STATE MISSIONS — 1949

Since the organization of The Baptist State Convention State Missions has been central in the thinking of Baptist life in North Carolina. Baptists are a powerful denomination today, and so far as one can see this is true because during the years there has been in operation a fairly aggressive State Mission program.

Most of the churches in North Carolina have been aided in one

way or another through the State Mission program. Within the past fifteen years some four hundred new churches have come into existence, and State Missions has helped in one way or another perhaps three-fourths of them.

For a hundred years aid has been given in helping on pastors' salaries in new churches located in strategic centers without, however, neglecting those churches in sparsely settled areas. Speaking in business terms, these investments have brought rich dividends because every activity which Baptists support through the State Mission program has touched the churches more directly than have the activities of other agencies.

As the denomination has grown so has the State Mission program. There are now nineteen different activities in this program. These activities are listed herewith:

- Sunday School Work
- Training Union Work
- Summer Assemblies
- Teaching Activities (Visual Education, Radio, Etc.)
- Evangelism (City and Association-wide Revivals)
- New and Needy Churches
- Work Among the Indians
- Schools For Ministers
- Work Among Silent People
- Interracial Activities
- Other Activities—Including Allied Church League, Rural Work.
- Neglected Areas (Lots for New Churches)
- Student Work Among 15,000 Baptist Students

How is this great program supported? State Missions receives 13c out of the total gifts through the Cooperative Program. In addition to that some money is received through the Sunday School Board to promote the departments of Sunday School, Training Union, and Student Work. Then the Woman's Missionary Union makes a special offering in September. Then October is STATE MISSION MONTH. During that month, and particularly on the last two Sundays the people are asked to make a special offering through the Sunday Schools and churches for all these activities.

Let us all remember that State Missions is not ONE object but NINETEEN. One's offering, therefore, would need to be a dollar if only 5c is given to each activity.

It is hoped that every pastor and every Sunday school superintendent, along with the teachers in the Sunday schools, will get behind the program in October and get the greatest offering by far that has ever been made for State Missions.

The aim of State Missions—Take North Carolina for Christ. We can if every church will work hard and cooperate. We will be able to take North Carolina for Christ.

Report Given By
ALBERT MACEY

FOREIGN MISSIONS

Foreign missionaries reported a total of 13,322 baptisms during the year 1949; a reasonable estimate for China, from which no report was received, would bring the total to approximately 15,000.

The Board appointed 67 new missionaries during 1949. Fifty have

been appointed during the first four months of 1950. The total number of active foreign missionaries now under appointment is 753. Missionaries are stationed in 24 countries and assist national Baptists in several more.

Foreign Mission Board receipts for 1949 totaled \$5,319,261.04, not including \$120,354.15 received for world relief.

New Areas

A missionary couple transferred from Colombia in the spring of 1949 to open Venezuela's first mission station at Caracas. In the spring of 1950 a new church building is being constructed in Caracas and another Venezuela station is being opened in Barquisimeto.

Costa Rica became a foreign mission field by transfer from the Home Mission Board early in 1949.

Bangkok, Thailand, and Baguio, Philippine Islands, became temporary mission fields for Chinese language students. Early in 1950 a veteran China missionary couple arrived in Seoul, Korea, to spend a year in survey work for a new field.

A missionary couple has been appointed for work in Ecuador where Southern Baptists have had no work before, and two other couples now in language schools in Colombia will probably choose Ecuador as a mission field. After language study, the missionaries expect to locate in Guayaquil or Quito, some of them this year.

New Institutions

Southern Baptists' first international theological seminary opened in September, 1949, at Ruschlikon/Zurich, Switzerland. Twenty-eight students from 15 nations are enrolled. Italy's new Baptist Bible school opened at Rivoli in October, 1949, and a woman's training school is under construction in Rome to open in the fall of 1950. Hawaii's first Baptist high school opened in September, 1949.

The first Baptist church in Formosa was organized at Taipei in August, 1949, with 30 charter members and 17 baptisms the Sunday after organization.

Construction is in progress in Asuncion, Paraguay, on Southern Baptists' first hospital in Latin America. A second missionary doctor has received license to practice in Colombia, making a second mission hospital possible in Latin America.

Two missionary doctors have been appointed for Arabia where Southern Baptist mission work has been delayed for lack of a doctor. One doctor is already on the field learning the language. A hospital is in prospect for the Hadhramaut or Yemen in southern Arabia.

