Club News

L.H.C. Club No. 1

Members of the Lucy Hanes Chatham Club listen as President **Alan Payne** addresses the meeting. Seated to Alan's left is his wife **Billie** who also was a guest at the March meeting.

Binding Room Club

The Binding Room Club Officers for 1990 are (l-r) **Bessie Spainhour**, Welfare; **Millie Park**, Vice-President; **Vena Sprinkle**, Chaplain; **Ann Calloway**, Assistant Treasurer; **Ruth V. Davis**, Welfare; **Nancy Darnell**, Assistant Treasurer; **Lorene Mendenhall**, Assistant Secretary; **Pat Fortner**, Treasurer; **Hilda Weatherman**, Secretary; **Hannah Riggs**, Chaplain; **Georgie Messick**, President. Not pictured: **Cooper McBride**, Welfare.

President Alan Payne Speaks at Lucy Hanes Chatham Club #1

The Lucy Hanes Chatham Club #1 met Thursday, March 1, 1990, at the clubhouse. St. Patrick's Day was honored by the supper committee. Green candles, napkins, and green desserts adorned the tables. Green streamers were also used to decorate the clubhouse. The members of the March committee were Mary Dobson (chairperson), Thelma Davis, Patsy Dudley, Nellie Felts, Eunice Lyon, and Ima Gene Chappell.

Club President Iva Lee Phillips presided over the meeting. The minutes were read from the February meeting and approved. A short business meeting was then conducted.

Company President Alan Payne and his wife Billie were introduced as guests by Vice-President Faye Macemore. Mr. Payne then gave the program presentation.

Mr. Payne complimented the LHC Club #1 on their annual Bosses' Night Banquet held each year in December. He praised the banquet as outstanding and enjoyable.

Mostly, Mr. Payne talked to the club members about Northern Feather and Denmark. He told of what a good company Northern Feather is and of the effort the people are making to understand us and our own culture.

Some of the facts about Denmark included that the country alone is a thousand years old. Their government is more like that of England than of the United States. For the Danish the cost of living is higher and the tax rate is also higher. Mr. Payne added that the country itself is very beautiful and surrounded by water. The Danish people eat more fish and less red meat than most Americans and are very bright and jovial people.

Mr. Payne ended by talking some about Chatham. He mentioned that while business is not as busy as usual our business should increase by the fall of the year again. He mentioned he had spoken with economists who forecast the business market and felt like more work was ahead. He was quite positive and very enjoyable for the club members.

The Binding Room Club met Tuesday, February 27, 1990, at the clubhouse. The club honored Valentine's Day for their February meeting.

Red velvet cake was served and red decorations were used in the clubhouse. The hostesses were Mozelle Wooten, Bessie Spainhour, and Gypsie Holcomb.

After the meal, the meeting

was called to order by the 1989 President Pat Thompson. The minutes were read and approved from the January meeting.

The program followed the business. Club Sponsor Velma Darnell then led the installation of new officers. The old and new officers participated.

Retiring - Retiring

Engineering Department Head **Lynn Crouse** (left) and Supervisor **Spencer Stanley** (right) present R.C. Chambers a gift at his retirement party on February 28, 1990.

R.C. Chambers Retires

R.C. Chambers is retiring from Chatham after forty-three years and seven months of service to the company. He works in the Engineering Department as a part of the guard force.

R.C. has been on the guard force for the last ten years and five months. Some of his duties have included checking the clocks, checking the dry valves, and relieving the number one gate person.

R.C. and his wife Naida have one daughter, Susan. They also have one grandchild. Erin is in the eighth grade.

R.C. plans to do some piddling jobs around home. He is also planning to raise a garden this summer and do some traveling. He also en-

joys hunting and wants to do more during his retirement. R.C. attends Pleasant View Baptist Church.

"I've enjoyed working here. I've enjoyed the profit sharing and retirement," says R.C. "Chatham is a good place to work."

