Thank you for your letter dated July 29, 2000 regarding the will of Jane (Howard) Allen.

The will you requested is in Surry County as you stated. Most of our will books are now at the North Carolina Archives. You can request the will and estate records from The Department of Cultural Resources, Archives and Records Section, 109 E. Jones Street, Raleigh, NC 27601-2807. They will advise you of the cost when they receive your request. The will is for Jane Allen (3:70a) dated Nov. 24, 1805. Loose estate papers for Jane Allen are also at the Archives.

Dear Genealogical Association,

I subscribed to your society last November 30, 2005 and have had no correspondence that I have received. My check was number 422 and signed by Vaersie Key. So I don't know what to do. I thought probably you had a newsletter or something. I have received nothing.

I am in Texas with my daughter seeing doctors and taking oral and physical therapy. All of my mail is transferred to the Texas address until June 1, 06 so I should have received something.

I am looking for the very early records of your county. I don't know when your state was formed and founded. I am sure it was very early.

I found on the U.S. Gen Web site some old deeds for your county about 3 years ago.

I found John Allen Sr. listed in the Scots Irish community there. There must have been a large settlement of Scots there.

I also found where a John Allen Sr. deeded to the following:

1786

To John Allen Jr. D 106

To William Allen D 107

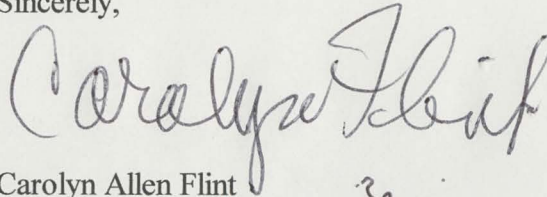

To Isaac C. Allen and his wife Frances Elizabeth Pettit D 108

All of the three 200 acres for \$1.00 each.

I am sure these are the sons of the elder John Allen Sr. Of course I cannot prove this at this time. Isaac and Frances Allen are my 5th great grandparents and I am looking for more info on John Allen Sr. and wife???? Other children????? An Allen History on this line. Any help on this family would be greatly appreciated. Also any leads as to where to look to maybe find more on the Scots Irish of this area?

Thank you for your consideration in this matter.

Sincerely,

Carolyn Allen Flint

Dear Carolyn,

Thank you for writing to the Surry County Genealogical Association.

We received your check #422 dated November 30, 2005 and since it was December when we received it, we applied it to our 2006 membership list. We only send out Journals quarterly, so the Spring Journal is just now coming back from the printers. You should receive it soon.

Sorry to hear about your daughter's test and physical therapy. We wish her the best. I don't have the Texas address for you, if you want to email it to me, we can get the Spring and Summer Journal to you quicker there. Sent it to: JSmith81@surry.net

I am corresponding secretary for the Association but I also work for the Surry County Register of Deeds office. You can write and get copies of the deeds that John Allen Sr. deeded to his sons, John Jr., William and Isaac, if you do not have copies already. Just write to the Register of Deeds P. O. Box 303 Dobson, NC 27017. Enclose a \$2.00 search fee and 25 cents per copy of the deeds. Most deeds are one page sometimes 2 but if we have extra money sent that we do not use, we will send it back. You can mail this to my attention and I will get back to you as soon as I can. We only do the genealogy at the office when free time permits.

I am not aware of an Allen History on this family but I will ask some of the other members of the association if they know anyone working on the Allen family.

Sincerely,

Teresa L. Smith

Dear Ms Newman,

In answer to your letter to the Surry County Genealogical Assoc'n re Isaac and other Allens, we are sending you some flyers on books available on Surry County records that may be of help to you.

As per enclosed flyer - Court of Pleas & Quarter Sessions - Vol I mentions Isaac Allen 13 times and John 18 times in the index. Some of these are wit. to trials or jury duty but may contain other information that will help.

Pleas & Quarter Sessions Vol II gives this among other entries:
"Tues. 16th May 1801 - Administration on estate of John Allen dec'd is granted to John Allen son of the decedent (his mother and elder brother having resigned their right) who entered into bond with Henry Speer & M. Duke Kimbrough securities, in the sum of f50 for his faithful performance &C and qualified according to law. Ordered that letters of administration issue accordingly. No fee paid."
Also, "Tues. Feb. 9th 1801 - An inventory of the estate of John Allen dec'd was returned by the admr and ordered to be recorded. No fee pd. On motion ordered that an order of sale issue &C. No fee paid."

Court Vol III-Tues. Feb 9th 1801 - Ordered by the court that a subpoena issue to the witnesses of the nuncupative will of John Allen returnable to this court. No fee paid." "12th Feb 1801 - will proved...etc...." Court Vol III contains petition of John Allin...."