The theological institutions in the Latin American area are being reorganized to give two strong institutions for Spanish America and two for Brazil, or Portuguese America. The seminary in Buenos Aires, Argentina, is already being reorganized and the second for Spanish-speaking republics may be established at Cali, Colombia. The Rio de Janeiro and Recife seminaries will continue to serve Brazil.

New Projects

For the first time Southern Baptists are using mission airplanes for transportation. The two in use are both in Brazil, one based at Corrente and the other at Fortaleza. Distances once requiring weeks of boat or muleback travel are covered in a few hours by plane.

A co-operative farm is being established at Petach Tikva, near Tel Aviv, Israel, by a group of Baptists of Slavic origin aided by Southern Baptists.

HOME MISSION VICTORY IN EVANGELISM

The annual report of the Home Mission Board for 1949 magnifies the fruits of evangelism. In Simultaneous Evangelistic Crusades, led by the three workers in the Department of Evangelism of the Home Mission Board, 7,780 baptisms were reported with 11,875 additions to the churches participating in crusades personally directed by staff members. The year of evangelism reported by Southern Baptists showing 334,862 baptisms brings joy to all Southern Baptists. The Department of Evangelism has occasion for special rejoicing, both in fruits already reported and in evangelistic crusades being consummated in the greatest effort for evangelism made by any religious body. Baptist chaplains reported 4,893 professions of faith. Not counting the above reports, home missionaries during 1949 reported 35,913 conversions.

New Churches and Missions

During the year the reports showed 165 new churches constituted and 577 new missions opened. Most of the new missions will grow into churches. Thus from year to year the number of new churches constituted will grow as emphasis is given to the establishment of missions.

New Buildings

During 1949 fifty new buildings were either completed or were under construction. Fifty-four pieces of home mission property were improved. Appropriations for building projects during the year amounted to \$751,896.85.

Missionary Personnel

A total of 779 regular missionaries served the Home Mission Board during the year and 251 summer student workers gave ten weeks of mission service, making a grand total of 1,030 workers. Missionaries contacted 177,139 in personal work, delivered 81,039 sermons and addresses, taught 22,987 classes, conducted 1,817 revivals, distributed 57,419 Bibles and Gospels and made 258,818 religious visits. They worked in 1,541 Vacation Bible schools. There are 44 kindergartens in operation.

Literature

The rural series of graded home mission studies prepared in 1949 has met with the best response of any mission study series. Peak printing of the magazine was 121,000. Subscriptions have dropped and an appeal is made for help in getting the magazine into more homes. Millions of pages of tracts and free literature have been distributed.

A Crusade For Home Missions

At its last annual meeting the Home Mission Board launched a five-year Crusade in response to the need revealed by a survey of the fields and the necessity for strengthening and sustaining the home base for a great world-wide mission program.

The needed strength will come from three sources: more members, more churches, and more effective witnessing.

The first emphasis, therefore, in the new crusade is soul-winning. During 1950 and 1951, the Evangelistic Department is directing evangelistic crusades throughout the Convention territory and in the outposts of Alaska, Panama, and Cuba. This is a concerted effort to reach a large number of the 39,000,000 unchurched people in areas served by the Board. More Christians will mean more strength.

In 1951 and 1952, following this soul-winning effort, the cru-

sade will be directed especially in establishing new churches and mission stations. There are 21,000,000 people in areas served by the Board who are not within easy reach of any Baptist church that can serve them. New converts won in the evangelistic crusade will need new places of worship.

Within this five-year period an effort will be made to lead in constituting 5,000 new churches and 10,000 new mission stations. A survey of cities, suburban areas, rural districts, mountain regions, underprivileged sections, and language groups, reveals a need far in excess of this goal. The strength of Baptists has always been in the number and strength of the churches.

Throughout the five-year period, but receiving special emphasis in 1953-54, the Board will lead in a crusade to make the witness of Baptists more effective, especially in needy areas. The work among the language groups, underprivileged, juvenile delinquents, migrants, and isolated people will receive special emphasis. Efforts to reach the 1,500,000 "unattached" Baptists, to revitalize 1,000 inactive country churches, and to create a greater loyalty, on the part of all our constituency are included in the crusade goals.

To accomplish these tasks, the Home Mission Board will need 1,027 missionaries (an increase of 248), an annual operating budget of \$2,000,000.00, and a total of \$3,500,000.00 to meet capital needs.

Make America safe and, our constituency strong in missionary service by winning the lost, building strong churches and stimulating an effective Christian witness. Join in the Home Mission Crusade.