Pennie Carter Retires

Pennie Carter is retiring from Chatham after twenty-four years and seven months of service to the company.

"I appreciate my job at Chatham," and I appreciate Chatham for giving me a job when I needed it," says Pennie. "I appreciate my supervisors Jim Mickey and Cecil Ball, and I'll miss my friends."

Pennie worked all but five

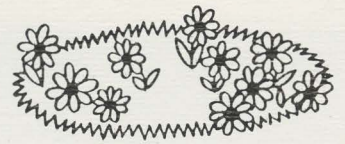

Pennie Carter

months of her employment in the Worsted Department. She worked as a twister operator.

Pennie and her husband Russell who is now on LTD from the Engineering Department have two sons. Gary works in the Yarn Manufacturing at the Boonville Plant, and Reggie works in the Dye House. Pennie and Russell also have two grandchildren. Melissa is fifteen years old and is a sophomore at Elkin High School. Christopher is six months old.

Pennie enjoys growing flowers. She is planning to spend a lot of time with her new grandson during her retirement as well. Pennie and Russell are going to Florida this spring and maybe do some other traveling also.

If you have a recipe, a guess who, a picture, or something interesting that you would like to be used in the C-NC NEWS, send a copy in care of the C-NC NEWS, Chatham Mfg. Company, your news department representative or come by the Personnel Offices.

Then and Now Guess Who

This little lady now works in the Data Processing Department.

1990 is the Year of the U.S. Census

April 1, 1990, is the day of the 21st Decennial Census. Each household in the United States will be receiving a census form in the mail. This form should be completed and returned by April 1.

A census only occurs once every ten years and touches every person in the country. For this year over 100 million housing units will receive census questionnaires in the mail and 250 million people are expected to be counted.

Not only does the census record the number of people in every community throughout the nation, but also how all of these people live. The information is important to determine funding in community programs. Programs that are funded include housing, highways, schools, health care, job training, and even child care programs as well as programs for the elderly.

Census information is important in determining local voting districts. The number of representatives in the U.S. House of Representatives and state legislature are determined by the census count.

Census information is also used by businesses and government in making decisions that affect economy and society. These decisions can be vital to everyone.

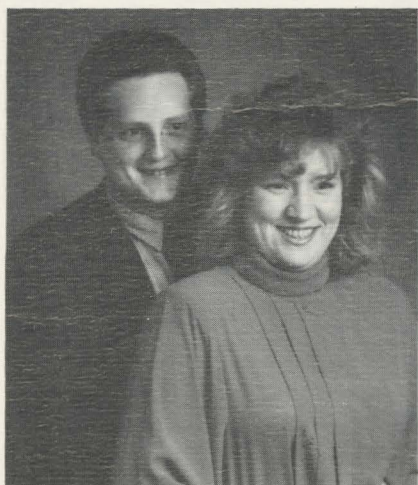

The Census Bureau faces quite a challenge. These people must motivate the public to complete and mail back the questionnaires. Give them a helping hand by completing and returning your census by April 1, 1990.

Remember, you count!

CENSUS '90

*Answer the Census.
It counts for more
than you may think.*

Donald Wayne Gilliam, Jr., and **Gerette Lynn Jones** are planning a spring wedding for 1991. Donald is the son of Wayne (ARA) and Linda Gilliam of State Road, NC. Gerette is the daughter of Richard and Cecelia Jones of Keansburg, NJ. Donald and Gerette are both 1989 graduates of Johnson and Wales University in New Jersey.

News About Savings Bonds and the Payroll Savings Plan

The United States Treasury recently announced that effective October 1, 1990, \$50 and \$75 denomination Series EE Savings Bonds will no longer be issued to participants in payroll savings plans. The minimum denomination of bond that will be available to savings plan participants will be the \$100 bond. This will be effective October 1, 1990. The \$100 bond has a purchase price of \$50.

