

JOHN SENTER
ONE OF THOSE "QUALITY" FOLKS

There was a financial panic in 1819 all across the United States. Part of the cause was the heavy importation of European goods that hurt American manufacturing. Tea cups such as Major Oglesby's wife served milk in to William Golding and Frost Snow is an example. Luxuries from Europe, such as a separate dish for dessert, imported shoes, calico cloth and forks all helped bring on the panic. All of the money was going to Europe. (History of Economic Progress in the U.S.: Jennings)

John Senter refused to get caught up in luxury living and he made his own shoes and he made his own straw hats. Times were so hard that Hollin, his wife, made dumplings out of rye flour and he used the rye straw for hats. John kept a supply of whang leather and he could fix about anything with it. He used it for gallsuses and laces for his shoes. He used it for halters to lead in the cow for milking, and he whipped his boys with it when they got out of order. He couldn't live without whang leather.

John developed the philosophy that if he couldn't catch it, grow it, or make it, he would do without it. His father was the pioneer Zachariah Senter. Zack bought 150 acres of land in Surry County, North Carolina on Little Fisher River in August 1786. In 1789 he was taxed with 200 acres. In November 1791 he bought 250 acres and on August 23, 1793 he sold the 250 acres on both sides of Beaver Dam Creek. Then he bought 100 acres from William Norman on both sides of Little Fisher River in October 1793. At this time he had 300 acres plus the benefit of the crops he had raised for two years on the 250 acre farm. His 300 acres were on Little Fisher River adjoining the Normans.

Zachariah and John Senter, with Davis Holder, were ordered to begin at the ford on Little Fisher River, between the two plantations of Silvaner Rabon, and view and mark the nearest and best way to Rockford. The date was February 10, 1802. They were to report back to the court at the next term. I suspect that this is now the road that is called Prison Camp Road. It goes to Dobson where the name changes to Rockford Road. It wasn't called Prison Camp Road until modern times. This John Senter must have been a brother of Zack for he is too old to be the famous John Senter of the Fisher River Scenes. With the Senter families frugal ways the court knew that they would find the least burdensome way to the courthouse at Rockford.

A Fisher River Scene shows John Senter's back door being about 4 1/2 feet tall. "Skitt" came to visit and Hollin, the wife of John, told Skitt, "Stoop low, and you'll come in."

John was described as being thin visaged, eyes small and scowling, his features hard and rigid, indication of spleen and general suspicion.

There was a reason for John Senter's short back door. No man could enter his home unless they bowed low before John and Hollin. It was an act of deference to "Quality." When Hollin told "Skitt," "Stoop low," he said that he obeyed, went in, and was disappointed that he didn't see John. He had hoped to bow low before "Quality."

"Skitt" wrote that John Senter had a fondness for law, fond of litigation. Other scenes describe eye gouging fights at Shippo's Muster Ground. John Senter was a law and order man. He was "Quality" and let the law do his fighting for him. He bided his time until the circuit riding judge came to Shippo's Muster Ground.

John was described as "none of your quality men" and hated quality ideas; he opposed them. The complaint was that John only allowed Hollin to serve guest a one dish meal. Serving a sumptuous meal to guest was an act of deference to honor the guest. John deferred to no one but did allow Squire Freeman to take the first sip of brandy from the cup. In ancient times it was common for a servant to take the first sip of the cup to prove that he had not poisoned it. Being "Quality" John put the Squire in the position of a servant, the wine taster.

We are given enough detail to know that crops were still being hoed and plowed. Maid Holder was plowing in his shirt tail and the weather was "dingnation hot." This was a summer when John Senter's potato crop grewed plumb up to the front door. To come in the house Squire Freeman had to "bow low; and come in the back door." John "hardly axed them to set down."

In his preface "Skitt" Taliaferro wrote in 1857 that he was presenting (his Fisher River Scenes) and the reader, as one of the sovereigns of the mental world, could decide upon the merits. Skitt wrote the truth about John Senter, he was "Quality."

Dear Sharon:

We didn't have much success in finding your ancestors. Perhaps you could find out the names of some of the brothers and sisters of Philip Senter and John William Henry White. I checked marriages, births and deaths and the following were all I could find:

(Father): Henry White, (Mother): Mary Jane Senter

Children: Emily Maria White, born 3/17/1911

Elber Thomas White, born 5/21/1915

Monroe Taft White, born 5/14/1917

Eunice Virginia White, born 5/30/1919

There are several records that go back to John Senter, but without further information from you, we can't determine if Philip Senter is related. (This John Senter lived in the Round Peak area of Surry County at the head of Little Fisher River.) There are a few Senters listed in the Mt. Airy telephone directory.

If you can provide us with additional information on either Philip Senter or John William Henry White, we will be glad to try to assist you.