OUR 1950 ORPHANAGE REPORT

In our 1949 report we were compelled to announce that we had spent \$56,000.00 more than we had received, this overdraft being due to our having to repair so many old buildings and to erect some new ones. We told you about our shortage and appealed to you to give more liberally than heretofore, which you did. Last year, therefore, you gave \$32,000.00 more than we spent—gave more than had ever been given before, in one year, to carry on our work, for which we are very thankful.

New Buildings Planned

On March 21st, this year, the Co-Executors of the Robert M. Idol Estate turned over to the Orphanage \$586,000.00 to be used in building a church at Mills Home, in memory of his mother, an Infirmary here, in memory of his sister and a vocational building which the trustees feel should be in memory of Mr. Idol himself. This is the largest single bequest the Orphanage has ever received. An architect has been employed and plans and specifications are being prepared for these new buildings which should be started this fall.

Last year was another good year for your Orphanage—a year when we cared for 781 children, and the health of our children was excellent and they did well in school, fourteen graduating from Mills home and five from Kennedy Home. Our pastor, John Walton, baptized 70 here and good work, along spiritual lines, was also done at Kennedy Home.

Changes In Personnel

This year we are having a number of changes in personnel, but we feel that we have been fortunate in securing good workers to take the places of those retiring. Our General Superintendent, Dr. Zeno Wall, on reaching the retirement age of 68, on August 20th, leaves us for his home in Shelby and the Board of Trustees turned to Superintendent W. C. Reed, of Kennedy Home, to fill the vacancy. He is a man of culture, experience and consecration, and will, we feel, continue to be a tireless worker and a safe leader. Our people love him. Mr. and Mrs. W. A. Smith, of Boone, take over the work at Kennedy Home and come to us with excellent training and with good records. He will be superintendent there and his wife will assist him. They are loyal Baptists.

Mr. Riman Muth, born and educated in our state, comes to take over the work of our treasurer, Mr. J. D. Fraley, who resigned some weeks ago; and Mr. Muth will bring with him his well trained and experienced wife, Frances Bandy, one of our former case workers; both Baptist and faithful workers.

Mr. J. Marse Grant was again elected editor of *Charity and Children* and has for his goal: 50,000 copies of this valuable paper going out weekly into the homes and church of our people.

In our church and institutions we are constantly called upon to give up good pastors and workers, but the work goes on.

Brightest Days Ahead

With 65 years of glorious history back of us; with a big building program immediately in front of us; with a new General Superintendent and a group of new workers coming to us; with a faithful and experienced band of old workers remaining with us; with scores and scores of homeless children calling to us for shelter and sustenance; with thousands of generous hearts standing back of us, and with unflinching faith in God we face the future, unafraid, feeling that unless war comes, our biggest and brightest days are ahead of us.

Let us continue to pray for our Orphanage, and give regularly and generously to it and thus help carry on the great work being done at both of our homes.

REPORT ON CHRISTIAN LITERATURE

Baptists have a compelling reason for giving major attention to religious literature. We believe in personal responsibility and voluntary action. We are ever involved in a raging war of ideas. The forces of evil are exploiting the field of literature with well organized and concentrated power. Baptists must awake to the urgent need and values of religious literature in the fulfillment of their mission.

The Sunday School Board publishes any number of periodicals that are designed to encourage Bible study, to lead to personal faith in Christ, to cultivate Christian character as well as develop faithful workers and skillful leaders in our churches. One of the best publications published by the Board is the *Home Life Magazine*. This magazine should be in every home. Every church should order this magazine with its other literature and see that every home has one. It is one of the later publications, being only about four years old, but it is one of the best to be found anywhere.

Parents should see that their children have access to the highest type of literature and encourage them to read it. The power of the printed page over minds and actions of people is immense, and it was never greater than today. Books, papers, and magazines are being published by the millions every year, and these various publications are shaping the thoughts and actions of individuals and nations. A large percentage of these books and papers are not of the highest type; in fact, many of them do more harm than good. We need to do all we can to save our people from the cheap and harmful types of books and papers, and at the same time we should try especially to encourage them in reading and studying the very best literature to be found in the land. This applies especially to the importance of getting the best types of religious literature in the hands of our people.

When established and maintained under proper supervision the church library is of great importance and assistance in this respect. It is a great aid to our churches and the work they are trying to do. We urge every church to become more interested in this phase of our work and avail themselves of the blessings that come from this source. A well arranged and equipped library is a church's most valued possession.

