

Dear Betty Camm —

Have enclosed data
and thoughts concerning BRALEY -
MITCHELL and BRADLEY-TAYLOR -
I hope it proves useful -

Have also enclosed
a check for 60.00 - perhaps
a morning or afternoon at the
archives might produce something

Concerning copies of
documents — will leave that up
to you - but copies of wills
and estate admin is a must if
possible.

If you know (or can find
out) if older family histories of above
have been produced - I would like
to know. I find them useful to
follow leads - and I can verify
same with documentation

LB

Sincerely

Dear Mr. Baskin,

Am sure you are beginning to wonder if you would ever hear from N.C. and me..

If there are any older family histories available on your Bradleys, Mitchells or Taylors, I have failed to find them. Have checked into the N.C. Library looking for all three.

§ § * * * * *

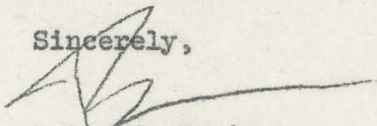

Have checked into many of our original documents without finding anything for you. There are ~~many~~ many other things here that could be looked at, but I did have to stop sometime. I am not sure if the Richard in the other counties (New Hanover and Sampson) are one and the same or if there are one or two or three. I believe that most of the time the early mention is for your Richard. It would take an in depth study to sort this out and separate.

I have failed to look at the pay vouchers and have a note on the file folder reminding myself to do just that later next week. If there are any that might be for you, will copy and mail on to you. The charge is only 20¢ per page and I will take care of that - if there are any for you.

I did not look into land grants for these people. Perhaps you have already done this.

Sorry there wasn't more for you

Sincerely,

Betty J. Camin

Note -
The order as listed above and in bible does not necessarily mean the order of birth.
I think more probably they are in the order in which Henry could remember his uncles (at least some of them) many years later when he was recording data for his own children and grand children.
headed the list with his father of course - Henry must have been remembered for some reason, because he could also remember the name of his wife.
the others listed then only as they came into his mind -
Thomas (his father could very well have been the youngest son.

For Richard BRADLEY Sr - the only NC data known is that he "settled" in Duplin Co - and one of his sons, Thomas, was born there.

Would land transactions for him still exist

Would his will or admin of estate be available

The place of his marriage and date might be in NC — but could be Ireland

Would Rev War records exist?

For M. MITCHELL - so little is known at this time I am not sure that it would be worthwhile to pursue the MITCHELL family at this time

For children of Richard - can use anything concerning any of them - at least enough to get started with further research in NC or other next state(s)

(There are so many BRADLEYS in Wilson Co TN from 1806 to 1846 that I wonder if some might be children of Richard's children)

These sons could be the right age for service in Rev War
