Dear bro R.

I have a letter
from Martin about some
land. Now I don't under-
stand just how it is, but
from what I do know
I don't think you are doing
just as you would like
to be done by. I and I
think all of the heirs have
as been very liberal with you
and are still inclined
to be. M. you know is
a bro. old and not very
bright like myself. so I am
afraid the heirs will censure
you more than land will
profit you. I think any
of them would willingly
give him the post that

might be coming to
them from the sale of the
of the land in question
I enclose a letter from
Sis-Jimmie has expressed
her self. Some time ago
about the same way - have
not heard from her. You
must not think now that
I wish you to give me any
thing or accuse you of doing
wrong by him. Nor do I
want any of the balance
to think so. But you know
how these things are.

Martin says has employed
Council. I don't think I
would like to have the affairs
aired out.

I only write this so
you might see how this is
looked at. with the intention
of hurting your feelings or
making you feel badly
in any way.

Love to all

Yours bro

H. G.
