Low Gap, N. C.,.....	15c.		

Also connection over lines of Southern Bell and
American Telephone and Telegraph Company.

SEE NEXT PAGE

HOW TO PROPERLY USE THE TELEPHONE

FOR LOCAL SERVICE

ALWAYS CALL BY NUMBER— NOT BY NAME.

Look in the directory and be sure of the number of the person to whom you desire to speak, then signal operator. When operator replies, "Number Please?" give the number you desire pronouncing figures separately, for instance: 378, Three Seven Eight. When operator repeats be sure she has number you desire.

Do not carry on conversation with local operators, their time is taken up with local service.

INFORMATION

For all information regarding new subscribers, street addresses, etc, call INFORMATION OPERATOR.

COMPLAINT

Telephone trouble of any kind or unsatisfactory service should be reported to Complaint Operator or the Manager. These complaints will receive careful and prompt attention.

Your telephone was installed for you, your family and those in your employment. Please see that no other use is made of same. Failure to comply with this request may force us to discontinue your service.

LONG DISTANCE

FOR LONG DISTANCE SERVICE always ask for "Long Distance." Signal the operator as if you were making a local call, when answered ask for "Long Distance." Give operator your number, your name and the name and address of the party you are calling. You will then be called when the operator gets your party.

Subscribers are held responsible for all tolls originating at their telephone.

MOVING TELEPHONES, ETC.

Subscribers who have had service at the same location for one year are not charged for having telephone moved, but they will be required to sign a contract for another year. Others will be charged as follows:

Moving telephone from one location to another in the same building, 75 cents.

Moving telephone from one building to another, \$2.00.

A charge of \$4.00 is made for installing a Desk Telephone.

ERRORS OR OMISSIONS

We strive to have subscribers properly listed in the directory. We do not, however, assume any responsibility for errors or omissions. If there are such, and you will report same to manager, he will correct same if possible.

70
30

No Sunday Service from 11 A. M. to 2 P. M.

In calling **DUPLEX LINES** call **L** or **J** as indicated after listing of duplex lines. * indicates that subscriber is reached through **RURAL EXCHANGE**. Always call for **RURAL** operator when number is listed with * after same. Give name and number.
