Surry County Genealogical Association
PO Box 997
Dobson, NC 27017

I received your information back on the Association and would like to join now. I will go ahead and join for this year so that I can receive the back issues. I will then renew for 1997. Enclosed is my application and a check for \$15.00.

Teresa got check 11-11-96

I have also enclosed some of my research material on my Barnes family line. I have at least 4 generations of direct ancestors that were either born or lived in Surry County. I still have some family that live in Surry County. My Barnes line crosses paths with several other well known surnames in Surry County.

In addition to my joining the association could I also submit a query for publication?

Seeking info on the siblings of John M. Barnes who married Letha L. Hall Aug 18, 1853 in Stokes County and looking for the parents of Letha L. Hall. Also looking for info on his parents John and Sarah Barnes who at some point in time were residents of Rockingham County.

Thanks again for the information and I look forward to being a member of the Association.

Welcome to SCGA. We are so happy to have you as a new member. We hope you get your three journals soon. The fourth one has not gone to the publisher yet.

We were also happy to get your research material on your Barnes family to add to our file. In fact "I" was surprised to see my husband's name in your research papers. He is Vestal Agee Hiatt, great-grandson of Mary Ann Barnes and Rufus Gideon Willard. Have you seen "The Heritage of Surry County," Volume II, with the family histories on James Willard, Rufus Gideon Willard, and Luther Green Willard? I notice we differ on some dates. But still, you had more information on some families than we did. We did not have much information on the Barnes family. Also, a first cousin of mine, Geraldine Collins, married a Raymond Barnes from Mount Airy. I wonder where he fits in this family. His birth date is not the same as the Raymond Barnes in your research. If you want more information on the Luther Green Willard family, I can send you some information on his children that you didn't have.

Do you have any photographs of Mary Ann Barnes and Rufus Willard? Would be willing to pay for a copy if there are pictures available.

We have submitted your query to be published in our journal. Hopefully, it will make our last journal this year.

If you feel we can be of service in the future, please write us again. Good luck with your research.

Kenneth,

I hope you have received some of your journals by now but we have been kind of slow getting them this year for one reason or another. Just bear with us. I still don't have my last journal for 1996. I've been expecting it all month. Hopefully, we will get them more timely in 1997. Since you have so many decedents in Surry I believe you will benefit from being a member to SCGA. If you still don't have any of your journals, let me know and I'll check into the problem.

I went through your group sheets on decedents of Rufus Gideon Willard and filled in some information that I had. I have not actually done any research myself on the Willard/Barnes family but had gotten information from my mother-in-law before she died in 1994. I expect she got her information from her son Don who has the information on his computer. You might wish to send your printout to him for more information. Write Don Hiatt, 2964 Westfield Road, Mount Airy, NC 27030.

On several dates that we differed I found at the courthouse yesterday that your dates were correct. A couple I didn't find so you are probably correct on those also. You will note on your sheets the marked out date on William Walter Willard and Luther Green Willard. Death records of James Rufus Willard and Della May Willard showed a different birth date from what we had which I noted on your copy. Sometime the birth dates on death records are incorrect. The date we have may be correct. I didn't really have a lot of time yesterday to look up a lot of information at the courthouse as I had other genealogy letters to answer.

I am sending you information from the "North Carolina Gazetteer" on Stony Creek in North Carolina. The only community I see listed is in Caswell County. Of course Stony Creek is in several counties in North Carolina. There is a Stony Knoll community in Surry County near Shoals.

Also sending you an obituary out of the Mount Airy News on Jesse Franklin Barnes. Don't know whether he is in your line or not but he was born in Rockingham County to Will E. and Susie Sechrist Barnes.

While looking at a cemetery book I found the following (may not be any names you recognize):

R. Barnes 1884-1973

Maude B. Barnes 1891-1918

Grace Elizabeth Barnes 9-20-1894--10-12-1956

(Buried at Oak Grove Baptist Church Cemetery, Boone, NC. The cemetery is across from the jail in Boone)

The Winter 1996 copy of the journal should list members and names of families they are researching (if they gave us the information). The only person I found in the 1995 listing was Peter M. Wilson, 8 E. 25th St., Minneapolis, MN 55404. I may have given this name to you already.

There are family books on the Gillaspie, Haymore and Hiatt Haymore families in the library at Surry Community College.

They are:

"The Family of John R. Gillaspie, The Son Who Went West" by Marilyn Gillaspie Glandt

"The York and Colbert, Gillespie, Chipman, Allred and Jones Families" by Douglas A. Colbert

"The Haymore Heritage" compiled by Philip H. Harris

"Report on Genealogical Research and Family History Trip, Summer of 1985, Virginia and North Carolina" by Franklin Demorcus Haymore Family Org., Ltd.

