Mr J A Thompson
Dear Sir:

I have been
expecting to hear from
the after word of our
decision against Croff
And now the reports
begin to come in -
One of my men employed
in driving my team -
was set on a broken
and driven off the Dan
River - he has taken
refuge in Mt Airy and
the teams were left at
the mercy of the
Barnock
Crowd -

I have report that one
of my horses was killed

by its Stomach being
opened - whether by
violence or not
I of course have no
direct knowledge -
I do know however
that it is a con for
the commonwealth to in-
vestigate. But for fear
of further injury to
my property up on the
River I deem it
un safe for me to
enter any complaint.
I therefore am writing
to you to ascertain
your views, will
you see Hooker
and advise me own

if justice cannot
be had. I have
been threatened and was
told by Mr. Kibler that
I was likely to be
fined direct with
and that there was
danger for me
to go out on the
River -

Please let me
know how you and
see if the authorities
can send down and
have this matter
looked into -

Hamilton Cody is
