has averaged a 98 percent passing rate of the State Board of Nuraing exam.

The two-day event will include an Outstanding Alumni Banquet on the Dobson campus Nov. 6, and a celebration gala at Cross Creek Country Club in

Mount Airy Nov. 7. In addition to celebrating the excellence of the nursing program, the purpose of these two events is to raise \$10,000 to establish an endowed sursing scholarship in honor of kinda Harris, a nursing student who was killed in an automobile ac.

cident as she was returning from her nursing clinicals in 1994

This endowed scholarship will generate enough interest income to furnish one full-tuition scholarship every year for a deserving nursing student.

The Outstanding Alumni Banquet will be held in the college cafeteria beginning at 6:30 p.m Nov. 6.

Prior to the banquet, a tour of the new nursing facilities housed on the third floor of the Richards Health Sciences Building will be conducted for nursing alumni and banquet guesta.

During the banquet, six nursing alumni will be honored.

These outstanding graduates include Alice V. Brannock, Cathy Canzona, Ellen Wyrick, Dianne P. Culler, Kim C. Adams

College Plans Multi-Cultural Celebration From Staff Reports

DOBSON - Surry Community College will sponsor a celebration honoring the diverse cultures in the Mount Airy area in a one-day event

Tuesday The celebration, which is open to the general public, will be held at the Dobson campus, begin at 9 a.m. and will feature exhibitors and performers from more than 15 countries, including Israel, Venezuela Bolivia, Russia, Kenya, Nigeria, Pakistan, Scotland, Ireland, South Africa, Lebanon, Mexico, China

and Japan. The featured exhibitors and performers will share their cultures with SCC students as well as more than 1200 Surry County and Yadkin County seventh graders. The representatives' demonstrations will include representations of the martial arts, performances of musical selections and dances, storytelling, and exhibits from their native lands.

The SCC social science division clubs, Psi Beta, Ecology, and Social Science clubs will direct the celetration. The News 9.28.98

Masonry Basics Course Set

The Continuing Education Division of Surry Community College will offer a 60hour Masonry Basics Course beginning Tuesday, October 20, 1998 and ending Thursday, December 17, 1998. The class will meet from 6:30 p.m. until 10:00 p.m. each evening in the Masonry Shop (blue building) located across from the Auto Body Repair shop at the back of the college campus. This course will focus on the tools of the trade, hands-on training, individualized instruction, and project assistance. Different aspects of brick and block masonry will 52 be covered. Due to the individualized nature of this

Course, pre-registration will be required by calling (336)386-8121, extensions 244 or 243.

Successful Home Ownership

The Continuing Education Division of Surry Community College will sponsor a course entitled "Successful Home Ownership" meeting Tuesday, September 29 and Thursday, October 1, 1998 from 6-9 p.m. at the Yadkin Senior Center in Yadkinville. The instructor for this course will be Kathy White. Are you tired of renting? Would you like to know how to become a successful homeowner? if so, this if the class for you. You will learn how to correct credit problems so that you can obtain financing to buy a home. We will take you through the entire process of meeting with Realtors, obtaining financing, choosing a closing agent and all the steps in between. We will also give you some guidance if you would like to build.

This class will provide you with some very

valuable information that will prepare you

as you start the process of buying or building your home. This workshop is free of charge. However, (386-81. pre-registration will be required-call referral to i. (336)386-8121, extension 211 to pre-register. available by c

Small Business Seminars

Does your current job have you feeling like you've been "fouled"? Are you helping your employer to "score big" while you income is only "dribbling" along? Have you been thinking about starting a business in your "home court"? If so, there's good news and there's better news. The good news is that there are business opportunities available to"first string players" like you. The "better" news is that business start-up assistance is available to you through Surry Community College's (SCC) Small Business Center.

Two Small Business Center seminars are currently scheduled to assist "players" interested in starting their own business. The first seminar. The Best Small Businesses to Start Right Now, will be held on Thursday, October 15 at the Mount Airy Comfort Inn from 6-9 p.m. In this seminar, Mike Collins respected N.C. entrepreneur, business leader and author will detail some of today's best business opportunities. There is a \$5 hospitality charge for the seminar.

A good follow-up to this seminar is Turning Ideas Into Business Opportunities whi will beheld on Tuesday, October 27 SCC campus (room C-101) from 6:7 House Cace p.m. in this seminar. Dr. Tony '

Bomb scare evacuates SCC twice

BY TODO MERRIMAN STAFF REPORTER

DOBSON — Surry Community College re-ceived a bomb threat at 10:30 a.m. Wodnesday as officials were discussing a bomb threat made a week earlier. College officials then evacuated the school's 500 students for the second time. Mike McMone, vice president of student ser-vices, said Wednesday that evacuating the col-

lege is difficult because there is not a central alarm system linking all the buildings. McHone added that deciding whether to evacuate is tough, because college officials suspect that both calle have been pranks.

"If you get a call saying there's a bomb in Dobson, do you evacuate Dobson?" he asked. Instead of using a central alarm system, cal-lege employees walked from building to build-ing, setting off fire

(Dobson)

eton-Salem.

alarms "Today we used fire alarms and that worked really well," McHone

McHone said that the school follows the FBI's recommended procedure for dealing with bomb threats, attempting to keep the caller on the line as long as possible, and asking specific ques-tions, such as the location of the bomb and when is will use of it will go off.

McHone said that if the bomb threat is serious, the caller will usually answer the ques-

"Both times it's been a simple statement that there's a bomb in the school," he said, "Most of the time, a call like we're getting is simply a prank.

Susan Wilmoth, assistant to the president for public affairs, also said that the lack of specifics

in the call raised doubt. Wilmoth said college efficials have been de-

bating about whether they will evacuate the campus in the fu-ture, because doing so might be encouraging the caller to do it

"It is so disruptive with that many people to move," Wilmoth

Surry President Jim Reeves agreed.

"It's very disruptive to the ed-ucational process," Reeves said

Thursday. Reeves said students are get-ting angry about the threats, and one professor has said he'd take

Hundreds of jobs were cut in the county; many have found employment elsewhere

BY BILL CRESENZO

MOUNT AIRY --- It's Crystal Morphis' job to recruit industries to Surry County and to make sure that the companies that are already here stav

As vice president of the Surry County Economic Development Partnership, she has had a lot to deal with in 1998.

Last December, sock maker Renfro Corp. announced that it was closing one of its four Surry County plants and cutting 181 jobs. In January, Tultex announced that it was closing its Dobson

plant, About 188 people were out of a job. In February, Spencer's Apparel said it was cutting 169 jobs, Also in February, toaster maker Hamilton Beach Proctor Silex said 70 people were being laid off, and in June the company announced it was cutting about 450 more jobs by early 1999.

In July Armtex announced that it was cutting about 150 jobs when it closed its dye and Emishing plant Morphis said that some of the layoffs were a

surprise and others weren't. Many of the layoffs can be attributed to the North American Free

SURRY continued from page 1

one-tenth of a point higher than in December, when the layoffs began, and below the state average of 3.5 percent. "It's always very difficult to hear a lo-

cal company is reducing its work force, Morphis said. "However, our economy is so good now, the opportunities for these workers are the best in probably 25 years

The bottom line is that Surry County residents have been able to find jobs, officials say

David Bradley executive director of the Greater Mount Airy Chamber of Commerce, said that other manufacturing plants- Cross Creek Apparel, the county's largest employer, for examplehave hired many of the workers.

Tom Carter, manager of the Surry sunty Employment Security County Commission, said that as soon as the lay offs began, other companies contacted his office wanting to hire the soon-to-bejobless employees

After the layoff announcements, Surry County and state officials took action, Morphis said. The Job Training Partnership Act provided money to train the Tultex and Hamilton-Beach workers for other jobs, because they lost their jobs to NAFTA. After Spencer's announced its layoffs, Gov. Jim Hunt sent in the state's Rapid Response team, which helps displaced workers with counseling and finding new jobs.

No "mass exodus"

In February soon after Tultex announced its layoffs, Morphis' organiza-tion and Tultex held a job fair. About 125 people attended, many of them still working at the plant, despite the impend-

ing inyoffs traced the first call, which was reward for information leading his class to the college's tennis made Sept. 23, to a coin-operat-ed laundry in Dobson. Miller said doesn't know if the calls will courts and continue teaching if another evacuation is ordered. He also said that a nursing class had to meet again Wednesday night to make up class work so students could do lab work at

continue, and would not say if he has any suspects yet. "We're still investigating these matters," he said. N.C. Baptist Hospital in Win-

these matters," he said. During the hour-and-a-half that Surry Community College was evacuated Wednesday, Miller worked with John Shel-ton, director of Surry Emergency Medical Services, and campus security, searching for the bomb. Shelton said they looked for anything out of place that might serve as a potential hiding spot. However, Reeves said he ian't second-guessing the decision to evacuate. He would do the same thing if he received another bomb threat tomorrow, he said. "We certainly want to err on the side of safety," Reeves said. Reeves said the two bomb threats are the firsts he can re-

serve as a potential hiding spot, including boxes, backpacks and

moved ceiling panels. The college is offering a \$250

Trade Agreement (NAFTA), she said. Hamilton-Bench is moving its moster assembly operations to Mexico, where labor is cheaper. Spencer's cited offshore pressures

College Gets The a news \$100,000 Donation

By TOM JOYCE

Managing Editor DOBSON — One of the largest donations in the history of Surry Community College has been made by a local farm owner and business

developer. Kester Sink of Holly View Farm off U.5. 601, Mount Airy, gave the Surry Community College Founda-tion \$100,000 to be used for acholarships. This contribution, one of the largest single gifts since SCC was established in the 1960s, will produce enough income to fund a minimum of 12 full-tuition scholar-

ships yearly, officials say. Sink could not be reached for comment Tuesday about his dona-tion for a fund to be known as the Kester Sink Family Endowment However, a statement from the college says that "During Sink's life-time, he has seen the effects of both what an education can do for a per-son and what a lack of formal education can keep a person from do-

"Mr. Sink hoped that this donation would encourage other people with more wealth to have a similar vision for Surry County and support the educational opportunities fered through SCC."

"It is a big deal for the college," Susan Wilmoth, the school's assis-Susan without, the school's assi-tant to the president for public af-fairs, said Tuesday afternoon. Wilmoth explained that the dona-tion is a first of its kind. In comparing it to other large contributions that have been in the \$100,000 range, she said gifts have been sup-plied in increments over a period of years, which requires interest and

investment income to build up bea student actually can be helped. Sink's donation is in a lump sum that will allow students to be assist-

ed soon, "With this amount of money, we'll have scholarships available next fall. It's for the great students." Wilmoth added. The funds will provide full tuition to the college and pay for books and fees depending on recipients' needs as determined by the SCC Financial

Aid Committee. The awards can renewed each semester. the

Further, the gift by Sink, a Kester Sink former chairman of the Surry Coun- fund one full-time scholarship anty Planning Board, comes without any restrictions on where the stu-dents come from, or what they study. "It is open to any student in

\$1.5 million going to SCC site in Yadkin

At its meeting on Nov. 5, Gary Tilley, vice president for administra-tive affairs of Surry Community College, informed the Yadkin County community campus steering com-mittee that H. Martin Lancaster, president of the North Carolina Community College System, had confirmed the appropriation of \$1,5 million by the General Assembly for de-velopment of a Yadkin County campus. The committee expressed its ap-

preciation to Rep. George M. Holmes for his diligent efforts to secure this capital appropriation — which was supported by other area state legislators including Rep. John Brown and Sens. John A. Garwood and

Kenneth Moore. The \$1.5 million must be matched by non-state funds, of which the Town of Yadkinville has committed \$300,000, Phillips Van-Heusen \$15,000, Southern Community Bank and Trust \$5,000 and other plodges and contributions of about \$5,000. The Yadkin Chamber of Commerce has options on two tracts of land on the western side of U.S. 601 north of Yadkinville that have been approved for a campus.

dent David Bradley said. Bradley went on to introduce Dennis Lowe, who heads the SCC Small Business Center, who in turn in-

troduced Surry Community College adjunct faculty member Jeanne Shelton, who presented the seminar-

Shelton, who spent a large part of her early life in Latin America, learned to speak Spanish at age 8, and later, after moving back to America, earned B.A. and M.B.A. degrees from Wake Forest University, Lowe said. Shelton has worked in industrial, governmental and non-profit settings, and is a consultant for multicultural management, a professional interpreter and

Hispanics

Hispanic culture.

Sample questions included, "What is a pos-Sample questions included, "What is a posa-da?" – which is a time-day Christmas celebra-tion in which Hispanics role-play the birth of Jesas Christ; knowledge of when Mexican and Chilean Independence Day occurs; and details about the three holidays Hispanics observe from Oct. 31-Nov. 2: the Day of the Dead, All Saints' Day and All Souls' Day, in which they celebrate their families' and nations' histories. Alao, a long discussion was held concern.

Also, a long discussion was held concernand, a ong discussion was held concern-ing various aspects of life that Hispanics and Americans both share despite differences in how they deal with those aspects. The seminar focused on building awareness among the par-nerpants about how Hispanics perceive those differences to those who maid the series those. differences, so those who might come into con-thet with Hispanics in their businesses can better respond.

For example, Shelton cited the Hispanics' decreased importance of "personal space." In the United States, she said, when two people citry on a conversation, they usually are used tarty on a conversation, they usually are used to standing at a distance of about 3 feet apart, whereas in Hispanic areas the distance ranges from 18 inches to 2 feet. The seminar presenter said that when she returned to America after having been in a Hispanic area, she noticed that people who were not used to the Hispanic "discness" backed off when she engaged them in conversation. She eredually would come in conversation. She gradually would come closer as she had been accustomed to doing in the Rispanic area.

Other issues discussed Tuesday included

Continued from page 1A Reus differences in last names between the two cul-tures; the role of timing when dealing with the Hispanic culture, such as knowing when their holidays are and understanding when their holidays are and understanding when they'd like a day off from work, for example, in order to prevent conflict; and courtesy insues – a handshake is what Hispanics usually are taught as the basic American occurrent. as the basic American gesture of greeting, Shelton suggests that Americans be formal, yet neither overly stiff nor overly "affectionate"

when interacting with Hispanics. She also discussed differences in marriage customs and the Hispanics' having to establish credit for the first time when they come to America.

But one of the things she placed the most emphasis on was the language barrier. In cases such as those in which a Hispanic would be re-Such as those in which a Hispanic would be re-quired to sign a complicated legal document, for example, the thing to do would be to get an adequate translator. Shelton said. This individ-ual either could tape-record or read the con-tents of the document out loud in language the Hispanic could understand.

"The language is always the main thing," "The language is always the main thing," Shelton stressed. "They're going to be learning about American culture. The longer they're here, the more they're going to get used to American ways of life. So, then, it means a whole lot to see Americans reaching out to them. They'll notice that them. They'll notice that.