The nuncupative will and estate records may have been sent to the State Archives in Raleigh. You could write to them or we are enclosing the address of Mrs. Harvey who could check for these and other records as the staff at the Archives will look up and copy some materials but does not research in loose records as far as we know.

You mentioned a 400 acre grant to John Allen on waters of Deep Creek a branch of the north fork and asked the date. In the Joseph Winston, His Entry Book, Land Entries 1778-1781 we find the following among several others in the name of John Allen: John Allen enters 400 acres of land in Surry Co. on the N fork of Deep Creek including the plantation he now lives on for complement. Nov. 11, 1778 [warrant granted to H.S.]

Plats are not attached to our deeds in Surry County but may be obtained from the Land Grant Office in Raleigh, NC. The fastest way would be to contact Mrs. Harvey whose address is enclosed and ask her if she could copy grants for you. They give a drawing of the

land and usually tell who the chain carriers were for the surveyor. Sometimes these can be of help as they were usually relatives or near neighbors. Sometimes other data is included if the grant has been transferred to or from another owner before it was registered as a deed.

We have received inquiries recently from the following people researching the Allen lineage: Mrs. R.M. Davis, 116 Turkey Trot Lane, Jacksonville, AR 72076 and Mr. Robert E. Collins, 463 Eastview Dr, Lebanon, Ohio 45036. I have given your address to Mrs. Davis but you might wish to contact both of them.

Enclosed you will find some material on our Association. Please send queries and surname cards to the association if you feel this would be of help to you.

The Historical map done by Mr. Fred Hughes is a valuable aid in locating deeded land and grants. You may order these from Mr. Hughes or you can order the Surry County map AND INDEX from: Office of the Register of Deeds, PO Box 303, Dobson, NC 27017. You might wish to write to the Yadkin County Historical Society, PO box 1250, Yadkinville, NC 27055 to ask about their Heritage Book and map and index of that county. The Allens are found in Surry, Yadkin and Wilkes Counties.

We hope some of the above will prove to be of help to you. If we can help you further, please write again.

Good luck in your research,

Dear Sirs,

Recently while doing some genealogical research at our local library I mentioned to the person in charge of the of the genealogical section that I had about exhausted their facilities as far as my research was concerned. I asked the person in charge if she had any suggestions of whom I might write to for more information. So from her I received your society name and address and she said that she believed that you would be more than glad to correspond with me.

I have for the past three years been trying to trace the genealogical line of a person by the name of ADONIRAM ALLEN. Although he was one of the first settlers in Clay County, Ky. around the year of 1807, this which I have confirmed, because he was appointed to the first grand jury of Clay County Ky. But going backward in time I have found that he was been born in the state of New Hampshire, this I have not confirmed, in the year of 1734 and died in Clay County, Kentucky in 1838. In the interim between these two dates I have kept coming up with him and his family being in Surry County , North Carolina.

I recently received a letter from a descendant of Adoniram Allen which put a little more light on the situation. According to him there was an Allen Settlement on what is now known as Winston Salem, NC.. Also the Allens ran an Iron Works and sold iron to, I would suppose, the surrounding area and possibly the government of that time. In his letter he also mentioned that they had lumber from their own mill and sold lumber. I know this sounds like I know a lot of this family, but really it is only hearsay.

I have been privileged to search some of the court record from your state and have found one land transaction that maybe a key, but I am not sure. I will submit it to you a the end of this letter for your evaluation.

It has also been told that Adoniram Allen was a Captain in the Revolutionary War and fought under a Colonel Cleveland at the battle of Kings Mountain. Again I will submit to you a copy of a pay voucher for your evaluation as to whether it is a voucher for being in the army or maybe for something else.

You may notice on the land transaction submission that Job, Adoniram, and Jonathan are appearing as witnesses to the

transaction and David is the person doing the transacting. We are of the opinion that the three witnesses are the sons of David. This again is only speculation on my part.

I have noticed on my map that Surry and Wilkes Counties are neighboring counties although in the period of time we are speaking of the boundaries could have been different. The only reason I mention this is that I have been told that the Allen Iron Works and the Allen settlement was at what is now Winston Salem.

I would appreciate any and all information on the subject that I have written to you on. This is my wife's ancestors and we have been trying to get enough information together to submit it to the D.A.R., but so far with only hearsay information and no definite proof we are not having much luck. If you have any of this information in your files please let me know. Also do have publications from your Genealogical Society.

I am writing to the Society in hopes you can help me. My g-g-g-g grandfather, Isaac C. Allen (f.g.s. included), was the son (I believe) of John Allen, Sr. John resided in Surry Co. They were from VA. I believe Isaac was living in Surry Co for only a while in the 1790's as he served Rev. War from VA and then by early 1800's he was back in VA. He then removed to KY and Ind.

