In the 1799 Grayson County Virginia Land Tax List two listings show John Beamer and Henry Bemer (which is believe in misspelled) had land. In 1799 Peter Richard Beamer died. As far as I have been able to find, he had two sons Phillip and Henry. Is this Henry his son, if so - what ever happened to Henry? Who was he married to? Did he produce children? Did he remain in Grayson County or move on perhaps to North Carolina? Who is John Beamer? Was he also a son of Peter Richard Beamer? Help!! I have been looking for my great grandfather for 15 years. His name we believe was William E. Beamer. Cannot find a birth date for him or his parents. He married Martha V. Dawson of Blacksburg, VA. He died 1886 - but don't know where in Virginia. Does anyone out there have any information that will lead me to him? Thank you for any information you may have.

FAMILY HISTORY OF PETER WILSON BEAMER
As my dad told it to me- his daughter,
Agness Catherine Beamer (Carr) Lange.

Peter Wilson Beamer was born July 1, 1883 in Surry County

Mt. Airy, N. C. His father was Henry Joyce Beamer and his mother
^{Talitha} ^{Cockerham}
was Catherine ~~Cockrin~~. Dad was one of 14 children. He was not
able to get much education as he had to help with making a living
for this large family. Dad went to work for \$15.00 per month. He
worked from sun up to sun down, and some of his wages were paid
in grain such as corn, etc. However, my dad was self educated.

When he was 18 years old he came out west with his uncle
Sam Beamer and they landed in Canada. His uncle Sam, homesteaded
a place in Canada, but the weather was too cold and they were not
able to raise good crops, so Uncle Sam traded his homestead in
Canada for a place in Oregon - near the Oregon - Washington State
line. He traded sight and unseen and Uncle Sam got the better end
of the deal.

He raised wheat and alfalfa on this new ground in Oregon,
and died while on this farm. After dad's Uncle Sam died, Dad got
a job on a large wheat ranch near Weston Oregon where his uncle
Richard Beamer and Uncle John Beamer and a cousin Jim Beamer lived.
He met Emma Jenny Fox who was a cook for the hired men on this large
wheat ranch. She was born Feb. 21, 1891, and when Dad courted mother
he was known to have a horse and buggy that could pass anything on
the road.

Dad was 28 and mother was 22 when they were married in Walla Walla, Washington July 7, 1912. There were 6 children born to this union. A set of twins were born May 14, 1913 - they died May 17, 1913. Their names were Fern and Fay. Four more children were born.

Agness Catherine was born April 22, 1915

Helen Clemence was born Jan. 28, 1919

Clyde Leycester was born Jan. 29, 1922

Burton Peter was born April 21, 1924

Our family lived in Freewater Oregon and Dad worked at a box factory and also had a fruit Orchard. He was a farmer, and sold produce and fruit. Then in 1929 we moved to Hermiston, Oregon on a small farm. We milked cows and raised watermelons. My dad was one of the first people to introduce watermelons to this area. This was during the depression and times were really hard, but my dad always seemed to have plenty of food for us and my mother was a good cook and thrifty.

Agness Catherine Beamer married Waldo A. Carr in August 1934 and he died in November 1969. One daughter was born to them. Helen Joanne. She married Ronald K. Lowe and they had two daughters. Agness remarried in June 1972 to Emil W. Lange and they live near Portland, Oregon.

Helen Clemence married Walter G. Christopher in January, 1937. They live in Hood River, Oregon. They have two daughters, Barbara Nadine who married Joe Holt and they have one son. They live in Hood River, Oregon, and Brenda Denise, who married Paul Dederer. They live in Corvallis, Oregon and they have no children.

Clyde Leycester married Norene Louise Townsend in 1945 and they live in Pasco, Washington. They adopted a girl and a boy and had a girl by birth. Lynn (deceased), Bruce and Karen.

Burton Peter married Geneva May Hughey in 1948. They had a boy, Douglas Peter, who is married and has two children also, two girls, Opal Ray and Sharon Kay. Burton Peter Beamer died in October 1976 at Post Falls, Idaho and is buried there. He was a World War 2 Veteran.

My dad was always a jolly person, very hospitable. He had an outgoing personality and was a christian man. He died in September 1951 and is buried in Hermiston, Oregon. His widow, Emma J. Beamer is still living and is 91 years old this year, 1982. She lives in Post Falls, Idaho.

WB 6, p 138 WILL OF FROST BEAMER. 7 Feb 1880. My executors shall provide for my body a decent burial and pay all funeral expenses and my just debts out of the monies that may first come into their hands as a part or parcel of my estate. My beloved wife Eliza Beamer gets one bed, bedstead, and bed clothing to be selected by her, 100 pounds of meal, and 10 bushels of corn in line of her dower and third. My youngest daughter Elizabeth Beamer now about 6 months old gets \$100 to be retained and kept by my son A J Beamer whom I appoint as her guardian until she becomes 21 years old. My executors first advertising for such length of time as they may think proper to sell my real estate to the highest bidder on a credit of 12 months and in a like manner to sell my personal property for cash. A memorandum kept by me will show that I have charged my other 6 children with former gifts in order to make them equal. After deducting the expense of selling off my real estate, the residue is to be equally divided among my children: Adam J Beamer, Caroline Shaw, Mary A Golding, Rachel Hill, Julina McCraw, and Nancy McCraw deducting from the share of each one the amount that each one has formerly received. Executors: My son Adam J Beamer and Hasten Beamer. Witnesses: Minitree Beamer and Loranza Beamer. Proved by Minitree Beamer and Loranza Beamer. Probate 23 Apr 1880.

ment of the Industrial Training School for Girls at Greensboro. He advocated liberal appropriations to the Southern Soldiers' Home, for completing the governor's mansion, for the Columbian Exposition, for the extension of the Atlantic & North Carolina Railroad, and for a railroad commission, introducing measures prescribing the duties of such railroad commission, also a bill for appointing a committee to codify the laws upon corporation and to make suggestions to the following Legislature whereby they might be relieved of the great bulk of private legislation. Mr. Skinner was tendered but declined in 1892 the nomination for governor and for Congress offered by the populist party.

In 1894 he was elected to the Fifty-fourth Congress and in 1896 re-elected to the Fifty-fifth Congress. While in Congress he served on important committees, one being the public buildings and grounds committee. He introduced, advocated and put into the Congressional Record all the necessary data connected with the inland water way. He introduced the bill entitled Equal Protection, which had for its purpose fixing a stable price for cotton, and also a bill establishing a land basis for national bank issue. He advocated an enlargement of the navy and the state of preparedness, not for offensive but for defensive purposes. It is necessary to remember that these measures, showing the trend of his mind and thought, were advocated more than twenty years ago. The Congressmen who are described as progressive have hardly taken a more advanced stand during the last five or six years. As a matter of fact Mr. Skinner was perhaps twenty years in advance of his time, and largely for that reason his measures met with disfavor, though they have since been advocated by both parties and many of them have been written into the basic laws of the nation.

As early as 1886 Mr. Skinner wrote an article entitled "A Landed Basis for our National Bank Issue," embodying the same pivotal ideas contained in the Federal Reserve Bank Act. His article also contemplated the rural credit system. This article was afterward published in Frank Leslie's Illustrated of issue November 30, 1889, under the heading "The Hope of the South." It is said this article was read on the floor of the St. Louis Convention and became the basic idea upon which the sub-treasury suggested by the Farmers' Alliance was adopted. The same idea was contained in a more practical form in a bill introduced in Congress by Mr. Skinner looking toward Government control of the South's cotton crop. Apparently, therefore, the claims made for him have been well founded as originator of asset banking and as the first to suggest the Government control of cotton crops in Southern States.

Mr. Skinner has long been prominent both in the North Carolina State Bar Association and the American Bar Association. In the State Association he served several terms as chairman of the executive committee, and in the American Bar Association served two years as vice president for North Carolina and three terms was appointed by the president of the American Bar Association the committeeman from North Carolina on the important committee to resist the call of judges. His last appointment to that position was made by Hon. Elihu Root, president of the association.

