Dear Mr. Spanski:

Thank you for your letter of September 5.

I have enclosed a copy of our catalog sheet giving prices for various quantities of license plates. These prices include only one color imprint on white or colored background. Please add 20¢ for each additional color on orders of 250 or less. If you order over 250, the extra charge is 15¢ per color. This would mean that on an order for 1000 plates in two color imprint, your cost would be \$.71 each plus 15¢ for the additional color or a total of \$.86 each including all charges.

Please complete the free sketch form on the back of the catalog sheet and return it so that we can prepare a sketch for your approval at no charge or obligation.

We look forward to working with you and I assure you of our best service. At this time it takes approximately three to four weeks for production.

Sincerely,
