

FLAT ROCK
BAPTIST CHURCH
Mt. Airy, North Carolina

1993

Dear Members and Friends:

From the pictures of this directory, one would never know that this is the church where "the less than perfect are more than welcome." The portraits in the following pages help preserve the faithful history of Flat Rock Baptist.

Since being founded in 1899, our church has chosen to thrust her energy toward communicating the changless Christ in a changing world. Most everything has changed in these past 93 years. We have congregated in four different Sanctuaries under the leadership of 26 pastors.

The past is prologue and we are indebted to all that it holds. Yet the question of the future is of vital interest to us, because we understand that it holds our destiny. Therefore the people of this church are on a journey into God's future, which is bright with promises. We know there will be challenges and temptations; tears of sadness and gladness; and even temporary setbacks but always there is hope in being God's people. We shall win!

As the pastor of this church family, I am able to state that with complete confidence because I have seen the "story of faith" that these portraits represent. You see, not everything has changed since 1899. There has been no change in our Lord Jesus Christ and His love for us. Neither has there been any change in our willingness thru God's grace to be His people in this place. And finally, there has been no change in our name-we are and forever will be - Flat Rock Baptist Church.

We have come to hear the Gospel
We have come to sing the songs,
And when we leave we will not be the same.
We gather here without the fear,
That judgements will be made,
And celebrate the grace by which we're changed.