So if all you do is learn how to say 'Buenos dus," 'Mochas gracias,' 'Hasta luego,' that is like 90 points right there."

Surry Community College SCC encourages all nursing

Alumni Association and Foundation are sponsoring a celebration of "25 years of excellence" for the nursing department. The two-day celebration will include an alumni banquet on the Dobson campus on Friday, Nov. 6 and a gala at Cross Creek Country Club in Mount Airy on Saturday,

Nov. 7 In addition to celebrating the nursing program, the purpose of the events is to raise \$10,000 to establish an endowed nursing scholarship in honor of Linda Harris, a nursing student who was killed in an automobile accident as she was returning from her nursing clinicals in 1994.

The banquet will be held in the college cafeteria at 6:30 p.m. Prior to the banquet, a tour of the new nursing facilities, housed on the third floor of the Richards Health Sciences Building, will be conducted for nursing alumni and banquet guests. During the banquet, six nursing alumni will be honored.

On Saturday, Nov. 7, at Cross Creek Country Club, the nursing alumni from the last 25 years will have a reunion. Each class will have)

The location is at Mount Ary Learning Center. The instruc-

tor will be David Hall. Class size will be limited, first come, first serve. Please be present for the registration and the first class meeting.

SCC seats two new trustees for board

DOBSON - Surry Communi-ty College Board of Trustees added two new members during the regular board moeting in Oc-

Bracky Rogers of Mount Airy, a licensed real estate broker and auctioneer, was appointed by the Surry County Commissioners to complete the term of Jim Cross-ingham, and LaDonna N. Mc-Carther, also of Mount Airy, a Surry County elementary teacher, was appointed by the county and city boards of education to complete the term of Eleanor S. Jones

Rogers, president of Rogers Realty and Auction Co., Inc., has been in the real estate business since 1964 and the auction business since 1973.

Prior to entering the real estate business, he was president of Piedmont Credit Corporation and regional supervisor for the Northwestern Bank's Insurance Department in Western North Carohna

He is a graduate of Boulah High School and Surry Commu-nity College. He attended Appalacian State University, Guilford College and Wake Forest University. Ho is a North Carolina residential real estate appraiser and certified residential specialist (CRS). Rogers is active in local and state professional organizations and White Plains Friends Meeting.

McCarther, a music teacher at White Plains Elementary School, has been teaching since 1965, when she taught music at Maces ane High School in Cambridge. Md.

She has also taught music at the Palmer Institute, Jones Ele-mentary School in Yanceyville, and Robeson County Schools in Lumberton.

She attended Bennett College in Greensbore and graduated from Texas College in Tyler, Texas. Additionally, she has studied at Pembroke State University. ASU and UNC Greensboro.

She is a member of the Music Educators National Conference and its state counterpart. Mc-Carther is active in NCAE, American Business Women's Association and the Surry Arts Council. She is an active member of the Presbyterian church and serves on many committees, both locally and regionally.

Rogers and McCarther joined the SCC Board of Trustees for

their October meeting. The other SCC Trustees include Chairman Charles Madison of Elkin; Charlotte Bokesch of Mount Airy; Robert (Bob) Comer of Dobson; Jewel Jarrell of Mount Airy; Dallas Nance of Elkin; Floyd Rees of Mount Airy, Michael Royster of Pilot Mountain: Clifford Scott of Dobson; Bonnie Stuart of Elkin, and Betty Kay Vaughn of Mount Airy.

Nursing Assistant Class Scheduled V

The Continuing Education Divi-sion of Surry Community College has scheduled a 16-hour nursing asüstant evaluation/refresher course that will begin Nov. 30.

The class will meet on Monday and Wednesday from 6 until 10 p.m. through Dec. 9. It will be held in Room C-207 on the college's Dobson campus.

Dobson campus. Laura Hicks will be the instruc-tor. A registration fee of \$35 will be charged, although N.C. residents age 65 and older may register free of charge. The course is for people who

have been certified as nursing assis-tants but have let their certification expire. Anyone with questions about whether they need to take the refresher class or a complete 124-hour nursing assistant class should call the Nursing Assistant Registry in Raleigh at 919-733-2786.

in Ratergh at 919-135-2780. Those planning to attend should be present for registration at the first class meeting. Attendance is required at all four class meetings. Those having questions may call 386-8121, extensions 244 or 234.

Course offered

DOBSON - The continuing education department of Surry Community College will offer an auto body repair II course beginning Jan. 12, 1999. The 88-hour course will meet each Tuesday and Thursday from 6 p.m. to 10 p.m. through Mach 25, 1999 in the auto body repail shop on SCC's main campus.

Participants will receive instartion on various aspects of bumger assembly, frame straightening aid major body repairs. Bryan Georg, will be the instructor.

Cost is \$35. North Carolina residents age 65 and older may register free. For more information, call SCC at 386-8121, extension 243 or 244

To Begin Soon

Surry Community College will offer an eight-week TIG welding course at Tampco Inc., 134 Bluff St., Jonesville, The course, sched-uled to begin Wednesday, will be offered on Wednesdays and Thurs-days from 6 until 8 n.m. days from 6 until 8 p.m. Tuition and supplies will be paid by Tampoo Inc., while students must parchase their own welding helmets

Welding Class

For those who successfully complete the course and pass Tampco's pre-employment welding test, full-time employment will be offered. Those hired must sign a one-year contract.

Additional information is avail-able by calling Phil Bowers at Surry Community College, 386-8121, extension 265, or Tampco Inc., 835-1895. The

SUC seeks a return to its past glories Tribune

BY MICHAEL HOWLETT THE MOUNT ANY NEWS

DOBSON - Tony George hopes to return Surry Community College to its past glory this season.

Surry's basketball program. which was the top community college program in Region 10 before being dropped in the early 1970s, was revived three years ago, under the direction of Tony Searcy.

Searcy stepped down after last year's 9-15 season and George stepped in with hopes of renewing some of the Knights' past glories.

"We're going to try to turn this program into one of the top junior college programs in the state," said George, who had a 174-121 record during an 11-year stint as the head basketball coach at Mount Airy Senior High. "You have to play with your heart and give 110 percent to have a chance to win, and these kids are very dedicated to the game "They're excited and I'm excit-

ed. It's like we're on a mission to get this program established." Establishing the program this

season will be tough because of a tough 27-game schedule that includes two games each with poworhouse programs at Louisburg and Spartanburg Methodist, and a roster that includes just three

The Knights opened their sea-son last week, and currently have a 2-3 record. They are on a two-game winning streak after a win over Brevard last night in Dobson. Their next home game is Nov. 28 against Hiwassee Dam.

but I don't know how to judge it because I haven't seen the other teams," said George, who is willing to trade wins for needed experience early in the season. "I think that (playing a tough

his skills," noted George. Another key player inside will be 6-5 Danny Brown, one of last year's academic casualties. Brown has come back strong

this season and should beef up the Knights' board play. "I think we have the potential to have a real nice team," said

George They get along well, hang together, and that's a good sign. I've been very pleased so far."

"Last year, we basically had to come down on a fastbreak and shoot 3s all the time. We had nobody to play above the rim," said Watson. "Last year, we had to force shots just because we had to, we didn't have any depth. This year, we're going to be a lot better, as long as everybody keeps their grades up."

better," he said. "When you play

somebody like Louisburg, you

don't have anything to lose, but

everything to gain. The kids get

to play against good players, they get more publicity ..., it just makes the program better."

Although this year's team

may face a bigger challenge than

those of previous years, it will al-

so have more depth and more

Last year's team finished up

with just seven players after

grades took their toll in the first

semester, and none were over 6-

Clubs At College Pool Efforts To Aid Needy

From Staff Reports

DOBSON — Members of the Lambda Epsilon Omega (LEO) club and Social Science Club at Surry Community College recently collected hundreds of cans of food to help the area's needy through Foothills Food Partry in Dobson. The holiday-related collection resulted after LEO mem-hers challenged those in the Social Club to a canned-food-

drive contest. A time limit of a month and a half was set. In a close outcome, the LEO group came out victorious

with more than 11,000 ounces of food raised. This topped the Social Club by about 35 cans. These were presented Friday to Patty Koeff on behalf of the parity to benefit needy area families during the apcoming holidays. "Neither club really won or fost, because the point of the

whole context was to help out some people who really needed it," said LEO Pres! "not Paul Delph. Added John Le % LEO the club's vice president, "It is al-ways willing to be the community in any way we can."

COLLEGIATE SECRETARIES: Officers and new members of the Surry Community College Chapter of Collegiate Secretaries International were installed last month ma news 12-10-98

COLLEGIATE SECRETARIES INSTALL NEW OFFICERS AND MEMBERS

The Surry Community College Chapter of Collegiate Secretaries Intenational recently held its annual installation of officers and initiation of new members. The Winston-Salem Chapter of International Association of Administrative Professionals (IAAP), formerly Collegiate Secretaries International (CSI), assisted with the program.

The following 23 students were initiated into this year's organization: Lana Barr, Bren-da Bowman, Amy Brooks, Beverly Giles (treasurer), Pam Goins, Tammi Gordon, Tina Haynes, Diane Hicks, Robin Horton, Dawn Kovach (president). Kelli Marler, Denise Nor-man, Lori Nichols, Angela Praitt, Shari Perina Payne (secretary), Donna Seigler, Janice Small, Lyva Spicer, Melissa Spurlin, Daphne Venable, Veronica Vallaneuva, Lisa Wat-son and June Transcu (vice president).

Collegiate Secretaries International is administered by the Institute for Education, a de-partment of IAAP. By the year 2000, more than 4 million administrative professionals will be working in the United States, and another nine million people will hold related po-sitions. Together, this is almost 10 percent of the total work force.

Involvement in CSI is an ideal way for students to prepare themselves for the business world and seek excellence in their future career.

Auto Body Repair **Course Is Planned**

ASSOCIATION HONORS SURRATT The Surry County Genealogical Associa-tion met Saturday, Dec. 14, for its annual dinner meeting and Christmas party at the Lantern Restaurant. Fifty members were

The group surprised Carlos Surratt by bonoring him as the founder of the associa-

Judy Cardwell, president, greeted the guests and turned the program over to Either Johnson, who was master of ceremonies. She called upon Wanda Lewis to tell something of how the association began in 1981.

or now the association began in 1981. Wanda told about getting started and about some of the publications the associa-tion had published, especially the Surry County Heritage Book, Volume I, which came out in 1982.

The group then surprised Carlos by tell-ing him he was the bonored person at this

Carlos said that he realized the need for an association when he was teaching a geneaan association when he was teaching a genera-logical class at the college. So he wrote to several people who were interested in general-ogy and when he got a positive response he called for a meeting to talk about beginning the association

The charter members were also honesed at this meeting. They were lances and Dia-nne Caller, Jo Frances Adams, Kay Brown, Kathryn Creed (now deceased), Hester Jack-son, Kenneth Kallam, Wallace Kallam (now deceased), Carol Leonard, Wanda Lewis, Mary Frances Mabe (now deceased), Virginin Phillips, Carlos Surratt and Agnes and

Clayton Walls. It was decided early-on that the associa-tion would have to publish a quarterly jour-nal to have information that the group had re-searched. There are now 300 members all over the U.S. and some in foreign countres-who receive the journal after they join the as-sociation. The association has published 65 journals, two heritage books. Volume 1 and L and weveral members have published Clayton Wells. II, and weveral members have published many other works.

Carlos has been steadfast in schepherding the association and Robert Holder should be mentioned, too. He was president for seven years and declined to seek re-election despite urging by the group. He cheouraged publication and much of the material publishpublication and much of the material publish-ed was done under his supervision and many others have given on their time wathout pay to put out this information. This association has amassed a great deal of material on the history of Surry County and its people. Also deserving of thanks are lerry Wea-ver, Sheila Core and Pauline Eades for their help in amassing this material.

belp in amassing this material. With the renovation of the library last year, a history room was set aside for mater-als. There will be an open house on Sunday, Jun. 10, beginning at 2 p.m. so all who are in-terested may come and see this very good collection TRA News 12-31-18

SCC Scholarship Fund

ilit

Mr. Kester Sink of Holly View SCC Financial Aid Committee donation of \$100,000.00 to be used for scholarships. This donation, one college program. The student can be of the largest gifts in the college history, will produce enough income to fund a minimum of twelve fulltuition scholarships yearly.

Mr. Sink hoped that this donation would encourage other people with more wealth to have a similar vision for Surry County and support the educational opportunities offered through SCC. During Sink's lifetime he has seen the effects of both what an education can do for a person and what a lack of formal education can keep a person from doing.

The name of the fund is the Kester Sink Family Endowment, and the first scholarships will be available to SCC students in 1999. These scholarships will provide full tuition to the college and pay for books. and fees depending on the needs of the recipients as determined by the

Sink Gives \$100,000 To College Help Is Available Photography

By JEFF LINVILLE Staff Writer

Once college-bound students have applied for avail-able grants and scholarships, there usually are plenty of bills left for the young adults and/or their parents to pay. That's where student loans play a role.

The types of loans offered include Stafford, PLUS and Perkins. As should be expected, the best type of loan to have is also the hardest to acquire.

To determine how much a student or parent will need to borrow, a school financial aid administrator can assemble a puckage of funds available such as grants, scholarships and work-study jobs. Subtracting the estimated cost of attending school will indicate how much should be borrowed.

Jamie Childress, financial aid director at Surry Community College, discussed the types of loans available to students and parents during a recent presentation at Mount Airy High School. The U.S. Department of Education says Stafford

Loans are the federal government's major form of self-help aid, as they are available to regular students en-rolled on at least a half-time basis.

Dependent students now can berrow up to \$2,625 for etr first year of study, \$3,500 for the second year and \$5,000 for the third, fourth and fifth years.

The sums go up significantly for independent stu-dents - those married, over age 23, envolled in graduate studies or veterans of the artified forces. Their maximum amounts per year are \$6,625, \$7,500 and \$10,500.

Stafford Loans have a variable interest rate capped at 8.25 percent. For those showing a financial need, the government offers subsidized Stafford Loans, meaning no interest is charged on the account while the student is in school and for up to six months after their classes

If the loan isn't subsidized, interest begins to build up on the balance even while the student is enrolled. The Department of Education recommends paying on

EMT Classes Set By College"

From Staff Reports DOBSON — The Communing fucation Division of Surry Comunnity College has acheduled imergency Medical Technician Basic and Recertification) courses. A \$35 registration fee will be tharged for these classes. Books to accompany the instruction will be vailable during the first class seson, costing about \$40. North Car, real county means set North Car-clina resident, who are members of an encoded county and are to years of any or other may register free of charge.