I also believe the Thomas Pettit, who lived in Surry Co, was the father of Isaac's first wife (although her name was not in his Surry Co will).

I am enclosing what little I have found about the Allens & Pettits in Surry Co.

I hoped Surry Co has a County history book (Goodspeed, etc) which might mention the Allen or the Pettits. I will pay the cost of copying.

Thanks for any help —

Dear Mrs. Davis,

In response to your letter to the Surry Co. Genealogical Association regarding research on the Allen family, we are sending some flyers on books available of Surry Co. records we think might help you, and also some materials about the Association. If you have not done so, queries for the Journal and surname cards might result in someone contacting you.

We do have a book HERITAGE OF SURRY COUNTY, VOL I - but I do not think the stories about Allens and Pettits go back far enough to help you. Court records and the Land Grant Entry book would probably help you more as there are entries for Allens in the indices.

Enclosed you will find a paper about the Historical Map of Surry County done by Mr. Fred Hughes. This map is a valuable aid in locating deeded land, grants, and near neighbors. You may order the Surry County map and index from the Office of the Register of Deeds, PO Box 303, Dobson, NC 27017. We don't know if Mr. Hughes has indices to the maps but people in most of the counties prepared their own index. If you want Yadkin's map and he doesn't have an index, you could write to the Yadkin County Historical Society, PO Box 1250, Yadkinville, NC 27055 and ask if they have the map and index as there were Allens in that county also. You might ask if they have a genealogy society in that county and about possible histories in their Heritage book.

We received a letter from Zelma Newman, 227 West 15th Ave., Eugene, OR 97401. Also an inquiry from Mr. Robert E. Collins, 463 Eastview Dr, Lebanon, Ohio 45036. They are both active Allen researchers and we think you might be of help to each other.

We are beginning the HERITAGE OF SURRY COUNTY, VOL II in case you wish to send in a story or wish to receive details when available about this book.

We hope some of these suggestions will be of help to you. If we can help you further, please write again.

Good luck in your research,

~~Corresponding~~ Secretary
Swain County Genealogical Assoc.

Dear Mrs. Adams: -

I picked out your letter from a pile of letters yesterday. Guess it had been covered up and forgotten. Sorry!
Dated 4 March 1982.

You had sent me Mrs. Louise Baisen name & address & three Allen deeds. I wrote, "the lady last night. The deeds - "John Allen & wife to Thos. Keel," dated 3 June 1785, signed John Allen, Mary Allen, indicating both could write - ⁽²⁾ Joseph Allen to Daniel Allen beloved son for love & affection. page 80 Book D. also signed by Joseph. ⁽³⁾ Isaac Allen & wife Frances Allen to Thomas Marsh 200 acres. signed by Isaac Allen & Frances X mark. Book H page 57. date 1795 ^{17 Aug.}
Thanks for the deeds they are of great value to me. I don't know if I ever paid you for them or not. I will

enclose \$1.00 for them. Keep the extra
Quarter.

I have just gotten back from a
trip to your area + to Richmond, Va.
I found three other deeds one from
John Allen to Isaac Allen for the same
property as the deed you sent. This
deed made in April 18, 1786. page 108
and book D. This John Allen made his
mark I so he must not have been
able to write. On Poliscat creek. ^{original deed} 3 Nov. 1784.

I do not think I have this property
or deed to John ^{his} I _{mark} Allen as a grant
although I have one of 400 acres.
?82 book C. dated 9 Nov. 1787. This on
the waters of Deep Creek a branch of Deep Creek.

The deed from John Allen to Isaac Allen
was the third in succession in the
deed book D that John ^{his} I _{mark} Allen made
out. One to John Allen Junior the other
to William Allen. Come to John Jr. being on
the Yadkin River south. and the one
to William on the Fishon River and to Co.
road.

Can this John ^{his} I _{mark} Allen be the father

of John Allen junior, William Allen and
our Isaac Allen? I looked at John Allen
"will" and he left all to his beloved
wife Ann. And her "will" left every-
thing to her children by another
husband. So I have no information
of who he was and what relation
to the three other Allen.

I will enclose a sheet of infor-
mation I found in a trip east
a few years ago. Revealing undoubt-
ably, that Isaac Allen who married
Frances Randle was my Great Great
Grandfather. Although a lot of
statements are mistakes, basically
he is ancestry. My Great Grandfather
Ira Allen was born May 2, 1794 in
Surry co. N. Carolina. He died in the
fire that burned his home near Argus,
Indiana, Marshall co. in 1870. My Grand-
father James Allen was born in
that home April 9, 1848. My father's
^{oldest} sister was also born there but my
father Welcom Arthur Allen was born
Nov. 26, 1870 was born on the back 40

Great Great Grandfather Isaac Allen made his home with Paladie in the wilderness in Indiana, which was later designated Hogan Township, Dearborn Co., Indiana, section 33. There is a little graveyard on the west side of the section where he undoubtedly was buried in 1818.

