dear Bro
Your letter & statement from Mr
Baxter to hand. Enclosed find CK
for two hundred dollars for the calves
they lost the party money & I did
of all leg & other things and I had
them sold on some time retailed two
at a time hoping they may make over
some future time brok about 20¢ for pair
in that way now I have no money
on hand to pay 7500 of hundred for a farm
Mr Way's near me I can not just
understand Mr C's statement told Hugh
to come up and perhaps he may explain
to me some things I do not know
I have not got one cent from Martin
since the first payment he will not
answer my letters it seems to me
he & hill could sure by save a little
money each year if no more than entered

See him & he must pay me something
 till bill I have his note for a horse
 and me the money it has been
 standing for years. we are enjoying
 some fine weather for Xmas hope now
 to have enough feed for our cattle
 as they are still living on the pasture
 everything thing is very quiet here would
 be glad to have Jennie & Jo come and
 see us this winter could meet them at
 Marion any day Cynthia would be so
 glad to have them. Ruth and the
 children are all well & your this