Registration for EMT (Basic) evening training will be held Feb. 16 in Room C-102 on the college campus. The course will meet on Thesdays and Thursdays from 6 to 10 p.m. beginning Feb. 16 and end-ing June 10. In addition, occasional Saturday meetings from 9 a.m. to 3

p.m. could be required. Registration for EMT (Basic) Recentification will be held Feb. 16 in Room C-102 at 9 a.m. or at 6 p.m. The instructor will let students know the day and time of each

More information concerning these programs is available from Dule Ring at (336) 386-8121, Ex-tension 330, 202 or 234,

the interest each month so that the amount doesn't continue to accrue

A better deal than the Stafford Loan is the Federal Perkins Loan. It has a lower interest rate and a longer time after graduation before payments must be made,

Rather than the 8.25-percent interest rate that Stafford Loans have, Perkins Loans carry a 5-percent rate. Instead of having six months after finishing school to start paying off the loan, Perkins provides students nths of grace. nine m

Getting this type of loan is harder, however, because students must show exceptional financial need. These usually are given on a first-come, first-served basis.

The anicount each year is \$3,000 for undergraduate study (up to five years) or \$5,000 for graduate or professional work (up to a \$30,000 maximum).

Similar to some scholarships/loans, Perkins recipi-ents can get a portion of the balance forgiven if they enter certain careers, such as law enforcement, nursing, teaching and child-services professions.

A new way to save money comes through a tax break for education. A dollar-for-dollar reduction in tax liability is offered by the federal Lifetime Learning Credit.

The family or independent student can get a tax credit equal to 20 percent of taition expenses up to \$5,000. This is not available for independent filers earnes up to ing more than \$50,000 a year, or joint filers making in excess of \$100,000 annually.

The Hope Tax Credit provides another break for stu dents. It is based on college tuition and fee charges minus grants, scholarships and other tax-free assistance, according to the Department of Education. This credit may be taken during the first two years of college, up to a maximum of \$1,500.

More information on Ioans and tax credits is available from the financial aid director at the college to which a student has applied.

Home Buyers **Ofered Class**

DOBSON - First-time home-buyers may learn more about the steps they'll need to go through by attending a seminar on the home buying process at Surry Community College.

The class, offered by USDA-Rural Development, in conjunction with SCC, will be presented Mon-day, March 1, through Thursday, March 4

The course will feature bousing professionals who will explore the entire process of buying or building a home, including a mortgage lender who will discuss budgeting for a home, the different types of loans, and correcting credit prob-letns; a real estate agent to talk about choosing an agent, finding a home and making an offer, and a builder to answer questions about building a home.

Class information also will include choosing a closing agent and what to expect when you get to the point of closing the loan.

Anyone interested in the class should pre-register and may do so by calling 386-8121 extension 211. There is no charge for the class.

Knights Win Region 10 Tournament Crown

From Staff Reports HICKORY - Surry Community College used a strong second half Saturday to knock off Central Piedmont Community College 88-66 in the Region 10 Tournament championship game. The two teams finished the first half in a 30-30 tie.

"We played the best half of baskethall we've played this year," said Surry coach Tony George, who was named Region 10 coach of the year. "The difference in the second half was our inside game."

Danny Brown keyed the "We played the best best bounds." "He (Brown) dominated the boards. He had an exceptional played this year."

-Tony George game rebounding," said Mf (UM) NUUS 2 Second George "Everybody played good Danny, Michael (Ander-son) and Donnie (Bryant) all did a good job inside, but it was a total team effort.

Bryant finished with 12 points and Anderson 10.

The Knights also got plenty of help from the perimeter. Brent Watson pumped in 27 points and Matt Lindsay added 12. Surry Community earned a berth in the championship game with an 83-61 win over Forsyth Tech Friday.

Five player hit double figures for the Knights, who outscored Forsyth 44-28 in the second half. Watson netted 18 points, Lindsay

added 17, Brian Poindexter had 15, Anderson 13 and Brown 11. George was especially pleased with the play of Poindexter, say-ing "Brian came off the bench and did a good jub for us."

Chorus To Help Feed Hungry

MOUNT AIRY - Paramedics removed "bodies" from the old Elimore's building on U.S. 601 Thursday morning. Mem-bers of the Mount Airy and Dobson rescue squads and Surry County Emergency Medical Services worked to remove Mount Airy High School students from the rubble of a simulated car bomb explosion.

The simulation was part of a terrorism response training program, hosted by the Surry Community College Department of Continuing Education. Garrett Hinshaw, dean of continuing education, said Thursday that at least 40 agencies from around the state and region participated in the program, including the state fire murshal's office, the State Bureau of Investigation and all local fire and rescue squade

Hinshaw said having the building donated by owner Kester Sink provided the opportunity to hold the terrorist response training, which will last through Saturday, when the bailding will be burned to the ground as live fire training.

Red Cross Planning March Events

In honor of American Red Cross Month, the Red Cross around the country will be raising money and conducting family safety activities. uch as disaster preparedness drills and presentations, a free "CPR" Saturday, and free baby sitting classes

On March 3-5, the Surry County Chapter of the Red Cross will be participating in a disaster drill and training exercise in cooperation with Surry Community College and Surry County Emergency Services.

The American Red Cross Emer-gency Response Vehicle will be on the disaster site to provide food and drink for emergency personnel and volunteers. The Surry County Red Cross will also set up an emergency operations center near the disaster site to aid disaster victims. Red Cross volumeers with a lot off experiment from the Greensborn chapter will be on hand to assist with this exercise.

"This exercise will be a valuable experience for our local Red Cross staff and volunteers," Executive Director and Disaster Coordinator Cathy Leggins said.

People can learn how to save lives by taking part in Surry Red Cross's free CPR Saturday, March Classes for adult CPR will be beld from 9 a.m. - 1 p.m. on that date at the Elkin Rescue Squad Building, the Pilot Mountain Civic Center, and the Red Cross Chapter.

Free baby sitting classes will be held for anyone age 11 and older who wants to learn how to be a safe and responsible baby sitter. Presentations on disaster preparedness are

M.A. Theres 4.8-99 **College Offers Grief Conference**

From Staff Reports DOBSON — Surry Community College will join some 2,000 other or-ganizations across the U.S. and Canada next week as a local host for Hospice Foundation of America's sixth-annual National Bereavement Teleconference. The live, via-satellite video teleconference, titled "Living With Grief: At Work, At School, At Worship" and lasting two and one-half hours, will examine ways grief influences people's lives in settings such as the workplace,

schools or places of worship. The program also will offer humane and practical suggestions for people who are assisting grievers and for orga-nizations that might have those string-gling with illness and loss in their midet

midst It can be seen beginning at 1:30 p.m. Wednesday in Room T-125 in the SCC Technical Building on the Dob-

son campus. Cokie Roberts of ABC News will noderate the program, which will fea-ture a panel of experts on grief. The teleconference is produced by Hospice Foundation of America, a non-profit organization established to assist those who cope either personally or profes-sionally with such problems as termi-nal illness, death, grief or bereavement

The teleconference is being present ed in cooperation with the Association ed in cooperation with the Association for Death Education and Counseling. The Compassionate Friends, Mothers Against Drunk Driving and additional support from Service Corporation Intional Inc. Last year's teleconference was seen

by more than 150,000 people in ex-cess of 2,000 communities.

"We often discuss how we grieve, but rarely do we consider the places where we grieve," Hos-pice Foundation of America President Jack D. Gordon said. "Yet, whether at work, at school, in our faith community or at home, grief not only affects our moods and motivation, but our relationships as well. It is essential that hospices and other organizations take the op-portunity to explore how the places we grieve have a profound effect on our abilities to function.

Tole Painting Class Offered By Surry

The Continuing Education Divi-sion of Surry Community College will offer a Decorative Tole Painting Class beginning Monday, April 12, at 6:30 pm at the Yadkin County Senior Center in Yadkinville. The 33-hour class will be taught by Carole Jones. Registration fee is

3335 or free to anyone age 65 or over. For more information, call the Boonville Office at 367-7562.

SCC Schedules **Etiquette Class** For Those 18-22

Surry Community College will sponsor a Social Skills And Etiquette designed for ages 18-22 on Saturday, April 10, from 9 am to 4 pm in Room C-102 on the college

Registration fee \$90. Etiquette Consultant Chris Rock of Winston-Salem will teach. For further information or to pre-register, call 386-8121 extension 202 or 269.

"Hosting or co-sponsoring the releconference allows local organi-zations the opportunity to offer a valuable community service to businesses and schools and to network with other resources in their

orea. Speakers on the panel will in-clude Kenneth J. Doka, a Lutheran minister and professor of gerontol-ogy at the College of New Rochelle; Michael Jemmott, senior staff chaplain at Johns Hopkins Hospital, Michael Kirby, the direc-tor of the New York State Police Employee Assistance Department.

SCC Coordinator **Course Planned**

The Continuing Education Divi-sion of Surry Community College has scheduled a 60-hour activity coordinator course that will begin April 14.

The class will be held on The class will be neur on Wednesdays from 6 until 10 p.m. through July 14. It will also meet on one Saturday. Classes will be held in Room C-207 on the college's Dobson campus.

Shelia Gunter will be the instructor and a registration fee of \$35 will be charged. N.C. residents 65 and older may register at no charge. The course is designed to pre-

pare individuals to seek employ-ment as an activity coordinator in a long-term care facility. Registration will be held at the

first class meeting. For further information, call 386-8121, extensions 244 or 234

SCC Instructor Takes Part In Brain-Nurturing Seminar

DOBSON - Kay Hamlin of Surry Community College recently purticipated in a two-day seminar on "Naturing the Brain: Implications for Early Childhood Pro-grams." The seminar is one of five being provided to early childhood leaders throughout the state.

A number of state agencies are allaborating with the Early Childbood Resource Center at Research Triangle Institute to develop an interdisciplinary network of consul-tions who can help the staffs of earchildhood programs gain the mins" of the young children they

MEYVE. Participating agencies include four groups within the Department of Health and Human Resources (the Division of Child Development, Head Start Collaboration Of-Developmental Disabilities Women's and Children's First. Health), along with three groups from the Department of Public In-struction (SUCCESS, Exceptional Children and Even Start). Each participating agency has se-tected early childhood leaders in its

respective local agencies to attend the two-day "Naturing the Brain" seminar, followed later by two one duy forums to address special-interest arms and promote interagency cooperation in local communities. Each of the five regional networks includes up to 35 consultants and incroaces up to an experiments and supervision from a variety of early childhood settings, including child-eare centers, early intervention ser-vices, Head Start, public health and local school programs

The "Nutturing the Brain" semi-r was developed by the RTI's Early Childbood Resource Center staff to translate early heain development and neuroscience research into best practices for early childhood programs. The training places particu-lar emphasis on specific caregiver-

child interactions that promote emo-tional regulation and school readiness. Each consultant receives 200-page resource notebook with materials to help them integrate this important information into their ongoing training and supervisit

hose who work directly with North Carolina's youngest children. Scientists now are finding that experiences early in life help determine the "wiring" of the human brain and can have dramatic effects

that last a lifetime. "In the past few years, we have seen an explosion in research and knowledge of early brain development and functioning, due in part to new technology and in part to increased concern about the develop mental risks facing our nation's

children" says Betty Rintoul, RTI research psychologist. Recent technologies have pro-duced ways to obtain detailed images of brain structure and function-ing, such as the Positron Emission Tomography (PET) scan and the Magnetic Resonance Imaging (MRI) scan. Techniques such as these provide a window through which scientists can view and learn about the human brain's develop ment and activity.

For example, recent studies have shown that the number of brain connections (synapses) increases at an amazing rate between birth and age 3. These connections largely are de-termined by the child's experiences.

In addition to traditional "learn-ing skills," this brain growth involves critical social and emotional skills, such as attention, impulse control and mood regulation. After age 10, new synapses are slower to form and the brain starts pruning away connections that are not used These findings reinforce the view that it is extremely important to pro-

The officers of the club are Jennifer Simmons, presi-dent, Trish Brinkley, vice president, Sonya Nichols, publicity secretary; and loel Rose, PTK representative to SGA. During the 1998-99 academic years, PTK has publicity sectority, and after Rose, FTR (representative to SGA. During the 1998-99 academic years, PTK has sponsored the campus Angel Tree, provising more than 150 children with gifts for Christmas, a Christmas bazaar, bake sale, and concert that raised more than 33,0000 for the Children's Center of Surry County, and will sponsor a pic-throwing booth during Student Ap-preciation Day to raise money for Joy Ranch, PTK also hoated the first Easter Egg Hunt for SCC students. Phi Theta Kappa, as well as interested individuals and other clubs on campais, is creating a park between the Stroupe Memorial Walking Trail and the Richards Health Sci-euces buildings. This area will feature a gazeb, ded-cated to former PTK advisor Chris Yopp who died sud-denly last April, as well as park benches and swing. The project will take several years to complete. For ad-ditional information about Phi Theta Kappa, contact ad-visor Michael White at 366-8121, extension 311.

SCC To Offer Four **Computer Courses**

The Continuing Education Division of Surry Community College will offer four computer courses in the near future.

The 60-hour Microsoft Office 97 The 60-hour Microsoft Office 97 course will be offered on Monday and Wednesday, June 7 through July 28, from 6 until 10 p.m. at the Mount Airy Learning Center. Shirley Cox will be the instructor and the cost will be \$35 tuition, plus the testback

the textbook. Computer Fundamentals, a 32-hour course, will be offered on Tuesday and Thursday, June 8 through Jaly 1, from 6 until 10 p.m. at both the Mount Airy Learning Center and in Room V-217 on the Dobert purposed Science Computer Dobson campus of Surry Communi-

ty College. The cost will be \$35 tuition, plus

The cost will be \$35 tubion, plus the textbook. David Hall will in-struct the course at the Mount Airy Learning Center, while Debbie Bur-ton will instruct the course at SCC. The 16-hour Internet Basics course will be offered on Tuesday and Thorsday, June 15 through 24, from 6 until 10 p.m. in Room E-113. Surry Community College, Dobson.

Ray Hall will be the instructor and the cost will be \$35 tuition, plus the textbook. Class size will be limited to a

first-come, first-serve basis. Those planning to attend should be present. for registration and the first class meeting.

ASU, Community Colleges Form Alliance

Appalachian State University and nine North Carolina community col-leges, including Surry Community College, have announced an alliance created to increase access to higher education in the state and to expand learning opportunities through collaboration and a variety of outreach ini-tiation.

