THE TIME IS NOW

There are only three more school months left. Does this statement startle you or even cause a little apprehension? If you are a senior, you probably have mixed feelings. The coming of summer and no school are probably your first thoughts. But what then--what will you be doing next fall? Some already have jobs to begin, others are going to continue their education, and a few will go into the service. And yet, a surprising number have no idea what they'll be doing. If you are included in the latter category, the time to do something is now.

Think back to the time when you had the chance to try out for a sport, cheerleading or run for an office but weren't sure you had the time or qualifications. After the tryouts and the elections there was a quiet disappointment and a feeling of being left behind. Later you cheered yourself by thinking my time will come. One day I'll make the effort and make something of myself. When is "one day"? Yesterday and the day before were "one days".

There seems to be a special attraction about the future. For some reason these days are supposed to bring magical happenings and lasting happiness. In part, this is true, but only if you make it so.

Remember "If you don't scale the mountain you can't see the view". If you haven't started the climb, the time is now.

NORTH SURRY STUDENTS BRING HONOR TO SCHOOL

On February 27, the Drama Club of North Surry went to Appalachian State University where they presented a one-act play entitled, "The Marriage Proposal." Competing with eight other plays, our play received a rating of excellent. The cast of "The Marriage Proposal" was Gilda Deatherage, Billy Hull, and David Hensley. The Outstanding Actor Award was presented to David for his ability in acting. Our play cast, and the Drama Club members who supported them, are commended for this honor they have brought to North Surry.

A week later, March 6, several students from our school traveled to Thomasville to compete in the district competition of the North Carolina Federation of Women's Clubs. In the speech competition, Dena Hiatt received the first place award, Rick Dunbar received second

THREE FRIENDS FROM MEXICO VISIT MR. ROGERS

Last month Mr. Rogers entertained three visitors from Mexico City, Alfonso Ruiz, and Carlos and Luiz Hulindo. Luiz is now in preparatory school and Alfonso and Carlos are attending the University of Mexico, where they are studying business administration. Luiz and Carlos are brothers-in-law of Mr. Rogers.

While here, they visited the Spanish classes, where the students enjoyed asking them questions concerning the customs of young people in Mexico. They entertained the class with Spanish music played on the guitar. They liked the snow we had while they were here, but they didn't like the cold weather that accompanied the snow and ice. The three young men from Mexico made a very favorable impression on our students and they are missed now that they are gone.

MABETH, "THAT GIRL", LEAVES N. S.

A farewell social was given in the lunchroom on Friday, Feb. 26, honoring Mabeth Quintanilla, who left Sunday, Feb. 28, for her home in San Salvador. Approximately 300 students attended, from the Spanish classes, Mrs. Aldridge's office practice class, Mrs. McGee's third period speech class, Mrs. Lowe's home room class, Mrs. Bradford's home room class, and Mrs. Fulk's fourth period Family Living class. Charles Goad presented her with a gift from the students. Mabeth won many friends while here, and students and staff members alike regretted seeing her leave. Mabeth was overcome by the friendliness and hospitality shown by the students, and thanked the group, in Spanish and in English, for their kindnesses to her. It will be a long time before her sweet smile, her flashing dark eyes, and vivacious personality will be forgotten.

Two things contribute to happiness ---what you can do without and what you can do with.

NATIONAL FOREIGN LANGUAGE WEEK TO BE OBSERVED HERE

During the week of March 29-April 2, the third year Spanish class plan to observe National Foreign Language Week here. They wish to stress the importance of foreign language and plan to do several things to emphasize this. Tentative plans include bulletin boards on foreign language and having the lunchroom serve Spanish foods one day during this week.

FOUR STUDENT TEACHERS HERE THIS QUARTER

One young man and three young women, college seniors, are working here at N. S. this quarter as student teachers. Three are from ASU and one from UNC-G. Students and faculty welcome these newcomers to North.

A native of Raleigh, N. C., is Miss Ava Carol Creech, who is teaching here under the supervision of Mrs. McGoo. She is a senior at ASU where she is majoring in Speech. At ASU she has been active in debate for three years. During her junior year she served as Student Council Attorney General, and in her senior year she is President of the Student Body. Her hobbies include swimming, coin collecting, debating and fencing.

Miss Beverly Ann Sales, a native of Asheville and a senior at ASU, is working here under the supervision of Mrs. Aldridge and Mrs. Boylos in the Commercial department. Her majors are Business and Economics. While working here, she and Miss Creech are sharing an apartment on North Franklin Road. She is an officer of the Student Government, holding the position of Chief Justice of the Women's Residence Court. She lists her hobby as sewing. She dislikes rudeness and likes going home. She is engaged to be married on June 12 to Gary Adams, a student at UNC-A. She stated that her first impression of North Surry is that it is a well-disciplined school, and that there seems to be a lot of learning going on.

