REPORT ON FOREIGN MISSIONS.

The spirit of missions runs through the Bible from Genesis to Revelations. That spirit finds concrete expression in the great commission: Go ye into all the world and preach the gospel to every creature. The whole gospel for the whole world is the program of Jesus nothing short of that should be the program of His disciples of every age. Baptists were the first champions of Foreign Missions. Wm. Carey a Baptist of London was the father of the modern mission movement. Adoniram Judson and Luther Rice, (both prominent in Baptist annals,) were the first missionaries from America to the foreign field. We are known in places to-day not as Baptist but as Missionaries. Southern Baptist have missionaries in China, Japan, Africa, Italy, Brazil, Mexico and Argentina. Altogether there are approximately 300 missionaries, 200 native helpers, 1000 churches and out stations. The success of the work in late years is marvelous. We are embarrassed today with our opportunity.

There were 4532 baptisms reported last year. Your attention is called to the Judson Centennial Fund.

Southern Baptist are undertaking to raise \$1,250,000 for the equipment of our Foreign Mission Fields and stations. We sincerely hope the churches of this Association will take a liberal part in this undertaking. There is great necessity upon us now to enlist our entire forces in our missionary enterprises.

There are more than 10,000 churches in the Southern Baptist Convention that have no part whatever in our Foreign Mission Work.

There are 602 churches in the North Carolina Baptist State Convention that made no contribution whatever to Foreign Missions. Of this number 20 are in the Surry Association. It is largely the responsibility of the pastors to keep this matter continually before their churches and enlist every member in it. The time has come when our churches must urge regular, systematic and proportionate giving. And we urge this method of contributing to Missions. Small amounts given week by week according to the Scriptures will make large aggregates for missionary purposes. We recommend that our people inform themselves on Missions.

The numerous, informing, and helpful tracts, the large number of splendid new books on Missions and the Foreign Mission Journal make it possible for every member of a Baptist church to become intelligent on the subject of missions.

The Surry Association, consisting of 2,285 members, gave last year \$51.10, or 2¼ cents each to carry the Gospel to those that never heard of Jesus. May we not increase our offering this year?

Respectfully submitted

W. H. Beamer, A. D. Moss, T. H. King,
 Committee.

The Committee on Home Missions offered their report and was discussed in connection with Foreign Missions.

REPORT ON HOME MISSIONS.

As the South develops and the population becomes more dense the work of the Home Board should be more vigorously pressed. Many of our large cities have already gone from our grasp. If they are ever taken for Christ it must be at great cost. Let us learn a lesson from our past neglect and profit by it in the future. Many towns in the South that are now small will be cities and many country places will be large towns in a decade. Hence if these are not taken now, they too will slip away from us and become plague spots and cess pools in the future. We believe the Home Board should plant our cause as rapid as possible in the growing centers of the South. It is much easier to hold a fortification than to take one. The South is a Baptist stronghold and should be kept as a recruiting station for the World.

Respectfully submitted,
F. T. Lewellyn, S. H. Gough.
Committee.

The above report was adopted.

On motion adjourned.

Report of Mission Work at Mt. Zion, Aug. 12th, 1914.

To the Executive Board of Surry Association,—Greeting:

We have built a house of worship at Mt. Zion near Ararat, Surry County. House completed and seated. We have had 16 additions this year has already surpassed that of any other school in this section to help next year at this place. We began work at Cross Roads one mile west of Mount Airy, Sept. 1, 1914. We have 51 members at this place. Church organized December 1913. Church called Calvary Baptist Church. This church will come into the Association this session. They need some help this year and next year. We expect these two churches to grow very fast. We have a new house of worship at this place,

Yours in the work,

J. H. Haynes.

Report of Committee on Temperance was discussed by A. J. Williams, J. W. May, James Bennett and adopted.

REPORT ON TEMPERANCE.

We believe intemperance has destroyed more homes, more lives, more souls than wars and pestilences. Strong drink is forbidden. Woe be unto him that giveth his neighbor drink to make him drunk. But that is not all of the evils of to-day. So many of our boys are destroying their lives and wasting their means in smoking cigarets and engaging in other bad habits.

A. J. Williams, W. B. Phillips,

Committee.

REPORT ON EDUCATION.