People now participating in the savings bond program that are now buying \$50 and \$75 bonds will not be required to change the amount deducted from their pay each week for the purchase of savings bonds. These people must know that after September 30, 1990, payroll deductions for the purchase of savings bonds will be applied toward the purchase of \$100 denomination bonds. The payroll deduction for the purchase of bonds can be changed if the person chooses to do so, but does not have to be changed.

When the change is effective, the employee will automatically receive \$100 denomination bonds unless a payroll change is made.

The \$50 and \$75 denomination bonds will continue to be available for purchase through financial institutions such as the bank. These bonds, however, will not be available through the payroll savings plan.

U.S. SAVINGS BONDS

THE GREAT AMERICAN INVESTMENT

Pamela Lou Bell and **Mickey William Harris** were married Saturday, February 17, 1990, at North Oak Ridge Baptist Church in Boonville. Pamela is the daughter of Alvin and Nancy Bell and the granddaughter of Willie Bates (Wet Finish). Mickey is the son of Helen Harris and the late Joyce Harris. The couple plans to live in Yadkinville.

*Let me
tell you
about...*

Angela Durham, Amanda Durham, and Andrew Durham are all the children of Ricky (Carding) and Betty Durham (Worsted). Angela is nine years old, Amanda is six years old, and Andrew is four years old. They are also the nieces and nephew of Teresa Durham (Worsted) and Freddie Grubb (Carding).

Christina and William Shore are the children of Christina Burgess (Worsted). Christina is two years old, and William is one year old. They are also the grandchildren of Tommy Burgess (Engineering) and the niece and nephew of Lenny Burgess (Weave), Helen Walker (Spinning), Teresa Durham (Worsted), and Lisa (Worsted) and Bobby Cooper (Fiberwoven).

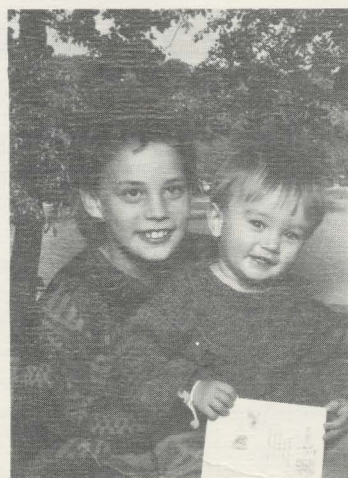

Felicia Marie Lyon is the thirteen month old daughter of David and Cathy Lyon. She is also the granddaughter of John (Engineering) and Maggie Lyon and the great-granddaughter of Ivan Cleary (Blum Construction).

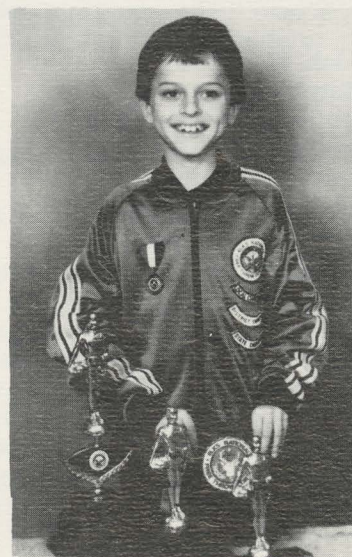

Sherry and Tammy Swaim are the children of Eddie (Garnett) and Peggy Swaim (Weave). They are also the grandchildren of Carl (retired) and Marie Swaim and Hallie Soots (Restwarmer). Sherry is fifteen years old, and Tammy is ten years old.

William Paul Pardue is the five year old son of Frankie Pardue (Cloth). He is also the grandson of Rex (retired) and Ruby Pardue (retired) and the nephew of JoAnn Cox (Butler Weave).

