Graduation Requirements	Incomplete Grade Policy: Incomplete grades are available to student with extenuating circumstances. Students who are assigned a grade of "I" on their transcript have one calendar year from the date the grade is issued to complete the work necessary to have the "I" changed to another grade. Students should work with the instructor to complete the requirements for the course. If the students are required to attend class in order to complete the course, they must register and pay the appropriate tuition and fees. If the necessary work is not completed by the end of the subsequent year, the "I" grade will be changed to a grade of "F." An incomplete grade cannot be changed to a grade of "W" at any time. Only under extenuating circumstances will a student be allowed to petition an exception/extension of this policy to the Vice President of Instruction.	364
