### Report on Religious Literature

We rejoice at the continued progress of those who are responsible for the preparation and the distribution of the Religious Literature in our State.

At the forefront are our State Baptist Periodicals. The "Bibical Recorder," Chari'y and Children" and other Religious Literature that should be in every Baptist home in the state. To have them in our homes is a vision to which we cannot be disobedient. Our Editors and Our papers are Missionaries and teachers and Co-workers in the things pertaining to the cause of Christ.

The Press wields a mighty influence in the shaping and molding of human life and character, and when the press is christian, the oppor unities for good are practically unlimited, but even the best and most inspiring books and periodicals accomplish little unless our people

can be persuaded to read them.

It is our conviction that a heavy responsibility rests upon parents who have the opportunity not only of recommending clean literature, but also of helping to create a desire for reading matter that is constructive and inspiring. Once again we want to emphasize the value of the Bibical Recorder, our channel of Denominational information that has done much to deepen the spiritual life of every one priviledged to read it.

A great power for good too is the Commission, a Baptist World Journal, which is so helpful to our W. M. U organization. The Denominational Press is the friend and ally of pastors and lay-leaders, as they seek to promote the cause of missions, to stimulate giving, and

to win lost souls for Christ.

In the midst of wars and rumors of wars, the Lords cause is going forward in a way that inspires our gratitude.

We thank God and take courage.

Respectfully submitted, MRS. W. L. REECE.

I thank you sincerely for your patient and faithful support in our co-operative work through the years I have been among you and labored with you. My desires for our Association were made clearly in the beginning of my work as your Moderator seven years ago. I suggested that I was, namely, FIRST a servant of the Lord. SECOND a servant of the people who elected me. As your servant I requested that you use me as often as you could and in any way possible where need and opportunity existed for the expansion of God's Kingdom.

Since my official connection with you began, I have visited annually 40-50 churches and traveled 1,500 to 3,000 miles per annum largely in our Association. In addition to visiting our churches and speaking therein, I have visited a large number of your homes and have been graciously received by you. Without exception I have been cordially received by all of the pastors and other church officials I am persuaded to believe that most of our people have received me with receptive and responsive hearts and hands because of the cause I represent and the message I bring.

Let Records Speak—Observe Closely, namely: 6 Years—1935-1940

Baptisms 1935 to 1940 inclusive 1,881. Percapita Contribution for all purposes 1935, \$2.83; 1940, 6.52; Gain \$3 69. Note the following from our last Associational reports:

46 churches contributing to one or more denominational objects. 6 churches making no contribution. 31 Moman's Missionary Unions, with 1147 members. 12 Baptist Training Unions with 626 members. 52 Sunday schools—no church without a Sunday school, members 6,855. 52 churches with membership of 7,559—making 604 over the Sunday school enrollment. 44 churches reporting baptisms.

8 churches reporting no baptisms, during the year.

My supreme desire from the beginning of my first year as Moderator was as follows: 1st. Aspiritual uplift of all our people to higher grounds in Christ 2nd. A more co-operative people in all our denominational work. 3rd. Praying and working unitedly for a stronger, more complete, and more intelligent Evangelism based on Matthew 28:19-20. Therefore, I heartly present and recommend the adoption of the following resolutions:

WHEREAS: the salvation of souls, the advancement of the Kingdom, and the life of our Baptist denomination depends on sane, scriptural,

spiritual, soul searching evangelism, and,

WHEREAS: Southern Baptists baptized 245,500 in 1940 falling below

WHEREAS: Our own state, North Carolina gained 3,674 compared with 1939, and a ratio of only one baptism for every 23.8 members, and WHEREAS: Our own Association baptized 364 in 1940 as against 460 in 1939

Very sincerely yours, A. V. WEST, Moderator.

### Report on Temperance and Public Morals

The liquor traffic has been well termed the No. 1 enemy of our country. And instead of causing a blush of shame it seems to be a source of satisfaction in some cases that liquor sales have doubled or trebled in some of our counties where there are extensive defense activities. And instead of pu ting forth praiseworthy efforts to safeguard the physical, moral and spiritual well being of our trainees we complacently herald abroad the increased revenues from that which is a disgrace to us and demoralizing to them, for alcohol is and enemy of both health and morals.