Mr. Skinner is a member of the Masonic Order

and of the Episcopal Church. June 5, 1878, he married Miss Lottie Montiero, of Richmond, Virginia. To their marriage were born Miss Winifred Skinner, Mr. Harry Skinner, Jr., Ella Montiero Skinner and Lottie Skinner. Harry Skinner, Jr., a bright and promising lawyer was killed in an unfortunate automobile accident in November, 1909. Ella Montiero Skinner married A. M. Moseley and resides in Greenville. Lottie Skinner married George B. Cooper, manager of the Export Leaf Tobacco Company of Bristol, England. For his second wife Mr. Skinner married October 26, 1895, Miss Ella Montiero. By this union there is one son, Francis Xavier Skinner, who is now a volunteer in the United States service as yeoman in the Naval Reserves.

LUTHER WELLINGTON BEAMER. In the locality where his forefathers lived for generations Luther W. Beamer has quietly but successfully followed the pursuits of farming and stock raising, and has accomplished those things which give him an honorable place in the community and in the state. Mr. Beamer's farm is near Mount Airy in Surry County.

He was born in Stuarts Creek Township of that county September 14, 1877. His lineage in that section goes back to his great-great-grandfather, Henry Beamer, who so far as known spent the majority of his active years in Stuarts Creek Township and was an early day planter. The great-grandfather was John Beamer, who acquired extensive tracts of land in that township. The lumber of which his house was constructed was "whip-sawed" and the few nails used in tying the timbers together were made by the local blacksmith. The shingles on the roof were rived by hand. Most of the labor in the fields on this plantation was performed by slaves. John Beamer continued to live in Stuarts Creek Township until his death. He reared four sons: Reuben, Frost, Jacob and Andy. The descendants of these sons are still numerously represented in this section of North Carolina.

Frost Beamer, who was also born in Stuarts Creek Township, inherited a portion of his father's acres, had some slaves, and, like his father, was a life-long resident of that locality. He married Miss Cunningham, and they reared one son, Adam Jefferson, and five daughters, named Julina, Mary Ann, Caroline, Nancy and Rachel.

Adam Jefferson Beamer was born in Stuarts Creek Township, October 27, 1844. He grew up on the farm and was about seventeen when the war broke out. He enlisted in the Thirty-seventh Virginia Regiment of Cavalry, and was in active service during a large part of the war. After performing his duties to his country he returned home, and his father gave him a tract of land. On that he built a log cabin, and there he and his young bride commenced housekeeping. His vocation after that was general farming, and his success enabled him to acquire a large and well developed plantation, which he occupied until his death on December 7, 1911. Adam J. Beamer married Mary Golding, who was born in Stuarts Creek Township, a daughter of William and Jane (Felts) Golding. She died in 1913. Her grandfather, William Golding, Sr., owned a plantation in Stuarts Creek Township. He married Lucy Jones, daughter of Minatin Jones, who was a Virginia planter and at one time represented his district in the Virginia State Legislature. William Golding, Jr., maternal grandfather of Luther W.

Beamer, was born in Stuarts Creek Township, was a farmer, and spent his active career in Surry County. During the Civil war he served as an officer in the Home Guards. Adam J. Beamer and wife reared six children: William F., Mary Jane, Columbus, Luther W., Letitia and Gertrude.

Luther W. Beamer attended the rural schools during his youth and by working on the farm was well qualified for the duties and responsibilities of an agriculturist when he came to manhood. He finally succeeded to the ownership of the old homestead, and has carried forward its improvement so as to make it a farm in keeping with the most modern standards and creditable to a family which has lived so long in this section. He has erected a barn, has remodeled the house, and his improvements are among the best to be found in that township. His business is general farming and stock raising.

On December 30, 1915, Mr. Beamer married Eliza Virginia Jones, who was born in Stuarts Creek Township, a daughter of Francis and Eliza (McGrady) Jones. Her parents were natives of Virginia and came to Stuarts Creek Township and bought a farm, on which they spent their last years. Mrs. Beamer attended the Whitehead Academy in Grayson County, Virginia and was graduated as a trained nurse at St. Peters Hospital in Charlotte, North Carolina. Both Mr. and Mrs. Beamer were reared in the Baptist faith. Fraternally he is affiliated with Mount Airy Lodge No. 107, Independent Order of Odd Fellows and with Blue Ridge Council No. 73, Junior Order of United American Mechanics.

WILLIAM WASHINGTON FIFE. A man of superior business ability and judgment, and of pleasing address, the late William Washington Fife was for many years actively identified with the mercantile and financial interests of Thomasville, and occupied a place of note among the worthy and respected citizens of Davidson County. A son of William Fife, he was born, it is thought, in the eastern part of North Carolina, of Scotch ancestry.

Having served an apprenticeship at the tailor's trade when young, he followed it for a time in his native county. During the progress of the Civil war, he came to Davidson County, and for several years was actively and prosperously engaged in mercantile pursuits in Thomasville. Being forced on account of ill health to dispose of his stock of merchandise, Mr. Fife embarked in the brokerage business, which he conducted as long as he was able, the closing years of his life being spent in Thomasville, retired from business activities.

Mr. Fife married Olivia Davis, a native of Eastern North Carolina. She died at the early age of thirty-six years, leaving five children, namely: Mary, Sarah, Emma, William Pell, and Eugenia.

William Pell Fife, the only son of the parental household, acquired a good education when young, and being endowed with strong religious tendencies he became an evangelist in the Presbyterian Church, and carried on the work successfully for a number of years. Being obliged to relinquish his ministerial labors, on account of a serious throat trouble, he became interested in a mining enterprise, with which he was connected until his death. His wife, whose maiden name was Jennie Whitford, was a native of Newbern, North Carolina. She survives him, with her two children, William Washington, and Elma, who married Carlton Newby.

Eugenia Fife, the youngest child of her parents, is the only member of the household now living in Thomasville. She is a woman of talent and ability, and for upwards of thirty years has been prosperously engaged in the millinery business. She is an active and consistent member of the Main Street Methodist Episcopal Church, South, and belongs to both the Foreign and the Home Missionary Society.

ERNEST FOSTER YOUNG, though now known throughout many of the eastern counties of North Carolina as one of the ablest lawyers and men in public affairs, deserves primary credit in this history for the worthy and energetic part he played as the upbuilder of that flourishing business town and agricultural center known as Dunn in Harnett County.

Mr. Young was very youthful when he went to that incipient village in 1888, which had been established following the construction of the new section of the Atlantic Coast Line, now the main artery of that great railroad system. Soon after reaching here Mr. Young embarked in the mercantile business, being one of the first merchants in the town. He built the first brick building, a structure now occupied by the Goldstein Company. He also helped establish the first bank and became president of the Merchants and Farmers Bank. He was responsible for Dunn's first large factory, the South Dunn Manufacturing Company, at that time one of the largest furniture making institutions in the state. He was responsible for the building of the Dunn Oil Mills, and he was associated with John A. McKay in establishing the John A. McKay Manufacturing Company. Mr. Young constructed Dunn's first tobacco warehouse, bought a gas plant to light the streets, built a roller flour mill, formed the Southern Lumber Company, and was one of those citizens chiefly responsible for bringing the Erwin Cotton Mills to this part of the state.

A leader in the beginning, Mr. Young has relaxed none of his diligence and vigilance and public spirit in forwarding everything that is good and beneficial to the community. Today Dunn is the center of what is probably the richest agricultural region in North Carolina. A bale of cotton per acre is a regular thing year after year and what were formerly poor farmers have grown wealthy under the improved agricultural methods of the present day and the high prices for farm products.

Ernest Foster Young was born in Dinwiddie County, Virginia, in 1871, and in the same year his parents moved to North Carolina, locating at Wilson, where the son was reared and educated. He is a son of John T. S. and Mary (Foster) Young. His father's mother was a member of the noted Sydnor family of Virginia.

From mercantile and other business connections Mr. Young retired, and having studied law, though without any college preparation, he was admitted to the bar in 1906. The subsequent twelve years have put him well to the front among the lawyers of prominence and ability in Eastern North Carolina, and his general practice extends over several counties and he has handled much important litigation in both state and federal courts. He has hosts of admiring friends and supporters throughout Harnett and adjoining counties, and among all classes of people he has exercised a strong influence in molding and directing political opinion and action. In 1912 he was elected a member of

Dear James,

Good to hear from you again. Thanks for the McCraw-Robertson bible records! These are my people. Matilda Robertson McCraw was the sister of my great, great grandfather, Green Robertson, who is named in the records. These will be very helpful.