Our state papers also contribute much to the best in literature. They are constantly improving to meet the needs of the people. They give more space to the laymen and their work; they have an attractive makeup, and the material in them is such that will appeal to the whole family. Articles are brief, yet interesting, and are vital human interest, with light and inspiration for everyone. This paper should be put in the local church budget and sent to the homes of the members; for to double our subscriptions to our state paper would mean to double all our work.

REPORT ON COOPERATIVE PROGRAM

Our hope as Surry Association Baptists, North Carolina Baptists and Southern Baptists is in God and in hearty cooperation as individuals and churches with one another along the lines of prayer and the practice of stewardship as taught in the Word of God as to time, thought and material substance.

The Co-operative Program is the greatest tool that Southern Baptist have in carrying out the great commission of our Lord. Too much emphasis cannot be given to it that our churches may have a better understanding of its meaning and be challenged to support it more fully.

The Co-operative Program is a plan through which each member of every church may have a part in the support of all phases of the work we undertake in the state and throughout the world. In churches where a unified budget is used the church membership determines what part of the offering goes to support denominational causes and what part goes to the support of the local program. Where a dual budget is used, this decision is made by every member for himself.

Through the Co-operative Program North Carolina Baptist, as well as Baptists of other states, are winning the lost to Christ, teaching, training, and enlisting the saved, and ministering to the sick, aged and helpless.

The growing need of our world today should challenge us and

cause us to place renewed emphasis upon the objectives of our denomination. This calls for re-dedication of our lives as individuals and as churches.

Not only do we minister to a large number of people throughout the world through the Co-operative Program, but it also brings a spiritual blessing to individuals and churches that share in this great program. With this in mind, we would urge every church in our Association to use whatever means they can to enlist every member to full and regular support of both local and denominational causes.

With these facts in mind and with God as our helper, let us set worthy goals for another year and strive diligently to reach these goals for the advancement of our Lord's Kingdom.

REPORT OF THE RADIO COMMITTEE

In the ten months operation of the Surry Baptist Radio program the cost was \$580.50. Of this amount twenty seven churches has paid in \$434.10. In the treasury as of September (None). Balance due Station. \$146.40.

The purpose of the program was to better acquaint the people of Surry County with the churches and their work. To keep people informed of the denominational program. To make available to the churches the help of associational officers in their work. To set an example in religious broadcasting to produce a stronger sense of unity among the churches. In the months of operation there has been 12 request for B.T.U. organizations. Even churches of the state asked Surry churches for help as a result of the program. Among many of the other phases of the work that were presented were Sunday School, W.M.U. Baptist doctrine, Baptist World Alliance, Baptist Hospital, Associational Work, Stewardship, Tithing, Youth Week, Vacation Bible School, Co-operative Program, Summer Assemblies. WPAQ carried the Baptist Hour for July, August, September. Recommendations. (1) Pay indebtedness to WPAQ. (2) Take offering on spot. (3) Continue program another year. TRAINING UNION REPORT

Last year we sounded the Clarion Call for a training program in our Association. There were only five churches in our association with any resemblance of a training program. These churches were not gaining members nor were they utilizing the members they had in their unions. None of these five churches had a standard B. T. U. Program, nor do they at the present time. Some had one union, some two or more, some four. We also found that some of these churches discontinued their services for as much as three months or more. Some were in the winter and some were in the summer. This was also practiced in the past year.

Last year the most people that we were able to talk to was in the

report to our associational meeting; but with the Voice of our Association (our 15-minute program over WPAQ on Sunday morning), we were able to call attention to every church in our association, to the need of a B. T. U. program. With the help of the Voice and Pastors, Laymen, Associational officers, the Clarion Call has changed to a Macedonian Call "Come over and help us." At the beginning of last year we were literally swamped with requests to come help us organize a new B. T. U. Program, or please come and help us to revitalize our B. T. U. or we need a shot in the arm to help us get started.

Of course we were pleased with the response to our appeal and we tried to fill every call as they came to us, but we found this to be impossible; as it would have taken a great deal of workers to do this job; but we were able to muster four or five officers from different organized B. T. U.'s and then we would go out and give demonstration programs; there the officers would try in an hour's time to tell and organize the different branches such as Story Hour, Junior, Intermediate, Young People, Adults. Then we would leave the helps furnished by our Southern Baptist Board, which told each officer how to perform his duties. We were able, in this way, to organize eight new unions and help us to revitalize some that were in existence. This made a total of 13 unions (on paper) for the record.