Our educational work is our greatest work. Whatever a man attempts to do is determined largely by his education. Without some sort of education man is a failure. According to his limitations the human being comes into the world the most in bondage of all animals. In order to become useful a man must be taught. The future history of the world will be determined by the training received by those who are now children. It is our duty to teach those things that will be helpful to humanity. The greatest lesson that can be taught is that of the life and works of Christ. He himself was a teacher. He told us to go teach.

Every organization that succeeds to any great degree must have its own institution. A school that teaches the youth to choose right rather than wrong is the greatest institution any organization can have. All organizations that oppose such institutions fail. Those organizations that neglect to support such institutions also fail.

The Missionary Baptist Denomination believes in education. We believe that the doctrine taught by our church is good for the people to know. Our schools are scattered throughout the country. Sixteen of the strongest schools in North Carolina are owned and operated by the denomination. But until the work at Mountain Park was begun the Surry Association was not supporting any of these institutions. There was not one to be found in Surry County or any of the countries joining Surry.

Our school at Mountain Park, though not yet two years old, is al-

ready meeting with great success. The number of boarding students this year has already surpassed that of any other school in this section of North Carolina.

The enrollment for this year has already reached seventy-six. More than sixty being boarding students. It furnishes room and opportunities for the neglected as only a few other schools in North Carolina are able to furnish.

We should stand by our school. We should take it in hand and support it as a father supports his child. It will not only help the young men and the young women who take advantage of the opportunities that it offers but it will do us good to do what God has told us to do. If the doctrine that we hold is right we should teach it to others. Let us remember that many of North Carolinas strongest men have been trained in our Baptist Schools,

Respectfully submitted,
C. W. Williams, C. H. Stone, Richard Venable.

The above report was discussed.

Adjourned one hour.

Benediction by J. D. Newton.

EVENING SESSION—1. P. M.

Discussion of Education report resumed and report adopted.

The Clerk was requested to notify Clerks of absent churches in regard to Mountain Park School.

REPORT ON STATE MISSIONS

Over and over again let us take our lesson on State Missions. We have our State all the way from the mountains to the sea. North Carolina has won for herself an honorable name in the sisterhood of states in our loved United States. In both war and peace she has made noble sacrifices and valuable contributions to the high civilization which we now enjoy. Our Baptist fathers did right well in the gospel all the way from the beginning at Sandy Creek into Georgia, Tennessee and Virginia. They were true missionaries bearing the glad tidings of Christs love and grace into the new settlements as the tidal wave of immigration move farther on. After them, when our people became organized for work, more system was introduced and more faithful efforts were made to reach all the destitute in all the counties of North Carolina and plant churches of our faith in every neighborhood, encouraging and aiding these churches to become self sustaining and misionary. To give the gospel to Surry and through the Mission Board to all other portions of our state is State Missions.

To give of our money, our thought and our prayers that we may help to make the good North Carolina a better North Carolina evermore is our aim. We owe it to ourselves, to our generation and to our Lord to know about this work and enter into it faithfully, for it is the Lord's work. We are 240,000 Baptist and yet there are more sinners in our State than Christians. If we pay our \$55,000 it will be about 25 cents a piece.

F. S. Eldrige, D. S. Hubbell, A. P. Whitaker,

Committee.

The above report was discussed by D. S. Hubbell and adopted.

REPORT ON PERIODICALS.

What a man reads furnishes him with food for his thinking. We get thoughts from within our own hearts also, but no one is sufficient in himself, but is dependent, in part, upon other people for thought food. The Bible furnishes basis of our thinking about God and also about our fellowmen. The Biblical Recorder provides information from all over our State as to the progress of our organized work—its Schools, its Missions, and all benevolent endeavors. The Recorder is a good, broad-minded, up-to-date Baptist paper. Let us take the Recorder, Foreign Mission Journal, Home Field and Chaity and Children.

Respectfully submitted,
Jas. Bennett, Committee.

Report on Periodicals adopted.

REPORT ON MINISTER'S RELIEF.

The Baptist Minister's Relief Board was established about 24 years ago. During that time it has brought relief to over 100 of Gods messengers. The beneficiaries received from \$25 to \$200 per year. Many of them need more. Some of them have no other means of support. We do therefore urge that each church of this Association make regular contribution to this object. We recommend that the churches take a collection for this object in time for the Board to send each beneficiary a Christmas check.

The above report discussed by C. W. Williams, C. L. Jarvis and adopted.