Regarding the Robertsons that you mention in your letter, Martha, Pleasant, Temperence, etc. I have no information on them and as far as I know, they are not of my family unless it is farther back than I have gotten. This is a family that I intend to look into. I did not know that America Davis' mother was a Robertson.

However, I can help you with those McCraws. Gabriel McCraw was actually James Gabriel McCraw, son of Waller and Matilda Robertson McCraw. He married Julina F. Beamer, daughter of Frost Beamer. The second couple is Green Waller McCraw, son of Waller and Matilda, and Nancy C. "Nan" Beamer, also daughter of Frost Beamer. I also have some info on Bonus McCraw, but I'll have to get it out of my genealogy database. I am sending FGS on all of these folks. If you have any other questions let me know because, I have recently been concentrating on the McCraws. I am related to two different branches of this family. Incidentally, the note at the bottom of the bible records is incorrect. Waller McCraw was not the grandson of Wm. and Sabrina Ahart McCraw. Waller was the illegitimate son of first cousins Jacob Allen McCraw, son of Jacob, and Nancy McCraw, daughter of Francis and Sarah Burrus McCraw.

A couple of questions before I go. Who was the wife of Henry Beamer, Frost Beamer's father? Was she a daughter of Frost Snow Sr. or Jr.? Who was the Elizabeth Snow who married Edmund Payne in Surry. She was his second wife. I would be interested in any of their children also. Thanks.

Sincerely, *Velfo*

WB 6, p 503 WILL OF ANDREW BEAMER. 19 Aug 1897. At my death my beloved wife Polly Beamer gets all my property--real, personal, and mixed. After the death of my wife Polly, there shall be no sale of my property. My daughters--Caroline Beamer, Florida Beamer, Malvina Beamer, Gennie Beamer, Martha Beamer, Lucinda Beamer, and Sarah Beamer--shall continue to reside at my house and live as they have been living as long as there are as many of them single as

two. If those two desire to forfeit their home, the residue of what property still remaining shall be equally divided between my heirs. If either or both of my sons--Phillip Beamer and Richard Beamer--should desire to stay on my farm and attend to the cultivation of it as they have done until there are only two girls remaining single, then they shall have one-half of my land. If there should be more expense than the sale of the produce of the farm will meet, then my executor is to sell a sufficient amount of

land to meet said expenses. Executor: My son L D Beamer. Witnesses: Hasten Beamer and L D Beamer. Proved by Hasten Beamer the only qualified witness thereto. Probate 17 Mar 1899. The widow and heirs-at-law of Andrew Beamer dec'd agreed to and with each other that the Will of Andrew Beamer may be probated and be effectual just the same as if it had been witnessed as required by law. Agreement dated 14 Mar 1899.

Very little is known at this time of Charity Beamer's family, however, the early Rowan County records show:

Phillip Beamer was on the 1778 tax list of Rowan County with 141 acres of land and living next to Christian Bontinhammer.

Philip Beamer enters 80 acres of land in Rowan County on both sides of Brushy Fork of Abbotts Creek joining Anthony Hinkle and Daniel (David?) Waggoner formerly Mathias Sapponfield for Compliment. Aug. 1, 1783. #2603 claim set by Joseph Cunningham in behalf of the State.

3 May 1785. Administration on the Estate of Phillip Beamer deceased is Ordered to issue to Christian (1) Botenhammer who qualified & gave Security Jn. Grove in L400.

4 Aug 1785. Inventory of Phillip Beamer's Estate is filed.

This is undoubtedly a brother of Charity Beamer. Other Beamers settled in the Surry County area. The name Phillip is carried on by descendants in the Bodenhamer lines.

Joseph Bradford (4) Bodenheimer (see #132), a great-grandson, wrote at age 92 years that he had been in the log house Christian (1) and Charity built. "It was of logs, puncheon floor, cabin roof, stick and clay chimney, fire place ten feet wide. The arch was a Poplar log hewn three cornered, and so high the writer has stood straight under it..."

One existing story of this early family is that Christian (1) and Charity had at least one other son in addition to the known children listed below. There can be truth in this statement because of the number of unidentified Bodenhamers living in the area at the time and who were doubtless descendants. No records, however, have been found where such a son owned land. And he would have been deceased by 1788 when the six living sons signed on their father's estate for had he been living he too would have signed. This story lies within the bounds of reason but there is no way to substantiate it unless an old family Bible can be found. Families or persons where the parents are intraceable at the moment are listed in another section of the book with clues to aid in further research.

Much incertitude about the religious observance of the early Bodenhamer family has been infused in this study by descendants. As previously shown Christian (1) and Charity attended the German Reformed Church in New Jersey. One must be mindful, however, of the newness of this faith in 1749 when Christian (1) migrated to America. From Ruple's Rowan County History:

For origin of the German Reformed Church we must look into the Mountains in Switzerland where Ulric Zwingle began to preach the gospel in its purity about the same time that Luther raised his voice for Christ in Germany. As there were differences of opinion between Zwingle and Luther upon the subject of the "real presence" in the Lord's Supper as well as upon other doctrines of grace, the adherents

of the two reformers did not unite in the same body. After the death of Zwingli his followers fell in with churches that were founded by Calvin. In Germany as well as Switzerland the Reformed Church is Calvinistic in faith and Presbyterian in church government....The German Reformed Church in the United States dates in origin to about 1740 and was formed by immigrants from Germany and Switzerland...and settled in east Pennsylvania.

Could Christian (1) have helped in the founding of the German Reformed Church in America? Research in the German Archives shows that in the area of (either) Bodenheim from which Christian (1) is thought to have migrated in 1749, the people were 95% Catholic. Only Catholic records are preserved today and they did not start until 1825. To find records there of the German Reformed followers would seem an impossibility. The most recent communication from Bodenheim is a request for any information on Johann Christian Bodenhamer for their archives. So the search continues!

On coming to North Carolina it is logical to assume that Christian (1) and Charity would continue to worship in their faith as they had in New Jersey, because the German Reformed followers were steadfast in their devotion. The lack of Reformed ministers nearby, however, may have necessitated their attending Abbotts Creek Baptist Church, but one is left to conjecture. One Charity Bodenhamer attended meeting in 1810.

Abbotts Creek Primitive was the first Baptist Church in northeastern Davidson County and was so constituted in 1756. Daniel Marshall born 1706 in Windsor, Connecticut, was ordained as its pastor. For three years earlier James Younger, a Baptist preacher, and his family had been ministering, in whatever way, among the early settlers on the headwaters of Abbotts Creek. He was "able to influence a host of his frontier neighbors to accept his Lord."

The year the church was constituted, a log meeting house was put up. This little church was the light of religious freedom in the wilderness. The house being small and the congregation large the people often had to stand on the outside to hear the preacher. It was soon replaced. Since records state that the members of Abbotts Creek were housed in five churches, two more were unquestionably built prior to early 1900. From the early church minutes of 1818 a petition was brought forward to "pale over the burying grounds" with Joseph Spurgin and William Bodenhamer as superintendents.

In Sept. 1914, at the monthly meeting, "it was moved to send greetings to brother Solomon Payne thanking him for the part he took in the building of our new meeting house." This was undoubtedly the "White Church" built on a foundation of native stone (see picture) and which burned in 1958. The present brick building called the Lower Church was then erected. The Primitive meeting today boasts a long and rich past.

In March 1832 the church "led by the pastor Ashley Swaim declared non-fellowship against the Baptist State Convention Bible Societies, Sunday Schools, and all aids to the Baptist State Convention." Differences in belief led fifteen members to withdraw from the church and to form themselves into an organized church. At Abbotts Creek the majority held the church and the burying ground. After unsuccessful attempts of the two groups to worship within the same house, the minority group bought land across the road and built their own log church and laid out their own cemetery. They soon became known as the Upper or

Missionary Baptist Church.