I would like any information as to what county in Virginia where Isaac lived & his first children were born and as to where he was born in N. York. Also any deed as to who John ^{his} ~~+~~ _{marry} Allen sold his property to and who John Allen jr and William Allen sold to. Also any more than I already have of Grants from the state to John ^{his} ~~+~~ _{marry} Allen. Don't duplicate deeds I already have! as stated. Also a grant deed to David Allen for land and Iron works.

I will pay for all deed copies you send me. Also court records of wills settled. Am anxious to see them.

Many Witnesses in Allen Trial. Testimony Very Similar to That Given at Previous Hearing (The Mount Airy News, Thursday, July 11, 1912)

Wytheville, Va., July 5 – The case of the Commonwealth against Claude Allen for killing William M. Foster in the tragedy of March 14th at Hillsville, was resumed this morning at 9:30 and B. Weddle was introduced as a witness. This witness testified that Floyd Allen told him that if he was convicted he would kill W. M. Foster before sundown.

Isaac Martin testified as to Floyd Allen's statement that he could not get a fair trial in Carroll and that he would compromise and pay, but if they sent him to the pen, they would have to make a box for him.

These questions and answers were accepted because they were intended to prove conspiracy and that Claude Allen, the prisoner, was not present and there was no evidence that the statements had ever been communicated to him.

Sidney Shrecker testified that the evening before the tragedy, and while the jury were out and expected in court with their verdict, Claude Allen went up to his father, Floyd, took him by the wrist and said, "Let me feel your pulse," and having done so, said, "It beats regularly," and the father with hand to his mouth in a whisper asked Claude if the boys were ready.

Lowman King's evidence corroborated Sidney Shrecker.

Joseph A. Banks, a witness not examined in former trials, gave evidence which corroborated the last two as to Claude Allen taking hold of his father's wrist, and to their whispering, but witness was too far off to hear what was said.

C. L. Howell, the foreman of the jury which convicted Floyd Allen and who was present at the tragedy, gave a detailed account of what occurred at the time. His evidence was in line with those witnesses who have heretofore testified as to the facts and circumstances.

Owing to the stormy weather there were fewer spectators than on any previous day.

M. C. White, a member of the jury, was the next witness. He said Floyd Allen said he was not going to jail. His statements showed that the witness had been more particular in taking care of himself than in seeing what happened.

Court adjourned at one thirty for dinner.

J. G. Ayers, the next witness, testified regarding his position at the time of the shooting and the position of the persons doing the shooting outside the court house. He said he was an undertaker and saw Foster's wounds. He described them to the jury.

Roscoe Mabry corroborated the statements of former witnesses as to the shooting and positions of parties. His testimony was very brief. He had been chiefly concerned in getting out of danger.

The next witness was W. C. Quesenberry, deputy clerk, who was on the stand for one hour and ten minutes. He testified that the first shot came from the northeast corner of the room and then from the direction of Floyd Allen. The witness said he fired twice at Floyd. He said he came in the room armed because of previous trouble with Jack Allen. The witness was subjected to a grilling cross examination by Judge Hairston. J. T. Cochran, at whose restaurant the Allens ate breakfast on the day of the tragedy next was introduced. His testimony was brief and no new facts were revealed.

H. K. Lindsey, the next witness introduced, was asked only a few questions which revealed no new facts. Cyrus Phipps, a civil engineer, was next introduced. His testimony related chiefly to the facts and incidents of the shooting, and with a map he described the court room at Hillsville, the furniture thereof and the location of the bullet holes. David Allen - born 1761 NJ to NC about 1770

From: ANITA SCHMIDT <schmidt.a@verizon.net>
To: Wjhiatt@aol.com
Date: Mon, Sep 6, 2010 12:09 am

Is there a book on Surry County, NC that gives the parents of David Allen, born 1761 at Elizabethtown, Essex, NJ? His father was David, but I do not have the dates or wife for David. I believe he died in Surry or Wilkes. His Iron Works was on the border of Surry and Wilkes Co. on the Yadkin River.

I would like to correspond with anyone who is researching the David Allen family. The family descends from Edward in MA to David at NJ, then to Surry, NC and Wilkes.

David (b 1761 moved from Surry to GA to Nashville, TN to Franklin, Alabama. He married Nancy McConnell, daughter of Capt. John Perry Mc Connell and his wife, Anna Lewis. About 1801.

Thank you for your assistance.