From these unions we were able to compete with other unions at our Regional B.T.U. meeting. We were justly proud of our boys and girls. One junior boy won second place in junior memory work; one intermediate girl won second place (and almost first); a young woman won second in the Speaking Tournament, from our Young People's Department. This was the first time that any one had competed with other Associations in these contests. We did not have an entry in Bible Reading from any of our Adult Unions. We want at least one entry this year in this contest. Only one woman out of the entire region entered the contest. Our association was honored by the selection of one of our pastors, Rev. Paul Bruner as Regional Director; and Mrs. Bill Poindexter as Regional Secretary. The boys and girls came away with the determination to be first next year and to make our association the best in the region.

It seemed to many of us that we were making great strides in our work and that by the end of the year we would have at least half of the churches with a B. T. U. program of some kind. We were always welcomed where we went and people seemed to be genuinely enthused and we supposed every thing was going in a great way; but storm clouds began gathering on the horizon of our Associational work, the sun was not shining so brightly on some of our new unions. Different pastors and workers in these B. T. U.'s began to give me reports of our work gradually dying. The reports were: "Our leaders won't co-operate," "Our church won't buy our literature," "Our leaders and members are quitting because they do not know what to do."

We then began consulting pastors, laymen, state workers, and members of the unions; and it was found that we had organized too fast without having laid a thorough ground work. We found that for a B. T. U. program to flourish it would be necessary to have at least a week's study course, to familiarize the officers and members with the work. This would give us time to show them, as well as tell them. We could let them put on their own programs and then give them helpful hints and helps in how to better it. After this week of study course, it was necessary for some trained worker to go back and see if they needed any help. This would be necessary to visit these unions to help them iron out their problems at different intervals during the year. This took time, money, modes of transportation, secretarial

work, literature. All this work and transportation was gratis as no money was allocated to our B. T. U. work by the association.

The only trained workers we could obtain was from unions already organized for a period of time, and they had their hands full with a program in their own church but would sacrifice their time, money and transportation and go help. This proved to be a big job for one person or a few people with a limit of time at their disposal; but the work had to go on as requests continued to come in. We were helped a great deal by the advent of our associational missionary on the field; but she has an almost superhuman job trying to fill the request for B. T. U. Study courses; she has to have at least the service of two more people besides herself each week that she teaches a course. She has requests for B. T. U. study courses lined up for weeks to come, and she will need the help of any trained B. T. U. worker or pastor that can spare five nights of some week for this cause. I would appreciate it if you would contact her or myself and give us your name and time that you could teach. We cannot continue to call on her for all her time as she has other phases of church organizations to foster and help, such as Sunday School, missionary society, brotherhoods, etc. Nevertheless, we must continue to progress through all obstacles even if it takes longer to build unions in our churches; because we are years behind now in our training work.

Let us look at some statistics. We have 45 churches without any union at all. From these churches we find that 39 did not give a cent to foreign missions nor very little to any kind of missions, according to the 1949 minutes. There were eight churches with no baptisms, five with one baptism, nine with two or three baptisms. We can also see that the training program as a whole in this association has been neglected for out of 7,211 members there was not a single woman or man enlisted for missionary service last year, two students for the ministry. Not one woman giving herself for any kind of greater christian service. This is some results of a dearth of not training, over 40 churches has not had a B.T.U. study course in over 12 years. Our motto of "We study that we may serve seems to have been sadly neglected. We have let one generation grow up without study courses and proper training in the last twelve years and we have started on another one. What do you wish to do about it, or are you satisfied? I am not and others in our association are not. We can readily see where there is no vision the people perish; and unless the people are taught the need and urgency they will not see the vision of fields already white unto the harvest. Our way ahead will be hard and it will take years to fully organize, utilize, vitalize, evangelize, and christianize our people; but by faith, vision, prayer, money, work and giving ourselves a living sacrifice to God and His work we will win, because we believe in a living, all powerful God, and through His Son Jesus Christ and the Holy Spirit miracles can be performed. So let us not be discouraged with things that are past—but forge ahead maybe a little at a time, but ever onward. We desire our motto to be ever onward until every Baptist Church in our Association shall have a standard B. T. U. program.

REPORT OF THE SOCIAL SERVICE COMMITTEE

Here are some facts on Beverage Alcohol. In America today, 65,000,000 people over fifteen years of age are drinking beverage alcohol. This includes 75 per cent of all adult men, and 55 per cent

of all adult women. At least 12,000 die every year from chronic alcoholism. Of the 4,000,000 excessive users of beverage alcohol has cost the taxpayers an estimated \$1,090,000,000 to cover the costs of arrest, courts, jail, and public damage. In thirteen years after the repeal of the Eighteenth Amendment a total of more than 30,000,000,000 gallons of beverage alcohol was consumed.