At first, however, before putting up their log church, these courageous pioneers worshipped under a brush arbor. From their records of Nov. 1834:

State of North Carolina Davidson County Whereas we the Missionary Baptist Church and Congregation at Abbotts Creek being unjustly deprived of our Meeting House do therefore agree to purchase a lot of one acre adjoining the South side of the Abbotts School House lot and build a Framed Meeting House Thereon of the following dimentions Viz. Thirty Six feet long 25 Feet wide and ten Feet High with a Joint Shingle Roof. The money to be raised by subscription and paid into the hands of James Evans & Joseph Spurgin. Trustees for the Church and William Raper & John Haworth Trustees for the subscribers who are not members of the Church which...trustees and their Successors shall contract for and superintend the building of the 3rd Meeting House and the...House shall be denominated the Abbotts Creek Missionary Baptist Meeting House and shall be free for Teachers of any religious Denomination professing Christianity who are in order in their own church or Society and comes well recommended.

Since this is called the third meeting house, the brush arbor was probably considered the first.

In December of 1893 an additional room was built to the east at a cost of \$287. (see sketch). In January of 1926 it was decided in regular conference to erect the present house of worship "which we dedicate today to God's Service." Several additions have been added since.

For many years both churches used the same baptismal pool. In the beginning baptisms took place in the waters of Abbotts Creek, but with the building of Evan's Mill, this ceremony was performed in the pool by the dam. In 1916 an open concrete pool in a grove of gum, cedar, and oak trees, and nearer the houses of worship, was used. Ice-cold water flowed into this open pool through a lead pipe from an adjacent spring. In 1948 the Upper Church built their own baptistery within the church and in 1970 the Primitive members built their present outside pool with a removable cover.

In the early days when one died the body was not taken into the church prior to burial. The casket was opened for viewing on the outside of the church and then quickly buried.

Today in the Abbotts Creek Primitive Baptist Cemetery some forty-three stones carry the name Bodenhamer or Bodenheimer, and in the Missionary Baptist Cemetery, seventy-two stones can be counted.

A plaque at Abbotts Creek tells its own story:

The Army of General Greene camped here in Feb. 1781 on his retreat before Lord Cornwallis, prior to the battle of Guilford Court House.

Erected May 20, 1930 by the General William Davidson Chapter of the D.A.R. of Lexington, N. C.

Decorative Art is to be found in the Lower burial ground. Recently a study of carvings on tombstones was made in Davidson County by The Museum of Early Southern Decorative Arts. The purpose of this study was to photograph and record any old historical gravestones of Baroque and Gothic styles. Three hundred five such stones were found all within ten

nearby cemeteries including Abbotts Creek. The Germans and Swiss produced most of these stones between 1803 and 1843. Abbotts Creek Primitive Baptist is one of the three graveyards representing the major centers for these two styles. The Baroque offers itself best at Abbotts Creek where forty-nine stones may be found. It is of particular interest to know that the Bodenhamers were among those who began an immediately recognizable art style and that three of their graves were photographed in this study:

In Memory of Elizabeth (3) Bodenhamer (see #61) daughter of Jacob (2) and Elizabeth his wife was born Aug. 4, 1803 and dep. Sept. 8, 1803.

In Memory of Isaiah (3) Bodenhamer (see #56) son of Jacob (2) and Elizabeth Bodenhamer. He was born Nov. 6th 1794 and died Nov. 21st 1827.

What you are reading oe'r my bones
I've often read on others tombs
and others soon will read of thee
what you are now reading of me

Elizabeth (3) Bodenhamer (see #26) daughter of P. & A. B. born 2 Nov. 1802 died 10 Jan. 1824.

Unmarried friends both near and dear
I am now taken from your tender care through
my affliction. Christ thought it best to
take me home with him to rest
and you prepare to meet me there
to praise the Lord above the air

Vague locations are given for the burial place of Christian (1) and Charity (Beamer) Bodenhamer. Abbotts Creek Primitive Baptist Church lay just outside the southern edge of Browntown now known as the "Forgotten Town" of Davidson County. As previously stated the Bodenhamers settled in this area. Browntown was incorporated uniquely in a circle one-quarter of a mile in every direction 26 Jan. 1843, but a settlement existed there before the Revolutionary War. It was still recognized in the 1880 census, but today is only a "shadow of the past. The old families are gone, the homes are gone, the school, the stores are gone, and Browntown is only a name," but one may still read of this community's activities. In a large clearing in the center of Abbotts Creek Primitive Baptist Cemetery--known as the oldest section of the graveyard--a monument has been erected to the "Unknown Dead."

Many references are made to one other old burial ground to the north of the center of Browntown, but with no existing markers. This was on Bodenhamer land. A level area in the woods with sunken spots, supposedly grave sites, marks this graveyard today. The most remarkable phenomenon is that this small area is covered with lush periwinkle peculiar to burial grounds, the only periwinkle growing for miles around. It is said that William (3) Bodenhamer (see #59) whose homesite is well established, could stand on his porch and see this graveyard some five hundred yards away.

"It is indeed desirable to be well descended, but the glory belongs to our ancestors."

The Yadkin River Ripple

I can't forget the music while
life remains to me,
Of the Yadkin river ripple on its
journey to the sea;
That voice was my childhood's lullaby
and never ending song.
I have travelled over the west since
then but the voices were along.

I have not seen the river for
sixty years or more,
But from my birth to twenty-eight,
I resided on the shore.
The old home and surroundings
have voices of the past,
To awake the soul to the deeds of old
with me while life shall last.

My early friends in Dixie land not
one can be forgot.
You often come to me in dreams,
I call but you answer not.
Forever flow, dear river, on the land
of the brave and free.
The memory of your soothing tone
will ever go with me.
With head uncovered, facing South,
I gently bow to you.
And for evermore, dear river, now
I bid you a last adieu.

--Unpublished Poem by W. D. Somers.

W. D. Somers was born in Surry County, North Carolina, 22 June 1822. In 1840 he rode horseback to Urbana, Illinois, where he took up the study of law. He was admitted to the bar in 1846 and became the first resident lawyer in the area. At the time Abraham Lincoln was riding circuit in his law practice, and the two men became fast friends. When Lincoln made his first political address in the area, W. D. Somers introduced him.

During the 20s, Barron & Sons established a milk route, trucking milk of Raymore farmers to Lees Summit. Later, Barrons sold Grade A bottled milk in Kansas City.

After years of farming and dairying, the livestock, equipment and farm were sold. Jamie went to a farm near Pleasant Hill as manager and Newell Barrons moved to Raymore.

Newell Barron was president of the Raymore School Board in the early 1900s, having been influential in achieving consolidation of the country schools into the town school, and instituting the busing program for grade school children, first with horse drawn buses. Five generations of Barrons lived in or near Raymore from 1868-1971, and four of those generations attended Raymore schools.

Newell Barron was instrumental in obtaining Highway # 58. Marcia Barron organized the Alumni Association of Raymore High School, and was Raymore librarian in the 40s. She died in 1950.

The Barron family were members of the Raymore Presbyterian Church for many years, Nancy Jane Barron being a charter member.

W. C. and W. H. Barron were president and vice-president of Union State Bank of Kansas City in the 1920s. Newell Barron was Judge of the northern district of Cass County at the time of his death in 1936. The Barron family resided many years in Cass County, contributing to its history and development.

JOHN A. BARTHOLOMEW

Willa Ruth (Corky) and John Ross attended grade school in Drexel and graduated from Drexel High School. Willa Ruth, born February 28, 1940, married Calvin L. Gammon, Drexel on November 16, 1958. They have two children, Basil Ann and Brian Leslie. John Ross, born March 22, 1942, married Marilyn K. Sexson, Creighton, Missouri, on December 5, 1960. Their two children are Steven Ross and Darin Scott. Both families live in the rural Drexel area.

ISAAC BEAMER

The recorded history of the Beamer family dates back to the early 1800's. Isaac Beamer, who was born in 1804 in Hillville, Virginia, Carrol County, is the earliest member mentioned in family records.

Although it is not known when the marriage took place, records indicate that Isaac Beamer was married to Miss Frances Combs, who was born in 1808. The marriage is credited with producing two children. Luke, whose birthdate is unknown and Mark, who was born October 4, 1883.

