Mr. W. F. Carter,
Dobson, N. C.

Dear Mr. Carter:-

We enclose herewith a letter and typewritten copy of an agreement under cover addressed to Mr. W. W. Hampton, Clerk of Superior Court, and will thank you to refer to the records and read the will of Thomas Woodroffe (deceased) which was probated in or about July 1900, shortly after his death. Also please read the enclosed copy of copartnership agreement drawn up at the same time as the will and our letter to Mr. Hampton which is intended as a report in view of the fact that we have no financial transactions to report on, other than those mentioned in our letter. After reading these papers you will find the general drift of the will and contract taken together show that aside from the payment of three small legacies at our convenience and the application of his only Life Insurance Policy for the benefit of our Mother everything else involved in which he had any interest whatever became our **property**. We are sending these to you feeling that you can explain our position to the Clerk should anything not be entirely clear to him.

Yours very truly,

Lo w } *adm 2*
