Dear Betty,

Thank you for letting me know so quickly about the Chambly family. I was in Salt Lake City for a few days and could not turn up anything new in the time I had allotted to them, I learned one lesson this time while there tho and that is to take one main surname and a back up and then just work on them as you just stretch yourself to thin and end up loosing too much time. I did rather well on two lines tho so the trip was not a waste. I got a free ride down and back so that was nice.

I am going to try searching in Va. for the Family, in Nell Nugents Cavaliers & Pioneers the family is mentioned, or the surname I should say, also in Va Co. Records by Crozier, so I may start at that end and see what happens.

I shall put up a notice in the Genie room about your services and perhaps you will hear from someone else up here.

I do not know for sure if we have the two books you spoke of, I shall have to go down and check it out, we are buying books all the time so it is hard to keep up with the new ones and I have not had time to go down much. Have had to many ill family members and with my job it keeps me pretty busy. Hope things get better soon, I could use a break. Thanks again and do stop in and check out the library this summer.

Dear Dee,

I shall start out right here at the beginning telling you that I have not been able to add to your information on the Chambly families despite some good time spent in trying to do so.....

To start, I turned in call slips at the desk asking for wills and or estates for seven different spellings in Anson, Rowan, Iredel, Cabarrus, Orange, Duplin and Gjrenville. Very little came of that. I remember two estates from Orange Co. in the mid 1850s. Nothing that relates.

Read in the microfilm room the indices to both Grantor and Grantee Deeds for the following: Anson, Iredell, Cabarrus, Richmond, Stokes & Surry.

In the 1785-7 state census noted Chambless in Granville, Duplin & Surry Co. In 1790 the names seem to be Chambley, Shamley & Chamling in Richmond, Wake, Surry Cos. 1800 c.i. shows Chambly in Rowan Co, Chamlee in Wake, Chamler(Clabourn) in Anson, Chamless in Buncombe, Shambles in Stokes and Surry and Shambling in Stokes.

The marriage bond index shows a few of the different spellings. Again, nothing that fits at this time.

WPA cemetary records -0-

Have you checked the DAR Pension book for the name?
Is there no probate record in Del. Co. Ind.?

At this time the only thing I can think of to search would be the court and tax records of Iredell Co., N.C. It takes about an hour to read the court minutes.....for one year. You can scan read them a little faster. I see that their records suffered from a fire and tarn't complete. What there are should be checked to be sure that ~~nothing~~ is missed.

Do you/^{the Spokane Lib. Gene. Rm.} have the N.C. Archives Guide to Research Materials in the N.C. State Archives?? The cost is \$8 and it is from the Archives Search Room. Lists all of the County Records. This and Leary & Stirewalds book, North Carolina Research give you the best picture of what ~~sh~~ould be done researching N.C.

You had an ink blot on your letter. Heaven only knows what I have in this one. I am busy getting used to my new IBM Personal Typewriter - a portable so that I can take it camping this Easter weekend and then when we go west this summer I can take it along and work on my transcriptions while we are sitting about in the evenings. ~~It~~ is a portable and should fit in the Minnie Winnie without taking up the complete space allotted to me!!!

Must get on with another report. Perhaps I will have a chance to talk to you this summer. Have been thinking about offering N.C. advice to Gene. Soc. members on a individual basis but, have decided to let that go. Will only have a few hours while in Spokane with the family panning different things. Do you think anyone would like to employ my knowledge of N.C. for a fee?

I have had lots of problems with my Shamley/Chambly line, no one has been able to agree on the spelling of the name even.

I located William and Chloe Chamley Gard in Delaware County Ind., followed them to Linn county Iowa, there in the history of Linn county I found that Chloe's father's name was Richard Chamley, it said of Wayne Co. Ind., I spent months trying to locate something in Wayne Co., finally went to land records and found the were by then in Kosciusko Co. Ind., they had lived in Delaware county, sold the land and moved to Kosciusko county according to land records. Chloe stated in the 1850 census she was born in North Carolina, according to the same census Richard Chamley and his family all said they were born there also. I found Richard in Iredell, county N. C. in the 1820 census. I could not find him anyplace in the 1830 one. Back to land records.

Iredell Co. said they had no records, I wrote to the public library and the librarian wrote and told me the page numbers they were on even, so I wrote back and got copies.

Richard Shumlee bought land from Shadrac Upchurch Oct. 29, 1817, sold it on Oct. 22 1831 to Holdman Morgan, only his name was spelled Richard Chambly that time. I never did find where he bought land in Del. Co. Indiana, but his son John did.

