Yadkin Valley Board of Directors

Attention: I. H. Jones

Subject: James Richard Crump, Surry County Coordinator

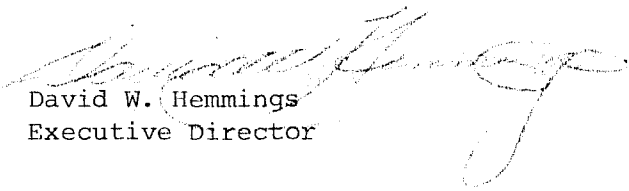

It has been brought to my attention that Mr. James R. Crump, Surry County Coordinator, has been dismissed from his job as County Coordinator.

Over the past 12 to 15 months it has been my pleasure to work with Mr. Crump in regards to the feed the elderly program, use of the Madoc Center for related purposes, and his assistance in getting some much needed repairs made to this facility under his program.

Mr. Crump has always been very cooperative and we have had a very good working relationship between the two agencies. Due to the past history of cooperation and understanding between the two agencies under Mr. Crump's direction I hate that the dismissal action was taken and would urge the directors of Yadkin Valley Economic Development, Incorporated to reconsider the reinstatement of Mr. Crump.

Your consideration of this request would be appreciated.