It is recorded that Luke was married, but the name of his spouse is not included in the family tree. It is stated, however, that the couple had one child, Helen, and it is believed that there was another child in the family.

No dates of death are recorded for either Isaac Beamer or Frances Combs Beamer. John W. Adams, who was born in 1799, a native of Virginia had settled in Henry County, Missouri around 1844.

Adams and his wife, the former Mary Katherine Cartwright, had eight children, six of whom died from childhood typhoid fever in and around 1846. The children are buried in Johnstown, Missouri with no grave marking. John W. Adams and wife were buried on the family homestead. The 200 acres was entered with a grant for 12 cents an acre in the Clear Fork area, Cass County, Missouri.

The Adams' youngest daughter, Telitha Angeline, born January 5, 1844 survived, however, and on September 26, 1860, she and Mark Beamer were married. An account by. T. H. Weller, leader of a 15-member expedition traveling through Cass County in 1854 reads, "We found no better grass growing anywhere for our cattle, than on the lands belonging to Oesh, King, Schrock and the Mark Beamer farms.

Attesting to her great love for the Beamer homestead, it is reported that, in 1878, after their home was burned, Mrs. Beamer saw to it that it was rebuilt at once.

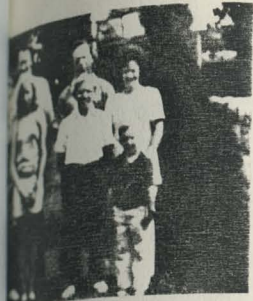

Between the years of 1863-1888, the Beamers union was blessed with eleven children. The names of the children appear in the Beamer family tree. The family remained an unbroken and happy one until the death of Jasper in 1908.

Mark Beamer, Sr. passed away May 7, 1909 and Mrs. Beamer moved to Garden City, Missouri in 1915 where she lived until her own death.

BEAMER

The Beamer family dates back to Mark Beamer who was born in 1804 in Hill County, Mo. He is the earliest member mentioned in the family.

When the marriage took place, Mark Beamer was married to Miss Frances Luke, whose birthdate is given as born October 4, 1883.

Mark was married, but the name of his wife is not given in the family tree. It is stated, however, that the name of his wife was Helen, and it is believed that she was the daughter of the family.

Mark was married for either Isaac Beamer or John W. Adams, who was born in 1804 and settled in Henry County, Missouri.

Mark's former Mary Katherine Carter, of whom died from childhood in 1846. The children are buried in the cemetery marking, John W. Adams family homestead. The 200 acres are worth 2 cents an acre in the Clear Fork

daughter, Telitha Angeline, born in 1846, and on September 26, 1888, were married. An account by T. Beamer on an expedition traveling through the mountains reads, "We found no better pasture for our cattle, than on the lands owned by the Mark Beamer

for the Beamer homestead, it is believed that their home was burned, Mrs. Beamer built at once.

In 1888, the Beamers union was broken. The names of the children are given in the family tree. The family remained in Missouri until the death of Jasper in 1908.

Mark Beamer died away May 7, 1909 and Mrs. Beamer died in Missouri in 1915 where she

The Mark Beamer Family in 1898.

An obituary recalled that "no man in the county had more friends than Mark Beamer. He was perhaps better known for his genuine hospitality than for any other characteristic which he possessed." Often referred to as "Uncle" Mark, Beamer was considered one of the most highly respected citizens of the Garden City area at the time of his death.

Outliving her husband by over 20 years, Telitha Adams Beamer died August 22, 1929 in Garden City. In her later years, Mrs. Beamer fought nobly against an illness that would eventually make her an invalid.

Of the eleven Beamer children, family records speak most of John, the next to the oldest child, born May 26, 1866. Born and raised on the Beamer family homestead near Garden City, John Beamer continued the family legacy of farming and stock raising in Cass, Lafayette and Saline counties. He retired from active farming 1940. His wife, Jeannette Ann, died in 1949, and after that time, he made his home with his son, Lyle, in Clay County.

THOMAS BEATTIE M.D.

Dr. Beattie was born in Belfast, Ireland, October 17, 1827. His father was a linen manufacturer and supplied the English Court of Queen Victoria.

He was reared in Ireland and received his principal education from the Belfast Royal Academy. In 1844 he began his medical studies at Belfast Medical Hospital. In 1846 he studied at Anderson's Medical College at Glasgow, Scotland. In 1848 he attended Edinburgh University at Edinburgh, Scotland, graduating in 1849, also receiving a diploma from the Royal College of Surgeons in that city. He accepted an assignment on the whaling ship "Restitution", and spent the summer cruising around Greenland, looking for John Franklin who was lost hunting for the North Pole.

On his return he immigrated to Quebec, Canada, where he practiced for a year. On October 9, 1849 he married, Martha Stuart Byers, also a native of Ireland, who was visiting her

uncle in Quebec, Canada. She was born at Stuartstown, Newton Lumevody, Province of Ulster, Ireland. Her father was a member of Queen Victoria's Honor Guard.

They spent three years in Cincinnati, Ohio, then Newark, Kendall County Illinois, 1858 East Lynne, Mo., 1865 Harrisonville, Missouri. He tried to enlist in Price's Southern Army during the Civil War, but was unable to because his naturalization papers had not been returned, so he was the only physician in this vicinity during the war.

They had eight children — Anna (Mrs. Taylor Wilson) James (Maria Eckels) Martha Stuart (Mrs. Robert T. Railey) Samuel, Ida (Mrs. W. C. Lynde) Thomas Jefferson (Clara Chateau) William (Nettie Lee Allen) Evaline (Mrs. John A. Davis Jr.)

Dr. Beattie practiced medicine 61 years. He was a scholar and enjoyed books. His entire medical library is now in the Rare Books Library at Kansas University, Lawrence, Kansas.

He died at his daughter's home, Elmhurst, Harrisonville, Missouri, Feb. 3, 1911. Mrs. Beattie died at Elmhurst, March 25, 1916. Dr. and Mrs. Beattie are buried at Oakland Cemetery, Harrisonville, Mo.

Abigail and Bray Beaty's first child was born in Indiana Jan. 7, 1870 and before May the entire family of Deans had journeyed to Missouri. Dear James:

In regard to our Beamer book, I have received a lot of new information and have been working on the database and on the actual book pages for many many hours. I am going to prepare a questionnaire to send out to some Beamer family members that have addresses available. Hopefully these family members will pass the questionnaires on to others. I am looking for stories about family members, very similar to the information found in the Surry County Heritage Books. In fact I have been using photos and information from those books. I heard from a cousin connected to the Phillip Beamer-Rhoda Lundy line. She had a lot of information that filled in the blanks for me. She is very excited about a Beamer book and has contacted many of her family members. I have been thinking on the time frame of Spring-1996. If I can receive information from everyone by early March, then I can have the book ready to print in late Spring or early Summer. As you talk to fellow researchers let them know of the project and give them my address. I would very much appreciate any information possible. This has already become much more massive than I ever imagined. At the present time there are close to 800 names in the index of the Beamer Book. This is only direct line and spouses. It does not include any spouses parents, etc. At the present time, just in the publication of the modified registry of the Beamer family, I have 45 pages. This does not include any of the additional pages that I have prepared to place in the book, such as wills, certificates, memoirs, etc. My Johnson Book that I just completed was 112 pages and I feel this one will be bigger. I will get back with you later, but I wanted to touch base with you and let you know what time frame I have in mind. Of course if we need more time we can always move it up, but I feel that there is no way I will be ready before then. I am going to the State Fair on the 15th of Sept to meet a Richard Beamer who has done quite a bit of research and he is going to loan me some photos and records. He is also connected to the Phillip Beamer - Rhoda Lundy line.

Sincerely,

Carolyn

COMMISSIONERS' COURT BRIEFS.—The Board met on Monday, and had the following proceedings:

J. H. Clark was granted license to retail liquor near Kernersville.

Undertakers were allowed 50c. additional for plank for each pauper grave.

C. H. Hauser was appointed to have bridge repaired across Tise's mill race near Maple Springs.

A petition was filed for a public road from Micky's bridge, near Pfafftown, to intersect with the old Plank Road at Maple Springs.