Members of "The Appalachian Learning Alliance" will share technolo-gy, libraries, faculty and other educational resources as appropriate to deliv-er learning programs and courses to a wider range of traditional and non-traditional students. It will primarily serve a 16-county region extending from Winaton-Salem to Marion and from the Virginia border to South Car-olina.

olini The alliance was formalized at a meeting preceding a conference of

The alliance was formalized at a meeting preceding a conterence of North Carolina community college trustees April 29 in Greensboro. "The Appalachian Learning Alliance has the potential to add substantial value to North Carolina's educational resources for our citizens and be-come a model for similar partnerships involving other institutions," said Dr. H. Martin Lancaster, president of the North Carolina Community College System, Dr. Lancaster and Molty Corbent Broad, president of The Universi-ty of North Carolina, have endorsed the new alliance. Possible collaborations under consideration by the alliance involve dis-

Possible collaborations under consideration by the alliance involve dis-tance learning, web-based instruction, graduate education, life-long learn-ing opportunities, certificate programs, special corporate programs and re-tioned nublic service initiation. gional public service initiatives.

"Demand for specific courses or programs in communities across the re-gion will guide us in developing initial educational offerings through the al-liance," said Appelachian Chancellor Francis T. Borkowski.

Free Financial Seminar Slated

Stirry Community College's Business Center will present a free seminar, "Financial Strategies for Business in the New Millenium," on

May 25 from 6:30 until 8:45 p.m. This two-part seminar begins with Chuck Bullins of the Charles Marshall Funding Group detailing an alternative way for businesses to create cash flow/working capital without creating additional did. without creating additional debt. Frank Beals of the Edward Jones investment company will conclude the evening by identifying various

retirement planning options for business owners. The seminar will be held in Room C-101 on the Dobson cam-

ous of SCC. Those incrested should call 386-8121, extension 211, to pre-register.

Computer Basics Class To Start

Surry Community College will sponsor a computer basies class at Mount Airy High School. It will begin Monday at 6 p.m. The 30-hour course will meet from 6 until 9 p.m. each Monday for 10 weeks.

The registration fee will be \$35 and no textbook is required. N.C. residents 65 and older may register nt no charge.

Larry Davis will instruct the course and there will be no pre-reg-istration. Enrollment will be on a first-come, first-serve basis.

For further information, contact the Continuing Education Division of Surry Community College at 386-8121, extensions 202 or 269.

Graduation 1999 - The Mount Airy News Friday, May 28, 1999 - 9 SCC Confers 331 Degrees In Graduation Exercises

DOBSON - Before a crowd of over 2,000 people, students at Surry Community College graduated May 14 at 6:30 p.m. During the 32nd commencement program, the col-lege conferred 331 degrees in exercises held in the gymnasium on the college campus. The president's reception for

graduates and friends was held in the Knight's Grill immediately fol-

basing the ceremony. Family and guests who chose to do so then tourned the campus. During the commencement exer-cises, Charles Madison, chairman o the board of trustees, delivered the invocation and Michael McHone, vice president for student services. welcomed the group. Conrad Holcomb Jr., a member

of the SCC Employees Association, chairman of the social sciences division and 34-year veteran history and political science instructor, repre-

sented the faculty. Dr. G. Frank Sells, SCC president, spoke, reminding the gradu-ates that the graduation day did not mark an end to their education, but the beginning of their learning if they keep their minds open to all of the opportunities for growth that surround them.

Sells conferred degrees as John Collins, vice president for instruc-tion, presented the graduates. Music was provided by Benny Younger, SCC music instructor, and

the college chorus. Marshal were students from the freshman class chosen on the basis of their academic standing. The students included Deanna York Benge. Mount Airy; Beverly Bryant Blevins, Pilot Mountain; Kimberly Dawn Burcham, Woodlawn, Va.: Jennifer Kay Hawks, Galax, Va.; Marie Crabb Key, Siloam; Angel Danielle Rushton, King; Nancy Baron Shore, Jonesville; and Melis

sa D. Spurlin, Lowgap, Surry Community College offers degrees, diplomas and certificates to graduates. The Associate in Applied Sci-

ence degree is awarded to students who complete one of the college technical programs and also has the option for transferring to a four your Te Associate in Arts degree is

presented to students who complete the two-year college transfer program, while the Associate in Science degree is also awarded to students who complete the two-year college transfer program.

The diploma is presented to stu-dents who complete one of the technical programs offered and the certificate is presented to those who complete a designated set of cours-

SCC SCHOLARSHIPS: The Mount Airy Lions Club has awarded two scholarships to graduating seniors who plan to continue their education at Surry Com-munity College, Jack Lottis, chairman of the Lions Club scholarship committee, makes the presentation to Charlene Vogler, a graduate of Mount Airy High School (center), and Brandi Michelle Atkins, a graduate of North Surry High

College Awards 331 People With Degrees

Before an over-flowing crowd of more than 2,000 people, students at Surry Community College received their degrees on May 14. During this thirty-second commencement program, the college conferred 331 degrees in a ceremony held in the gymnasium on the col-lege campus. Unlike previous graduation ceremonies, this one was much more comfortable for everyone since the weather was cooler. The President's reception for graduates and friends, held in the Knight's Grill more diately following the ceremony, offered graduates, the families and friends, as well as college faculty and staff an opportunity to get acquainted and share memories. Family and guests, who chose to do so, then toured the campus

During the ceremony itself, Mr. Charles Madison, Chairman of the Board of Trustees, delivered the invo-cation; and Mr. Michael MeHone, Vice President for Student Services, welcomed graduates, faculty and guests. Mr. Conrad Holcomb, Jr., member of the SCC Em-

ployees Association, chairman of the social sciences di-vision, and 34-year veteran history and political science instructor, represented the faculty. Dr. G. Frank Sells, SCC President, presented an entertaining message to the graduates and their families; however, he reminded the graduates that graduation did not mark an ending to their education. It did, in fact, mark the beginning of their learning, if they kept their minds open to all of the opportunities for growth that would surround them. Dr. Sells conferred degrees as Mr. John Collins, Vice

President for Instruction, presented the graduates. Mr. Benny Younger, SCC Music Instructor, and the college chorus provided music. Students from the freshman class were selected to

serve as graduation marshals based on their academic standing. These students were Deanna York Benge, Mount Airy: Beverly Bryant Blevins, Pilot Mountain; Kimberly Dawn Burcham, Woodlawn, VA: Jennifer Kay Hawks, Galax, VA; Marie Crabb Key, Siloam: An-

Fees for the workshop total \$65, S35 fuition and \$30 for workbook Space is limited. Those interest-ed should call 386-8121. extension 211, to reserve a seat.

ASU announces alliance with community colleges

Appalachian State University and nine North Carolina community colleges have announced an alliance created to increase access to higher education in the state and to expand. learning opportunities through collaboration and a variety of outreach initiatives.

Members of "The Appalachian Learning Alliance" will share technology, libraries, faculty and other educational resources as appropriate to deliver learning programs and courses to a wider range of tradi-tional and non-traditional students. It will primarily serve a 16-county region extending from Winston-Salem to Marion and from the Virginia border to South Carolina. The alliance was formalized at a

meeting preceding a conference of April 29 in Greensboro, "The Appalachian Learning Al-

liance.

liance has the potential to add substantial value to North Carolina's educational resources for our citizens and become a model for similar partnerships involving other institutions," said Dr. H. Martin Lancaster. president of the North Carolina

Community College System. Dr. Lancaster and Molly Corbett Broad, Borkowski. president of The University of North Carolina, have endorsed the new al-

Possible collaborations under consideration by the alliance involve distance learning, webbased instruction, graduate education, life-long learning opportunities, certificate programs, special corporate programs and regional public service initiatives.

"Demand for specific courses in N.C. community college trustees communities across the region will guide us in developing initial educational offerings through the alliance," said Appalachian chancellor

Francis T. Borkowski. Preliminary assessment of those educational needs indicates strong interest in new business, computer science, criminal justice and teacher education programs, which could be introduced as early as during the nest academic year, according to

Dr. James M. Reeves, retired president of Surry Community College, has been named executive coordinator for the alliance.

Surry Cosmetology Class Tours Spa

From Staff Reports Surry Community College cosmetology students re-cently received their first look at aesthetics in a profes-sional setting.

The Spa at Highland Oaks, located in Winston-Salem, offers a new approach to anesthetics cateer in the day spa industry. They provide the benefits of a skin and body care spa facility, while working in conjunc-tion with a Doctor of Dermatology and Cosmetic

Surger The Spa offers a variety of services, such as massage therapy, body treatments, and personalized facials. They work closely with Dr. David Spencer in perform-ing chemical peels and power peels to improve the ap-pearance and texture of the skin. Innet Kouloske, spa director, guided the students through the facility, expl ing the function of each room and it's corresponding procedures

Dr. David Spencer, cosmetic surgeon, presented an insightful lecture regarding methods of cosmetic reju-

venation, such as the use of Retin-A, glycolic acid, and laser peels. Dr. Spencer also discussed the importance of sun block, versus sunscreen to repel intense sunrays. To conclude the presentation, Dr. Spencer allowed the ts to view actual alides of various cosmetic procedures, before and after results.

The students have a much greater understanding of the application of esthetics in a spa environment. The staff at the Spa at Highland Oaks emphasized the importance of education, and graciously shared their per-spective on skin and body care. One student stated, "I was overwhetmed by the complexity and variety of pro-cedures offered at the Spa. I now have a greater insight into a caecer in esthetics and plan to further my education in this area."

Dr. Spencer plans to open a similar facility in Mount Any before this year ends. For additional information, contact Charles Jackson, SCC cosmetology instructor, ut 386-8121. MA News 5.24.99

Community College Students Honored At State Ceremony

From Staff Reports

RALEIGH - Two students from Surry Community College were among 118 top achievers honored at the second-an nual Academic Excellence Awards luncheon recently in Raleigh.

Kelly Davenport and Frankie Sechrist, both of Mount Airy and in the SCC college transfer program, received their awards in front of a packed house of more than 600, according to Sen. Virginia Foxx, whose district includes Surry County

The andience included award recipients and their families; community college presidents, trustees and faculty and staff members; members of the General Assembly; and top state officials, according to Foxa.

We are pleased that a majority of the N.C. General Assembly joined us to honor the students from their respective dis-tricts," said System President H. Martin Lancaster. "This is a special time for the Community College System, a chance to celebrate the success of our institutions."

Frankie Sechrist, son of Janie and Frank Sechrist, complet-ed work on his associate of science degree with a 3.811-gradepoint average. Kelly Davenport, daughter of Becky and Larry Stafford, finished with a 3.76.

The luncheon honored two students from each of the state's 58 community colleges and North Carolina Center for Applied Textile Technology Students were selected by the college presidents based on their academic achievement and demonstration of leadership abilities, according to Foxx. "I commend the system for this program and congratulate

levelopment of an on-site child care be a base for an early childhood facility in the first building to be acation curriculum erected on SCC's Yadkin County

The offer, according to a press release, was extended to Wayne Matthews by Jerry Carlton and Brian Cormier

Matthews is director of Continued on Page 6

Continuing Education at Surry Community College. Jerry Carlton is chairman of the

Yadkin Family YMCA Steering Committee. Cormier is president and CEO of

the YMCA of Greater Winston-Salem

100

Carlton said it is important to the county for both the YMCA and the SCC campus in Yadkin to be successful,

"The YMCA wants to be an important part of making our park and recreation, as well as our community college, better for our entire unity," said Carlton.

"We look forward to working together with both these positive community assets."

It was noted in the press release that the decision to choose between two excellent locations for the YMCA-are at the Yadkin County Park , the other at the site of the new community college off U. S. 60-1-was difficult.

It was also noted that the committee's choice of the park site for the YMCA was a majority decision.

Boonville Clase de Ingles Comienza

La Division de Educacion Continuada de Surry Community College se ofrecc a la comunidad hispana una clase de ingles (ESL) en su centro en Boonville en la calle River Road. Esta clase se reune cada martes y jeuves da las 6:00 a las 9:00 de la tarde. La maestra es Mary Anne Forehand. La clase es gratis. No se necesita registrar antes de attender. Todos estan bienvenidos,

Computer classes are scheduled

Having Trouble Finding Qualified Entry Level Employees?

By DAVID HAYES Industrial Education Coordinator

With a tight labor market and a lack of interest of the part of many young people in pursuing a technically-oriented career, most employers will answer yes to this question. The Surry County schools and other

local systems are working to address this problem by promoting the College Tech Prep Program. College Tech Prep is a course of study designed to provide students with a strong academic foundation and a focus on a specific technical career pathway. It does not limit a student's options, but rather enhances them by providing a more rigorous and challenging course of study for those who are not plan-ning a traditional four-year college degree

program. The High School College Tech Prep Pro-gram is articulated with the Tech Prep Pro-gram offered at Surry Community College, allowing students to make a seamless tran-sition from high school to college and the work-site. In some cases, students may earn advanced standing in specific technical and vocational courses at Surry Community

College. Surry Community College has been reviewing data on high school students that have completed a High School College Tech Prep program and who have contin-ued their education at Surry Community College. When these students are compared to College Prep students and general course of study students, College Tech Prep students' grade point averages are higher and more of them remain in school to earn their

"We feel one reason for their continued "We feel one reason for their commuces success in they are prepared for college lev-el work and they have a focus on where they want to go with their lives," said Ted Summey, director of Work Force Develop-ment Education for the Surry County

College Tech Prep students are not required to take foreign language, but to complete the College Tech Prep program requirements they are required to take Technical Math I and II or Geometry, and Algebra II. The Technical Math courses are based on the principals of Geometry and Algebra II, but are taught in a practical,

applied manner Students are also required to complete four technical courses in a career pathway, one of which must be a "completer course," one of which must be a "completer course, or a second level course. Students complet-ing a College Tech Prep course of study will be exceeding the current minimum graduation standards. Workers now and in the future will be required to have higher levels of math, science and communication with

Employment trends are changing. Students will need to be prepared to enter a labor force that has shifted dramatically since the 1960s. The demand for professional level occupations remains at about 20 percent of the labor force. Now and in the future the number of unskilled occupa-tions will decline while the number of skilled or technical occupations will increase to about 60 percent of the workforce. Unskilled occupations will make up less than 20 percent of the current labor

Employers continue to search for technically skilled entry level employees to meet labor force needs. The skilled jobs require education and training beyond high school,

but not necessarily a four-year degree. Traditionally, we have been able to tell a student - formally or informally - the education, training and licensure requirements for becoming doctors, lawyers, teachers and other professionals. These tareer path-ways and ones like them the easy to explain. And we have told students that these are occupations that of er a bright future and a better way of life. In many cas-

es they do. But what about the student wishing to pursue a more technical occupation, such as an electrical contractor or a computer net-work administrator? These careers are in high demand, provide above wages, but they do not necessarily require a four-year college degree. College Tech Prep is intended to assist students in preparing for technical careers that do not require the

technical careers that do not require the four-year college degree, but do require a neademically well-prepared individual. Along with higher acaden ic standards, the College Tech Prep Program provides students the opportunity to participate in work-based learning programs in which students can spend time at work sites, lower and based because and in some Cases, beract with workers and, in some cases, perform actual job tasks. These include job shadowing, internships, clinical experi-ences, and youth apprenticeships. Participation in a work-based learning program can verify a student's interest in a

career area, or it may allow them to find out

early on they are not seized for a certain career. It also allows employers to meet with perspective employers and promote their business and their profession.

