LIBERTY-JONES WAREHOUSE

FOR THE SALE OF LEAF TOBACCO

Vance Dearm — Tom Jones — O. J. Baggett
Buck White — Fletcher Dearm — Ron Simmons

Mount Airy, N. C. 198

There's a *Royster* fertilizer for every soil and crop need!

BONANZA ... Royster's special Fortified Soil Ration for use where more than 6 plant foods are needed ... maintains soil fertility and gives crops the extra grow-power that produces highest yields and quality.

VIM ... 6 Very Important Minerals—nitrogen, phosphoric acid, potash, calcium, sulphur and magnesium in chemically controlled, guaranteed amounts. Vim assures bumper yields when these 6 plant foods are the only ones needed.

ARROW ... supplies chemically controlled and guaranteed amounts of nitrogen, phosphoric acid and potash—(plus as many secondary plant foods as is economical to include in such concentrated mixtures). Arrow is tops when these are the only plant foods lacking.

Royster — devoted exclusively to the development of better fertilizer ... our *only* business since 1885! Buy Royster fertilizers for *best results!*

F. S. ROYSTER GUANO COMPANY, NORFOLK, VA.