The matter of the petition for a public road from Bethania to Winston via Thomas Thacker's was reopened and will be given a hearing

—Philip Rominger has his house on the road near Eden school house, covered and weather-boarded.

—Joseph Molsinger commenced a subscription school at Eagle Hill last Monday. Joseph has a good knowledge of English Grammar and is good in figures. He made fair progress in all his studies this winter.

—Miss Lula Raper has gone to teach a school a few miles west of Lexington. Her school at Pine Grove lacked a few weeks of being out, but her sister Maggie will teach out the remainder of the term at Pine Grove.

—A few of the citizens of Bethany school district, supplemented their school fund by voluntary contribution and will now have a four-months school.

—Richard Beeson and Madison Stewart fully realized the low temperature of the weather during Wednesday and Thursday of last week, in driving cattle home through the cold snow.

—A farmer says that nearly all the diseases among cattle, are caused by letting them drink stagnant water. He says that persons should in the spring and during the summer, ditch off every pond in their pastures that contain standing water. Besides being a benefit to the health of their cattle, it helps to prevent diseases among people.

—A person tells us that if boards and shingles be soaked in lime water before they are used and the ruff well sprinkled with lime water twice a year, they will last nearly twice as long as if put on without it. Another good plan is to soak them in water that has a quantity of tar dissolved in it.

Unnamed Cemetery continues; tried to remove one from base of oak tree that had grown into it, these stone are razor thin, f/rocks, One shaped. 29 sets of both hd-ft markers, almost sunken out of sight due to the years grown by. Big time among the stone. Black rocks in color. Now if I were guessing, would say that there are either Indian or slaves buried in this hill top cemetery, and guess there are family member of the Freemans, maybe the Callahans, due the old 2 story home some south west of this site. What is your guess.? Need some input. 1 large rock 2 ft. wide 1/2 " thick 3 ft high, so far no name or initials.

- Beamer Cemetery on SR # 1349 in SC
Just 1.1 miles of Prison Camp Rd # 1347.

Direction exit wither left or right at Davis Lawrence Dairy, and continue on this gravel road to the end, just few yards father at end is Frank Moore home with lots of tobaccuring barns, another home, more buildind, seemly all around, So just prior to going to end of road, late left down hill toward the hill for 3/10 miles, rough just prior to crossing Cooke Branch, take right and driver along side of Fisher River for about 3/10 miles. rushing the bushes along the very edge, But just prior to this will see the old Ford. that crosses the Fisher River, and this ford was called Old Jim Williams Ford, due this big house that he lived in was atop the next hill after fording the Fisher River. This also led to little Vine PBC Ch. Just ahead can see that time has worn the soil away from the clump of trees, by farming and out of banks of the river, I guess from time to time. These rocks are in rows of 10, , head and ft stones..heavy undergrowth, Andy Beamer had two children borned and died there, I can't determine if that new stone erected in plowed edge out the undergrowth are these two children. Please advise.

1. Emma Beamer Jan 12, 1910 Feb 13, 1911 ~~STONE~~ - *see photo*
2. Andrew Beamer Jan 20, 1899 Jan 21, 1899, Seems as they may be Andy Beamer's 2 children that are mention by kin. Rest of the rocks are in rows, several sunk deep in soil. about 30 ft from bank of Fisher River creek bak in curve. Believe me take my work, don't try it, Too much for my 4 wh. drive truck, dogging rock, gulleys, etc. If any one knows of any dead burield ther, let me know. These rocks are in cemetery, those thin type also, scaley, , can separte layers by your fingers, not much longer will disappear. Are there Indians buried here also.? possibility, due to set up of their burial method.

Also go back to 1st dirt road, take right across another branch and bare back to left, and few 100 yards will be in the grown up condition the ole home place of Robert Bob Callahan Home Place, This is one site to see, this building. There is a pea tree in the front yard that is 7 ft dia, broken and bigger the highter the tree/ See photo's. Mr Callahan was Grand Father of Robert Snow, whom was with me and Mrs Anna Belle Callahan Scott, of Park Drive in Mt and Also Ben Callahan , may be others. I will see Mrs Earl Scott for more details *Build ABOUT 1870.?*

Update; Ref Pub # 5 of Kallam Cemetery book, page 39, line number # 54. You will note Wm Harden Freeman, He was large property owner in those days. So due that he served in the Civil War 1861-1864. he left behind a wife, Julia Freeman, 1891 1938 and dau. Patricia Freeman B-D Jan 18, 1938. So in order that his wife and daughter be looked after for some reason, He Gave Old County Home lots of property to look after them, and they were intered in this church. Some gentleman he must have been. They died at the County Home?

Hopeful to gains data. Just in put for some one, that may be of helpful nature.

In 1941 a local newspaper reported the following. "We found three generations at the Thaine Beamer place just southwest of the city. Thaine lives on the farm of his grandfather, John, the latter living in Larned. Thaine's father was also present helping his son on a tractor alteration and Grandfather John was doing a bit of hoeing about the truck portion of the farm evidently because he liked the job. We neglected to mention that there is a fourth generation, but which we failed to meet. It is Thaine's baby about five months old, so that should make a happy family. Truck farming is not only possible in this more or less sandy soil, but it is lucrative. The Beamers have cateloupes, watermelons, roasting ears, and other garden stuff coming on. They have lots of sand plums, better than they were last year, and there is quite a demand for them. They

Pawnee Farmer Uses Boat to Haul Feed—Larned—Since the flood waters invaded the Beamer place, south of Larned on the river road, Thaine Beamer has joined the merchant marine. That is, he is taking feed to his stock farm from Larned to the Beamer farm by boat. When the water was higher he was able to row the boat to the farm, but since the water has receded he has had to wade the stream, towing the boat loaded with feed. He has been making a trip every day. He is feeding 18 to 20 head of cattle. When he first was able to reach the cattle several days after the crest of the flood the animals were almost at the point of exhaustion they were so weak. They had been feeding only on plum bushes. He lost a heifer calf in the flood waters. He succeeded in rescuing 400 baby chicks, which he is feeding in the

Dear James,

Velpo suggested that I should write to you in regard with my family and some questions I have about them. I will send you a Gedcom file, and if you are not interested in it, just send it back to me. I do have some documents about families in Surry County. I have a will that names Sarah Beamer Snow. I finally got the disk ready to mail. I want to explain a little about my Gedcom file. When it first turns on, everyone is connected the person that comes up first, Thaine Beamer. Maybe it won't, but that is how I have it set up in my Family Origin file. It also works with Family Tree Maker, but it doesn't seem to allow as much detailed information. If you check back with the ancestors, you will find a number of them came from Surry County at one time or another, or at least passed through. The Snow family, I have not been able to connect with yet, but my great aunt insists that her father always told of a connection with the Snow family, that led back to the Mayflower. Some of my ancestors were also from Pasquotank and Perquimans, as well as Virginia. You will find I have ancestors, such as William White, Bundy, John Morris, Henry Beamer, Williams, Arnold, and many others. I have a lot of information in the database about the Snows, both the family of John Trooper Snow, and Nicholas Snow who came over on the ship Ann in 1623. I don't know if they will connect or not. You will have to use your search mode and check the index to find most of the Snows. I was hoping that I could find more about the ancestors of the people that are above mentioned. I do not have a very good library in this area to do research in. I keep saying that I will make a trip to a library and spend some time, but I have problems finding time! Hope to hear from you real soon. Maybe we can help each other.

Sincerely,

Carolyn Beamer Mead

Dear James,

Thank you for returning my computer disk and I am so sorry you were not able to access the information. I am sending you a pedigree so that you may see the relationship between me and the Whites, Morris's, Beamer's Bundy's, and many many others. If you have more information than I do, I would love to find about it. I am also sending you a modified Registry of Nicholas Snow. My great aunt has told me many times about the stories her father used to tell her about our ancestors. Her father, John Alexander Logan Beamer, told about how we were related to someone on the Mayflower, who married a Snow who came over on the next ship. While going through her old photos, newspaper clippings, etc, I found a yellowed genealogy paper, handwritten with Stephen Hopkins, "Londoner" coming over on the Mayflower. His daughter, Constance married a Snow. Of course that paper only went to the 1700's and I have no connections yet. I was very happy to hear from you, because I had Nancy??? being wife of Henry Beamer, so if she is Nancy Snow, I at least have the connection of the Frost Snow family. Do you know anything more about their ancestors? My aunt said that actually she was under the impression that the connection was with the Morris family, but who knows. I hope maybe you have information for me, and I have a lot more information, if you are interested. I have also been wondering about William White, father of Henry White. I would like to know more about that family. Looking forward to hearing from you real soon!