"Report of the Haymore Research Committee"

"National Haymore Reunion, Mt. Airy, NC 1987"

"The Taylor Families of Old Charles City County, Virginia and Their Haymore Connections" by Cheri Hager Lemmond

"Hiatt-Hiett Genealogy and Family History" by William Perry Johnson

If I or the association can help you in the future please write us again and visit Surry County when you can. We invite you to come to a SCGA meeting sometime. We meet every second Monday night each month at Surry Community College in Dobson in the Administrative Building.

(Edmond Shearill and Sarah Francis Barnes decedents)

The Raymond Barnes that married your first cousin Geraldine Collins is probably not connected to my Barnes line although it is possible and I have not found the connection. *WH* Research Committee

I was looking for a way to go back on my great Barnes line and was getting nowhere that I decided to take a break for a while and work forward a line to fill in the gaps. I want to do a book on the decedents of John M. Barnes and I would like to be as complete and accurate as possible when I do so. My Barnes line just needs to check before John M. Barnes who married Letitia Hill. I have been able to prove that his parents were John M. Barnes and Sarah (last name unknown) and that John Jr. was born in Rockingham Co. NC. John Newsome Sr. shows up in the 1820 Rockingham Co. census but that is it. I cannot find him before or after 1820.

Dear Mrs. Hiatt:

I am sorry it has taken me so long to respond to your letter but about the time I received it; I had just come back from a trip where I spent a day going thru Surry Co. birth records. I wanted to enter in the data I collected on the Willards before I wrote you back. The more research I do the more I am not surprised that our family lines connect. My Barnes line connects with a lot of Surry County families. Willard, Sechrest, Gillispie, Joyce, Hiatt, Shinault, and Haymore just to name a few.

You asked me if I had seen The Heritage of Surry County books? As a matter of fact yes I have. I got some of my data from those books but I must admit that I have not looked thru them as much as I would like to.

I have enclosed the group sheets I have on the decedents of Rufus Gideon Willard. I would like to take you up on the offer to provide me with the information I don't have. You also mentioned that we differ on some of the dates. I would be interested to know which one's and if possible your source. Some of my data came from an LDS database and I have found it at times to be unreliable.

You can keep the group sheets, make copies, or make corrections on the one's I sent and send them back to me if you choose to. I have enclosed a SASE large enough to return the group sheets should you want to send them back.

I am sorry but so far I have not come across any pictures of Mary Ann Barnes or Rufus Gideon Willard. I do have pictures of Samuel T. Barnes, Deliliah Francis Joyce, and Edward Gillispie. (Ancestors from my direct line). Like you I would also be willing to pay for copies of pictures of Rufus and Mary Ann.

On my last trip to Surry Co. court house I not only found a lot on the Willards but also on the Shinaults. (Edmond Shinault and Sarah Francis Barnes decedents)

The Raymond Barnes that married your first cousin Geraldine Collins is probably not connected to my Barnes line all though it is possible and I have not found the connection. I do believe that Raymond's parents were Charlie W. and Gurtha Barnes.

I worked for several months on trying to go back on my direct Barnes line and was getting nowhere that I decided to take a break for a while and work forward in time to fill in the decedents. I want to do a book on the decedents of John M. Barnes and I would like to be as complete and accurate as possible when I do so. My Barnes line just seems to vanish before John M. Barnes who married Letha Hall. I have been able to prove that his parents were John M. Barnes and Sarah _____ (last name unknown) and that John Jr. was born in Rockingham Co. NC. John Barnes Sr. shows up in the 1820 Rockingham Co. census but that is it. I cannot find him before or after 1820.

John Jr. is also being elusive. I cannot find him from 1820 until he marries Letha in 1853. After they were married I know that they were in Patrick Co. VA for a time because Letha was from there and at least the first 2 of their children were born in Patrick Co. VA. I cannot find their family nowhere in 1860. John shows up in Surry Co. in 1862 on a tax list. I have missing years from 1857 to 1862.

I am looking forward to receiving my first copies of the SCGA journal. I am sure that the Association is going to be very helpful in my research.

Merry Christmas

Barnes Family Quarterly

...The Barnes Family Quarterly is published in February, May, August, and November. Subscription is five dollars per year, starting with the month your subscription is received. Whenever you subscribe you will receive four issues for a one year period.