Mrs. Carolyn Hardin, working with Mr. Holton, commutes daily from her home in East Bond, is a senior at

INTRAMURAL TOURNAMENT IN PROGRESS HERE

The Girl's Activity Club is sponsoring a Girl's Intramural Basketball Tournament which is being played every afternoon from 3:00 to 4:00 until a champion is declared. In the first round, which began March 10, Team 1, the North Surry Blue Devils, defeated Team 2, the Bold Ones, by a score of 31 to 32. High scorers for the Blue Devils were Susan Livengood and Lavonda Hill with eight points each. High Scorer for the Bold Ones was Jenny Webster with eleven points. On March 11, Team 6, Hull's Devil's defeated Team 5 the Sexy Six, by a score of 16-15. High scorer for Hull's Devils was Clara Bunker with 12 points and high scorer for the Sexy Six was Terry Dollyhigh with 8 points.

On Monday afternoon Team 4, the Mod Squad, defeated Team 3, the Guess Who's, 14-13. High scorer was Janice Strickland with 12 points.

On Tuesday, Team 8 "The Dribbling Dollies" defeated Team 7, "The Bombers," 24-21. The high scorer for Team 7 was Rebacca Smith, and for Team 8 Shirley Cretasy was the high scorer.

JIM YORK PLACES FIRST IN SPEAKING CONTEST

On March 1, the Mt. Airy Optimist Club

held a Speaking Contest using the topic, "This I Believe." Jim York, sophomore, placed first in this contest. Larry Williams, freshman, placed second, and Wally Burge, eighth grade, placed third. The three boys each received a trophy, and Jim will participate in the district contest in Winston later this spring.

GUN SHOW SUCCESSFUL

The North Surry Gun Show, a "first" for this area, held last weekend, was most successful. Exhibitors from seven southern states set up their displays of antique guns, modern guns, pistol cases, coins, knives, oriental weapons, ceramics, antiques, paintings, etc. in the school gymnasium. The show was open to the public Saturday and Sunday. Receipts from this show will go for new band uniforms.

Members of the band, Key Clubbers and Keyette Clubbers helped with the show.

BRIM STARS IN MAGIC SHOW

Sammy Brim, All-Conference basketball team member, starred in a different kind of performance here Tuesday morning when Mr. George Remre, performer from the Southeast School

Assemblies, presented his World of Magic program and called on Sammy for assistance. Sammy proved to be an apt pupil, even though his magic baton became limp and his Chinese fan fell apart when he opened it. The highlight of Sammy's performance was the knotted rope that magically became whole when he handled it.

The entire show was proof of the old alage that the hand is quicker than the eye. The scarves, the birds, the balls that every magician uses were all used by Mr. Remre, all with ease and adaptness. The only trick missing was the rabbit in the hat.

DOUGHNUT DANCE ON ST. PATRICK'S DAY

The Young Patriots sponsored a Doughnut Dance on March 17, in the school gym from 7:30--10:30. Half-time ceremonies included the crowning of the Doughnut King, Walter Walker.

The decorations included a red, white and blue scheme on one side of the gym and a green color scheme on the other side to represent St. Patrick's Day.

The Pusher's Combo provided the music for the evening and everyone hated to leave at 10:30.

The sexton had been laying the new carpet on the pulpit platform and had left a number of tacks scattered on the floor, "See here, James," said the parson, "what do you suppose would happen if I stepped on one of those tacks right in the middle of my sermon?"

"Well, sir," replied the sexton, "I reckon there'd be one point you wouldn't linger on!"

A business acquaintance of Dad's had been invited for supper, and as the family sat down to enjoy the evening meal, the five-year-old son said delightedly, "Why, Mother—this is roast beef!"

SURE---AND IT'S ST. PATRICK'S DAY COME MARCH 17

Many legends surround the origins and life of St. Patrick. However, according to "The American Book of Days", he who destined to be St. Patrick was born at Kilpatrick, near Dumbarton, Scotland, in the year 387.

As a boy of 16 he was brought to Ireland as a slave by returning raiders. He later escaped, made his way to France and spent more than 18 years preparing for religious work. Commissioned by Pope Celestine to work in Ireland, he returned there in 433. He preached and taught in Ireland for many years, building churches and organizing parishes. He lived until March 17, 493.

Mr. Simpson is married to the former Carol Snow.

Mr. Simpson's ambition is to get his Ph. D.

When asked his impression of NSH, Mr. Simpson replied, "The students have been nice and the people seem to be friendly and helpful."
