Music - "The Language of the Soul"

Throughout the centuries, in all lands and among all peoples, man has found expression for his emotions - joy and sorrow, pleasure and pain, love and hate - through the medium of music. Music is an integral part of life itself. The barbarian beats upon his crude drums - and rhythm lives in the jungle. In our modern cities, the carefully groomed conductor raises his baton - and a sophisticated audience is carried away by the emotional intensity of a great symphony.

Music is the language of the soul. It can help men to become participants instead of spectators in the leisure-life of the nation, and can bring to our all-too materialistic civilization the priceless boon of beauty.

The more we love music, the more we will want to know about it; and the more we know, the more we shall love it.

NORTH CAROLINA CLUBWOMAN

Note of Appreciation

I can think of no nicer gesture than the book which the Club placed in the high school library in memory of Ed's father.

I believe Ed was more touched when the card came than I have seen him for a long time. He wanted it sent to his mother right away and I know she will appreciate it as much as he when she gets it.

Being a member of such a grand bunch of girls has always meant so much to me, and I know when our child gets into high school and sees the book, he will be proud that his mother was a member of such a fine club.

Sincerely, Madie Early

Dear Mrs. Francisco,

The Community Chest Directors want to congratulate your group for the very efficient manner your members canvassed the residential section in our drive for funds. You not only reached, but exceeded the quota for the full group.

The Directors hope when you plan your projects for 1952 you will remember the Community Chest. By doing this, you will be making a real contribution to the welfare of your community.

Thanks very much for your cooperation.

Sincerely yours,

Dear Club President,

A United States History Contest for federated clubwomen is being sponsored by the Citizenship and Government Division of the Public Affairs Department. 120 questions have been prepared on U. S. History. Twenty questions will appear in each issue of the General Federation CLUBWOMAN, September through February, 1952.

The General Federation of Women's Clubs will award three national prizes - \$50, \$25, and \$10 - and three honorable mention certificates to the contestants who send in the highest number of correct answers to the 120 questions. Awards will be made at the GFWC convention in Minneapolis, May, 1952.

The contest is open to all federated clubwomen, competing on an individual basis. Clubs as groups may not participate.

Club members competing in this contest should send their answers to the complete series of questions to their State Chairman of Citizenship, not later than March 1, 1952. The Citizenship Chairman and her committee will select the state winners. The State Chairman will send the first prize paper to the General Federation Citizenship and Government Chairman, not later than April 1, 1952.

Answers should be typewritten and double spaced. The name of the contestant, her club, and her address should appear at the top of each page.

A set of the first eighty questions, along with the contest rules, is now available, and may be obtained upon request from General Federation Headquarters, 1734 N. Street, N. W. Washington 6, D. C.

Answers to questions should be sent to the state Citizenship chairman after January 1, 1952, in time for the judging of papers in their respective states.

Won't you urge your members to participate in this contest?

Sincerely,

Mrs. Edwin H. Early, Chairman
Public Affairs, Sixth District.
