The Mount Airy Arts and Crafts Guild met January 28, 1975 at the home of Sis Harris with 11 members present. Refreshments were served by the hostess after which the business meeting was held by the Vice president, Mrs. Snow, in the absence of the president, Dot Hale. The minutes were read and approved and the Treasurer's report given showing a balance of \$16.93. A note was read from Dot Hale expressing appreciation of the flowers and cards sent to her while she was in the hospital. A card was passed around for each member to sign and the secretary asked to mail it to Lucille Johnson. There being no further business Mrs. Snow gave a most interesting program on protestomania, or decoupage on glass, and showed some beautiful pieces she had done. Decoupage was developed in the 18th Century to imitate hand painted Chinese & Japanese work. Jean Pillinet is called the "Father of Decoupage." Decoupage on glass covers a wide field and has the look of Chinese porcelain. Oriental prints with no glaze are used. The pictures when glued on the glass should have rhythm, harmony, and continuity. They are put on after being sprayed with fixit with a plastic adhesive and sponged with a lint

free cloth. It is best to cut the prints with a bevelled edge - that is with scissors slanted, and paste them with adhesive on the outside temporarily to be sure there is no overlapping and they are ~~not~~ overlapping. placed attractively. Remove them and place inside the cylinder keeping fingers damp (and using plasticine or Tie Rack as the adhesive) Press out all bubbles and when glue is dry, clean it off on all sides using a sponge or lint free cloth - Check to be sure all edges are tightly glued and wipe off again. Then paint all over the inside of the cylinder using a brush and patting the paint on - not stroking. Put on 3 coats - One the background color - flesh, pale green, blue etc. next black, then the color finish - Spray or paint on Varnish when the paint is dry. Mrs. Snow's finished products looked well worth the work she had put on them. and the program was enjoyed by everyone present.

The Mt. Airy Arts and Crafts Guild met with Frances James March 4, 1975.

After refreshments were served the business meeting was held and the minutes read and approved. The meeting was then turned over for the program on European tapestries given by Mrs. Vance Hallman.

Mrs. Hallman told of the wonderful and exciting trip she had made with members of the American ~~and~~ ^{Inter-}national needlepoint Guild. The "Guild News" is printed in Charlotte and has been taken over by Pat Truller of "Pats Pointers". The subscription price is \$5. Caroline Sloss of Alabama is president of the Guild.

Guilders had beautiful original needlepoint work which they took to the International Needlepoint Exhibit in Monaco.

They visited Madrid in Spain where Flemish tapestries are made as well as famous knotted rugs. All are hand made. Tapestries are woven from the back. Knotted rugs are knotted on the front. From there they went to Monaco where they visited the Royal Palace and saw tapestries which are 1500 years old. The Palace was built 1214. An invitation ^{function} to the International needlepoint exhibit was sent to Princess Grace, ^{who is an avid Needle pointer.} and she graciously accepted, making the exciting trip even more exciting. 200 items of needlepoint were on display in the Exhibition Hall. "Best in Show" was won by an 80 year old lady from California, Mary Martin. From Monaco the group went

to Portugal and spent 5 hours touring
Lisbon. Then to the Isle of Madeira
where they saw ^{more} tapestries ^{& embroidery}. These are
worked by women in the home
then carefully examined, blocked, and
steamed. Some had over 3000 shades
of yarn.

Mrs. Hallman said the International
Peace rug which is being sponsored
and worked by members of the International
Needlepoint Guild will be presented
to the United Nations where it will
hang in the United Nations Building
in New York.

After showing the members of
the Mt. Airy Guild pictures ^{& mementos} of her
trip, Mrs. Hallman concluded her
talk leaving us feeling as if
we had just completed a wonderfully
exciting tour with her.