Very truly yours,
Carolyn Mead

Dear James:

I would please find some of the documents that we talked about. Hopefully this will give you a lot of new information. The Snow Family Modified Registry is a record of what I am trying to do with the Snow Family for the Dictionary that I am acquainted with. You will notice that I have placed a few photos in the book to show how I will be doing it. I would love to add any and all Snow family photographs that you have of any kind. If you would be interested in donating me, I would love to include photos of your family, and any of the other people that you might have access to. I would certainly return all photos that you would send me. As you can see, the key to the book is how extensive it is. I do not add any information to my dictionary that is not reasonably correct. I just placed them in the book for my posterity side of the family and it will be a pleasure. I am collecting the Snow Family. What I am doing is a sample of what will be. As you look through it you will see that I have not an impression of me, but the family, and have the responsibility to do this for all the other people who are in the book. There will be a limited amount of books printed. I am not interested in any more. The book is a record of your family. I am just offering you an opportunity, if you are interested. I am not sure how many people the family will, but the response has been so great among the Snow family members that I am sure that the book will be a great success. I am not sure if you have any articles or stories about their lives or about well or pictures of them. I am not sure if you have any grandmothers. Any documents that I can get my hands on will be included. I am not sure if you have any other documents through generations that I would like to include in addition to you to help you. I am not sure if you have any other books that I just finished was 114 pages, and the Snow Book has a few more. I am not sure if you have any other books, this is not for profit, strictly for research. I want to include into this book all the information that you have on the children of their lineage, right down to the family members that we have never spoken to before.

Sincerely,

Dear James:

Enclosed please find some of the documents that we talked about. Hopefully this will give you a lot of new information. The Beamer Family Modified Registry is a sample of what I am trying to do with the Beamer Family for the Beamers that I am acquainted with. You will notice that I have placed a few photos in the book to show how I will be doing it. I would love to add any and all Beamer family descendants that you know of into this book. If you would be interested in assisting me, I would love to include photos of your family, and any of the other people that you might have access to. I would certainly return all photos that you would send me. As you can see, the sky is the limit for how extensive it is. I do not add any information to my database that is not reasonably accurate. I just finished doing the Johnson family for my mother's side of the family and it was quite a success. I am now starting the Beamer Book. What I am sending you is a sample of what will be. As you look through it, you can see how I have added information about my immediate family, and have the capabilities to do this to all the other family members. These books will probably sell for 25.00 and there will be a limited amount of books printed. I am not a publisher, nor in this for profit! Of Course you do not have purchase a book, I am just offering you an opportunity, if you are interested. I started out doing this for my immediate family only, but the response has been so great among the descendants of the Johnsons, that they started sending me little articles or stories about their loved ones as well as pictures of their grandparents, parents, children, and grandchildren. Any documents that I can get my hands on will be included. This will be my contribution to pass on down through generations but I would like to extend an invitation to you to have your family information included. The Johnson Book that I just finished was 114 pages, and the Beamer Book has a potential of being even bigger. As I said before, this is not for profit, strictly for research. I want to include into this book as much as I can to educate my children of their heritage, right down to the family members that we have never gotten to know.

Sincerely,

Carolyn B. Mead

History of the RICHARD BEAMER family

Dictated 1932 to P.S.Beamer by Judge Bolen of Fancy Gap, Virginia.

Richard Beamer, with his family, came to this region about the year of 1790 and settled at a place that has since been known as the "Beamer Knobs". He procured land there, erected a home and spent the remainder of his life.

When he came here he left relatives in the New River district in what is now known as Giles County, Virginia.

The children of Richard Beamer, as I have heard, were four daughters and two sons. One of the daughters married ---Davis and they moved to Tennessee long ago. Another daughter married ---McCrawford and they remained in this region and reared a family. Another daughter married Harrison Dean and another married Howell H. Dean. They both reared families in this region.

Henry Beamer, son of Richard, while a young man moved to North Carolina where he reared a family, and many of his descendants may be found in Surry county to this day.

Philip Beamer, son of Richard, married Rhoda Lundy, remained on his fathers homestead and reared the following named five sons and five daughters: Peter L., Henry and Isaac, who spent their lives in this region; Noah, who moved to Missouri, and Richard, who moved to California; Florence; who married Newell Combs and --- who married Isaac Edwards; Rena who married Elijah Edwards; Tena who married Johnathan R. Sumner; Sarah who married Isaac Branscomb.

Jonathan Sumner had his home in Carroll County until several of his children were grown and then moved to Missouri. Isaac Branscomb and wife had their home and reared their family in Grayson county, Virginia.

The children of Peter L. Beamer were: Philip, who married and lived in Illinois; Hardin, who married ---Mitchell; Richard, who died while a young man; Noah, who married Nancy Cox, and Andrew, who also married a Miss Cox; Justine, who married Manoah Shockely; Sena, who married Lewis Sink; Eliza who married Wilson Semones; Amanda who married J.P.Vinson; Rena who died unmarried; Zilpha who married William Hill; Eveline who married Dr L.F.Waltz; and Matilda who married T.C.Mitchell.

The children of Isaac Beamer were: A.M.Beamer, Philip T., R.F.Beamer, Munroe and Floyd; Rhoda and Rena who each died rather young unmarried; Letha who married Dr H.H.Dean of Chapel Hill, Missouri; and Louvena.

Henry Beamer, son of Philip, married Rachel Cooley. After two children were born he died quite young and his widow married Reuben Branscomb, Jr.

One of Henry's children died of diphtheria while young, and the other, whose name was Eliza Jane, married Charles H. Hundley and they had their home on the Fancy Gap road three miles south of Hillsville until they both died. Their son, Reuben Hundley lives at this place now.

Peter L. Beamer, son of Philip married first Betsy Cooley. Later in life after Betsy's death, he married Mrs Sarah Bowers.

Aug 1977 COMMENT on the Judge Bolen history of the RICHARD BEAMER FAMILY

by R.K.Beamer 565A Washington Avenue, Nutley, NJ 07110 who is accumulating information on all branches of the Beamer-Beemer family with the intention of publishing the information. All additions and corrections will be appreciated.

Several other sources have given essentially the same story on the Carrol county Virginia Beamers but have not provided any proof or documentation of the story as presented.

Some accounts say 1690, others 1790, as the date that the Richard Beamer family was established at 'Beamer Knobs' near Fancy Gap, Va. Neither date has been substantiated by documentation. 1690 seems early for settlement in this area, 1790 seems more likely. The lower valley areas had been settled as early as 1740-50. The county land records indicate 1798 as the earliest recorded deed. A reference is made in a deed that would suggest that they had settled at a little earlier date. 1690 is interesting since it is the date a Beemer family settled in northern New Jersey. Are the Carrol co Beamers from New Jersey?

One daughter married Harrison Dean, another Howell Dean. According to the Grayson county marriage records: 1800 Mary Beamer married Howell Harrison Dean.

The Beamer cemetery at Hillsville contains a stone: Philip Beamer 1715-1800 Pioneer and Rhoda 1720-1805. Is this merely a memorial? Are they actually buried here? Where are they buried? Does Pioneer mean immigrant? The Lundy family history states Rhoda was born 1783, the daughter of Richard and Mary (Stockton) Lundy, married Philip the son of Peter. In 1784 her parents joined one of a number of groups of fellow Quakers from NJ-PA to settle in the Va-NC area from 1780-1795. It would be reasonable to assume that Philip's parents also accompanied one of these groups. Philip and Rhoda named their sons Peter and Richard; for their paternal and maternal grandfathers in the German custom? Rhoda's father was the fourth in a line of Richards. Judge Bolen probably has confused the Philips and Richards. The dates would indicate that there is one or two generations missing between Philip 1715-1800 and Philip c1780-1830.

