

Central Children

Children are beloved at Central. They represent the future of this church and hold an importance place in the church programs. They are represented in Sunday School classes, Vacation Bible School, children's choirs, Sunday morning Children's Church and storytime, and various programs planned just for them. There is always an annual Easter Egg Hunt and they are focus of the White Christmas nativity just before Christmas. They learn about Christ and his love. They learn to be reverent and serve God. They learn to have fun and to work in God's kingdom.