If you are interested in more information on the College Tech Prep program, contact your local high school counselor or school system administrative office. Other school systems in partnership with Surry Commu-nity College in College Tech Prep are Mount Airy City Schools, Elkin City Schools, Stokes County Schools and Yad-kin County Schools. A total of 11 area high schools currently are partnering with SCC in the program.

 Plans won't 'derail' If legislators slash \$100 million to community colleges

BY TODO MERRIMAN STAFF REPORTER

DOBSON - Even if deep cuts to a billion-dollar boud proposal withstand another weekend of lobbying, they shouldn't derail any construction plans at Surry mity College, the president said Wednesday.

Legislators have given University of North Carolina system house. Each contain money for

College, which would have re-ceived \$4.83 million for construction under the Senate plan, might receive more than \$1 mil-lion less, about \$3.75 million.

tural study to put up a new build-ing, one that would be paid for under the last bond package. But

Brokerage class slated

DOBSON, N.C. - A class in real estate brokerage will begin July 19 at Surry Community College.

The class will meet Mondays and Wednesdays from 6 to 9 p.m. for 5.5 weeks

Students must have successfully completed the fundamentals of real estate class before enrolling. Fee is \$35 plus textbook cost of about \$53. Register at the first class. For more information, call (336) 386-8121, extension 269 or 202

Evening course offered at SCC

The continuing education division of Surry Community College has scheduled a 124-hour Nursing Assistant 1 evening course to begin July 20.

The class will meet Tuesday and Thursday evening from 6 p.m. until 10 p.m. through November 4 in room C-207 on the college campus Registration will be held on the first night of class and costs \$35 with an additional \$37 for the texthook.

Surry Community College is an affirmative action/equal opportunity college.

Attention High School Students: You Have Options

Surry Community College and your school have several options open to you. As you think about your future, think about these options.

Tonia McCaslin graduated from Surry Central in 1997; in addition to Tonia's studies at Surry Central, she began taking college classes at SCC during her sophomore year. When she graduated, she had accumulated 35 college credit hours. These credit hours equal the credits needed to be a sophomore or second year college student. Since dual enrollment allows students to take college classes while still in high school at No Charge other than for books, Tonia was able to save her family thousands of dollars. When she enrolled at Surry in August 1997, her tuition was paid by the SCC Foundation's Top Ten Scholarship which is available to any student who completes high school as one of the top ten students in his or her class.

Pelet 8.4.99

Also, you might be interested in your school's advanced placement program, which would allow you to get college credit for cources taken in high school. Another option you have this year is early graduation which means if you have completed all your graduation requirements after first semester, then you could come to Surry during the second semester and take a full schedule of college classes.

Computer basics, a 32-hour course,

has a flexible plan for working adults to get their Associate in Arts degree --WEEKEND COLLEGE.

Weekend College is another way to meet your learning needs. SCC knows you are busy! Most weekend college students are working and have families. They are focused and committed to one thing - a better life for themselves and their families. Studies show that a better education means a better paying job.

- ✓ Classes offered in 12 week sessions spring and fall; 10 weeks in the summer
- ✓ Three courses offered in fall/spring semester--one Friday and two on Saturday
- ✓ Distance learning opportunities and summer electives offer great flexibility
- ✓A.A. degree in 3 years coming Friday nights and Saturday
- Electives include computer classes, Sociology, Psychology, PE, Music, Religion, Spanish, Accounting, Personal Finance, etc.

Classes include group work, multi-media presentation, field trips, guest speakers, discussions, and much, much more. Weekend students are given the same instruction as the "traditional day student" -- only on the weekends.

Join fellow co-workers who are seeking self improvement and career advancement. Sign up early since some instructors may want to contact you before the first class-just to get you off to a great start.

If you need more information, call fax, or e-mail

AGE: 52 BIRTHPLACE: King FAMILY: Wife, Amanda Ballingal (33 Years); Two Sons: George Franklin II (31) And John O'Neil (24); Grandson: George Franklin III (20 Months) EDUCATION: Graduated From South Stokes High School (1965); Two Bachelor's Degrees, In Education And Psychology, From Milligan College (1969); Master's Degree In Reading Education, East Tennessee State University (1971); Educational Specialist Degree, Appalachian State University (Around 1980); Doctorate Of Education In School Administration, Virginia Tech (1987

Tennis, Biking, Golf HOBBIES: By JEFF LINVILLE

Staff Writer

DOBSON — When it comes to education, there isn't much Prank Sells hasn't done in his 30-year career. He has been both a teacher and administrator, covering

prode levels from kindergatten to junior college, and has enjoyed every step along the way. Now the president of Surry Community College, Sells said, "Tlove what I do."

"Education - the business itself - is a people business," Sells said. "We are in the business of transforming peo-

He likes to think everyone who attends SCC goes through a change in that they enhance skills and knowl-edge, improve their overall quality of life and learn the im-portance of sharing with and helping others. He said being part of an institution that helps people achieve those things piextremely rewarding.

Sells knew he wanted to go into education as far back as when he was a student at South Stokes High School in Walnut Cove. The son of Vernon Ous and Lema Hall Sells was the

youngest of four children. Sells was several years behind his siddings. In fact, when his solar, Jane Kiser, hegan high school, Frank still was sucking a bottle. Growing up in King, Sells' father was a heavy equip-ment operator for the N.C. Department of Transportation

and his mother was a homervaler. "Iane played the plant," Sells recalled. When she grad-uated from King High School, it had a tradition of one preschool boy and girl serving as mascels for the seator class. Sells was 4 years old when he was named the mascot for his hig sister and got his photograph in the school yearbook for 1951.

yearbook for 1951. Sells attended King High School himself until South Stokes opened in the full of 1964. As a senior, Sells was part of the school's first graduating class and a member of its football, baskatball and track teams. "I've always liked sports

After graduating, Sells knew he wanted to attend a small school where he would feet comfortable and get an education so that he could become a teacher and couch. He enrolled at Milligan College in Johnson City, Tenn.,

with a double major in education and psychology. Milli-gan was a church-sponsored school, he said, and Sells knew a let of people who had gone there or were planning to; also, it had a good reputation for being a quality small school

That was before the days of community college," Sells said. Surry Community College was under development at the time, as part of an evolution leading in today's statewide community college system.

At college, Sells begins to notice fellow student Amando Ballingol. A friend helped set up a date between the two early in Sells' sophomore year. A whirthound romance de-veloped, and the two were wed before finishing school,

Being married put an extra strain on Sells as he carried a full load of classes and worked full-time at a grocery "It was a challenge, but it taught me a lot about respon-

sibility, proseverance and accomplishing your goals

The inactinge was a shock to the pair's parents, but Sells said, "They accepted it. They wanted us to get through college, but they were very supportive." Two years later, Sells had a newborn son, George

Franklin II, and two buchelor's degrees. Sells started teaching in Roanoke, Va., as soon as he funshed college. Then he worked on earning a master's degree; part-time during the school year and full-time in

He taught language arts - English, reading, writing - to middle school aged children at Mount Vernon School, which since has closed Amunda taught at Oak Grove School, a fairly new facility then that still is it use.

When he left for college, Sells had envisioned himself as a teacher and coach, but during his freshman year, an adviser pushed him to pursue teaching at the elementary level rather than high school. The adviser thought Sells had potential in school administration and said he would have a better chance of getting a principal's position at the primary level

Soon after he earned a master's degree in 1971, the Roanoke County school system offered Sells is just -pervisor for elementary hanguage arts and reading. A year or so after taking this job. Sells traverial back to

Stokes County to watch a game. While there he ran toto his old high school coach, who informed how that the

county was seeking a reading supervisor. He returned to Stokes and spent four years as acading supervisor for grades 1.12. Then in 1975, he because so pervisor for general elementary education. About this time, his second child, John O'Neil, was bern.

While elementary education supervisor. Solito worked on setting up the first public school kindergartent in Sieker

In his space time, Sells returned to school himself, taking classes at UNC Greenshoro to obtain procept certifi-cation. Selis and that as a supervisor he could ver that the real power and leadership came through priocipa

He subsequently because principal of Germanian chool for three years, during which a new composopened. He moved on to be principal of King Intermediate

Profile Continued from page 1C

School, which also got a new building in his six years there.

Then with the 1984-85 school year. Sells was given the chance to move into the central office as associate superintendent. By then, he knew he wanted to become a superintendent and figured that this would give him valuable experi-CRUCC

His various jobs were good prerequisites for working out of the central office, he believes. He laughed during an interview when recalling some of the difficulties he faced in his positions. He though he had a good idea of what principals abouid and should not during the principal should and principals. do when he was a supervisor. Then he had to eat some of those words when he became one, Sells said.

As principal, Sells said he had good interaction with students. As associate superintendent, he got into the business side of management.

Sells obtained the job he wanted in 1989 when the Stokes County Board of Education appointed him superintendent of schools. He held this position for more than nine years, until SCC President Jim Reeves retired in December 1998.

After nearly a decade as county superintendent, Sells said he liked the idea of a new challenge. Being a superintendent is "a stressful, ex-tremely challenging job," he said, pointing out that nationally the average superintendent losts less than three years before suffering burnout of the board terminates the contract.

Sells said he had a really good tenure in Stokes and received a new four-year contract a year ear-

SCC to sponsor fly fishing program

The Continuing Education Division of Surry Community College will sponsor an "Introduction to Fly Fishing" program, beginning September 30 and ending October 23.

This 16-hour course will meet from 6:30 to 9:30 each Thursday evening in room c-203. There will be no class on October 21. The final session will meet on Saturday, October 23, at 8 a.m. for a field trip to a location for use of skills learned.

The cost of this program will be \$40 for each participant. Space is limited to the first eight pre-registrations received at the

To pre-register, contact Garrett Hinshaw at 386-8121 ext. 243. No equipment is required for the first meeting. SCC will provide equipment for those individuals who do not have their own.

her, so he wasn't looking for work. However, the lure of Surry Community drew him away from his home county.

As committed as he was to traditional public schools. Sells said he is becoming just as committed to SCC. He now realizes that instruction there is equally important to children's elementary school-110

"I think we give new hope to lots of people who lots of times are older adults who are unsure about going back for any further education. We are equipped to do all that we can for those folks, give the personal assistance that they need. To see them develop that self-confidence about returning to school is a marvelous feeling." Watch-ing his first SCC graduation last spring was quite inspirational to him, he said.

"I think our challenge is to keep pace with today's fast-moving workplace, to stay abreast to changes needed for preparation for tomorrow. I believe we'll do it with the help of our friends in business and industry.

"One of the most impressive things about this instruction is its employees, the people who work here. They love their jobs and they really care about what they do They have a real intrinsic desire to help all students who come here accomplish their goals," Sells continued.

While he has accomplished many personal goals in the last 30 years. Frank Sells is still only 52 years old and said he hopes to be at SCC for a while.

Classes to be offered at senior center 94.44

The Continuing Education Division of Surry Community College will offer the following classes at the Yadkin County Senior Center in Yadkinville:

ing escrow for insurance and taxes,

Templeton said he was approached

by the Upper Yadkin Valley chap-

ter after performing a similar ser-

vice for a Habitat chapter in Pilot

Mountain. The classes have also

assisted with the construction of a

By JON HOLLEMAN

The Upper Yadkin Valley Habitat for Humanity has formed a partnership with Surry Community College to build houses for area families. Surry's Construction Technolo-

gy/Carpentry, Electrical and HVAC classes have built the houses of Levi and April Gregg and Craig and Lisa Smith, all of Boonville. The classes also assisted in

building two other Habitat houses in Elkin, but did not oversee all aspects of the operation as they did with the Boonville homes.

The students will soon begin the construction of Habitat's next house, for the family of Greg Zach, which will be in Boonville as well.

Students in the classes receive a two-fold grade: one for academics and one for professional participation, or how well they do on the job

"It has fit perfectly with our learning objectives," said Lynn Templeton, instructor of the Construction Technologies class.

"It's the perfect opportunity," he said

The students work on all aspects of the house, from pouring the foundations in September to roofing to putting the finishing touches on it in the spring.

The students build the house over the course of two semesters, Templeton noted, so they can get the most out of it.

"The students become really invested in it," Templeton said. "They can drive by five years

from now and say 'I helped build their house."

Templeton said that while one group can be at Surry in class. another can be at the house site. If two classes need to be at the site at the same time, one can work inside while the other group works outside

The instructors for the classes figure up the cost of the materials they need and then bill Habitat. The students and instructors provide the labor free of charge.

The other instructors are Randy LeQuire and Grant Caudle, who are over the Industrial Maintenance (electrical and plumbing) program and Keith Senter, who oversees HVAC (heating and cooling).

All of the instructors are licensed and experienced in their fields.

The Smith home, the most recent built in Boonville, has 1,271 square feet, four bedrooms (the family has three children) and two bathrooms.

Templeton is the construction coordinator for each building project, and works with each family chosen to help them attain their sweat-equity hours.

Computer Class Slated At School

Surry Community College will Surry Community College will sponsor a "Computer Basics and More" class at Mount Airy High School beginning Sept. 13 at 6 p.m. The class will meet from 6 until 9 p.m. on Mondays for 10 weeks. Larry Davis will be the instructor and the taition fee will be \$55. No

textbook is required. Those interested may call 789-0913 or 386-8121, extensions 202 or 269 9-5, 99

Undkin Ripple 8-32.99 ouse for the Mt. Airy chapter. The students, he noted, are a cross-section of life and include retirees, persons who are going back to school after being laid off Each family selected by Habitat must perform 400 hours of sweator who are just seeking better jobs, equity toward the construction of persons acquiring skills in building their own homes and traditional students who have recently graduated The houses are then sold to from high school.

Christine Greene of Habitat said the Elkin chapter hopes to continue a recent trend of building two houses a year, with the SCC students building one and other community volunteers building the other.

The Elkin chapter, which serves Yadkin County, eastern Wilkes and southern Surry, has built nine houses, six of which have been in Yadkin.

Sewing classes will be offered on SCC campus

will sponsor the following sewing classes:

Tuesday, September 7, from 9:00 a.m. to 1:30 p.m. on the SCC campus in Room C-104. The instructor will be Edith Snow, and the course will be 44 hours long.