We had good hopes of a referendum on the whiskey question this We did not get it. It is reported that a secret ballot of the Finance Committee rejected the proposal by a vote of 34 to 10. This 34 blasted our hopes and sold for us our birth right for a mess of pottage. Here are some startling facts:-

1. Our state received in beer tax for August \$165,805.49 Or the the state and federal tax on beer for August was right at \$500,000. Approxmiately 50,000 barrels of beer or 1,550,000 gallons of beer was

sold in the state for that month.

2. 226 drivers license were revoked in one month in our state and 10% of them were for drunken driving. 36,969 revoked in the last 6 years. But this does not tell the story of suffering and death entailed

by these drunken drivers.

Why have we legalized the sale of whiskey? To stop bootlegging of course. But hear a federal judge speaking from the bench in this state last April, "You can't stop bootlegging by having the legal'zed liquor stores. Liquor stores breed bootlegging. Some people claim that liquor stores reduce taxes They don't reduce taxes. They never have done it. Alcoholism kills more people in the U.S. than cancer. It killed 135,000 last year. I am opposed to liquor because I love my fellow men."

4. It is estimated that we have 17,000,000 youths of school age not reached by our churches. From this vast host our estimated 4,750,000 criminals are recruited. Every 20 seconds a major crime is committed and the majority of them by the you'ns of our land. Even many young girls are drifting away from home, seeking employment, finding heir way into "taverns, beer parlors and roadhouses." Here they drift into lax ways, cigarette smoking, drinking and other ways our

mothers knew not of.

The Root From Which All These Evils Spring:

Desecration of the Sabbath Decay of Home Life. D'sobedience to parents. Easy divorce. Drinking, Gambling, Disregard of God's word Too Few reading and studing the B'ble.

As we consider these and other things that might be presented We feel constrained to join the cry from Se'r, "Watchman, what of the Night?" And we wou'd expect the answer, "The morning cometh." Or in the words of one greater than the prohet, "And when these things begin to come to pass, then look up, and lift up your heads, for your redemption draweth nigh." Amen. Even so Come Lord Jesus.

Respectfully submitted,

Six Baptist Training Unions have been organized since the last Association making the total number 11 at the present time. There are thirty-five unions in the Association. Seven Study Courses have been held since last September with appoximately 85 awards being given.

The Associational Officers have sponsored two Mass Meetings and 3 Offficers meetings since the last report.

Six of the Associational Officers completed a Study Course, "Pilgrim's Progress," taught by Miss Ellen Daniels.

An Associational-Wide Conference was held at the Mt. Airy First Church in April. This Conference was under the direction of State Workers. A similar conference will be held this year in our Association in November instead of the spring.

The Regional Baptist Training Union Convention that met in Lenoir, at which our Association was well represented, will be held in our own Association this year at the Mt Airy First Church March 29.

An Associational Officers Clinic was held during the spring under the direction of Miss Joseph'ne Turner, State B. T. U. Field Worker.

One Intermediate, Miss Caroline Boyles, entered the Intermediate Sword Drill Contest at Lenoir and went from there to R descress.

In June 1942 Mr. Nathan C. Brooks, S ate B. T. U. Secretary and a group of summer workers will put on an Associational-Wide Enlargement and Revival Campaign in our Association.

# Report on Christion Education

In a day in which the subtile leaven of apostasy is seen working in every department of civic and religious life, the field of higher education has not escaped. To one seeking a college which still makes the Word of God the final authority in its policy and program, it soon becomes evident that there are pitifully few such schools left. Even in colleges and seminaries which, fifty years ago were held up as models of orthodoxy, there is today a persistent falling away from the revealed truth of God, if not actual atheism. One of our fine teachers, in speaking to me just the other day, said, "There is a pastor in a Baptist church near me who believes neither in the Virgin birth, the deity of Christ, the second birth nor the second coming of our Lord; and when I asked him when he lost his faith in those great truths, he replied, 'In my Alma Mater inNorth Carolina.'"

It is therefore with thankfulness of heart, in view of such consistent and the second committees the second consistent and the se

It is therefore with thankfulness of heart, in view of such conditions, that we North Carolina Baptists have the opportunity of sending our young men and women to schools like Campbell College, Mars Hill, Chowan College, Meredith and Wake Forest. There they can have good spiritual influence and, in most cases, spiritual teaching.

