 Subject: William R. Melton

Esther... Thanks for your prompt response and info on William R. Melton. William was married twice. His second wife, Almedia Ann Gentry, was my maternal great-grandmother.

9 I attached copy from William's obituary and an article about the accident which resulted in his death. His age in the obituary is not correct based on his birth date and date of death. His death was caused by an accident related to digging a well with a neighbor/farmer here in Henry County, IN.

I have placed my family history on ancestry.com. See link below.

<http://trees.ancestry.com/tree/20815599/family>

Where did the family page come from that you forwarded to me?

I hope to find out info on William's parents/family in North Carolina.