...AS mentioned before, the 1980 census listed almost two million persons bearing the Barnes name. Add to this an unknown numbers of other people of other names with ancestors from Barnes families and we have a rather large field to explore.

...However, from our research the various Barnes families in America all seem to trace back to about four Barnes divisions. And it is possible that even these may connect somewhere in the genealogy of England.

...If you have been subscribing to the Barnes quarterly for a year or more and have found no likely connections, do not give up. It may be that you simply have not gotten back far enough yet to make connections.

Pictures!

...We do need pictures of Barnes families, or individuals, for use on the front cover of the quarterly. We would appreciate your letting us use some of these pictures. All pictures will be returned .

An Outside Helper!

Mary is a member of The Family Tree, and one of the local researchers listed in our National Directory of Local Researchers.

If any of you would like copies of these newspaper clippings on the Barnes reunions you might write to Mary. Among some of the Barnes mentioned was John R. Barnes, S. A. Barnes, C. W. Origin Of The Barnes Family

Each quarter we receive new subscribers to the Barnes Family Quarterly and most of them want to know the origin of the Barnes families. Thanks to Col Joseph P. Barnes, 11469 W. Sunset Dr, Dewey AZ 86327 (he sent us a book early on), we have the following, written by an early author on the Barnes family.

According to one author, the name Barnes has the same origins that of Bain, Barn, Bern, Berners, Barnard and Bernard, all being derived from the Norse Bjorn, and signifies a warrior, a fighter, given no doubt, because of physical courage and skill in battle. When the Danes (Northmen) invaded France, some of these warriors (Bjorns) came into Normandy, and after a while allied themselves with William, Duke of Normandy. And when William, called in history the Conqueror, invaded England to wrest the crown from Harold, which he claimed had been promised to him, many of the Barneses (Bjorns) accompanied him. One member of William's Staff was a Gen Barnes, and in the battle at Hastings the skill and courage of these Barneses (Bjorns) helped to bring victory to the army of the Duke.

From the above it will be seen that the Barnes family in England began with the accession of William the Conqueror to the throne in 1056. And the history of England shows that the Barneses have been prominent in all the affairs of the kingdom ever since they became a part of its population, as the following examples will show. Rev Richard Barnes was Bishop of Nottingham in 1567; of Carlisle 1570 and of Durham until his death in 1577. His son, Barnaby Barnes, was Lord Mayor of London for a term of years.

Thomas Barnes was editor of the London Times for 55 years, 1786 to 1841. Sir Edward Barnes was a military officer from 1776 to 1838. Rev Robert Barnes was chaplain to King Henry the VIII and was sent to Germany by the king to confer with the Protestant clergymen about Henry's divorce from Queen Catherine, which the Pope had refused to allow. John Barnes was Mayor of London in 1370. Joshua Barnes was printer for Oxford University in 1590. Frederick Barnes was a member of Parliament from Kent County, England. Thomas Barnes was another member of Parliament. Julianna Barnes was a celebrated poetess. Her father was a Baron and Judge of the Probate court of England. John T. Barnes was an engineer, and head of the Public Works department of Ireland and had charge of the British government work in South Africa. J. H. Barnes was an actor at the Lyceum Theater of London.

There were seventeen (17) different coats of arms used by the various Barnes families of England. Many of these are still to be found among the English families.

The first Barnes families of America came as early as 1623. They came from Surrey, Middlesex, Suffolk and Norfolk counties. The name is to be found in every state of the Union.

It has been stated that over ninety (90) percent of the Barnes in America are connected with at least one of the coats-of-arms in England.

Susan Barnes, a sister of Capt John and Joseph Barnes, was the grandmother of Governor Lucas of Ohio.

Josephine (Barnes) Rudy, R.D. #2, Box 167, Hummelstown PA 71036 is looking for info on her Barnes ancestors. Her Gr-grandfather was George Barnes (PA) His wife was Mary Perry.

Josephine says that family legend has it that Admiral Perry was her gr-grandfather.

Josephine's father was Joseph D. Barnes, grandfather was John A. Barnes, and her gr-grandfather was George Barnes.

Note To Josephine - There is a statue of Admiral Perry at Perrysburg, Ohio (about 27 miles from Wauseon OH).

It is important in tracing our family tree that we understand the need to document our records generation.

To assume that we are descended from this individual, or that, is of no value whatever.

My gr-gr-grandfather, Ozias Barnes was born in Washington Co MD in 1776. Some evidence suggests that his father may have been a John Barnes. However, there were already 8 John Barnes in Maryland in the 1600's. Without documentary proof, I shall never know for sure who my gr-gr-gr grandparents were.