However, even in our own ranks, I would sound a warning. The adversary is cunning and beyond measure, and he attacks the most strategic positions. Let us guard our schools. Let us be constantly alive to the dangers of a departure from God's truth and of a dead orthodoxy which teaches truth but in practice denies the power thereof Let us pray without ceasing that God will keep our schools and colleges safe from defilement and that they may glorify Him and Him alone.

Respectfully submitted, STEPHEN MORRISETT

# Report on The Baptist Hospital

The Baptist Hospital is just now completing additions to its plant that increases its bed capacity from 108 to 300. This will enable the hospital to treat 10,000 patients each year. Of this number, we may expect 3,300 of them will be service patients; that is, not able to pay a hospital bill. 3,300 will be mothers who have waiting for their return home, 10,000 children. If the present rate is maintained, 200 will be preachers for whom no charge has been made for the last two years or more.

The hospital has a staff of 100 doctors: these are all specialists in

the many fields of medicine and surgery

The hospital runs a well-equipped standard Training School for Nurses. These are taken from as nearly every section of the state as possible. A class of about 50 will be taken each year, makin a school of 150,

The Medical Building of the Bowman Gray School of Medicine of Wake Forest College is now completed and the school opened the first of September of this year. While the Medical School and the Hospital will be closely related and mutually helpful in every department, they will remain separate institutions, controlled by separate Boards of Directors and supported from different sources.

Everything contributed to the hospital goes to the support of the hospital exclusively. The Mother's Day Offering by the churches is used entirely for the service of patients not financially able to pay

for treatment.

The spiritual side of the hospital's service is stressed always. The hospital has a fulltime pastor supplied by the generous donation of Mr. C. M. Scott of High Point. This pastor, Rev. Charles E Parker, in addition to his many activities with the patients and their families and friends, teaches a course in Bible in the Nurses Training School.

The various organizations of our women and young people are rendering a vast service to the hospital in supplying linens of all kinds; such as sheets, pillow cases, towels, washcloths, etc.

Our vastly enlarged program, of course, will require increased support.

# Report on Home Missions

There are Baptists who are "specialists" in Foreign Missions; and others in State Missions but it would appear that few Baptists of the Surry Association "specialize" in Home Missions. In fact the latter seems to be more neglected than any other phase of our Mission activity. Yet the same authority for State and Foreign Missions is

our authority for missions at Home.

We point with pride to the more than half a million dollars paid in to our Home Mission Board But we should view with alarm the meager part played in this great program by the Baptists of the Surry Association. From the minutes of the Association for last year we find that only 21 of the 52 churches in this Association made any kind of payment to the Co-Operative Program; only 6 of our 52 churches made designated gifts to Home Missions; the per capita designated gifts amounted to about one and three fifths cents. Less than a two cent stamp, is the designated gift of the average Baptist of the Surry Association for the support of Home Missions.

of the Surry Association for the support of Home Missions.
Surely we should view these facts with alarm, we should arouse from our apathy; we must shake off the spiritual lethargy regarding Home Missions and do our full part toward fostering Missions not

only abroad but at Home.

Respectfully submitted, T. A. LEEPER.

### Report on State Missions

Do North Carolina Baptists Need State Mission Work?

It will come as a surprise to many of us that Carolina, when compared with the other 47 states of the Union, ranks first in homicides, ninth in rape, thirteenth in auto thefts and seventeenth in burglary. There are possibly a million people in the state to whom the Christ means nothing Roughly three-fourths of this number constitute prospects for Baptist churches. Added to this opportunity and responsibility it is estimated that some 200,000 members of our Baptist churches are doing nothing to advance the Kindgdom of God either at home or elsewhere. Half our total membership do not attend Sunday school with any regularlity. Two-thirds of our young people have no specific train ng in our Baptist churches. A quarter of a million colored Baptist in the state look to their white brethern for encouragement. Nearly 10,000 prisoners in our state prison system, hundreds of whon are being released every month—for them we Baptists are doing practically nothing either to secure them employment or to help set their feet again in the right path. In the face of all this, Brethern, does it behoove North Carolina Baptists to do state mission work?

What The State Board Is Doing About It.