Nine year old **Joseph Tharpe** and seventeen month old **Rikki Burgess** are the sons of Teresa Durham (Worsted). Rikki is also the son of Lenny Burgess (Weave). They are the grandsons of Tommy Burgess (Engineering) and the nephews of Betty Durham (Worsted), Ricky Durham (Carding), Chris Burgess (Worsted), and Cindy Tharpe (Binding).

Ryan Ward is the ten year old son of Rick (Industrial Engineering) and Janie Ward. Ryan placed second in the 10-11 year old division of the Elks State "Hoop Shoot" Competition held March 3, 1990, in Gastonia. Last year Ryan won the state title in the 8-9 year old division and competed in the regional competition in West Virginia.

Let's Cook

*Try the following terrific recipe
with Granny Smith apples.*

Fresh Apple Nut Cake

2 eggs
1 3/4 cups sugar
1 cup vegetable oil
2 1/2 cups sifted self-rising
flour
1 cup chopped walnuts
3 cups chopped peeled apples
1 teaspoon cinnamon
1 teaspoon vanilla

Preheat oven to 300 de-
grees. Grease 13x9x2-inch
baking pan; set aside. Com-
bine eggs, sugar and oil in
bowl; blend well. Gradually
add flour, blend well. Stir in
walnuts, apples, cinnamon
and vanilla; blend well. Pour
into prepared pan. Bake one
hour and 10 minutes or until
toothpick inserted in center
comes out clean. Cool in pan.
Frost with Cream Cheese Ic-
ing. Makes 12 to 15 servings.

Cream Cheese Icing

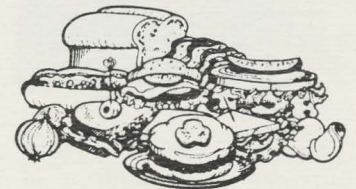

1 package (8 ounces) cream
cheese, at room tempera-
ture.
1/2 cup butter or margarine,
softened
4 1/2 cups (16 ounces) con-
fectioners' sugar, sifted
2 teaspoons vanilla
Combine all ingredients in
mixing bowl. Beat with elec-
tric mixer until smooth and
creamy.

*You can save energy cost by
cooking this dish in an electric
frypan. If you don't have an elec-
tric frypan, you can still try this
recipe using a regular skillet on
your range.*

Country Skillet Dinner

3/4 pound ground beef
1 small onion, chopped
1 clove of garlic, minced
2 cups thin egg noodles, un-
cooked
1 (14-ounce) can tomato
sauce
1 small can mushrooms
1 teaspoon of oregano
1/2 cup of mozzarella cheese,
shredded

Brown ground beef with
onion and garlic. Reduce
heat, spread noodles on top of
the beef mixture. Combine
tomato sauce, mushrooms,
and oregano. Pour over
noodles. Cover and let cook
15 minutes. Remove cover
and sprinkle cheese over the
sauce. Continue to warm un-
til cheese is melted. Serves
4-6.

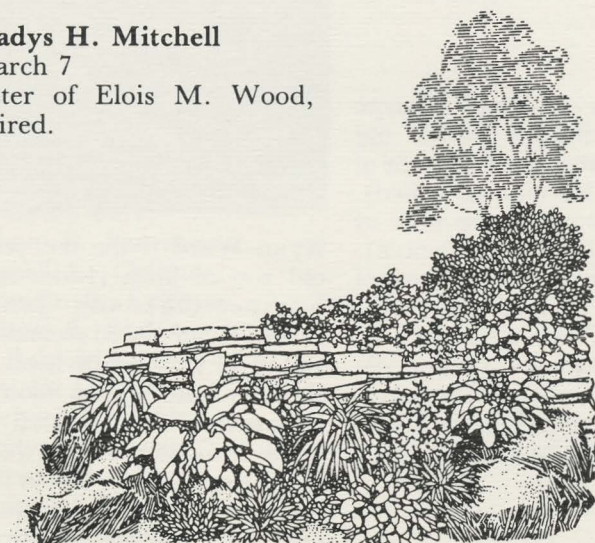

U.S. Textiles Celebrate 200th Birthday

Members of Congress have launched a year-long celebra-
tion of the bicentennial of the U.S. textile industry. A resolu-
tion was introduced stating that October 13-20, 1990, will be
"American Textile Industry Bicentennial Week."

