Mount Airy Middle School
Tracker 1999-2000

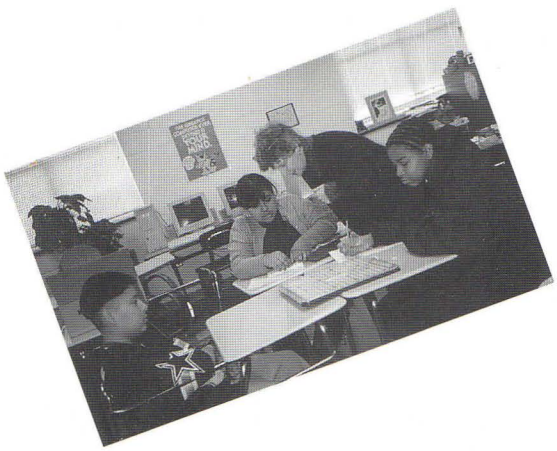

The MillenniumYear brought many changes to our school.
Mount Airy Jr. High became Mount Airy iddle, as Sixth graders joined ranks with the Seventh and Eighth two new classes in one year. Just before the school year began, we all moved to a brand new state-of-the-art facility and were hooked up to the World (www) in every classroom. 1999-2000 was a time to celebrate and take advantage of our first step — really our first leap — into the 21st Century!

everything.com! Whether it's shopping, news, banking, or e-mail, the World Wide Web grows bigger and more vital to our lives everyday. First developed by Tim Berners-Lee to link scientists around the world, today's Web offers something for everyone, thanks to pioneers like Steve Jobs and Bill Gates. This year's proposed AOL/Time-Warner merger promises even greater cyber possibilities.

Road Trip! *We learned to drive in 1908 with Henry Ford's Model T, back when two seats were enough. Today's SUVs like the Ford Excursion can seat up to nine!*

From Lab to Lamb
In the 50s, geneticists Francis Crick and James Watson discovered the coiled DNA strands we call chromosomes. Just this year scientists successfully mapped out one of those chromosomes. Understanding DNA led to the cloning of animals such as Dolly the sheep, taking science into controversial territory. Where do we go from here?

Guys in Gore-Tex? Probably not – it hadn't been invented in 1953 when Sir Edmund Hillary and Tenzing Norgay won honors for being the first to stand atop Mount Everest. But wait a sec! News just in suggests that someone else might have reached the summit first – 29 years before them!

John Elway

Wayne Gretzky

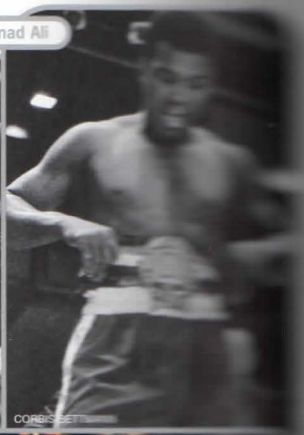

Cheers and Tears Fans bid farewell to three top athletes this year. Michael Jordan (who led the Bulls to six NBA championships) has left the court and become part owner of the Washington Wizards. Wayne Gretzky ("The Great One"), who took the Edmonton Oilers to four Stanley Cup Championships, has ended his 21-year career. And John Elway (the winningest quarterback in NFL history with 148 victories) retired in May of '99.

GREAT *Moments*

The Thrill of Victory This century has seen its share of record breakers and history makers. Muhammad Ali became the first boxer to win the heavyweight championship three times. Arthur Ashe was the first African American tennis player to win the U.S. Open, the Davis Cup, the Australian Open and Wimbledon. In 1960 Wilma Rudolph became the first American woman to win three gold medals at the same Olympics. And the 1980 U.S. Olympic hockey team overcame all odds by beating the Russians and going on to win the gold. The world still calls it the "Miracle on Ice."

Extreme Madness

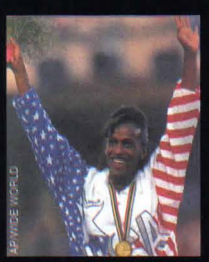

People Can Fly... and America thinks it's awesome. Extreme sports have grabbed the attention of Mainstream, U.S.A. In fact, NBC broadcast the Summer Gravity Games from Providence, Rhode Island this year. Thrill-seeking athletes risked injury in freestyle motocross, wakeboarding, street luge and aggressive in-line skating. Then the Winter Gravity Games 2000 pounded the powder in Mammoth Lakes, California; and again we got to watch them on network TV.

Jackie Joyner-Kersee just may be the greatest female athlete ever. She took home golds at the '88 and '92 Olympics, and a silver in '84. Her sport? Seven of them. Her main event was the heptathlon; in other words, she did tons of leaping, sprinting and throwing. Talk about explosive power!