Dear Betty,

I appreciate you looking up the estates for me. Let me know what I owe and I'll mail you a check. Guess I'll have to stop with the Senters for awhile. When I can afford more research I'll get back to you.

Hope ~~you're~~ you're feeling better. It's not much fun being sick.

You asked if I had access to the indices of S.C., Ga., Ala. and Miss - the answer is no.

I appreciate your interest in helping me with the Senters. Thank you.

Sincerely,
Carinne George

Dear Betty,

I have enclosed a check for five dollars for your work. Thanks a lot for your help. I have contacted The Center/Center Family Genealogy Association, c/o Don B. Center, President, Department of Communication Arts, Washburn University, Topeka, Kansas and they are going to send me the small amount of information on the parents and grandparents of Alfred Aven Center that they have. They have over 4,000 Center/Center individuals so maybe this will speed my search up.

Again let me say I appreciate your help and I hope to meet you sometime when I'm in Raleigh.

Sincerely,
Cerinne George

Dear Betty,

I followed your instructions and wrote to the Judge of Probate in Outauga County and were told that they are unable to do this type work because they have limited personnel. I, also, wrote Alabama Archives and they only offered a copy of the 1830 census record of Alfred A. Senter, which you had already read. They did suggest writing to General Land Office in Alexandria, Va. but I ~~do~~ think I'll wait until you check the wills. Maybe, they made wills and we could find his name listed there. My time has been limited and I have been unable to work in one of the regional libraries that we have around here. I have my 80 year old Mother with me. She has been a wheelchair patient for many years and I find it hard to get a sitter on the day I would like to work. Household help is rather hard to get around here.

When you find time check Stephen and Fereby about wills. I feel it will be Stephen because one of the children was named Stephen.

I talk with my daughter once or twice a week and if you know about how much time will be required to do this work you could call her and tell her the amount and I'll mail you a check.

I hope to be in Raleigh in January so I'm
going to spend some time in the Archives.
Looking forward to hearing from you.

Sincerely,
Corinne George

Dear Betty,

I appreciate the work (searching) you have done for me. Thank you so very much.

I did what you suggested, wrote to the references you gave me, both County and State of Alabama. Etawamba County does not extend this service and they don't have a searcher, so I'll have to go there when I have the time.

Please keep all information that I have sent you because I'll want you to work at a later date.

Do you have in the Archives an index to wills of N.C., if so do you think that it would be wise to check Stephen Senter (both Stephens), Fereby and William. As they named their children after their relatives so much of the time, I noticed two children named Stephan and William. Let me know if wills ^{are} indeed and your fee for this search. Also, I'll send you the information I get from Autauga County (if they send it), as they might have the same rules as Etawamba County.

Thanks again.

Dear Mrs Camin,

I have enclosed all the information that I have on Alfred A. Senter. Also, enclosed my check for thirty dollars.

I am sorry that I didn't make it to the Archive building. Enjoyed talking with you and as we visit in Raleigh I hope that I'm able to meet you sometime.

Will be looking forward to hearing from you with news of Alfred A. Senter. Thank you.

The first one was Annie Joel, born in Tishomingo Co., Mrs. As I haven't had the time to search Tishomingo County census I don't know her age or the parent's names. I'm really not sure this information is correct but I found this information in, Stawamba, A History,

Dear Corinne,

Spent this afternoon lining up the Senters in N.C. - more or less.
Havn't found anything to pin Alfred to so far except the census.

1785-87 N.C. Census - from tax lists.

The Alabama 1830 A. Center would seem to fit with the Childrens being born in Ala. On the 1850 Ms. census you sent the last child Robert is listed as being born in Ala. Think this is in error. If they are in Ms. in 1840 he should have been born there.

Suggest that you contact the Itawamba County - Clerk of the Chan. Court Fulton, Ms. 38843. They have probate and land records. Find out when A. Senter arrived in the area and what Senter/Center probate records they have.

Then also write to Autauga Co. Judge of Pro. Prattville, Ala. 36067, and find out if Senters owned land, when it was sold and if there are any probate records there.

Don't know how the states are set up, perhaps you do and know wheather it would be best to write the state or the county.

I f Alfreds first wife was Annie Joel either she was born in Ala. or the A. Senter which I found is another one. The census could be checked for the Joels in both Ala. and Miss. Had spent most of the afternoon on the Centers and didn't feel that I should put any more time until I heard from you.

Do you suppose the 50-60 male in 1840 is a Reed or a Centre? Perhaps a check with the county will tell us. I have to find the father of Alfred A. in order to pin him into N. C.

Checked a few of the printed volumes for the counties showing on the census without a clue.

4 Hours - Paid

Sincerely,

Betty J. Camin