Thursday, September 23, from 9:30 to 12:30 p.m. The instructor will be Pat Garris, and

SCC Has Program 99 99

I am calling in to address the "Higher Education" article that was in the Aug. 19 paper, It suggested using the Mount Airy Junior High School as part of a four-year extension program. Surry Community College also has an extension program for people at night. They can go two nights a week for two years and earn a four-year degree through various colleges like Gardner-Webb and others. I felt that this information should be out there for the public to that if you have already curned your two-year degree, it is a possibility in Surry County (and unrounding areas including parts of Virginia) to earn a four-year degree.

Surry Community College this course will be 39 hours. Thursday, September 23, from 6:30 to 9:30 p.m. with Pat Garris as the instructor. This course

> On Wednesday, September 8, a Custom Sewing course will be offered from 9:00 to 12:00 p.m. Lydia Taylor will be the instructor, and the course will last for

class planned

DOBSON, N.C. — A tree class in home ownership for those who plan to buy or build a home will meet Sept. 14 and 16 at Surry Community College. Hours are 6:30-9:30 p.m. Participants will learn how to cor-rect credit problems to obtain financ-treet credit problems to a that in the taken

ing to buy a home. They will be taken through the process of meeting with Realtors, obtaining financing, choos-

ing a closing agent and other steps. Pre-registration is required by call-ing (336) 386-8121, extension 211

College Offers Aviation Ground School

The Continuing Education Division of Surry Community College will offer a 72-hour Aviation Ground School course beginning Sept. 13, at 6:30 p.m. in Room C-201. The class will meet each Monday and Wednesday evenings from 6:30-9:30 p.m. until Dec. 1.

This course will prepare students to take the knowledge portion of the private pilots license exam. No previous flying experience is required.

Fred Higgins will be the instructor for this course.

The cost of the course will be a \$60 registration fee. North Carolina residents age 65 and older may register free of charge. The textbook will be available from the instructor for \$30. Registration will be held in the first duss meeting on Sept. 13. Filet 9.1-99

frustrating and, at times comical, for board members and the small audience.

It centered on the transfer of 16 acres from the county to Surry Community College for a satellite campus along U.S. 601 north of Yndkinville. Before Surry Community College can begin work on the campus, the deed has to be transferred to the college. But it wasn't that simple

Yadkin County school officials wanted 10 of the 46 acres for future expansion.

And Commissioner Thomas Wooten of East Bend, contemplating a future location for an EMS communications building. suggested that the county hold onto 6 acres. That would have left the col-

That would have left the chi-lege with 30 acres — still large enough for a campus but not what it had originally wanted. The campus, which will begin with the onstruction of a \$3 mil-

lion building, will replace the col-lege's cramped offices at the multi-purpose education center in bates and motions approved, only to be rescinded later.

In the end, the meandering dis-course even had Chairman W.G. Dinkins of Yadkinville smacking his forehead in frustration and left the college with a smaller site for its new campus. It's not that Monday night's meet-

ing was unusual in its length --commissioners have been known to meet into the early morning hours. But the tedious nature was both

Advanced training to be required for future jobs

BY EUGENE WHEELER SPECIAL PROJECTS REPORTER

If you want a job in the next millonnium, there's one word to know technology, Local employinent and education officials agree that high-tech jobs will be the norm, not the exception. In 1940, the average American

completed little more than a ninth-grade education. Today, 82.9 percent of Americans graduate from high school and nearly

60 percent attend college. Employees will need technical training in their specific fields in addition to a high school educa-tion, said Crystal Morphis, president of the Surry County Eco-nomic Development Partnership. She said machines used in the

workplace today require more technical training than the machines of the past. "We use more and more tech-bology in the workplace," Morphis

and "It's not just computers, but it's all the machines we use today. Tom Carter, manager of the Employment Security Commis-sion for Yadkin and Surry comties, said all workers in the future will need a high school degree and the majority of workers will

need some computer literacy. He said the computer will dommate the workplace, making some computer knowledge a necessity.

For example, Carter said there was a lumber yard owner in the urea 20 years ago who specifically requested workers who could

not read or write. But now the yard is computer-ized and the owner wants workers with a high school diploma and some computer know-how. "It's going to affect everyone in

their daily jobs," he snid. Bobby Todd, executive director of the Yadkin County Chamber of Commerce, said jobs in the area

do not require a high degree of familiarity with computers now, but the use of computers will continue to grow. He said a basic, passing knowledge of computers is becoming more commonplace among workers. Computers are also becoming simpler to use.

You don't have to know how to write code anymore to use a com-

puter," he said. While Tri-County Aron workers may not need extensive computer knowledge now, experts say they will.

Gary Shoesmith, director of the Center for Economic Studies at Wake Forest University in Winston-Salem, said the computer will dominate the workplace in the future

Automation is the future," he said. "Everything is going to be automated.

He said every laid-off plant worker needs to get some training. "The answer is retraining," he said. "The saddest case is the 50to 55-year-old worker who has been laid off after working there a long time. But even they can be retrained. Everybody can be retrained.

Thereau Stewart, former interim director of the Wilkes Eco-nomic Development Corp., agreed that computer skills will be an asset in the future.

We are always going to need laborers such as construction workers and roofers," she said.

Most everyone uses computers today. The associate at Mc-Donald's uses a computer to take your order, the grocery stock per-sonnel uses bar coding computers, and many of us use voice mail. The rate that technology changes is the indicator that the name of the game will be the ability to change and continually re-tool yourself as an employee and

employer.

Carter also said workers will tinue to grow in the future. need to have a willingness to get more training to diversity their

akille According to the Department of Community Colleges, enroll-ment at Surry Community Col-lege has increased by 64 percent over the past two decades

"Everyone seems to agree we have one of the best community college and technical training systems in the country," Shoesmith said.

Shoesmith said the biggest problem is not the schools but

"They'll learn either the said. "They'll learn either the said. "Then they'll go back and get the

Todd agreed that the role of the community college will in-crease. He said manufacturers of-ten look to community college for training because the colleges are not bound by tradition. He said they are more able to adapt quickly to changes in the work ice, and they have more flexibility to meet real-world needs. "Wilkes Community College's

role will definitely increa Stewart said. "Industry will look to the college for the continuing education of their employees, they'll have to if they want to keep up and remain successful."

Gordon Burns, president of Wilkes Community College, said his institution will become more important in the future because

of growth in the region. "New employee training and maintenance education will be a big part of the community colrole," he said. "A knowledge revolution is also taking place and many people will try to further their education." Morphis said community col-

leges are the top economic asset of the area and their role will con-

"They will play the key role in training the work force of the future and retraining the current work force," she said. Carter said Surry Community

College will survey new compa-nies to see what type of training will be needed. It will then create w classes to meet the needs.

We want to make the work force here in the county as job-ready as possible," he said.

Garrett Hinshaw, dean of Continuing Education programs at Surry Community College in Dobson, said the community col-leges in the state will be valuable upgrading worker skills and oviding short-term certification some types of employment. "All the community colleges in

the state of North Carolina will be the number one source for job-em-ployment training," he said. "We are fortunate that we have the flexibility to adapt our services to adapt to the needs of the area."

Frank Sells, president of Surry Community College, said commu-nity colleges will be able to train the work force of the future because the colleges can adapt to the changing times.

Community colleges are in a position to better prepare em-ployees along those lines than are four-year colleges," he said. Sells said community colleges

ve an advantage over universi ties built on tradition because they are not confined to certain curriculum. He said that allows commu-nity colleges to keep up with the inging needs of the employer. "So many students come out

with a four-year degree that is out of sync with the employer's needs," he said. "We're going to constantly change as the need for the employer changes.

In the next millennium, people will change jobs more frequently.

Mack Edwards, 20, of Sparta, and Adam Vaughn, 21, of Mount Airy practice their wiring technique in their electrical maintenance class at Surry Community College in Dobson.

and there will be an increasing need to retool up on skills and change in what you do for a living. He said Surry Community Col lege will continue to update equipment in the future to keep up with the changing technology. Besides new equipment, he said the campus will need to expand, as it is nearly at capacity now. There are already plans to build a satellite campus in Yad-kin County, and the Dobson campus will be expanded in the future, he said.

Carter said the Surry work force has increased by 2,470 over the last 10 years. The Yadkin work force increased by 2,140 and Wilkes decreased by 730 Todd said manufacturers want

CRAINA

of 1/44

workers who are able to learn, and there is no ideal set of skills

for workers of the area. He said employers want people with common-sense skills such as respect or co-workers, promptness and

diligence in the workplace. "Technology can't replace basic common-sense skills," Todd said. "Filling out a job application and treating co-workers with respect

are not technological issues." Hinshaw agreed that one of the main skills needed in the workplace is the shility to work with others. He said the college even addresses the issue of how to deal with difficult co-workers. Morphis said nothing replaces foundation built on the basic skills of reading, writing, math

and problem solving. These basic skills are the skills of the worker of today and the future," she said.

Internet Class **To Begin Tonight**

The Continuing Education Division of Surry Community College will offer an "Introduction to the Internet" computer class at Forbush High School Media Center beginning tonight, Thursday, Sept. 23. Time of class is 6-9 pm and will continue for five consecutive Thursday nights with instructor George Webb, Registration fee is \$55 or free to anyone age 65 or over. Please call the Boonville Office to preregister as space is lim-ited. (367-7562) 9.23.49

MS Excel Class Offered At SHS

The Continuing Education Division of Surry Community College will offer an MS Excel computer class at Starmount High School beginning Tuesday, September 28, from 6-9 pm. ANDY ANDERSON College Adds New

Trustee To Board

Surry Community College President G. Frank Sells announces the addition of a new member to the Board of Trustees during the regular August meeting.

George L. Anderson, Jr., was appointed by the Yadkin County commissioners and became the first trustee from Yadkin County. A satellite campus of SCC in Yadkin is scheduled to begin construction in 2000 and be operational in 2002. Anderson is a senior vice presi-

dent of Southern Community Bank

and Trust in Yadkinville and was formerly a vice president with First Union National Bank, He is a member of the Board of Advisors for Mars Hill College, chairman of Economic Development of the Yadkin County Chamber of Commerce, vice chairman of the Yadkin County Economic and Community Development, president of Northwest Piedmont Developmeat Corporation, treasurer of Yadkin County Crimestoppers and a member of the Board of Directors for Yadkin Country Club and Yadkin County United Way, Inc.

Anderson graduated from Elkin High School and Mars Hill College, He received certification from the School of Banking of the South at LSU. He lives on Todd Drive in Yadkinville.

Other members of the Surry Community College Board of Trustees include Yadkin native Charles Madison, chairman; Michael Royster, vice chairman; Mrs.Charlotte S. Bokesch; Capt. Robert F. Comer (USN retired); Mrs. Jewel D. Jarrell; Mrs. LaDonna McCarther; Dallas P. Nance; Floyd F. Rees; Bracky Rogers; Clifford O. Scott; Mrs. Bonnie H. Stuart; Mrs. Betty Kay Vaughn; and Fredrick G. Johnson, Board attorney.

Dr. Sells serves as secretary to the board.

SCC will offer course on grape growing

Surry community College's ture, soil and water to select an Continuing Education Division is beginning a new course that will offer a broad introduction to the grape-growing and winemaking industry. grapes.

The college plans for this class to be the basis for a new viticulture program that will offer either a diploma or an Associate of Science degree in viticulture.

The college became interested in this industry when Charles and Ed Shelton began construction in Surry County of what is slated to be the largest vineyard and winery in the state. The Shelton brothers also made a commitment to the college to help support a viticulture program, as well as allowing the college to use part of thier vineyard as a laboratory for the program

The first course, Introduction to Grape Growing, will begin on Tuesday, October 12, at 6:30 p.m. in room V-211 with Charles Boles, chairman of the Sciences Division, as the lead instructor and coordinator. Boles has more than 23 years of experience as a farmer and horticulture technologies instructor.

The class will last three hours each night and will be offered on consecutive Tuesdays through December 21. At the end of the class, students will be awarded a certificate of completion of the

grape growing program. The class will cover information concerning the costs of grape growing, including the initial investment, budgeting, and equipment necessary for a vineyard. The varieties, pollination, and growth habits of grapevines is explained, as well as how to use information about climate, topography, tempera-

appropriate site for a vineyard. The course continues by explaining how to design and prepare the site and then plant the Also, the class will teach stu-

dents how to trellis, prune, fertilize, irrigate the vines, control pests, and harvest the grapes. The class ends with an overview of basic fermentation and winemaking.

This class is open to anyone farmers who are looking for alternative crops to tobacco or novices who are interested in this opportunity to participate in this growing industry. Historically, tobacco has provided almost 94 percent of the income from agricultural cropland in Surry and Yadkin. Farmers must find other cash crops to replace tobacco as a major source of farm income.

Currently, North Carolina ranks twelfth in the nation in grape production, having produced more than three million pounds of grapes in 1998. Grape production generated more than \$1.5 million in farm income last year. The sale of state-produced wine generated an additional \$4.5 million; and the expanding grape industry attracted more than 700,000 tourists to the state's wineries and "you-pick" vineyards.

If you have an interest in or have speculated about beginning a vineyard, then this class will answer your questions and enable you to make a realistic, educated decision about starting a vineyard.

For more information, call the Surry Community College Continuing Education Division at 336-386-8121, ext. 243, or Charles Boles at extension 263.

SCC Fugitive Still At Large From Staff Reports

DOBSON - The search con-tinued Thursday for a Surry Community College student who allegedly pulled a gain on another student Wednesday and then led local authorities on a chase from Dobson to Mount Airy. The vehicle that Kenneth Ty-

rone Flippen Jr. fied in Wednessday, a silver/gray 1988 Cadillac, was spotted at his residence Thursday as authorities continued to check leads us to his whereabouts, officials said. The suspect however, was nowhere to be found and re-mained at large at press time. Flippen is wanted for multiple

offenses, including bringing a firearm on a school campus.

He was described by authorities as a black male, 20 years old, weighing about 180 pounds and standing about 5 feet, 10 inches tall. He was last seen wearing a black sweater with yellow rings on the arms, and blue jeans. 78.8 2000 (p-3.49

Economy

The Task Force is chaired by former White House Chief of Staff Erskine

Bowles. Some issues to be discussed at the meeting include transportation, water and sewer, information technology, natural gas, housing and planning the use of resources and infrastructure investment. This meeting was scheduled so that Task Force members could hear sto-ries and ideas from local citizens which might belp them gauge the transi-tione in local computies.

tions in local rural communities. "During this meeting, Task Force members hope to hear from people who have been uffected by the transitions in our economy," a college spokesman and "These local people should include those who have made their way successfully through these changes or those who have hear about how to heip rural communities navigate through change to prosperity." More information about the meeting or the Task Force is available from Surry Community College at 386-8121, Extension 210; the County Manag-er's Office at 401-8201; or the Surry Economic Development Partnership, 386-4781.