First of all Evangelism has been and is now a prime emphasis of our Baptist S ate Convention. Our Baptist membership now numbers a half million, which membership has about doubled during the past 30 years. While our State Board has given every encouragement and assistance in this soul-saving work, its chief concern in recent years has been the encouragement and establishment in strategic locations of churches that would ultimately become self-sustaining and permanent Kingdom building institutions. Two general missionaries are employed and the Board at present is paying a part of the salaries of 160 pastors in various places in the state.

For some time, and rightly so, the Board has been placing particular emphasis upon the work of training Sunday School and Baptist Training Union workers. Three or more competent workers give all their time in each of these fields, assisted by willing helpers from our schools and churches. It is felt that if we can train the young people in our churches in Christian idea's and efficient service, it will not be long until our churches which are now weak and more or less purposeless will grow into institutions valuable to the community

and the larger needs of statewide missions.

Only two associations in the state, the Surry Association being one of them, have an associational missionary supported by the churches and the State Board. The work of this associational missionary is so personal and vital and directed at the development of our Sunday schools and B. T. U's, that surely in time North Carolina Baptists. will provide for such missionaries in many of our Baptist Associations.

For several years our State Board has been doing commendable work among the seven or eight thousand Baptist students in our state institutions of higher learning. It has been found that when many boys and girls go to college the new surroundings and duties have a tendency to cause them to neglect church attendance and those elementary Christian duties and concepts they but recently practiced at home. To overcome this and to keep that boy and girl in the Christian path and the Baptist fold, our Board is doing a fine work in all our institutions. And to inspire and educate many of our pastors who have had little Biblical or homiletic training for years past summer schools for them have been conducted at both Mars Hill and Meredith colleges. Time and space prevent more than than a mention of our work among other races, particularly the Negroes and Indians; of our ministry to the sick in our state institutions; of the oustanding work among the girls at Samarcand, home for wayward girls, and the boys at the Rocky Mount training school.

What Our State Board Must Have. Our Board is now operating on an annual budget of some \$80,000. We can do no more than we are now doing until our Baptist folks give our Board more money. Instead of \$80.000 annually the Board should have \$100,000. An offering of only 25 cents, on an average, from those enrolled in Baptist Sunday schools in the state would provide this \$100,000. Democracy in the world is on trial and democracy in the last analysis is spiritual and depends for its perpetuity and effectiveness upon Christian ideals and religious training. To implement this democracy and provide the necessary training in Christian citizenship will entail sacrifice and the giving of money. Will our Baptist folks meet this challenge with increased contributions?

Respectfully submitted, W. E. WOODRUFF

### Report on Foreign Missions

The first thought that came to me is that Jesus said to His disciples, "Go ye into all the world and preach the Gospel." This command is one of our greatest challanges, when there are thousands that need an education that is truly christian. From a missionary in China comes this word of the earnestness of the Chinese students for an education. "Chinese students and faculties whose Institutions have been occupied or ruthlessly destroyed by Japenese invaders, have bravely walked from 800 to 1200 miles to a new location in West China. These poor students with bruised feet and bleeding hands have erected new buildings where future leaders are being trained. Some 1200 hundred of these students and teachers are Christians. Surely such teachers and students are worthy of our offerings and help "There are thousands who are sick, there are thousands who are now without parents or friends and need our help given them in Christ's Name.

I quote again from the missionary who gave the above facts about conditions in China. "Some 40,000 refugees have moved into West China. Thousands of little children, unable to keep up with the procession, have fallen by the wayside to perish. Our missionaries relate that some parents starting westward with five or six children arrived with only two. Children who could not keep up with their parents have been heard crying, 'Please Daddy, Mommie, don't leave me, I won't cry any more."

And when we think of the world beyond our state lines there are multiplied millions who have never even heard the name of Jesus. In Africa alone over 80,000,000 are listed as "untouched heathens," or more than 25 times the total population of North Carolina.

What are we going to do about this? What are YOU doing about it? What am I? Jesus said, "Go you," in a certain sense that means more than go ourselves. To me it means to make it possible for those who are called to go. What are we doing about sending the Gospel of Christ?