There may be other confusion of fact in this story. If other sources of data can be found maybe we can get the complete and correct story of the family. These sources would be such things as Family Bibles, Taufshiens, church, county and state records. Your assistance in obtaining this information would be greatly appreciated.

There is a Philip Beamer family that settled in Monroe county WVa about 1790 having come from Berks county Pa. There is a Benjamin Beamer family settled in the Montgomery county Va area about 1820, leaving many descendants in the Bedford county, Blacksburg, Roanoke area. There is no indication that the Carrol-Monroe-Montgomery Beamers are related. There has been no report of any Beamers in Giles county Va.

I am interested in obtaining additional information about these families. The main interest is in the early settlers to establish the family groups associated with the immigrant. There is some data to indicate a Beamer family in Germany as early as the 12th century, it is supposed that these Virginia Beamers are some of the descendants.

CARROLL 1765-1815 THE SETTLEMENTS

A History of the First Fifty Years
of Carroll County, Virginia

by
John Perry Alderman

Surry Community College Library
Dobson, North Carolina 27012

Central Va. Newspapers, Inc.

There is very little early history to the upper reaches of Little Reed Island Creek. There were not many early settlements there, apparently because speculators and investors such as Nathaniel Anderson and Zachariah Stanley acquired grants to much of the best land. Some of it had not been subdivided and resold when Carroll was formed in 1842.

David Short settled in 1773 on the "south fork" (actually the West Fork) and assigned his claim to Peter Beamer who apparently lived there for a time (Kegley, Adventurers, II, p. 114). There are also references in the old entries to a road from William Short's to George Yates (Montgomery Entry A-163); this 1782 road must have run along the Blue Ridge along the head of Snake Creek from Fancy Gap (Short) to Wards Gap (Yates). Daniel Carlan, who also speculated in this area, had a mill on Little Reed in 1782 (Montgomery, Entry A-63).

Crooked Creek, which is the third of the four major north/south streams in Carroll, in reality has three major headwaters and they are (from east to west) the East Fork, the West Fork and Elkhorn Creek. The East Fork of Crooked Creek (often referred to in the old records as the North Fork, because it actually flows into Crooked from the north) rises against the Blue Ridge, only two miles west of Fancy Gap. From there it flows westerly along the crest of the Blue Ridge and turns north, picking up another stream known as Chances Fork. It flows northerly through the hills and ridges and almost turns abruptly to run a mile and a quarter southwesterly to its junction with the other fork. A series of high knobs and ridges separate the head of the West Fork of Little Reed and the East Fork of Crooked Creek; today these knobs are known as Pikes Knob (3200 feet), Edwards Knob (3200 feet) and Beamers Knob (3300 feet). Beamers Knob is the most southerly of the three and serves to terminate the watershed of Little Reed, but the East Fork of Crooked Creek, as indicated, rises east of Beamers Knob and drains the area south of it and north of the Blue Ridge itself.

The West Fork of Crooked Creek (often called the South Fork in the old records) is regarded as the main tributary of Crooked and sometimes is just referred to as Crooked Creek. It rises at the Pipers Gap and the Flower Gap and runs east a short distance before turning north to the course on which it meets the East Fork a few miles away. The topography is better along the West Fork of Crooked than along its sister to the east, and therefore it was more heavily settled. The old Flower Gap Road in the early days came down the West Fork of Crooked Creek.

Elkhorn Creek does not reach the Blue Ridge. It rises at Oakland, north of the ridge there, and also flows northerly. It flows into Crooked Creek from the west, about a mile or more downstream where the East and West Forks of that stream meet. Chisel Knob (3000 feet) and the surrounding high ground separate Elkhorn from the West Fork of Crooked Creek.

There was an early settlement in 1772 by William Duncan on the West Fork of Crooked (Kegley, Adventurers, II, p. 109). By the early 1780's there were an abundance of settlers on these waters: Absolom Burton, James Stewart, Byrd Pruitt, James Jarrell, Jacob Cock, Charles Morgan, John Dockery, Elliott Buchanan, John Royalty, William Norton, Henry Norton, and Henry Pickerell among them. It is difficult to determine when they came and very little is known of most of them.

PETER BEAMER

Peter was the first of the family to come to this part of the state. The earliest record of him found by the writer is 1780 when he was listed for tax in Henry County. Since he is carried on the Patrick County tax rolls from 1791 to 1795, it is assumed that he lived in that part of Henry from which Patrick was formed in 1791. Although his residence was in Henry/Patrick he acquired a land claim in Carroll (then Montgomery), and there is some reason to believe that he lived on it for a time. The claim was for 400 acres on the West Fork (he called it the south fork) of Little Reed Island and he sold it before 1782 to Daniel Carlan (Kegley,

Adventurers, II, p. 114). By 1797 Peter had moved to Grayson and he appears on the tax rolls in Grayson until 1799 which suggests that he died about that time. There is a traditional genealogy which calls him Richard Beamer and recites that Henry and Philip were his sons and that Mary Dean and Charity Dean were his daughters. It is evident from the tax lists that Henry and Philip were indeed his sons, and the old Grayson marriage records do prove that Mary Dean, wife of Howell, was a Beamer. The tradition is that Peter's wife was also named Charity.

HENRY BEAMER

Henry Beamer bought 50 acres from John Jones in 1798 and thereafter acquired seven more tracts, totaling about 600 acres. His own homeplace was entered by Zachariah Stanley in 1804 and Henry received the grant to it in 1809 (Grayson, Entry A-109; Grants 58-69). Henry prospered very well indeed, and he had the respect of his neighbors. He was a slave holder after 1812, and in 1809 he succeeded Henry H. Dean as surveyor of his road precinct.

Henry left the county in 1813 (that is the last year he is found on the Grayson tax rolls) and moved to Surry County, North Carolina where he lived the rest of his life. He sold most of his Grayson land in 1818, but Philip Beamer bought his homeplace in 1812 (Grayson, D.B. 3-241).

PHILIP BEAMER

Philip Beamer was born in the 1780's and married Rhoda Lundy, daughter of Richard and Mary (Stockton) Lundy, Quakers who had moved to Grayson from North Carolina. Rhoda was born March 30, 1783 in New Jersey, had come to North Carolina as a baby with her parents, and was dismissed from the Quaker meeting in 1798 when she married Philip (1 Hinshaw 966).

Philip entered 150 acres on Crooked Creek in 1805 (Grayson, Entry A-109); the tract was described as adjoining Henry Beamer and John Burcham and included Beamer's dwelling. He later acquired 430 acres more, some of it on Little Reed and some of it on Crooked Creek. He owned it all when he died.

Philip did not take much part in the county's affairs; during the period 1806-1811, covered by the third order book, he testified once and served once as a juror. He was probably a little in his fifties when he died in 1832. His will is probated in November of 1832 (Grayson, W.B. 1-425); it mentions his wife Rhoda and leaves his estate to his children after making provision for her.

The will does not name all of the children, but there were eleven of them: (1) Peter L. Beamer (1802-1879) who married Elizabeth Cooley in 1828. (2) Mary Beamer (1804-1890) who married Isaac Edwards in 1822. (3) Richard Beamer. (4) Charity Beamer who married Garret Williams in 1822. (5) Sally Ann Beamer who married Isaac Branscome in 1830. (6) Isaac Beamer (died in 1877) who married Huldah Harrell. (7) Henry Beamer who married Rachel Cooley in 1839. (8) Frances Beamer who married Newell Combs. (9) Manoah Beamer. (10) Teney Rhoda Beamer who married Jonathan R. Sumner in 1837. (11) Irena Beamer (1823-1907) who married Elijah Edwards in 1839.

Philip's will lists the sons and the three youngest daughters; it also contains a bequest for Mary Beamer Edwards' oldest son. Sally Ann's marriage record lists Philip as her father; only Charity Williams' paternity is not proven in the old records. Rhoda Lundy Beamer was still living in 1850, but apparently died during that decade.

LEVI BURCHAM

The Burchams were an old Quaker family which came from New Jersey, through Virginia into North Carolina. John Burcham the elder is thought to have been born in 1740 to Joseph and Rebecca (Borden) Burcham and to have married Roseanna Swearingen a little before 1760. He did not live in