Gambling. Betting on horse racing is now legalized in 24 states. 19,000,000 people paid admission to the races. 10,000,000 placed bets. Marriage and Divorce. In 1946 there was 31 divorces out of every one hundred marriages. In 1945 there were 334,000 children involved in the divorces. Every year there are more than a million and a half cases of venereal diseases in America. Today syphilis is killing more than 100,000 people a year. It accounts for one out of every ten cases of insanity. As we see the problem which is ahead of us as christians it is time for us to awake out of our slumber and sleep and cry aloud against sin. The real answer to all of these problems as we know is Christ.

REPORT ON CHRISTIAN EDUCATION

We Baptists in North Carolina have supported colleges since 1934 when Wake Forest College was first opened. We now have seven fine colleges with a total of 5,000 students, most of whom are Baptists from our North Carolina homes and churches. By actual count more than 4,000 of these students are members of Baptist churches and must become our leaders as they leave college and return to some community to take up whatever work they may select or can secure. The kind of Baptist colleges we will have 25 years from now is dependent upon what we do now for these 4,000 students. The kind of college they now attend is the result of what we, their friends and parents have made for them. It does not seem extravagant nor unreasonable to me, to say that Baptists in North Carolina have their greatest single opportunity in this army of 4,000 students for determining what our future will be. It is our opportunity and responsibility to see that everything possible is done to make these colleges what they should be as the training centers for our Baptist leaders.

Of each dollar sent to the undersigned Cooperative Program funds in Raleigh, the colleges got 20 cents last year. If you take the total amount for all denominational purposes and sent to Raleigh offices including both designated and undesignated funds, the colleges received less than 10 cents of each dollar. The average per student given by the Baptist churches in the state was \$52.00 in 1949. How many of our young people in this association are training for full-time Christian service? We should feel a definite responsibility as Christian workers, Sunday school teachers and pastors to influence more of our finest young people to dedicate and train themselves for active Christian service in whatever they do in life. We cannot over emphasize the fact that a Christian man or woman who is well-trained in whatever profession or vocation he may choose is doing Christian service in the same sense that he would be if employed by some church. Christian education should be a vital force in life at whatever point it may make contact—in the home, the community, the office, the store, in play, in joy, in sorrow.

As we consider this subject of Christian education for Baptists, let us not make the mistake of trying to lead our people to feel that we do not believe in our great program of public education which we have here in North Carolina. There are thousands of our finest Christian men and women who have dedicated themselves to Christian service as teachers in our public schools and state-supported colleges, and we should remember them in our prayers and give our loyal support in every way. In these state colleges there are more than 5,000 boys and girls from Baptist homes and we must do everything we can for them. But in the matter of financial support the state has assumed the responsibility for making available the funds necessary for operation of these schools. We do not want support from the state for our Baptist schools, and we do not want the state to tell us what to teach or how to run our Baptist schools. They are ours by birth and we want to support them for very specific purposes. As Baptists we believe we have a definite mission to perform and we want to perform this service as Baptists in our peculiar manner. In our homes, our churches, and our schools we propose to enrich the lives of our people with those principals and teachings which we love and cherish.

With more students in our colleges than ever before, with more scholarships on our faculties than at any time in the past, with a religious education program in which all students may participate, there is every reason to believe in a great future for Christian Education among Southern Baptists. But we here in Surry Association must accept responsibility, plan courageously, work diligently, exercise faith in God, and never falter in our influence and support of our Baptist schools and colleges in our own midst. And above all, if you have a group of college students in your church, let them know that you are interested in them, because we do expect great things from them!

RELIEF AND ANNUITY BOARD

The Relief and Annuity Board of the Southern Baptist Convention has a two-fold business to conduct. It is both operating an insurance business to provide the needs of ministers and denominational workers when they reach the age of retirement, and disbursing relief funds to old or disabled preachers who had no retirement plan.

The minister's retirement plan has operated successfully in our state for a number of years. It provides a retirement annuity at the age of sixty-five of half a man's average salary up to \$2,000 per year for minister's and denominational workers who participate. Several ministers of the Surry Association are now in the plan. All full-time ministers should be in it and all others whose church salary constitutes any major part of their income. Our churches should see to it that their ministers are given this protection against old age and inability to carry on in earning an income.

The handling of the investment of retirement funds has been highly commendable, the financial condition of the fund is sound and the protection given the Lord's workers far greater than could be provided by any other plan they could work out.