Paul said in Romans 10:14-15 "How shall they hear without a preacher; and how shall they preach unless they be sent." We live today in a land of freedom, in a land which the Lord has wonderfully blessed. Yet we turn a deaf ear to those who have never heard the Gospel and let them feed upon the propaganda of war, hatred, malice, envying, and strife. Let's not forget that at this very moment over half of the world is at war, but let us accept our challange and go forth in the name of our Lord, and do His will in all things. Do not put off today that which should be done May we give according as God has prospered us in order that we may keep our missionaries in the foreign fields and add many more to the number now in the field, that our Lord may say when we have finished our tasks here, "Well done thou good and faithful servants, enter into the joy of thy Lord."

# Report on Old Ministers' Relief

Officers and Members of Surry Baptist Association: GREETINGS:

I beg to submit to you my report concerning The North Carolina

Ministers' and Church Employees' Retirement Plan.

The Ministers' and Church Employees' Plan for pastors and full time church employees is now in its second year of operation in North Carolina.

On July 1st., 1941 about 325 pastors and employees have become members, with around 300 of these with all payments made up to date.

As of January 1941 a few pastors of sixty-five and beyond retired and are now receiving monthly an age annuity. One is receiving around \$35 a month as a disability benefit and another is in the pro-

cess of being approved for such disability.

This whole plan is merely a common sense way of creating a fund in advance so that when a pastor becomes disabled or reaches the retirement age, which is sixty-five, he may retire knowing that an annuity has been built up for him. The plan is not so much designed to lay up money against a rainy day as it is to lay up something against that certain day that every man and woman must come to, the age of sixty-five.

To be sure it cost something to build up such a fund. We cannot take out something that we do not put in The plan is after al! very simple. A pastor or church employee pays into the fund 4% of the salary received from church or churches; or he may enter the plan and pay 3 or 2% receiving, of course, a reduced benefit. Then the church, or churches, served pays into the fund an amount equivalent to the amount paid by the pastor. This money is invested, begins to draw interest, and thus the fund is increased.

The Baptist State Convention, through agencies and committees, spent much time in trying to work out the plan which in all respects

The Baptist State Convention, through agencies and committees, spent much time in trying to work out the plan which in all respects is safe and sound. It only remains for pastors and churches to take advantage of this remarkable fine opportunity now offered. It is really the first time Baptists have undertaken to meet in an adequa'e way

the situation of caring for aged ministers.

We would, therefore, recommend to all pastors and all churches that they enter the plan at the earliest moment possible. Delay means reduced benefits in the end, the longer one remains out the more the benefit will be reduced. For churches that have budgets we recommend that the amount needed for the retirement plan be placed in the budget; for those churches not having budgets we recommend that some time during the year a time be set when the people will be asked to bring their gifts for this purpose.

In North Carolina we have 325 members; there should be at least

three times that maney.

# Report on The Baptist Orphanage

"And He increased in wisdom and Statue and in favor with God

and man."-Luke 2-52.

That is the normal way for boys and girls to grow, and in order for them to grow that way, their surroundings should be happy and healthy. Their teachers and counselors, wise, sympathetic and kind.

We have just this situation, we believe, at our Baptist Orphanage The Orphanage operates two homes, the Mills Home at Thomasville and the Kennedy Home at Kinston, with Dr. I. G. Greer as superintendent. He is a man well known and loved by the Baptists of our state.

The children of the Orphanage are classified under three heads, full orphans, half orphans and victims of desertion or wrecked homes. These are cared for by the Mother's Aid, the Boarding Homes or at the Orphanage proper at a cost of approximately \$500.00 per day. This includes housing, feeding, clothing, supervision of health and education.

The only way these children receive support, is by the once a month contributions from the Sunday Schools of North Carolina, of which there are 2454. There are also gifts from friends, of money, clothing, canned goods and merchandise. There is too the receipts from the publication of Charity and Children. This publication has become the right arm of the institution and has reached a circulation of 28,300. It gives valuable training to quite a number of boys, who become expert printers through working on this publication. When we think of Thanksgiving day, all good Baptists naturally think of our Orphanage, when every person is expected to give one days' income. Thegifts to the Orphanage are so arranged that everybody can give, money or its equivalent, a fact which the pastors of the various churches should impress upon the members of their congregations.

The children are clothed suitable for the season.

The health of the children is very good, with very little sickness and only two deaths in over seven years. They have outdoor sports of various kinds, they work hard, study hard and eat and sleep regular.

The educational advantages offered the boys and girls at our Orphanage compare favorably with those offered by the other schools of our state. They are taught typing, home economics, music and various trades and occupations, in addition to the regular course of study, so that they are more suited and can more easily find employment after leaving the Orphanage. They also have access to a splendid library while at the Orphanage.