Meeting To Focus On Local Economy

From Staff Reports DOBSON — Surry Community College will host an idea session for the North Carolina Rural Prosperity Task Force on the compas in Dobson next week. The session is scheduled Monday from 5 to 7 p.m. in the

The session is achemistic working information in the session is achemistic auditorium. Student fight includes gun, police chase

BY TODO MEREMAN STAFF REPORTED

DOBSON - Despite gunplay an campus Wednesday, students and faculty at Surry Community Collego still feel it is a safe place. Students Kenneth Rohinson. 20, of Mount Airy, and Ozias

Allen, 20, of Mount Airy, got in a fight on a staircase outside the school's business and vocational education building before 10 a.m. Professors Roy High and Sher-man Layell pulled the two apart.

Allen ran into the building as Robinson pulled a gun from his book bag and chased him. Allen hid inside until police arrived, while Robinson left campus in a gray Cadillac

Sheriff's deputies chased Robinson north on U.S. 601 to Mount Airy in a pursuit that reached speeds of 110 mph. The N.C. High-

way Patrol and the Mount Airy Police Department joined the pursuit, but lost sight of Robinson's car near Renfro Street. Warrants have

been issued for his arrest. Thursday morning, business students stood in the very spot the fight started talking about the fracas.

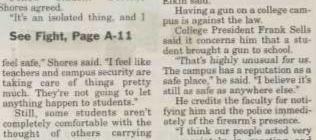

Student Susie Chandler suid Student Suare Chandler suid she was ready to climb the stair-case when Allen and Robinson started fighting. "I was afraid the thing was go-ing to fall over," she said. She added that the campus has calmed down and students

are ready to get back to work. "We're getting along good," Chandler said.

Fellow student Darlene Shores agreed. "It's an isolated thing, and 1

Gun Sparks Massive Chase

By PHILLIP BICENNEIS Staff Writer

By PHILLIP BRENNEIS Staff Writer DOBSON — A fight Wednesday at Surry Community College quickly esca-lated from a minor ordeal to a fail-blown police chase when one of the two involved produced a handgun and es-caped in the ensuing confusion.

The two students had a disagreement the day before, according to Mike McHone, vice-president of student ser-vices at the college. The disagreement became a fight in front of the V-Build-ing on the SCC campus around 9:45 or on Wiefreedus.

a.m. on Wednesday. Two male instructors moved to separate the fight, and the two students were taken to opposite ends of a staincase at the building

Kenneth Tyrone Flippen Jr., the fight participant standing at the bottom of the staircase, reached into his book bag and came out with a revolver. The crowd that had gathered to watch

the fight scattered quickly when Flippen produced the weapon, according to an SCC student who witnessed the alterca-

tion. "The area cleased rapidly and the stu-dent ran and took off toward Mount. Airy at a high speed," said McHone, "I was even told that he was waving the backgroup."

"Law enforcement officials were called immediately and they arrived within minutes to secure the campus," Be soud.

After hearing the description of Flip-pen's alver/gray 1988 Cadillac, Surry County Deputy Jody Seiver spotted Flippen at the corner of Atkins Street and Highway 801, near the Dobson towa limits, according to Connie Wat-son, Surry County Sheriff.

Deputy Server turned to pursue the surged and attempted to pull the vehicle over. Flippen accelerated and led Seiver on a high-speed chase to Mount Airy. At least one other deputy joined the chase. The Mount Airy Police Department be-came involved when it entered the ciry, according to Sheriff Counte Watson. The law enforcement officers los

The law enforcement officers tost sight of Hippen within the city after pursuing him in the area of Worth. Spring and Church streets. Flippen had the serie-automatic weapon visible throughout the chuse. It was believed to contain a special Russ-ing containing a special Russ-

ian ammunition that would penetrate de partment-issue body vests, according to broadcust communications

PROFILE

Carlyle manual Shepherd 10-31.99

Carlyle McArthur Shepherd NAME: OCCUPATION: Executive Director Of The Surry County Early Childhood Partnership.

56

AGE:

FAMILY: Wife Of 34 Years: Margaret Furr Shepherd; Daughters: Carla (29), Angie Hill (24) And Stacie (21); Son: Brad (19)

EDUCATION: Bachelor In Science And Masters Degree From Appalachian State University: Doctorate In Higher Education Administration From Nova University In Florida

HOBBIES: Golf, Puzzles Of All Kinds, Fishing, Travel, Reading, Internet By PHILLIP BRENNEIS Staff Writer

Carlyle Shepherd grew up in Alleghany County in the mountains west of Surry County. He was a member of a small farm family that moved around quite a bit. He found at an early age that he "was able to be success-

ful in school or an academic setting," as he recently put it. The path set by this ability led him to become an educating facet in Surry County, where he served 30 years until his re tirement in 1997.

Shepberd attended Appalachian State University, where he "floundered a little because of a lack of sufficient knowledge about what college was all about.

"It took a year or so to get into the swing of things," said Shepberd. "After which, I managed to finish a degree in math. My wife and I got married and spent year in Florida teaching public schools, decided to return to Appalachian for a master's degree. We finished in 1968."

Shepherd then had the opportunity to interview for a job at Sarry Community College, where he was offered a posi-tion teaching math and physics. His wife was working in Pilot Mountain at the time, but

she met with the college officials, who happened to be look-ing for someone qualified to teach in the areas of English and reading

"I feel a great deal of self-satisfaction in the time I spent at SCC," said the educator, "I feel like I was able to help some folks move on toward a better life and to encourage them to work hard and postpone their wants and needs until the time they can finish their schooling and get a job that would better provide for them and their families than what they could have if they have not finished their education first

I think sometimes folks choose to get a little bit now instead of more later." he continued, "If they can postpone the immediate for a little bit better situation later on, it's worth the wait. Someday, they'll look and say, 'I wish I had done

In Shepherd's 30 years at SCC, he worked first as a teacher, then as an academic adviser in student services. He was next a dean, and, finally, went back to teaching again until he retired.

In student services, Shepherd aided the college-transfer students of Surry with choosing the right classes for credit transfer later on

He was also the director of student activities. This job encompassed such things as student government and newspa-pers, campus clubs and organizations, and the school's athletic teams

He proudly told of the stature of Surry's basketball team during the time he worked with them. "At that time, we had an extremely sirong basketball pro-

gram level as far as juntor colleges," he said, "Our team was near the top in the country. We came up against schools like Anderson Community College. We never got to the national championship status but we were in the top final brackets several years. They were coached by Wayne Motsinger, who

Phillip Brenneis/The Mount Airy News

"We're doing as best we can to make sure that when children get to Kindergarten that they all have a very basic un-derstanding of the kinds of things that would make them prepared to go to Kindergarten. I hope that we're doing that, but we know that there are situations where we haven't been 100 percent effective, but we're continuing to work on it." Shepherd displayed much pride at the accomplishments

of his four children T'm fortunate enough to have four wonderful children

that were all hard workers and proved to be academically inclined," he said. Shepherd's children all finished at the top of their classes,

three of them at first.

Shepherd now lives only a few minutes from Dobson on a tract of land be purchased in 1977 to build a house on and provide his children with more room to play and grow up Shephend said he has enjoyed every day on this property-

where the opportunity to live work and taise a family in an area that I feel like is not perfect, but is a lot better than a lot of places that you might wind up. I have a deep appreciation for the system of values that most of the folks in Surry seen to have and feel that it makes it a very special place to live und work."

SCC presents diplomas to 202 GED graduates

Development graduation recently in the gymnasium on the Dobson campus.

Hundreds of people gathered in the gymnasium to see friends and relatives receive high school equivalency diplomas.

The ceremony began with the invocation, presented by Anna P. Ruble, coordinator of Basic Skills in Yadkin County, Judy Mahoney played the guitar and sang, "Seeds," Judy Riggs, director of Basic Education, welcomed the graduates, their relatives and friends, as well as the staff of SCC

The Surry GED testing on campus was begun through the joint efforts of Dr. James Reeves and Dr. Claude V. Ayers in 1969 when SCC had fifty-nine GED graduates. Presently, Surry's GED program produces more graduates than any single high school in Surry and Yadkin counties

Riggs urged each graduate to continue striving to reach his or Brock, Yadkinville; John

Surry Community College held her farthest star, which is the its fourteenth General Education quest suggested by the college motto.

Garrett Hinshaw, dean of Continuing Education, introduced the speaker, Dr. G. Frank Sells, president of Surry Community College. Sells congratulated the graduates, their families and friends and their inatructors

Additionally, Riggs announced that the top ten GED graduates are eligible for scholarships to SCC.

These scholarship winners are Roger Brock, Amanda Gainey, Florencio Lopez, John Lynch, Leif Payne, Rachael Preston, Dustin Sandlin, John Sykes, Phillip Thompson, and Lacy Wooten.

Riggs introduced the graduates as Dr. Sells presented the diplomas.

The graduates include: Amanda Adams, Elkin; Jeremy Ayers, Jonesville; Michael Baity, Yadkinville; Melissa Blakey, East Bend; Roger Hampton, Yadkinville; Patricia Harrison, Elkin; Jennifer Hayes, Elkin: Jennifer Jenkins Hamptonville; Bobbie Johnson, State Road; Jeffrey Keeney, Boonville: Jarred Lauder. Jonesville; Paul Lilly, Jonesville; Emily Long, Yadkinville, Wilma Long. Boonville: Adam Love, Yadkinville; Angela Luffman, Jonesville; Becky Matthews, Boonville; Rebecca McCraw. Instructor At SCC Part **Of Encyclopedia Effort**

From Staff Reports

DOBSON - A Surry Community College English instructor, Michael R. White, has been selected to write the biographics of three award-winning writers for a reference book on the region of

Appalachia. White will author the stories of Rita Sizemore Riddle, a poet and essayist; George Scarbrough, novelist and poet, and Parks Lanier, poet and essayist, for "The Encyclopedia of Appalachia." It will be the first comprehensive reference work about the Appalachian region

Compiled and edited by the Center for Appalachian Studies and Services at East Tennessee State University, the encyclopedia will be published by the University of Tennessee Press in 2002, with an electronic version to be released the next year.

The finished product will be divided into five major thematic units, with 35 individual sections and 75 to 100 entries per sec-tion. Riddle, Scarbrough and Lanier will be included in the literature segment of "The Encyclopedia of Appalachia."

A native of Galax, Va., White has been an English instructor at A native of Galax, via, white since 1998. Surry Community College since 1998. In addition to his teaching responsibilities, White has worked

with Phi Theta Kappa, an international scholastic honor fraternity, and the school Drama Club.

White received an A.A. degree from SCC and both B.A. and M.A. degrees from Radford, Vn., University. The Trees and

PROJECT PARTICIPANT: Michael R. White, who teaches English at Surry Community College, will author biographies on three award-win-ning writers for "The Encyclopedia of Appalachia."

Lowe's Participating In Educational Effort

From Staff Reports

Lowe's Educational Foundation, through Lowe's Home Improvement Warehouse in Mount Airy, is partnering with Surry Community College to provide educational opportunities for area students each year.

The Lowe's foundation offers each retail location the opportunity to provide a \$1,000 scholarship to a student enrolled in a community college or four-year technical college or university.

This scholarship program supplies work opportunities for the recipient that could lead the recipient into becoming a permanent employee and foture leader in the company

These experiences are open to SCC students in fields that are important to Lowe's stores, a comany spokesman said. These fields include, but are not limited to; carpentry, plumbing, electrical. lawn and gardening

Lowe's Store Manager Marc Easter captains this program, which hinges on developing a local partnership with a post-secondary educational institution. The Mount Airy Lowe's store chose Surry Community College as its partner. SCC handled preliminary selection of the scholarship recipient, and then Easter joined the Surry Financial Aid Committee for the final choice of

County transfers land Chibure 11-19.97 for community college

YADKINVILLE - Following through m a pledge made two months ago, Yadkin County commissioners have given Surry

Community College the land it needs to be gin work on a satellite campus. Yadkin County transferred 36 acres to the college last week with the stipulation that the land be used as a community college, college or university for "educational purposes." If the satellite campus closes,

the land would automatically revert to Yadkin County, the deed says.

In September, commissioners agreed to deed the land to the college for the satallite campus, which will be built along U.S. 601 north of Yadkinville. Commissioners re-

GAS FIRE: Surry Community College students learn to extinguish a gas fire at the Emergency Services Training Center. Learn Skills **For Survival**

By MONDEE COX Staff Writer

DOBSON - Firefighters across the area are receiving much-needed self-survival training right here in Survy County.

Surry Community College in Dobson has been making good use of a state-of-the-art facility to train firefighters. The facility is located on five acres within the campus. It consists of a two-story, 1,900-square-foot burn building, confined space teench rescue area, three-acre driving range and five flammable liquid or liquid petroleum gas pits. The fire-training program has been in place for

two years. However, the instructors are especially proud of an effort that has been in place for the past six months. The new program teaches firefighters how to save themselves in dangerous firefighting situations. The course is called "Get Out Alive

"For many years, we have been teaching firefighters to save victims - now we are teaching them to save themselves," said Charles Smith, the center's coordinator and instructor.

Firefighters have come from all over the area to train at the facility. Departments from Winston-Salem, King, Walnut Cove, Mount Airy, Four-Way, Jot-Um-Down and Pilot Mountain have received training there. The center has had requests for instruction from as far away as Lenoir Meanwhile, game wardens from throughout North Carolina and Virginia have come to participate in the program

See FIREFIGHTERS, page 2A

Second Language Class. The class is offered to anyone age 18 years and older. ESL is designed to teach students to learn to

read, write, and speak the English language. New students may enroll anytime at any loca-

The course includes 84 hours of will meet in room C-207 on the col-

offer a 124-hour Nursing Assistant classroom instruction and 40 hours in room C-207. The textbook for the course costs about \$37. For further information, call 386-8121, extension 234 or 376.

Firefighters Continued from page 1A

The driving range at the center has been especially essential. Firefighters, law enforcement, EMS and reacue separal personnel can use the course to obtain state certification to drive their specialized vehi-cles. The center's barn building is set ablaze at least three times a month. Firefighters learn how to handle various flammable liquid and LP gas fires in a controlled sit-

The center will be offering courses in wild land fire suppression, team search and self-survival "Get Out Alive" classes starting Jan. 6. Every week in January, courses will be held on positive pressure ventilation, relay water supply, rapid intervention team altivities and a firefighter rookle school. On April 15-16, the center also will conduct an aircraft fire and rescue exercise. The airplane will contain 10 mannequins. Students out only will have to extinguish the flames, but reacte their 10 "victims."

Trent Fiber, the chief of the Jot-Um-Down Volunteer Fire Depart-ment, said, "The center is one of the best things that has happened to Surry County," He urges all local firefightees to attend the program,

Registration will continue until Jan. 4. Classes begin Jan. 10. More information about the Surry Community College Emergency Ser-vices Training Center is available from the SCC Continuing Educa-tion Division at (336) 385-8121 or Charles Smith at (336) 386-8765.