Saying Goodbye

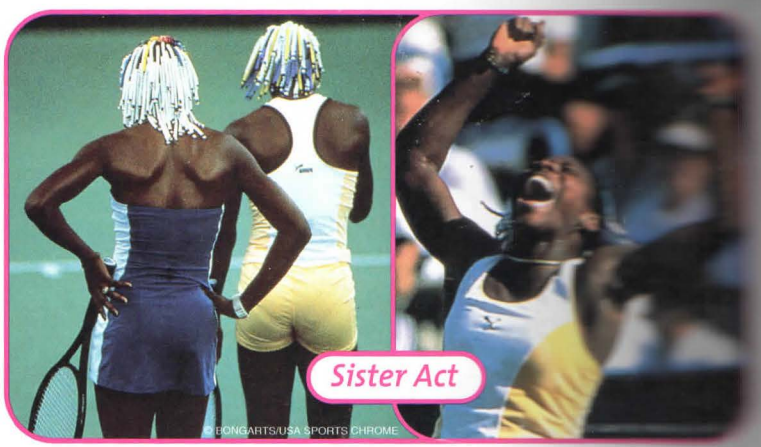

We'll Miss Them Chicago Bears running back and Hall of Famer Walter Payton will go down in history as one of the greatest football players of all time. And we'll always remember golfer Payne Stewart, a two-time U.S. Open winer.

Batter Up! If you're picking a baseball Dream Team, this should be your starting line-up. Think about players like Hank Aaron, baseball's all-time home run king... or Joe DiMaggio with his 56 game hitting streak in 1941. These champions set world records and then broke them; and they tore down a few barriers along the way too. They belong in a league of their own.

LEGENDS of Baseball

NBA ALL-DECADE

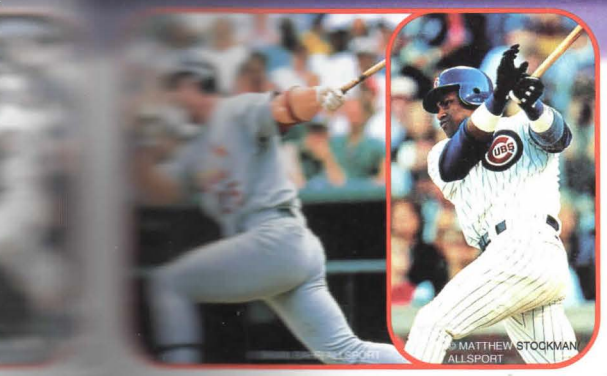

Here they are: the 1990's best of the best. Chosen by the fans who love them, these hoopsters gave us slam dunks, turn around jumpers and fast breaks on their way to making "round ball" the fastest growing sport of the decade.

Hakeem Olajuwon

It's Outta Here! Fans flocked to ball parks around the country to watch Mark McGwire and Sammy Sosa battle it out for the second year in a row, but McGwire's '98 record of 70 homers still stands. Big Mac ended the season with 65 and Sammy with 63. They came pretty close!

Super Sized! *We've come a long way since the days of Super Bowl I in 1966. The Green Bay Packers and their legendary coach Vince Lombardi would never have guessed that the St. Louis Rams winning Super Bowl XXXIV would be watched by 130 million people.*

Simply The Best This year the New York Yankees won their second World Series in a row, sweeping the Atlanta Braves in four games. The win gave the Yankees 25 World Championships in their proud history. In '99, the NHL's Dallas Stars took home the Stanley Cup, while the NBA title went to the San Antonio Spurs.

Tennis Anyone? This year Andre Agassi fought his way back to the top of the men's tennis scene, winning the French and U.S. Opens. He ended the year ranked #1.

← In September 17-year-old Serena Williams won the women's singles title at the U.S. Open. A month later she went on to beat her sister Venus for the first time in the finals of the Grand Slam Cup in Munich, Germany. There's a lot of talent in this family; this sister act ranks in the top five worldwide.

Jump, Jive and Wail From the powerhouse trumpet of Louis Armstrong to the hottest sounds today, music remains the signature of each generation. Big band and swing tunes got the kids shakin' it long before Elvis brought rock & roll to The Ed Sullivan Show in 1956. The country loved it, of course, and even welcomed those crazy long-haired Beatles in the '60s; so the rock & roll fever continued. Motown greats such as Aretha Franklin inspired groups like the Jackson Five. And we all know what a Thriller ride that turned out to be!

The Beatles

This year Paul McCartney played at the Cavern Club in Liverpool, England, where the Beatles used to play before coming to the States in the early '60s.

THE Latin Explosion

¿Hablas Español? The Spanish language is heard more and more in American pop tunes. We see it in grocery stores everywhere and on the street, too. As the Latino/Hispanic population increases, so does our love affair with the culture. Salsa (the sauce) now sells better than catsup, and salsa (the dance) is all the rage. And let's face it... we love to groove to music by Latino performers like Jennifer Lopez, Enrique Iglesias, Christina Aguilera and Ricky Martin.

HOW DO YOU DO YOUR "DO"?