The Relief Department has been in financial straights for the past two years. Funds for this work are provided from four and two-thirds per cent of co-operative program funds. The needs of re-

cipients of this relief have risen with the cost of living to the place where the funds available have been entirely inadequate. Even with denying many actual needs the Relief Department has expended beyond receipts for two years, last year going in the red about \$16,000. We cannot let our faithful servants now retired lack the bare necessities of life.

Let us remember constantly these dear old folks in our prayers, and remember the Relief and Annuity Board as we increase our offerings to the Co-operative Program.

REPORT OF EXECUTIVE COMMITTEE

The major functions of this committee was in securing the services of an Association Missionary. We feel God has wonderfully blessed us in sending our way Miss Kittie Sullivan as our missionary. We believe God will bless in her work in this field.

We believe the Lord of the harvests has sent this laborer. May she be strengthened by our prayers and our financial support and in all things stand by her in this great cause.

THE SUNDAY SCHOOL AND VACATION BIBLE SCHOOL REPORT

Again this year the theme is "Take Your Family to Sunday School." We may add, "Take Your Bibles."

"Gather the people together, men, women, and children and the stranger that is within thy gates, that they may hear and that they may learn; and fear the Lord your God and to do all the words of His law." Deut. 31-12.

So far as we know we have made great progress this year. The last report that we have the records show a gain of 795 in our enrollment. We believe this year it has been 1500 or better. Our suggested goal for the coming year is 2,676.

We had a great Sunday School revival; or enlargement campaign, in 17 of our churches, and our aim for this year is one in every church.

Do these figures shock you. There is less than 16 per cent of our young people enrolled in our Sunday Schools, 58 per cent of our adults are unenrolled, these are not in anybody's Sunday School.

There were 1,810 babies born in Surry county this year, and when we compare this with the 325 deaths in Surry county, we see the great increase in population. Half of these babies should be enrolled in our Sunday School. Have we done this?

Did you know that there is one hour spent in Sunday School to fifteen hours spent in the theatres. There are one out of three won to Christ that is in Sunday School to compare with one out of every 250 that are not in Sunday School. Is it worthwhile to enlist them in Sunday School? Let's have at least ten churches in the Association to reach the Standard of Excellence this year. We want at least ten or fifteen mission Sunday schools.

We would like to suggest that these churches have mission Sunday schools: Mount Airy First, two mission Sunday Schools, Haymore Memorial, one, Calvary, one, Bannertown, one, Flat Rock, one, Flippin Memorial, one, Mountain Park, one, Westfield, one, and several others should have at lease one.

There is another thing we should do, and that is to help the col-

ored brethren. We are hoping and praying that every church in the Association will co-operate together and help each other for the Glory of Christ.

We do feel that we ought to hang our heads in shame that only nine of our churches out of fifty-eight had a Vacation Bible School. In one of our Vacation Bible schools there was a revival through the co-operation of the pastor and workers. At the close of the Vacation Bible school, after only one week, on Friday morning the Spirit moved mightily upon the people. There were sixteen that surrendered their hearts to Christ, and 12 re-dedicated their hearts and lives to Him. On the following Wednesday night at the mid-week prayer service three more of the boys and girls gave their hearts to Christ.

Our aim for the coming year is a Bible school in every church, and at least ten mission schools. We are asking you to give this serious consideration and vote what Sunday we shall have our Associational Sunday School meeting.

We have been meeting on the fourth Sunday. So many Homecomings are held on this Sunday, and other things, we are asking the Association to set the time of meeting and then stand by it.

"Say not, there are yet four months and then cometh the harvest, behold, I say unto you, Lift up your eyes and look on the fields, for they are white already unto harvest." Christ is the answer. The answer is yours to give. We must! What will you do?

Respectfully submitted,

A. L. HIATT,
Associational Sunday
School Superintendent.

REPORT OF ASSOCIATIONAL MISSIONARY

I came to the Surry Association as missionary July 15, 1950. I helped with three Bible schools during the month of July and August, in as many churches, having 19 conversions and twelve dedications as a result of these Bible schools.

I have visited twenty-three of the churches in their regular services.

I have taught the Sunday school lesson eleven times. Have held two training union revivals, organizing one union in a church that has never had a training union. Have spoken to training unions six times.

I have conducted prayer service nine times. Have had numerous group and personal conferences. Have driven 3,500 miles in the interest of the Association. Have started one Sunday school. Published one bulletin, and have written numbers of letters in the interest of the work. Have made many personal visits to those who are ill, carrying books for them to read. Also made many visits in the interest of the Sunday School.