I have lost Richard in Indiana in 1870, was unable to find any of the family again. He was 72 in 1860 so think he must have died along with his wife Clarrissa by 1870. Am still working on that.

There were Chamley's in Rowan, Anson, Wake and Granville Co's . I wrote to Rowan to see if they had a marriage record for Richard and Clarrissa, they had none in the marriage files, said they had no land entries for Chamley's either.

Anson Co. had a Claibourn Chamley, he sold land to John Chamley	7-12-1800	H#2-467
John Chamney to Zachariah Harrel	9-21-1804	L&M 17
Claboroun Chamney to Samuel Ingram	2-12-1810	S- 9
Claybourn Chamberlay bought from Thos. Hooper	2-28-1795	D&E 75

Richard did not buy or sell land in Wake, Rowan or Anson or Orange counties himself but he would have been to young I suppose.

Due to the fact that his oldest son, that I know of, was named John I wonder if the John and Claibourn above are my connection?

Mary Chambley is living alone in 1820 census, could she possibly be John's widow and the mother of Richard? Who knows.

If I could get back to Salt Lake and go through the records there I may be able to find the answers but I am not going to be able to do that. Last time I was in that paradise + spent all the time I had on my husband's family anyway.

This is all I have to send you to go on.

Am not rich so let me know when the \$30.00 is gone and then I will decide what to do from there.

Many thanks,

Dee Cline

FEE: \$15 per hour (search time)

No deposit required if the work is expected to take five hours or less. A deposit of \$25 is requested on anything over five hours.

To assist with the search, please send:

The earliest proven information on your line. Year, county, state, when arrived there and with whom. Copy of your earliest census record, names of children and possible maiden name of wife. Family verbal history if you have any. My aim is to give you the best possible research in the shortest amount of time. The more you can give me, the better my chances are for success.

Photo copies are approximately \$2.75 per page and you will be billed for these fees. No charge for the Rayfax copies unless there is an excessive number of them.

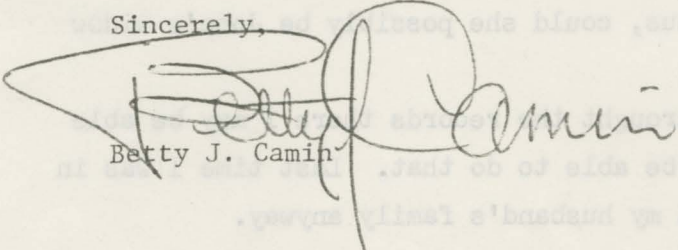

Will quote you an approximate date on which I expect to start your research. At times will finish ahead of that date and other times will sometimes be put off my schedule and take even longer. Please bear in mind that I will get to your requests as quickly as possible.

When your request for research comes to me, will make up a file folder for you and place it on the bottom of my "work stack", where it will gradually work its way to the top. At this point I will do the research and send you a report and statement. When you reply, the folder goes back into the stack of folders to take its turn.

Good luck with your search.

Booked approximately 2-3 Mo. at this time. Date 12 Feb. 1982

Dear Betty

Was glad to hear from you and would be willing to wait until you have time to do the research. I have been stuck on this for three years so what is a few months? Am enclosing check for \$30.00 and when that is used up contact me to see what is what.

To answer some of your questions: We have a very active genealogical group here, named Eastern Washington Gen. Soc. P.O. Box 1826, Spokane, WA 99210. We have over 350 members, most of whom are pretty busy. We meet the first saturday of each month at the public library down town. There are about three months during the summer when we do not meet. There is always a helper a t the library one day a week to help novice genealogist also.

When you arrive in town you really should check out the "genie" room at the library we are rather proud of it, alot of money and time has gone into it.

I do not have the time to spend at the library doing research as I wnce did, I have a job and besides that I went back to school, so something had to be put aside. I am now out of school and trying to get back in the swing of things.

I was raised in Montana also, in the same county you ^(Sorry about this) ~~you~~ ^{and} Sanders, we played basket-ball with Hot Springs, in fact we had the tournament there the year I was a senior I think, all I really remember is the water smelled horrible.. I went to school at Noxon, was raised in Heron, most of my family still lives there, my mother is in Missoula now.

We are having a lovely spring, or it seems that way, have had such a mild winter, I am glad, hate the cold, but your family has clued you in to all that I am sure.

Will put the information I have on the back of your sheet and get this off to you so it can hit the bottom of your pile. Many thanks to you for your fee reduction and offer to help.

Sincerely,

Dee Cline