The legislation starts a year of activities and programs that
will pay tribute to the U.S. textile industry. Events are being
planned for throughout the year.

In 1790, Samuel Slater, an immigrant mechanic, began pro-
ducing cotton yarn via water-powered machinery in
Pawtucket, Rhode Island. The success of this mill led to the
establishment of the textile factory and industry in the United
States.

Today more than 700,000 people are employed in textile
plants in 30 states across the country.

White rock for landscaping. \$35 per ton delivered. Call 957-8568.

1975 Monte Carlo. One owner, needs paint. Call 835-1848 after 5 p.m.

Fire Prevention

Fire is one of the leading causes of death in the home. Most work places have plans to reduce or eliminate fire hazards. However, many families neglect to prepare for emergencies by correcting home fire hazards. The following is a checklist that will help you to make your home safe from accidental fire.

Fire prevention checklist

Hazard Prevention

- Keep burnable materials away from heat sources such as chimneys, water heaters, radiators, portable heaters, etc.
- Store burnable materials away from stairways and walkways (if a fire did break out, they could block your exit). Do not store, use, or carry flammable liquids in open containers.
- Clean ovens, rangetops, and exhaust fans to keep them free of grease.
- Make sure that all electrical appliances have been approved by a testing lab (such as Underwriters' Laboratory).
- Replace worn or frayed cords, plugs, or wiring immediately (or have them repaired by a licensed electrician). Turn off gas pilot lights when working with flammable adhesives.
- Never overload circuits.
- Inspect chimneys and flues regularly to be sure they are in working order.
- Never leave an open flame unattended.
- Quench fireplace and barbecue fires completely before retiring. (Even if there is no visible flame, hot embers can re-ignite.)
- Never smoke in bed or when drowsy.
- Never empty ashtrays into a wastebasket - keep a can filled with baking soda to dispose of butts, or douse them first with water.

Safe Practices

- Install at least one smoke detector on each level of your home.
- Vacuum smoke detectors monthly to keep them dust-free.
- Inspect detectors monthly to ensure that batteries and lights work.
- Make sure that security gates and window guards can be opened easily from within the home.
- Have regular home fire drills.
- Keep a multi-purpose fire extinguisher on each level of your home - and learn how to use it.
- In the event your clothing should catch fire, stop what you're doing, drop to the floor, and roll around until flames are extinguished.

Pigmy goats. Call 957-3939.

1974 Travelmate 18-foot camper. Excellent condition, sleeps six, fully equipped, reasonable priced, dual axle. Call 367-7841 before 7:30 a.m. or after 9:30 p.m.

20" 3-horsepower push mower. \$50. Call 835-5556 after 4:30 p.m.

Split-level house, 3 bedrooms, 1½ bath, carport. \$75,000. Call 468-8918 after 6:00 p.m.

Share-A-Joke

When a robbery suspect was arraigned in Queens, N.Y., the court clerk asked him if he could speak English. The man said, "A little." "What can you say in English?" asked the judge. "Give me all your money," replied the suspect.

A man walked into a barber shop and sat down. The barber asked, "How do you want it cut?"

The man replied, "Cut the sideburns on the left, but not on the right. Cut a patch about the size of a silver dollar on the top."

"But I can't cut hair like that!" the barber exclaimed.

"I don't see why not," the customer said. "That's how you cut it the last time."

Then and Now Answer

Annette Hughes works second shift in Data Processing. She has been a Chatham employee for two years and seven months. She is the daughter of Gerry Bowers (Cloth). She is also the sister of Thomas Pardue (Blending) and the niece of Darlene St. John (Cloth.)