Attended one deacons' meeting, one pastors' conference, one officers and teachers counsel meeting, two class meetings, and three youth meetings. One counselor's meeting, and eleven W. M. U. meetings.

Taught one Bible study. Have attended and spoke to three Associational Sunday school meetings. Spoke over the radio for the Associational program seven times, and had morning devotions on the

radio for one week. Spoke at the worship service six times, in as many churches.

Attended one state meeting, in the interest of the Sunday school work.

REPORT OF NORTH CAROLINA BAPTIST HOSPITAL

Our Baptist Hospital has become a haven of hope for thousands of sick persons each year throughout North Carolina. It provides the highest type of medical service for the sick of all classes. It is our means of carrying on the healing ministry of Jesus.

Last year 9,700 patients were cared for in the Hospital and 90,000 visits were made to the clinics for examinations and treatments. About half of these were persons with little or no money; they were provided free professional care by the doctors, and were given additional financial assistance with the cost of the service they received.

This free service was provided largely by our Mother's Day offerings which amounted to \$128,900.00. Other assistance came from various health and welfare agencies, the Duke Endowment, and individual gifts. All this added together enabled the hospital to provide free service amounting to \$312,500.00, in addition to the work of the doctors. And yet, many could not be given as much financial assistance as they needed because the hospital did not have sufficient funds.

We are happy to report that at this date the Mother's Day offerings this year are running ahead of those last year. The reports from the special offerings to raise \$700,000.00 toward the building of the new South Wing to the hospital are most encouraging. It looks now as if the full amount will be raised when all the churches have made their offerings and sent in the money. The 150 new beds this enlargement will provide will relieve the great shortage and enable the hospital to admit the sick more promptly.

The School of Nursing is admitting one of the largest classes in its history and it looks as if it will be one of the best. It has applications from far more than it can accommodate. The Medical School has likewise had one of its best years.

The Department of Religion is growing and becoming more effective as a part of the life and work of the hospital. Through the generous support of a friend another Chaplain is being added to the staff. The Department of Religion seeks through its ministry to help make the Baptist Hospital a genuinely Christian institution of healing and teaching.

W.M.U. REPORT

"But grow in grace, and in the knowledge of our Lord and Saviour Jesus Christ." 2 Peter 3:18. All of Christian life is growth, as a plant springs from a seed sown in the ground, so Christian growth comes from a divine germ planted within the soul by the Holy Spirit.

In looking back over the reports of the W. M. U. for the past

year for Surry Association, we find our growth has been slow but steady. We thank God that we have His promise to be long-suffering toward us in this matter of growth in W.M. U., as in all other phases of Christian endeavor. There is so much that needs to be accomplished that in an overall picture it seems a tremendous task, and one which challenges each man, woman and child in Surry Association to do his, or her, very best toward changing the picture in another year. Surely, nowhere in this State are the opportunities nor the challenge greater than here. No one can dispute that statement when it is considered that 41 out of 58 churches in the Association do not have either a W.M.S. or any of the Young People's organizations. There are 49 churches that do not have any young people's organizations.

Under the leadership of Mrs. C. E. Otey, who served so faithfully as Superintendent during most of the Associational year, we have made gains in every phase of the work. We have at the end of the year 28 organizations, which is seven more than we could report last year. These include: 16 W. M. S.; 3 Y. W. A.; 5 G. A.; 3 R. A.; 4 Sunbeams; with a total membership of 590. We gained two Sunbeam Bands, one R. A. chapter and one Y. W. A. These 28 organizations gave a total of \$4,382.97 for all purposes during the year.

It is gratifying to see a marked increase in mission education through the study of mission books in these organizations, and an increase in observances of Seasons of Prayer. Surely there is no better method of helping this growth of W. M. U. than through study and prayer. There has also been an increase in tithers, especially in the young people's organizations.

There is a great need for new organizations in our Association, for mission education among those already organized, and for tithers. This seed which has been sown can, and will, grow into a full healthy plant if given the proper nourishment. We cannot force its growth, but we can administer to its needs in such a way that growth will take care of itself.

In order to do that, favorable conditions are necessary. We must give it the right kind of nutrition—that of prayer, Bible study, stewardship education, fellowship. Above all, the best kind of food would be "faithfulness in little things"—each members of every organization being faithful to the smallest duty required of her office.

We need to realize our responsibility toward providing these conditions for growth of W. M. U. in Surry Association. With God's help, and with the faithfulness of each member, this plant will become full-grown, spreading its shadow of service throughout our churches, into the homes of our families, and even unto "the uttermost parts of the earth."

Respectfully submitted,
