

SPEECH

THANK YOU MRS. SMITH:

VISITORS AND MEMBERS OF THE DOBSON
WOMAN'S CLUB:

This is indeed an honor you have conferred upon me this evening in electing me to be you PRESIDENT for the next two years. I most humbly accept this responsibility and trust that I shall prove worthy of confidence bestowed upon me.

However, I feel greatly embarrassed and unequal to the task by accepting the mantel of this office from one who so EARNESTLY AND DEVOTEDLY gave herself and and of her time to the activities of our Club. I am sure all will agree that our past president, MRS. NEILL M. SMITH has done a splendid job. Here again, I tremble as I face the next two years.

Our Club, under the very able leadership of Mrs. Smith, has done much in the past two years as she has already told you, but there are many things yet

to be done. Briefly I would like to mention several things that would merit the Club's attention. Our assembly room could be further improved by adding some furniture, that is, a desk, some chairs, drapes for the windows. The kitchen is in need of painting and the porch a new screen as the old one has rusted out. We must also keep the CEMETARY project going and our own Club grounds in good order.

All of these things required money, so from time to time our Club will need to assist the FINANCE COMMITTEE in their plans to raise the necessary cash for these things and other worthy **project**

If our Club is to continue to serve our Community, every member must be willing and ready to do her part in whatever the Club see fit to undertake.

Let me urge that every member of the organization will strive anew to work together in order that we will grow and better serve our town and our community. Too, often, the work and activities of Clubs and other organizations fall on the shoulders of a

faithful few, but no Club can do its best when such is the case. It takes teamwork of its entire membership. I most earnestly seek such whole-hearted assistance. Just here, let us not forget our Club Motto "THE UNION OF ALL FOR THE GOOD OF ALL."

As your PRESIDENT, I feel my weakness to do all that is required of me, however with the help of our VICE* PRESIDENT, Mrs. J. Sam Gentry and other officers of the Club, whom I shall greatly rely upon for the next two yrs, I take courage in spite of the tasks which lie ahead.

To-night as I assume the many duties of the office of PRESIDENT, I sincerely ask your help, your advice your cooperation and your prayers. With such wholehearted support, I shall strive dilligently by my conduct of this office to reflect honor on our Club. I will assume my duties cheerfully and discharge them to the best of my limited ability.

Again, I thank you for the honor and assure you of my desire to justify the confidence you have reposed in me.

I thank you,

COMMITTEES:

Cemetary and Club Grounds
