Lasting Beauty

with

MOUNT AIRY

**GRANITE
ASHLAR**

THE NORTH CAROLINA GRANITE CORP.
MOUNT AIRY, NORTH CAROLINA

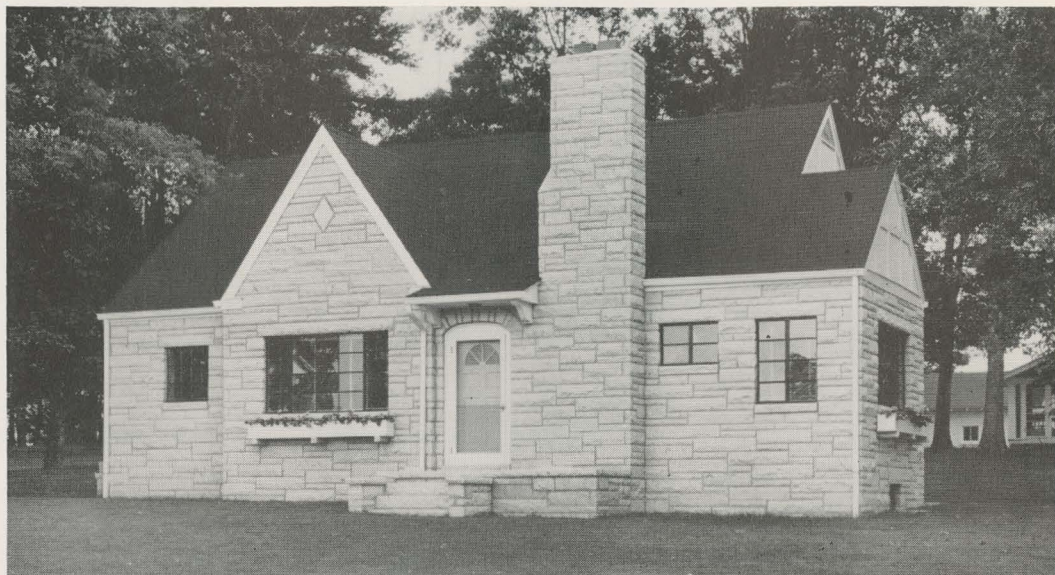

Dramatic application of Mount Airy Granite Ashlar . . . 3-way inside fireplace and outside barbecue pit on terrace of Mount Airy granite blended with pink and red granite. Home of Mr. and Mrs. William L. Walker, Statesville, North Carolina. Contractor: James C. Walker Jr., Hollywood, Florida.

Mount Airy Sawed Bed Ashlar brings a granite house within the budget of the average residential builder. The exterior walls can be faced with Mount Airy Sawed Bed Ashlar for about 8% more than the normal building cost, but its use can actually enhance the value of the residence as much as 20%.

In addition, Mount Airy Ashlar is also suitable for sills, lintels, and other trim for brick houses. It is especially suitable for steps.

Mount Airy Sawed Bed Ashlar is cut to brick thickness, and in multiples of brick rises. The average brick mason can readily learn to knap the sticks into desired lengths and set in the wall.

For real economy in residential, church, and other veneer construction, use Mount Airy Sawed Bed Ashlar.

The moderately priced home above is the parsonage of the Flat Rock Presbyterian Church located near Mount Airy, N. C. The home is faced with Mount Airy Sawed Bed Ashlar, Pattern #1, medium range.

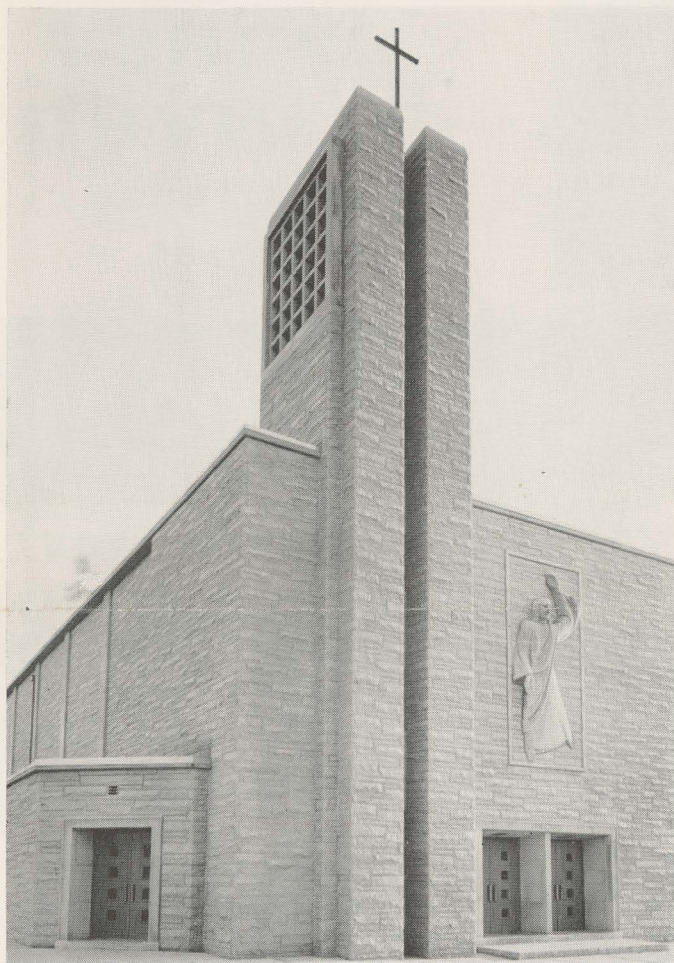

The building above is the Sacred Heart School, Royersford, Pennsylvania. It is faced with Mount Airy Sawed Bed Ashlar, Pattern #2, medium range.

For Beauty's Sake! MOUNT AIRY GRANITE ASHLAR

**light in color with limitless design possibilities, plus
maintenance-free characteristics.**

Include Mount Airy Granite Ashlar in your building plans. Here's a stone that weathers the test of time. Rugged yet unmatched in beauty. Check the solid virtues of this distinctively different granite.

This modern church is the St. Barnabas Church, Philadelphia, Pennsylvania. It is faced with Mount Airy Sawed Bed Ashlar, Pattern #2, medium rise. Architect B. W. Roney has obtained permanence as well as a pleasing effect. The stone was placed by F. Cantono & Sons, and the General Contractor was J. R. Farrell, Inc.

The very beautiful church above is the Saint Anthony Shrine, Boomer, West Virginia. It is faced with Mount Airy Sawed Bed Ashlar, Pattern #1, medium range. The White Mount Airy Granite trim gives the church a unique and durable finish.