Grief Class To Be Offered

The System JobReady/Tech Prep Partnership recent-received a \$50,000 transition grant to continue and and parents and SCC instructors and counselors, and for links to various agencies such as temptoyment Security Commission, Job Link Centers, the University of North Carolina, Independent Colleges and Universities and listings of jobs, Co-op opportunities, and other work-based learning in local business and industry. Increase the relevance of education by affering op-portunities for teachers (K-14) to explore the world of ad therein teachers interaction and to develop teach

portanities for teachers (K-14) to explore the world of work through teacher internships and to develop lesson plans based on their experiences in business or industry. Opportunities for teachers K-14 to spend time in the work place learning about knowledge and skills re-quired will be available in the summer of 2000. Infor-mation will be sent to teachers by March 1.

See GRANT, page 5

The System JobReady/Tech Prep Partnership will award a \$1,000 scholarship to a student in the graduation class of 2000 who is a College Tech Prep or College Prep/College Tech Prep completer and plans to enroll fall time at SCC. Detailed information will be sent to high school counselors by March 1. Funds for this scholarship are from a state Tech Prep award presented to the SYSTEM Partnership in the spring of 1999. Donations to continue the scholarship are welcome.

For more information on the transition grant, contact Anita Bullin or Sue Jarvis at (336)386-8121.

SCC auto safety inspection class slated for Dec.

The Continuing Education Division of Surry Community College will offer an eight-hour Auto Safety Inspection course on Wednesday, December 15 and Thursday, December 16. This class will meet from 6 p.m. to 10 p.m. on the Dobson, N.C., campus in the Vocational Building (auto shop area).

A registration fee of \$50 will be charged. North Carolina residents 65 and older may register free of charge. All students must hold a valid driver's license

To attend, call the Continuing Education Division at (336) 386-8121, extension 211 to pre-register. Gatesprise 12.8-99

The registration fee is \$65 and will be held on the first day of class

BLOOMING IN JANUARY: This ormamental flowering apricot tree normally doesn't bloom until the end of February, but has been confused by unseasonably warm weather and blosgomed early. The tree was planted by Charles Boles, a SCC hortloultural instructor.

SCC's Small Business Center institutes online registration process

College's (SCC) statement of candidates to insure their seats Within Surry Community purpose are the following words: in class. 'Meet the needs of both new and established businesses, industries and other agencies in this service area."

3

Two changes within SCC's Continuing Education division reflect its ongoing efforts to not only "meet those needs," but to do so in a rapid, user-friendly manner

While the college's Small Business Center (SBC) has al- gram to program providing inways offered freedow-cost seminars to the public, interested cost) moved into a new, muchcandidates can now access information about these sessions and pre-register without touching a newspaper or telephone.

A new on-line registration process was instituted on December 6 to save today's business owners and managers valuable time. A listing of all the classes/seminars offered by the center can be accessed by:

1)going to the college's web page (www.surry.cc.nc.us), 2) clicking on "Continuing

Education," 3) then clicking on "Small

Business Center." 4) From there, a list of upcom-

tor scriptions is available. One more

Those preferring the traditional pre-registration method can, of course, continue to call the Small Business Center at 386-8121, extensions 211 or 309.

Another innovation involves a change of venue for the Small Business Center, During fall semester, the SBC and the Focused Industrial Training Produstrial training at little or no larger area.

The new Business and Industrial Training Center is located on campus, just inside the Continuing Education building in suite C-107.

This Center houses a new resource area containing a variety of informational sources available to clients interested in business start-up.

Campus parking just outside the center allows anyone interested in discussing business or industrial training needs easy access to the appropriate direc-

Kaye Hamin. The speaker for the evening was Dr. Frank Sells, president of Surry Communipresident of Sufry Continuity ty College. He was introduced by Kaye Hamlin who works at the college. Dr. Sells gave a wonderful program interspersed with bits of humor. He talked about the college and what was bits of humor. He talked about the college and what was going on there and the almost unbelievable technical

advances. There are 3,000 students at Surry Community Col-lege who are involved in credit courses, plus those tak-ing other courses not for credit. Dr. Sells stated that one in every six persons in Surry and surrounding areas have taken courses at SCC Technology is rapidly advancing so quickly that many changes are being predicted for the further that are almost unbelievable, especially in com-munications and services. He said that now a professori taching a class on the Dobson campus can be heard at the same time by a class on another campus. His talk was well received. Shelia Core won the door prize.

Foothills Lions Establish Scholarship

Effort To Benefit Visually Disabled

From Staff Reports DOBSON — The Foothills Li-ons Club of Mount Airy has announced the establishment of a new working-toward-endowment scholarship at Surry Community

College. This scholarship is available for the visually handicapped, their children or dependents or others with disabilities, according to an SCC representative. This scholarship, designed specifically for people with eye problems, re-flects the Lions Club's mission to provide nervices and assistance to those suffering from impaired vi-1000

The Foothills club began this scholarship with \$2,000 in seed money donated by Betty Lyerly. Lyerly is using money from the sale of her cookbook, "The Best of Mayberry Cookbook." The club then contributed additional money its members had raised and placed it in a scholarship fund

The club further decided that it would benefit more people to have an endowed scholarship that would be self-perpetuating through the SCC Foundation than to award money to individuals through the club, according to the representative

The group hopes to raise an-other 54,000 so that the scholar ship will be fully endowed. For information about the Foothills Lions Club Scholarship or the club itself, interested persons can

NEW SCHOLARSHIP: Betty Lyerly (left) recently donated proceeds from the sale of her "The Best of Mayberry Cookbook." The Foothills Lions Club of Mount Airy used this money to start a new scholar-ship at Surry Community College for the visually handicapped. Also pictured (from left to right) are Su-san Wilmoth, executive director of the SCC Foundation; Dr. Wilford Lyerly, Rotary past district gover-nor; Danny Jefferson, district governor; and Geneva Gee, the president of Foothills Lions Club.

contact club President Geneva Gee A SCC Foundation endowed scholarship has a minimum balance of \$10,000 in order to gener-

ate enough interest income to fund one full-tuition scholarship Presently, a full year's tuition at SCC costs about \$750.

For additional information about this or any other SCC Foun dation scholarship, the SCC Fi-nancial Aid Office can be reached st 386-8121. Extension 279

Appalachian State University

Undergraduate Degree Program on the campuses of Surry Community College and Wilkes Community College

Appalachian State University is investigating offering a degree-completion program for college transfer students wishing to pursue the Bachelor of Business Administration (BSBA) degree in Business Management, Interested individuals are encouraged to attend one of two information sessions to find out more about the program:

> At Wilkes Community College on Tuesday, Feb. 1, 2000, 6:30 pm, in the Student Center or At Surry Community College on Thursday, Feb. 3, 2000, 6:30 pm, in Reeves Hall, Room A-121

Appalachian faculty and administrative staff members will discuss how a college transfer student with the freshman and sophomore years of coursework (included in the Associate of Arts or Associate of Science degree offerings) may complete the junior and senior years leading to the BSBA degree in Business Management during the evening hours on the campus of Surry or Wilkes Community Colleges. Courses in the off-campus programs are taught two nights per week (an average of six semester hours per term), and the tuition rate for the 1999-2000 academic year is \$35 per credit hour for an in-state student. For more information please call the Office of Extension and Distance Education at 800/355-4084.

SCC inducts students into Psi **Beta National Honor Society**

The Surry Community College Psi Beta Chapter recognized eight students for outstanding scholarship overall and in the field of psychology during an induction ceremony on Thursday, December 2, 1999. Dr. Marvin Hall, assisted by Ms. Melissa Atkinson, is the fac-

ulty sponsor of the chapter. The chapter provides programs, activities, and participation in community service projects as well as opportunities to present research papers at regional meetings, attend national meetings, and win national awards. Psi Beta, the National Honor Society in Psychology for Community and Junior Colleges, is a member of the Association of College Honor Societies and is an affiliate of the American Psychological Association and the American Psychological Society.

The Surry chapter is one of only two in the state of North Carolinian.

Those inducted into Psi Beta nclude Jason Throckmorton, State Road; Bridget Ray, Boonville; Whitney Lawrence, King; Holly McMillian, Cana; Patricia Holcomb, Boonville;

Brooke Gregory, Jonesville; Candy Brown and Crystal Hanna, Mount Airy. Psi Beta.

During the induction, Dr. Doug Reinhardt and Dr. Clinton Prim, social services faculty members and club sponsors, and Kurtis Miller, Social Science Club president and SCC Ambassador, presented information concerning social science activities during the year the last two years. that include Multicultural Day, dent, spoke briefly about has Heritage Days, and the Renaisfirst year as president as well as sance Fair held on the campus the importance of student infor SCC students, area public school students, and commuvolvement in academic clubs and activities. nity citizens.

Jason Horton, SCA president and SCC ambassador, presented information about student government and campus club activities.

Collette Chandler, Psi Beta president, welcomed everyone to the induction, and Becky Martin, Psi Beta vice president, introduced Judge Moses Massey, District Court Judge for Surry and Stokes counties. Massey discussed the importance of having courage and convictions, and using those to give back service to the community. Chandler and Martin, as-

Yadkinville Rotary Club Gives Two Scholarships

Surry Community College Foundation has awarded the Yad-kinville Rotury Club's scholar-ships. Leslie Nations, Richmond Hill Church Road in Booneville. and Carla Moser, Beech Street in Yadkinville, received the two full-tuition scholarships for

spring semester. Nations is the daughter of Lar-ry Willie and Wilma Nations and is a graduate of Forbush High School, Nations is a freshman majoring in Accounting and she is employed by Crystal Cleaners in Yadkinville. Moser is married to Thomas

Moser and is a graduate of For-bush High School. She is employed by C & S Farm, Lawn and Garden in Yadkinville. Moser, who is a sophomore, will graduate with a degree in Accounting during the summer. The Yadkinville Rotary Club

began the Yadkinville Rotary Scholarships, specifically for Yadkin County residents, last No-vember. The club wanted to be the first civic organization to demonstrate its support of the new Yadkin County satellite campus by partnering with Surry Community College Foundation to provide opportunities for edu-cation and training for Yadkin County citizens. In order to be eligible for the

scholarship, the applicant must be a resident of Yadkin County and have demonstrated financial need. The applicant can be a student of any college degree, diplo-ma, or certificate program and must maintain at least a B or 3.0 out of a possible 4.0 grade point

The Foothills Lions Club of Mount Airy has established a new

Mount Airy has established a new working-toward endowment schol-arship at Surry Col-lege. The scholarship is available for the visually handicapped, their children or dependents, or others with disabilities. Club members felt that a scholarship to benefit persons with disabilities or their belidem exectional members with

children, specifically people with visual handicaps, reflected their mission to provide services and as-

sistance to people with impaired

Foothills Lions began this scholarship with \$2,000 in seed money donated by Mrs. Betry Ly-

Lions Club Establishes ScholarshipAt Surry Community College

The Surry Community College Financial Aid Committee narrowed the selection to three to five candidates; then these candidates applications were submitted to the Yadkinville Rotary Club whose Scholarship Committee made the final selections. The club, in its second year, is lead by John Willingham of In-

average

dera Mills Corporation. The Scholarship Committee is co-chaired by Chris Brown of Idlewild Realty and Patrick Swaim of Central Carolina Bank These scholarships will be available every year. For more in-formation, contact the SCC Fi-nancial Aid office at 386-8121. extension 279 or any member of the Yadkinville Rotary Club.

Retirement seminar is

announced

All members of the public are invited to attend a Retirement Seminar that will involve miniassions on Retirement Decisions, Financial Planning, and Health Care Cognition.

This seminar is for those individuals who are presently working, those thinking of retiring, and/or for those who have already retired. It will be especially beneficial for those employed by any North Carolinn State Agency.

It will be held at Surry Community College on Monday, February 7, from 3:30 to 5:30 p.m.

The seminar is sponsored by North Carolina Retired Teachers Association District IV. For further information, con-

tact your local NCRSP president at 336-961-6404 or Kate Eller at 336-973-3615.

Nurse Assistant The Continuing Education Divi-

sion of Surry Community College will offer a 124-hours (84-hours The Pilot Wednesday, February 2, 2000 -Page 5 Level L beginning Monday. The class will meet each Monday and

SCC announces scholarship recipients

Surry Community College Foundation has awarded the Yadkinville Rotary Club's scholarships. Leslie Nations of Boonville and Carla Moser of Yadkinville, received the two full-tuition scholarships for spring semester. Nations is the daughter of

Larry Willie and Wilma Nations and is a graduate of Forbush High School. She is a freshman majoring in accounting and is employed by Crystal Cleaners in Yadkinville

Moser is married to Thomas Moser and is a graduate of Forbush High School. She is employed by C & S Farm, Lawn, and Garden in Yadkinville Moser, who is a sophomore, will graduate with a degree in accounting during the summer.

The Yadkinville Rotary Club began the Yadkinville Rotary Scholarships, specifically for Yadkin County residents, last November. The club wanted to be the first civic organization to demonstrate its support of the new Yadkin County satellite campus by partnering with Surry Community College Foundation to provide opportu nities for education and training for Yadkin County citizens.

In order to be eligible for the scholarship, the applicant must be a resident of Yadkin County and have demonstrated financial need. The applicant can be a stu-

dent in any college degree, diplo-ma, or cestificate program and must maintain at least a B or 3.0 out of a possible 4.0 grade-point average.

The Surry Community College Financial Aid Committee narrowed the selection to three to five candidates; then these candidates' applications were submitted to the Yadkinville Rotary Club whose scholarship committee made the final selec-

The club, in its second year, is Indexa Mills Corp. The second year, is lead by John Willingham of Indexa Mills Corp. The scholar-ship committee is co-chaired by Chris Brown of Idlewild Realty and Patrick Swaim of Central Caroling Bush Carolina Bank.

These scholarships will be available every year. For more information, contact the SCC financial aid office at 386-8121, Ext. 279 or any member of the Yadkinville Rotary Club.

Computer Basics, a 32 hour course, will meet on Tuesday and Thursday evenings, Feb. 15-Mar. 9, 6-10 p.m. in Room V217 (Voca-tional Pathia tional Building) on the SCC cam-pus, the cost is \$60 plus textbook. Dawn Thornton will be the instruc-

Computer Basics, a 30 hour course, will meet on Monday and Wednesday evenings, Feb. 28-April 5, 3:30-6 p.m. in Room H273 (Richards Health Science Bailding) on the SCC compus. The cost is \$55 million plus textbook. Kim Layne will be the indiractor for this course.

Class size will be limited - first come, first serve. Please be present for the registration and the first class meeting.
