Dear uncle Richard:

I received aunt Tishie's note stating you had head ache &c was sorry for many reasons. You remember, you told me Saturday before the sale, that you would either buy the lot, in for me, or let Edgar have the Tobacco. I told you I would rather you would buy the lot; (as I knew we could satisfy Edgar in that way &c) well I asked M_ to bid it in for me_ What must I do_ Either uncle R_ send me check for the first payment which is \$138.00 or send Tobacco down to Edgar. If you wont do either, please send the order Edgar gave you_ I never would have acted such a goose and worried you and had you laugh at me no doubt, if I had not loved you as a dear uncle and believed every word you would say to me_ If it is wrong for me to aske this of you, why dont you tell me what is right or quit promising, and then I would know what to expect_ With a great deal of love to you all, for I do love you all the same if you dont me, but I will have to know what you are going to do_

Loving Y Myrtle
