TELL YOU SIR
THE "IMPERIAL"
IS THE BEST PLOW IN THE WORLD
NO MISTAKE AND YOU KNOW IT.

MADE AT

CANTON,
OHIO.

CONTRACT FORM NO. 114.

CONDITIONS.

Which Form Part of the Contract on Pages 3 and 4.

It is understood and agreed between the parties hereto:

1st. That no warranty is given by the manufacturer except that the implements are of good material and workmanship and that no claims shall be made or allowed for breakage of hardened plow parts, moldboards, shares or landsides.

2nd. That no claims shall be made or allowed for defective material or workmanship unless the article is produced and the defect apparent.

3rd. That no goods shall be shipped on trial with the privilege of returning if not satisfactory and that no goods shall be returned for any reason except by the order of the manufacturer.

4th. That no implement or part thereof, returned under warranty, shall be credited to account but shall be made good and returned, or another implement or part sent in its place, as the manufacturer may elect.

5th. That the manufacturer is not to pay freight or express charges on goods returned or on goods shipped to replace alleged defective goods or shortage.

6th. That all orders are accepted contingent upon delays caused by fires, strikes, inability to get stock or upon any other unforeseen or unavoidable cause. That in such cases the purchaser shall not hold The Bucher & Gibbs Plow Co. for damages but shall have the right to order elsewhere.

7th. That the consignee shall look to the transportation company to make good all losses caused by damage in transit or by failure to deliver goods.

8th. That in the event of death, failure, insolvency, loss by fire or transfer of property by the party or parties giving this order or failure to carry out the conditions of this contract or of any action at law against him or them, all obligations herein provided for or arising under this contract, are due and payable at once, or at any time thereafter, at the option of The Bucher & Gibbs Plow Co. It is expressly agreed that the title to and ownership of all goods shipped under this contract shall remain vested in The Bucher & Gibbs Plow Co., unless at their option it shall be expressly waived in writing and the goods are to be held at all times subject to their order until paid for. If sales are made before payment, they shall be made only in the regular course of business and the proceeds of all such sales, whether cash, book accounts or notes, are to be held as the property of The Bucher & Gibbs Plow Co. in trust as collateral security for their benefit and subject to their order until all the obligations arising under or provided for in this contract, are fully paid in money or until full payment is made at the net prices herein specified, but nothing in this clause shall release the undersigned from making payments as herein stipulated.

9th. That notes taken by The Bucher & Gibbs Plow Co. are not accepted as payment, but only as evidence of the debt and not as security therefor. Subsequent orders during the season are subject to all conditions of this contract, whether so expressed in direct terms or not. Non-payment within fifteen days after maturity, of any note or account arising under this contract, shall at once mature and cause to become due all other notes and accounts owing by the undersigned to The Bucher & Gibbs Plow Co.

10th. That The Bucher & Gibbs Plow Co. reserve the right to revoke this contract at any time they may deem themselves insecure, and may take possession of the goods on hand and the proceeds of sales that may have been made from goods shipped under this contract.

11th. That no agreement or promise of any kind shall be recognized by either party unless embodied in this contract. The contract held by The Bucher & Gibbs Plow Co. is considered the original and to be the binding agreement in case the duplicate varies from it in any particular.