The Church life of the Orphanage is one of the most important phases of the work. The Churches are financed entirely by the members and no contribution made to the Orphanage is used for the support of the Church. There is a well organized Sunday School, Missionary Societies and special work for the Young People. There were twelve boys and twelve girls graduates from Mills Home in 1940, all of whom were professing Christians

You, the Baptists of North Carolina, have a big part to play in moulding these young lives. You have learned that there is more in the words uttered by Cain when he said, "Am I my brothers keeper," than just a remark. What will you do about it? Shall these children continue to grow in wisdom and in stature and in favor with God and man?

Respectfully submitted, MRS. A. G. WEBB.

# Report on Sunday Schools

The ministry of Christ had alarge element of teaching in it. In His plan of work outlined in Matt. 28-19-26 He gives great prominence to teaching. His first preachers were commanded to go and preach the gospel to everyone, with a promise to save all who would believe, then they were to teach all those who believed on Him as their Savior all the things he had commanded them to observe. We believe the Sunday School is the most effective method of the church for this teaching. And we are glad indeed that many of our churches in our Association, seemingly have begun to realize this a greater way than before. We see signs through out our entire county of a great endeavor to teach our church members all the things Jesus commanded.

One of the greatest helps which came to us during the year was the coming of our Sunday school Secretary, L L. Morgan and his fine well trained Christian workers last June for our Sunday School Revival. We feel confident that all the 20 churches which co-operated with us in this great movement were greatly helped and many of them caught greater visions and already there are signs of much activities as many of our churches have and some are now enlarging their buildings in order to do more and better work along this line, therefore we feel that there is a New Day dawning in our Association for teaching our people Gods word.

Our Association Sunday School organization, has had a splenic . Our meetings have been well attended and many of the year. churches have given splendid co-operation and we are grateful to all those who have given of their time, talents and means for the success of this organization.

In view of the great needs in our Association, we make the follow-

ing recommendations:

FIRST. That each school give full co-operation with the Sunday

School Organization.

SECOND. That each church make a careful survey of their territory and their organization and wherever possible enlarge their teaching program.

THIRD. That the Crade Roll and Extension Departments be utilized as opportunities for reaching more people for teaching the word FOURTH. That each Sunday school have at least two training

schools for Sunday school workers during the year.

FIFTH. That each Sunday school will give one Sunday each month a worthy offering to our orphanage work at Thomasville and Kinston, North Carolina.

SIXTH. That every Sunday school in our Association will also on Mothers Day in May remember our Hospital at Winston-Salem and give a great offering for the charity work.

> Respectfully Submitted O. E. WARD.

### W. M. U. Report

The annual-meeting of the Woman's Missionary Union was held May 28th, 1941 at the Flat Rock Church.

The morning devotional was conducted by Rev. O. E. Ward "Making His Way Known." Mrs. W D. Briggs, State Corresponding Secretary of the W. M. U., Raleigh, N. C., spoke on "Continuing Our Task," and held a conference, later Mrs. F. G. Toler, Associational Superintendent, gave her annual report. She reported 13 Societies, as we have lost Elkin First, and Elkin Valley, to that Association. We have also gained two new ones, Mountain View and Bean Shoals and have an average of 400 women active in the work

Miss Ellen Daniel spoke on "Continuing Thru Young Peoples Work" which we are stressing this year and have much to do, yet.

"Continuing In Witnessing," was the inspirational address given by Mrs. Phil White, returned Missionary from China.

The following officers were nominated and elected: Supt., Mrs. F. G. Toler, Mt. Airy; Asst. Supt, Mrs. John Simmons, Holly Springs; Young Peoples Leader, Mrs. I. W. Jones, Mt. Carmel; Mission Study Chairman, Miss Ellen Daniel, Mt. Airy; Personal Service Chairman, Mrs. Glenn Hall, Westfield; Womans Training Union and Margaret Fund, Mrs. Fred Norman, Fancy Gap; Stewardship Chairman, Mrs. A. Finch, Mt. Airy; Literature Chairman, Mrs. P. J. Loftis, Flat Rock; Secretary and Treasurer, Mrs. J. H. Allred, Mt. Carmel.
